Smith: I don't consider anything an outrage which has been issued by any of the Cherokee officials and which bears the seal of the Cherokee Nation. We are trying to establish the fact of a lost paper, and the only other evidence in the world is in the possession of the opposite party; that in itself would make it admissible.

Com'r Needles: The policy of the Commission has been, and the rule of the Commission, has been not to permit affidavits of this kind nor of any other kind, but as far as the certificate on the back, I think the indorsement on the back could be admitted, but I don't think the affidavit can.

By Cherokee Rep've Hastings: I agree that what's on the back should be read to the clerk, and let the bill be withdrawn.

Com'r Needles: Yes, that's right; paper is presented with the following indorsement:

Mr. Smith: "Recorded on page 241, Book E Records of Marriages Cooweescoowee District, C.T., signed, Joe M. L. Hay, clerk Cooweescoowee District, by R. Lee Giner, Deputy Clerk, and bearing the seal, Cooweescoowee District, Cherokee Nation. Justice."

Mr. Hastings: I am going to object to that statement Mr. Lipe should have made to him.

Mr. Smith: I think it is fair to let him state what he did.

Mr. Hastings: You haven't shown that this record is lost.

Com'r Needles: I don't think it is necessary to be so technical about this matter; all we want to get is the facts in the case. I think you had best produce the best testimony you can get; there is no trouble about getting Mr. Lipe here as a witness.

Attorney Smith: I will ask for a subpoena, because I don't think we could get him without one.

Com'r Needles: We will issue a subpoena to D.W. Lipe, to appear instantly.

respectfully presents the following statement of his claim according to the requirement of the Commission.

Claimant claims under classification five of claimants in the law creating this Commission, that is, as a colored person formerly a slave owned by a citizen and resident of the Nation at the

beginning of the late war, freed by law and made a citizen of this Nation by provision of the treaty of 1866. For

Claimant was at the time and place above said owned by George Whitmire, a Cherokee citizen, left the country during the war and returned in the summer of 1866 to select and prepare a home for his family (they then being without one) and again the following year prosecuting the work as his circumstances and the condition of the country at that time prevented and leaving his family in the intervals of time when they would subsist without discomfort and exposure and until a removal of them was practicable which removal of claimants finally was accomplished to the point of the Nation settled by claimants for theirs and his home in the spring of 1867.

Claimants rights have been called in question by competent authority, and he therefore presents them to the important examination of this Commission as are authorized so to do by law.

"Case 60.

Aaron Whitmire

vs

Cherokee Nation.

Tahlequah,

July 3, 1873.

Mike Fields a witness for claimant called and sworn.

I am I think I am about 47 years old. I live in Illinois District, C. N. Am a citizen of the Nation. I have been on the doubtful roll but had my rights proven before the Supreme Court.

Am a citizen under the treaty of 1866. I went north to the state of Kansas in '62. I returned in August -- 21st or 22nd, 1866. I left my family in Fort Scott when I came. I came down to get in a claim. I staid about three weeks that time, and then returned to Fort Scott. After I returned to Fort Scott there were others who started down, the Whitmires were of that number. The claimant was one of them. They came down in Decr. 1866. They returned to Fort Scott before I left there. I left Kansas about the 2nd week in January, 1867 and got to the crossing of the Neosho river about the last of January. When I first came down there was about 15 in the party. They left their families in Kansas when they came down here. There was some of the party come with the Whitmires who piloted the Whitmire party and my party were Sam Webber, Mike Daniels, Sam Webber, Jr., Aaron Webber, Reubin Sanders, Tuck Sanders.

The Whitmire proper were Aaron, Lewis, Mosco, Dennis and Nelson Whitmire and others that I do not recollect. The object of this party coming was for the purpose of erecting homesteads. When I moved with my family I stopped on Pryors Creek at Mrs. Alberty's and remained about two weeks. The reason we left that part of the country was because that part of the country was too sparsely settled and bare of subsistence. As I was coming down the first time we were overtaken by the Cherokee Delegation. They were some who came here were authorized by others to locate claims for them, one was by McKey requesting Abe Fields to locate for him. The original request filed.

Cross Examined.

I can not remember the date I arrived here the first time from Kansas. The claim we made I got three sets of house logs, hauled them and piled them up, and some of the men put up houses, I did not put up a house. I started back to Kansas about the middle of September. When I first left the country it was in February, 1863. I was a slave before the war and was owned by Sam Taylor when the war broke out. He was living on Greenleaf near Bushy Mountain on this side of Arks. River. When the Whitmires returned to Fort Scott I do not know when they left there to come to this country as I left there there when I left. It was reported when they returned to the Nation that the Whitmire party had built houses. But I do not know this myself as I was not along. I only heard they had. The war closed in 1865 I think. I did not know it myself but people told me who could read.

I do not know myself that it was the month of Aug. When I come here first, but I was told it was that time.

Re Direct.

It was the December following the time I first came down that the Whitmires come down first to select and improve claims.

August 1, 1878,

Bluford Alberty, witness for claimant,

I reside in Cooweescoowee District, C. N. I am a native Cherokee citizen. I left the Nation during the war. I returned to the Nation on the west side of Grand River, Cooweescoowee District.

on the 3rd of September, 1866. I had occasion some time in the last of Oct., or the first of Nov., or probably it might have been as late as the middle of November, to go to the Viridiris. While out there I fell in with a party of seven or eight persons who were camped with others near Sam Crouches. I did not go to the camp. They were colored people. I knew most of them. Their names were old Sam Webber, Aaron Whitire, and a younger brother and Lewis Whitire.

There was another person whom I was told was a Landrum. I do not recollect any of the others and can not identify them. The Whitires were Johnson and George Whitire, Aaron, Lewis and his mother belonged to George. In conversation with Sam Webber he asked me if I knew anything about the treaty and if Jim McDaniel had got home. I told him I had not seen the treaty but had heard rumors about it. He told me they had come to pick themselves horses or make claims and that he was the leader of the company and the reason why Major Wright did not come was that he was an old man, but that he had sent his son down to work for him and make him a claim. He then asked what chances there was to get provisions over on the river; I told him there was none there, but that there was a lot of condemned flour at Gibson and if they would go there they would get some. He also represented that they had come down to make claims for others, who had remained in Kansas, to build them homes and so forth. They also stated that they were notified to come, and that they had accordingly gone to make claims for themselves and the others that they left behind in Kansas. As near as I can recollect it was some time in October or November that I saw these parties. I was not very cold weather at the time. I recollect as I camped out at night. Did not see any of these parties after this time, May, 1867. There was no provisions to be had in this country at that time. Provisions were very scarce. It was my understanding that they had come to prepare homes for themselves and families. They told me so at least. Major Wright belonged to Cornelius Wright before the war.

Cross Examined.

I heard after this some of them went back to Kansas. At the time I met them I do not know whether their families were with them. I think I seen Dennis Whitire with this party, but am not certain of seeing Dennis or Nelson. I know there was four of the Whitire boys. They were owned in the Nation and resided here up to the breaking out of the war.

B. W. Alberty.

Aaron Whitire
vs
Cherokee Nation.

I know Melissa Ratliff. She was twelve or thirteen years old at the close of the war.

She was living with me then and still lives in my family. Jack Landrum was one of the band above referred to, also Ransom Daniels. I learned from our leaders Uncle Mike and Sam Webber that the Cherokee delegates advised us to settle in a compact body on unoccupied lands. We crossed the Neosho in coming down at Holans Ferry in 1866. The chief ferryman who crossed us was Bill Martin.

While on Lightning Creek in 1866 I saw Mr. Alberty but had no conversation with him, but Sam Webber had in my presence.

Cross Examined.

I am a claimant before this court for citizenship. I am a half-brother of Aaron Whitmire, Louis, Dennis and Nelson are also my brothers. Mariah Whitmire is my sister. Major Wright is my stepfather. The names of the party that came with me to the Nation are as follows: Mike Sanders, Sam Webber, Peter Heigs, Bill Foreman, Tuck Sanders, Ransom Daniels, Sam Webber, Jr., Louis Whitmire, Nelson Whitmire, Dennis Whitmire, Aaron Whitmire, is all I can recollect now. Witness and my brother were authorized to make claims for others still back in Kansas. Dennis made a claim for Major Wright. I can't name any any others. Witness was a son of family in 1866 when we came on from Kansas. My family was at Fort Scott. Melissa Ratliff, Ed Wright, and my wife and myself composed my family. Louis had no family. Aaron and Nelson did. Major, Ben, Nelson and Allen were Aaron's children and his wife, Sarah. They were left, the wife and children in Fort Scott when we came in 1866. Eliza Sanders, Thos. Sonders were Nelson's family and back at Fort Scott. We went back 1st January 1866 to Kansas after coming to the Nation. Then witness returned in 1867 to the Nation Aaron, Louis, Nelson, Dennis, Ransom Daniels, Tuck Sanders, Peter Heigs and the families of those who had families all come as I did besides others not particularly remembered. This was the first time any of our families had been to the Nation, at least mine, Aaron's and Nelson's.

The first time Mariah Whitmire was in the Nation after the war closed was after our parties returned in families in 1867.

The first time Major Wright returned was on our first trip in 1867. Melissa Ratliff was owned by one Alce Ratliff at breaking out of war. She first came in March 1867. Jack Landrum was along in 1866. He was a slave at the beginning of the war. I was present during the examination of Mr. Alberty as a witness in this case.

Re Direct.

Mariah's family at the close of the war was a separate family. Harry Whitmire, her son, represented his mother on the first trip in 1866. Witness is about 53 yrs. old. Major Wright was an old man at the close of the war. Louis Whitmire had been back to the Nation before 1866.

Clarifying citizenship.

Now comes claimant by Atty before the Commission sitting at Tahlequah to try certain claims for citizenship in the Cherokee Nation and makes this his statement of his grounds for said claim to wit-

Claimant is a colored person and claims as aforesaid under privilege of the fifth specification of the classes of claims preferred by law to the Commission to examine and decide rights by competent authority having been denied citizens.

Claimant belonged to Geo. Whitmire a Cherokee citizen at the commencement of the war of the rebellion and was then living in this

Nation. After the beginning of said war claimant moved to or the vicinity of Fort Scott with his family at which location he resided until the summer of 1866 when he returned to this Nation and proceeded to select and improve a home on the Verdigris River for himself and family's permanent residence. While he was thus making preparations for the removal of his family by providing for their habitation and subsistence at the place mentioned they his family remained where they had been sojourning during the war.

Claimant was compelled by unfavorable circumstances and the attention he was obliged to bestow upon his family to remit his work upon his improvement on Verdigris River from the early fall of 1866 to the early winter of the same year, when he resumed labor upon his improvement, after which he removed his family as soon as practicable to wit in the spring of the year of 1867.

Claimant claims to have returned to this Nation in his own person and as representative of his family within the time provided for by treaty, in that having no residence to come to as other former citizens he did everything possible to constitute a return consistent with the duty he owed to his family by laboring as far as his means allowed to provide a home in this Nation.

Respectfully submitted,

Aaron Whitmire,

August 1st, 1878.

Wm. Martin, witness for claimant, called and sworn.

I live on Big Creek, Coovescooped, C. N. Am a citizen of the Nation. From August up to Christmas 1866 I was at the ferry on the Neosho River on the old Military road leading from Fort Scott, Kansas to Fort Gibson, C. N. Am acquainted with claimant and his brother, Lewis, never knew Aaron until I met him at the river. Lewis I knew prior to that time. While I was in charge of the ferry I recollect having met claimant and Mose, Lewis, Dennis and Nelson, Whitmire, Peter Neige, Mike Sanders, Sam Webber, and Young Sam, Bill Foreman and others but I do not recollect anything about them. They were traveling. They stated they were coming from Fort Scott, Kansas, they were traveling from the direction of Fort Scott. I crossed them from the Shawnee side of the River into the Cherokee Nation; they inquired the road to Big Creek. McLean gave them the directions to the head of Big Creek. They stated the reason why they were coming was that the Cherokee Delegation had invited them to come back under the treaty. They mentioned Jim McDonald as the principal one who had invited them and they were then on their way to select themselves homes.

It was after the Delegation returned that I met claimant and the others spoken of it was pretty cold weather when I crossed them. It was as near as I can recollect about the last of October, 1866. I am positive it was before Christmas at I left them at Christmas or probably a few days before Christmas.

Cross Examined.

I was not acquainted with the claimant nor any of the others named previous to the war.

I do not know the names before the war. I do not know whether they had lived in the Nation previous to the war. I do not recollect of seeing any of the families of the parties named at the time,

I crossed them over the river. I set some of this same party back over the river a short time after they had come in, Lewis, Nelson and Dennis Whitmire and little Sam Webber and I think they were more who crossed back but I can not place them now. I learned the names of the parties from conversation with them, but did not become particularly acquainted with their names at that time. I think there was one woman with the party, I think she was little Sam Webber though I would not be right positive that there was a woman along or not. I was positive there was no children as I never seen any. They had camped there long enough that were they any women and children I would have known it. The next time I saw claimant was in the fall of 1867 on Big Creek. I learned from them that they had got there in March 1867. I know this from having heard it generally talked amongst themselves.

Re Direct.

At the present time the distance between our two settlements is about 5 miles. I recognize the claimant and the other parties spoken of. I have been there frequently since that time, I set them over the river. When I saw them in the fall of 1867 they had their families with them then. The means of subsistence at the time I crossed in the country at that time was short.

George Whitmire before the war lived in Going Snake Dist. This Dist. borders on the line of the state of Arks.

Claimant now resides near the western line of the Cherokee Nation. The settlement before the war was where claimant now resides. I would say the distance from where George Whitmire resided prior to the war, and claimant's present residence is 90 or 100 miles. Witness states that he had a conversation with Sam Webber in which Webber assigned as a reason for settling where he had was that Agent Jones advised the colored people after their freedom to settle in colonies or as thickly as it was convenient to do in an unoccupied part of the country.

This was thought best for the colored man as they could have their own schools &c until matters were more regulated in the country.

The first conversation was in the fall of 1866. The second conversation was in the spring of 1867. I saw several of their families in May, 1867 on Big Creek or Lightning Creek in the Nation.

The home of claimant is in the same locality as that at the time mentioned above. In Oct. or Nov. 1866 I gave claimant and other colored men permission to occupy two old fields in that neighborhood for the purpose of raising crops the year following. Louis Whitmire is the name of the other man, I also permitted to go on the old field. The Spring of 1867 I saw Aaron and Louis Whitmire at work on the two fields spoken of. This settlement of colored folks had the character of quiet industrious and law abiding citizens as much as any in the Nation. Some of these people have large and good farms all made by themselves since the war.

Witness with a party of six gentlemen in the fall of 1866 saw this colored party who settled on Big Creek afterwards in the neighborhood for the purpose as they called the time of selecting their homes. Several claims was then in sight of witness which the colored party said they had selected and are now the homes of the party above indicated.

Agent Jones was at the time advising said Col party. A Delegation for the Cherokee Nation at Washington. There were parties as witness learned from one of them and wished to expel or drive off from their claims this colored party at the time they were prospecting the country. This was advised against by witness and it was not done or carried out. Claimant's party spoken of above was composed of Cherokee citizens except one colored man. I am the sole survivor of this party except the colored man and possibly one other. Occupation of witness in hunting wild cattle. I travelled a good deal in that neighborhood at that time looking for.

John Riley,

sworn as witness for Deft. I live in Cooperscooter Dist. I first moved there in 1852 and have continued to reside there except in time of war. I came back in the month of August 1868 to the Nation. I knew Aaron Whitmire. He returned or came to the Verdigris River to live in the month of March 1867. Also came at the same time Peter Heigs, Mike Sanders, Sam Fether, Billy Perrenet, with their families and others whom I don't recollect. Claimant made a crop that spring in 1867 on an old place of Aaron Landrum. He had settled no other place before that.

Cross Examined.

I don't know of any colored heads of families coming in to the Nation in the month of Decr. 1866 to 1868 except those but I know of some who came in Sept. '68 for that purpose. I know where Aaron Whitmire lived at this time. I was near George's Bluff in Decr. 1866. I live on the west side of the river. Claimant lives and settled on the east side of the river. If any heads of families came in Decr. 1866 I never heard of them. I never knew of anyone named Albert being in the part of the country in Decr. 1866. The party who came down in Sept. 1868. Aaron Whitmire was not along but Mike Sanders, Sam Fether, George & Peter Heigs, Billy Perrenet, Dennis was not along and I know of no others. I don't know of Nelson Whitmire that I know of. If any other party had come down in Decr. 1866 I think certainly I would have known it.

(page 285)

About the middle of May 1867 I first saw this party with their families at their new homes. Claimant and others of this colored party told witness that they returned in March 1867 to the Nation.
Re Direct

I learned from John Coker that most of this colored party returned to Kansas after their families and a few remained. I was at General Convention of the Colored People in 1866. It was witness' understanding that the purpose of said convention was to ratify the treaty of 1866. I think the object of the convention was to ratify amendments to the Constitution under the treaty and to ratify the treaty. The treaty was concluded the 9th of Aug. 1866 in my information. It might have been July 19, 1866.

Witness went south during the war. J. B. Jones was not at the time herein mentioned U. S. Agent but was a Delegate and was Agent afterwards.

Q What relation was she to Joe Hess? A Sister.

Q Did you know Aaron Webber a little dark, legged fellow? A Yes sir.

Q Where did you know him? A In the same family in Mound City, Kansas, Linn County.

Q Whose farm did Samuel Webber live on, if you know? A He lived on a farm that belonged to a man named Jeff Flemming.

Q I mean in the year 1866? A My father bought the farm.

Q Of whom did he purchase the farm? A Of Flemming.

Q Do you know where young Sam Webber was married? A He was married there in Linn County, near Mound City, in the neighborhood there, where I was living.

Q Did he marry before or after he moved from that country? A Before he moved.

Q Mr. Walker, have you looked up the date of when your father purchased that farm? A Yes sir.

Q The date of the deed? A Yes sir.

Q What was that date? A The date of the deed is October '66.

(By Mr. Smith) Object to that if you have not the deed.

(By Mr. Hastings) Have you looked up the date? A Yes sir, but have forgotten the exact date as to days.

Q At that time, where was Sam Webber living? A On this farm that father purchased.

Q Where was young Sam living at the time he married? A On this farm on the same place.

Q What is your best judgment as to the time Sam Webber, including Joe Hess, Chelora Grayson and Aaron Webber left that country with their women folks and come to this country? A According to my best recollection it was the latter part of February or early in March of '67, I can't state exactly the month, early in the spring of '67 though.

Q Did they all move down at the same time? A All started together.

Q Left there together? A Yes sir.

(By Mr. Smith)

Q You say you know that this applicant in this case is the same man that you knew at that time on Kansas as Joe Webber? A Yes sir.

Q How did you know it? A I recognized his countenance as one man knows another.

Q How? A Well I saw him.

Q Where? A In day.

Q Where? A On the street.

Q And you knew him as Joe Webber? A Yes sir, the name Joe Hess was not used then.

Q When did you first become acquainted with the son Sam Webber? A In '66, I moved on that farm.

Q Which farm? A The farm my father bought in the neighborhood where I lived, the old Flemming farm.

Q Have the your father ever been there? A In the fall of '66, I have forgotten the exact day, in October or November.

Q Who owned the farm at the time old man Sam Webber was on it? A Jeff Flemming owned it until my father bought it.

Q How do you know it was '45 that you became acquainted with Sam Webber? A I remember that it was during the last years of the war and the refugees were coming into Kansas, both white and black, in '43 and they were amongst them.

Q Did any come after '45? A Yes sir some came later and some came earlier, and I remember again by this farm, I remember how long they farmed it before we got it.

Q How long? A Three years-four years in the spring of '47.

Q They farmed it four years before your father got it? A They farmed from '43 to '47.

Q You say the reason you know that you know this man in '45 was because you knew how long they worked this farm before your father got it? A Yes sir.

Q You say it was in September or 1947 that your father bought that farm? A In '48.

Q You are positive about that? A Yes sir we got possession the first of March '47.

Q Did old man Sam Webber rent this place from your father? A No sir he rented it from Flemming.

Q Did Sam Webber, the old man and the boys, come down here or leave that country in the fall of '45? A I think not.

Q Don't you remember that they did and that the old man came back by himself one time? A If my memory serves me, it was in '46, late in the summer, or early in the fall of '46.

Q What was in the fall of '46? A That they came down here-started away from there.

Q Who came then? A Sam Webber, the old man, and young Sam and Aaron.

Q What is your recollection as to how long they stayed? A They came back I think in November or late in October.

Q Well which came back first? A Why I think the older Sam Webber came first.

Q How long do you think it was before you saw Sam Webber Jr. again? A Well, it was a short time, a month or so-I can't recollect that, it is a good while ago.

Q Who helped Sam Webber make a crop in '46? A Johnson Webber and the old man Sam made a crop in '46.

Q Who helped him? A Then Sam and the little boys I think worked too; Aaron did, I don't know but as Joe did too, I don't remember much about that.

Q Where was old man Sam Webber in July 1946? A That summer he raised that crop and worked part of the summer for my father on this farm.

Q Is it not a fact that in July of 1946 that Sam Webber Jr. came here for his father and that they left there for this country to build some houses? A That is not the way I remember it.

Q You have stated that it was a long time ago, do you think that you remember the dates absolutely? A Not to the day or month exactly, but that is my best recollection.

Q Are you testifying to the best of your recollection? A Yes sir.

Q Do you remember of Sam Webber Jr. bringing any hides to that country? A Yes sir.

Q When was that? A In the fall or beginning of the winter of '46 and '47 he brought some hides and furs.

Q To refresh your memory, was it not in March? A March when?

Q '46? A No sir.

Q Open that file and that that he brought those hides? A He left and said he was coming down as a hunting trip.

Q Was that the trip when he left Kansas and when old Sam returned first that you spoke of a while ago? A Yes sir, that was the one, he came to get.

Q Do you remember of Sam Webber selling out a trip to Texas? A Yes.

Q Do you remember of them making their way down to the Texas territory between your brother? A Yes sir.

Q Was that after the time that he brought the hides there? A It was that trip that he left there for the purpose of building some houses that he brought the hides when he returned.

Q Don't you remember of them leaving there to come to the Territory for the purpose of building houses? A Well that was wither in the spring or winter, in the latter part of February or early in March I have not given the matter any considerable study.

Q How do you fix the dates you have given? A I remember them and then by the dates I have looked up.

Q What dates have you looked up? A The purchasing of this land.

Q Are you testifying from the date of the purchase of that land? A Father bought the place in the spring of '66 on condition and paid \$80 down, or traded cattle, as a forfeit, and in the fall he got some money and got full possession of the place; Webber had possession until the first of March, that is the Kansas law, from the first of March one year until the first of March the next year; they had possession of it until March first 1867.

Q Mr. Walker, when you had occasion to investigate this matter, you had forgotten all about it practically hadn't you? A No sir, but it was something I had not thought much of.

Q You couldn't, have told on the moment what year Sam Webber left there could you? A I would have had to look at the dates.

Q Then you are not testifying from your recollection, but from the dates that you have looked up since? A Part of it is from recollection and part of it is from looking up the dates.

Q How long has it been since you thought of the time Sam Webber left that country before you made this investigation? A I was asked the question as to when they moved and I hadn't given the matter any thought till then.

Q You didn't know then did you? A Yes sir after I thought it over.

Q How long did it take you to think it over? A I don't exactly remember.

Q Can't you give us some idea of it? A A few weeks.

Q Were you here when your father testified in this case? A Yes sir.

Q Did you know as much about it then as you do now? A No sir.

Q How long was that from the time you had first been asked to about the date? A I had not expected them to give testimony in this case and had not thought much about it.

Q What were you doing here then? A I was subpoenaed in another case.

Q You had been talking about this case then? A Not much.

Q How much? A A word or two.

Q And you were here all the time your father and mother were here and yet didn't testify in this case? A Yes sir.

Q You went back to Kansas? A Yes sir.

Q And came back here again to testify? A Yes sir.

(By Examiners)

Q You were subpoenaed by the Cherokee Nation? A Yes sir.

BY MR. BARRINGER:

Q How far do you live from Mount Scott, Kansas, Mrs. Hicks? A I live six miles.

Q How long have you lived in that neighborhood? A Ever since the spring of 1857.

Q You were living there then after the war? A Living there in the time of the war.

Q Do you know Mr. Walker, Douglass Walker, that has been on the stand? A Yes sir.

Q Do you know Mr. Short that left the stand here? A Yes sir.

Q Mrs. Hicks, did you know of a man up there by the name of Sam Webber? A Yes sir.

Q How far did you live from him just after the war? A Well I think it was about 175 steps; they used water out of my well.

Q Did you know his son, young Sam Webber? A Yes sir.

Q Well did you know a little short one called Aaron Webber? A Yes sir.

Q Did you know a boy called Joe Ross? A Yes sir.

Q Have you seen any of these parties since you have been here this time? A Why I met Joe Ross down there; he said he knew me and come up and shook hands with me and I saw Sam Webber.

Q I will ask you to look if this is the same parties now? A Well I tell you Ross don't favor himself so much, but Joe he is just like his father and I knowed him because he is just like his father; well old uncle Sam was older than Sam is of course.

Q I will ask you if you had any deaths in your own family in the fall of '66? A Yes sir.

Q What was the date of it? A The date of the death?

Q Yes, madam? A Well it was October.

Q Did you make any record of it in your Bible? A Yes sir.

Q Is this your Bible? A I reckon it is; if you will let me look I will tell you.

Q Look at it and see if this is your Bible? A I think it is, but I can't read it, I haven't got my specs.

Q You haven't got your specs? A No sir.

Q Well of the family record here of births and deaths appear this:

"Franklin Hicks, was born November 7, 1864." A Yes sir.

Q And under the column of deaths appears: "Died October 23, 1866".

A That is correct.

Q Who was Franklin Hicks? A He was my son.

Q Do you know where Sam Webber was when your son Franklin died?

A No sir, I could not tell you.

Q How's that? A He I don't; you mean this Sam?

Q That Sam? A Oh, the old gentleman; he lived up there by me I think I am most positively he lived there then.

Q Do you know where his wife was? A His wife died there.

Q Well do you know whether she was dead at the date of your son's death? A Yes sir, she died I think before he died; there was an old lady, they called her old aunt Susan, living.

Q Was she living? A Yes sir.

Q Was she a member of your church? A Yes sir, she lived there with them.

Q Well do you know whether she was there during the sickness of your son? A Yes sir, she was up with us several times, and if it was a bad night and she was in the house she would come and sit up with me.

Q Did you have a picture of her? A Yes sir.

Q Now I would like to have your son, Franklin, sit to the stand old Sam Webber lived and his father and children from that country? A -

MR. SMITH: The applicant objects to the witness giving her opinion as to the time when this sickness took place, because it is not the subject of their expert or opinion evidence.
COMMISSION: I understand the question to be her best recollection.

A It has been a long time you know.

Q Well, answer the question? A About him being there?

Q I want to know, the question is, what is your best recollection as to the time Sam Webber and his family, when he left Kansas with his family? A -

OBJECTED to by applicant.

A Well my best recollection was that, I would not be positive of course, but I think it was in February or March, one or the other. The best of my recollection, because the old lady, old aunt Rhoda and uncle Cy, that was her husband, they both was old and feeble and I think old uncle Sam stayed there on that account more than anything as long as he did.

Q Well now that would be February of what year? A It would be '67 wouldn't it?

Q You lived then about 175 yards of them? A Yes, sir, I could hear them sing over there and hear them laugh and talk to my house.

Q On whose place were they living? A Well they was living on Mr. Walker's place then.

Q Had he recently purchased it? A Yes sir.

Q Do you remember who he purchased it of? A I think it was a man by the name of Fleming; I think it was Flemings owned it.

BY MR. SMITH:

Q About how long, Mrs. Hicks, had Mr. Walker owned this place at the time these people lived there? A Well I couldn't answer that question

Q Well you could tell whether it had been a few months or whether it had been a year or two? A It was, I suppose it may be quite a while; I couldn't tell you.

Q You remember that Mr. Walker owned a place there? A Of course I know he had charge of the land; I think Mr. Walker bought it from Mr. Fleming if I aint mistaken.

Q And you know these Webbers were living on the Walker place?

A Yes sir.

Q Well now what is your best recollection as to how long Mr. Walker had owned that place? A I don't know; I wont pretend to say anything I don't know; I dont want to meddle with, I didn't come down here to criticize or anything about it; I want to tell the truth as far as I can.

Q Where was young Sam Webber in December, 1866, and up until January or February of 1866? A I could not tell you where he was, I think Sam worked out some around; I couldn't tell you whether he was at home all the time or not; I could not tell you.

Q Where was young Sam Webber at the time your child died? A I couldn't tell you that; This one?

Q Yes? A I don't know.

Q He was not there was he? A I don't know, I couldn't say as to that.

Q Do you remember old man Sam Webber and young Sam Webber and Andy Webber and others leaving; Aaron Webber and others leaving that community in 1866 and coming down to the Cherokee Nation? A I recollect only Sam coming down here, I don't know, I want be positive, I guess though it was in '66.

Q Well about how long was it ago, your best recollection, before this date in the fall that you have spoken of? A I don't know.

Q Don't know? A No I don't; but I recollect about it, he brought me back spice wood and sassafras root.

Q Do you remember young Sam bringing some hides to the community?

A No sir, I didn't charge my mind with anything like that.

Q Well, now give me some idea, Mrs. Blake, about the time old man Webber started off on this trip to the Cherokee Nation in 1866 that you testified about? A Why I don't know; he come in the fall, I reckon.

Q You don't know whether it was fall summer or spring? A No sir, I don't.

Q Well how is it you have no better recollection of this very time that you mention he came than you have of the first time? A I know he was there when that child of mine died.

Q And you don't know how long after that? A No; they went along the latter part of the winter, but I don't know what time; I think though it was in February or March.

Q You couldn't be positive whether it was February or after Christmas could you? A I don't think it was before Christmas.

Q You don't think that was? A No I can't, for several facts.

Q You can't state positively whether it was before or after Christmas, you can't answer it? A I wouldn't want to swear it either way.

Q Where did you move from this place that you live? A Where did I move from.

Q How long have you been living at this place now where you lived when your child died? A I have been living on the place ever since the spring of '57.

Q About how long did you remain on the place? A I stay there yet, when I am at home; my husband is dead.

Q Do you know how many trips Sam Webber made to the Cherokee Nation before this time that he came away from there the last time? A No sir, I don't.

Q You know of his coming one time? I know him and his father and I think Aaron, and I don't know whether Joe was along or not.

Q Well is this Joe? A Well of course, oh that one, Joe Webber, that one sitting there?

Q Yes? A I think it is.

Q Which one of them don't look familiar? A That one, he was nothing but a boy when I knew him.

Q Which one, the one right here, the black one? A Yes sir.

Q What is his name? A Jos we always called him.

Q And what is this man right here? A Sam, that is the way we always called him.

Q You think that is the man you knew up there in Kansas? A This Joe? A I don't know, he says it is; he was nothing but a boy when I saw him.

Q You don't recognize him then? A Hardly, I wouldn't know; he says he is the man; I used to think he was a very good boy when they lived there, but then he has grewed out of my knowledge.

Q You don't know where old man Sam Webber was in July '66 do you? A No sir.

Q You remember anything about young Sam Webber coming for the old man and the family in July 1866? A Well he might have come after them but they didn't come down here in July.

Q You don't know when they did come? A Why I think they come sometime in the latter part of the winter, but I say I would not be certain what month it was, in February or March.

Q You won't be certain it was either of them? A I say they left, I was there and saw them start.

Q You would be certain it was either February or March? A I think they did.

Q You think so? A Yes sir.

BY MR. HASTINGS:

Q I was going to ask you if you knew about young Sam Webber marrying? A They said he married; I didn't see it done.

Q Did you hear of his marrying up there? A Yes sir.

Q Was that before or after he left? A It was before they left.

JANE SPEARS, being sworn and examined by Commissioner
Brenckridge, testified as follows:

Q Give me your full name? A Jane Spears.
Q How old are you? A I am 43 years old.
Q What is your post office? A Mound City.
Q In the State of Kansas? A Yes sir, Mound City, Kansas.

BY MR. HASTINGS:

Q Mrs. Spears, was Mrs. Hicks who left the stand your mother?
A Yes sir.
Q How long have you lived in and about Mound City, Kansas, I mean in
the neighborhood? A Well I came there when I was about a year old.
Q And you have lived there ever since? A Yes sir, well since I
have been married I have just moved one mile north.
Q You moved a mile north of your mother? A Yes sir.
Q Do you know Douglass Walker? A Yes sir.
Q Do you know Henry C. Short? A Yes sir.
Q Do you remember at an early date just before the war some colored
people that lived up there; one of them by the name of Sam Webber?
A Yes sir.

Q Do you remember his son Sam? A Yes sir, I know him.
Q Were you living with your mother at that time? A Yes sir.
Q Did you know Joe, that was living with them, Joe Ross? A Yes sir.
Q Have you seen any of these parties since you have been here this
time? A I met them to-day.

Q Talked with them some? A Well I just spoke to Joe; Sam I did not
Q Did he recognize you? A Well he let on as though he did; I don't
know that he did; I suppose he heard we were here.

Q I will ask you if this is your mother's family Bible? A Yes sir.
Q That is the family record of the births and deaths? A Yes sir.
Q I will ask you if you had a brother by the name of Franklin Hicks?
A Yes sir.

Q Do you remember the date of his death? A Yes sir, October 23,
1866.

Q I will ask you if you know where the Webber family was living at
the time he died? A Yes sir, they were living there.

Q About how far from your mother's? A About 175 steps I suppose,
in a cabin.

Q Short distance? A Yes sir.

Q Did you know Aaron Webber, a little short legged dunk legged
fellow? A Yes sir.

Q I would like to know from you Mrs. Spears your best recollection
as to the time old man Sam Webber left that country permanently
with his family? A

BY MR. SMITH: The counsel for the applicant objects to that
question, because it is incompetent and calls for the opinion
of the witness.

COMMISSIONER: The counsel for the applicant has put a number of
questions in the same form and asked up to their best recollection
that points. It is entirely competent to give the best
recollection and belief in regard to the facts.

Q Your best recollection is that it was in the spring of '67, either
February or March.

Q Did you know whether or not young Sam Webber married up there?

A Yes sir.

Q Did you know whether that was before or after they left there?

A That was before they left there.

BY MR. SMITH:

Q Mrs. Spears, did you know of the father, Mr. Aaron Webber, coming
up to the place where he was living, or to the place where he was
living before he came up there? A Yes sir, I think, or could not say for certain.

- Q Fall of what year? A '66, and then come back.
- Q Now do you remember young Sam Webber's coming back with reference to the time Sam Webber Sr. came, who came first when they returned from this trip looking for claims you speak of? A They came together.
- Q Are you sure of that? A Yes sir.
- Q Where was Aaron Webber, did he come with them? A I don't remember very much about him.
- Q You don't remember whether he did or not? A No, I won't be positive whether he came with them or not, when they came after their claims.
- Q Do you know whether the older Sam Webber made the first trip to the Cherokee Nation after the war? A Well it was in the fall of '66 I guess, about that time, either summer or fall.
- Q Either summer or fall? A Yes sir, sometime along in the summer or fall.
- Q Might not it have been the late spring? A No, it was not, because he made his crop there and then came afterwards.
- Q Made a crop in '66? A '66.
- Q What did he do with that crop? A I suppose he put it up here, disposed of it.
- Q Do you know whether he sold it or not? A No I don't know whether he sold it or not, I think they fed it to their stock before they left.
- Q Where was Sam Webber Jr. in December 1865? A I don't know where he was at.
- Q Where was he in January and February of '66? A January or February of '66, I can't say.
- Q Where was he in July of '66? A I don't know where.
- Q Do you have any recollection of Sam Webber Jr. coming there after his father in July '66? A No sir.
- Q Do you have any recollection of Sam Webber coming there at any time with any hides, beef hides or any kind of hides? A No sir.
- Q Where was the old man Webber living in the year of 1865? A He was there living close to my mother's farm I speak of.
- Q In 175 steps of you? A Yes sir.
- Q And you don't remember of his coming there at any time off of a trip except the time he came back with his father? A He went to Fort Scott I guess, I never tried to keep any trace of his whereabouts.
- Q Now what makes you think it was in February of March '67 that these people left there? A Well I have all reasons to believe that circumstances about it; well the old darkey had a cane patch and the darkey boys trapped on the land that winter.
- Q Who did? A These darkey boys, the Webber boys.
- Q Did what? A Trapped for game that winter on the patch of cane where we had left the seed on the corn.
- Q That the winter that commences December and ends February, December, '66 and February '67? A It was all in that winter of course.
- Q Well the winter is pretty well over by the last day of January isn't it? A Not always it ain't.
- Q Well the bigger part of it; two months is gone isn't it? A No sir, not in our country.
- Q How many months do you have in the winter there? A Some winters we have pretty hard and some winters we don't have much.
- Q So that as a matter of fact the fact that they trapped there on your place during the winter would not of itself lead you to believe that they didn't leave there until February or March? A Well it was along toward spring that I left, that is the best of my knowledge.
- Q Now in what way do you fix the date, you speak of your people there, is that the way you fix the date, by that? A No sir, I fix it by memory, of course that is the way by the people, of this child's death, they were then; that is, the family were, I don't re-

member so much about the men; there was an old lady that moved down here with the men that sat up with my brother in his sickness.

Q Do you remember Sam Webber bringing you any sassafras and spice switch up there? A Yes sir.

Q When was that? A That was the first time they came down.

Q When was it? A That was in '66.

Q What month? A I don't know.

Q Can you state within two months of the time? A No I don't know as I could.

Q Can you remember that as well as you could the other time? A (No response).

Q You know that they were gone from there before the spring of '67, and it must have been in '66 they brought the sassafras? A Yes sir.

Q What was it, sassafras roots? A Yes sir.

Q That must have been in the spring? A I don't know.

Q Well they don't make sassafras in the fall? A We used it for tea

Q It was not in the spring at all Sam Webber brought the sassafras?

A No sir, it was not; he didn't bring it at all; the old gentleman brought it.

Q Well now as a matter of fact do you remember any one of these people being there at the time your brother was sick and died except the old woman Rhoda? A Well this family was there on the place; I don't remember them being there.

Q Well if they were you tell me who you saw except Rhoda the old woman? A Well I don't know as I remember. There was Johnson's wife, of course I don't just remember who was there, I was just a child then; there was a great many of the neighbors in, but I remember the old lady, sitting up with my brother at the time he was sick.

Q Now isn't it a fact that the old lady Rhoda is the only one you remember being there at the time? A No sir.

Q Now who else was there? A Chlora was there.

Q Well now name some other one, all you know that was there? A I don't know, I don't remember them, there was hardly any day but what they was there, some of them.

Q Well now what I want to know, who was there except this woman, Thoda? A I don't know anything about that.

Q You don't know? A No sir.

Q How many trips did the Webbers make down here to this country, do you know? A They came once and got claims and came back and went again.

Q All you know of? A Yes sir.

Q If they made others you don't know it? A No sir, I don't know anything about any more trips they made.

Q Now when was this entry in this Bible, the date of your brother's death, made, was that made at the time? A Just when he died?

Q Yes? A I don't know as it was, I suppose about the time.

Q Well about when, do you know who wrote that? A I know who wrote that?

Q That is what I am talking about? A This was drawn off from another Bible.

Q You don't think that this entry, "Lizzie Bell Lewis, born September 1st, 1868" is in the same handwriting that this is do you?

A No sir.

Q You don't know that this is in the same handwriting? A No sir, it is not.

Q Now who wrote that date, October 23, 1866? A Park Nichols.

Q Well now can you tell me how nearly at the time of your brother's death that entry was made? A No sir, I could not.

BY MR. HASTINGS:

Q How long has this Bible been in your mother's possession? A I can't tell.

Q Has this entry been in here a long time to your knowledge? A Yes sir, it has been several years.

Q It was in there long before any investigation came up wasn't it?

A Yes sir.

BY MR. SMITH:

Q Didn't Sam Webber and his father come down here in '65? A If they did I never missed them from home.

Q If they came here you didn't miss them? A No sir.

MARY A HICKS, re-called for additional cross examination.

BY MR. SMITH:

Q Mrs. Hicks, when was the entry upon this Bible you have with regard to the date of the death of your child made with reference to his death? A Well I don't just remember when it was; it was not long.

Q Was it put there at or about the time he died? A Why it was not long after he died.

Q Well give us your best judgment as to how long? A Well he died that fall and I don't know just how long it was.

Q Well was it as much as a month? A I won't say, sir.

Q You can give some idea? A Well I tell you now, I won't say anything when I don't know anything.

Q I thought probably you might know better than I do, as I know nothing about it? A If I know when I set it down I would recollect it; I have had a good deal of trouble about it.

Q I don't want to cause you any trouble about it, but I would like to know, it is some importance in this case? A There was a young man working for us that set it down.

Q What was his name? A His name was Nichols.

Q Do you remember how long after your child died before Nichols went to work for you? A No sir.

Q Well when it was set down what was it set down from, your recollection? A Why I had a husband then and all of us recollected it, who wouldn't recollect it?

Q I am asking you how long it was before this entry was made, if you can tell me? A I don't know when.

Q Do you think it was as much as two years? A No sir.

Q It was not? A No sir, if I should guess at anything about it I should think it was along in the summer sometime, I should think now, afterwards this young man was breaking prairie and of course he broke it in the winter.

Q Was this the first place it was made where it was made here in this Bible? A Yes sir.

MR. SMITH: If the Court please, I want to show by the title page of the Bible that it was not published until in 1869.

COMMISSION: The title page has been examined and it shows that the edition of the Bible in evidence was published in Philadelphia in the year 1869.

BY MR. HASTINGS:

Q Do you remember, independent of the Bible, of the dates of your son's death? A Yes sir.

Q You didn't attempt to give distinctly when that entry was made in your Bible? A No sir.

Q You so stated? A Yes sir.

BY MR. SMITH: I object to that; it is leading.

BY MR. HASTINGS:

The Representatives of the Cherokee Nation ask that the testimony of Sam Webber, recalled, in the case of Jefferson Ross and others, Freedman D-872, be made a part of the record in this case.

COMMISSION: It is ordered that the testimony just taken be filed as supplemental testimony in Cherokee Freedmen Doubtful case 496, the same being the case of Chlora Grayson, and it will likewise be filed in Cherokee Freedmen Doubtful case 216, the case of Aaron Webber, and in Cherokee Freedmen doubtful case 369, the same being the case of Joe Ross.

By Com'r Breckinridge, -

The applicant states that she was a slave in the Cherokee Nation from the time the Cherokees moved to the Indian Territory in 1837 until she was liberated by the Civil war. She is identified on the Kerns-Clifton roll and on the Wallace roll, but not on the 1880 roll or upon the roll of 1896. The testimony indicated that her husband first returned to the Cherokee Nation after the war, coming from Kansas in August of 1866, that he came at that time to prepare for the bringing of his family back to the Cherokee Nation. He is now deceased, but he and the applicant were married at that time and had several children. The testimony further indicated that the applicant's husband made a trip back to Kansas in October, but not with a view of relinquishing his purpose to bring his family to the Cherokee Nation, but apparently to get provisions. It further appears that he returned to the Cherokee Nation with his wife and children in the following month of February. There is some conflict of testimony in regard to this matter, but so far that is the weight of the testimony. It also appears that proceedings may have been had by some Cherokee Court, either a citizenship court or the Cherokee Supreme Court, prior to the date of the Chambers Court, affecting the citizenship of this applicant and her husband and all those who may claim through them. It will be necessary to make further inquiry upon this point, and if possible to get an official copy of the record. Under these conditions, the applicant will now be listed for enrollment on a doubtful card and the final decision of the Commission will be made known to her at her post office address.

In the matter of the application of Elizabeth Meigs for enrollment as a Cherokee Freedman;
REUBEN SANDERS, having been before sworn by Commissioner Breckinridge, testified as follows:

- Q Give your name? A Reuben Sanders.
Q How old are you? A I am only about 50 past.
Q You gave testimony just now in the case of Elizabeth Meigs?
A Yes sir.
Q And you want to correct a statement you made there? A Yes sir, I wish to make the statement that it was in January, 1867 when we made the last move, about the first of the month; it was the following August in 1866; we had been here in August you know, in '66 and in October, and we made the last move in '67, January, and I put it down February I think; I wanted to say January.
Q How do you find out now it was January instead of February?
A It was just after Christmas that we was on the road coming down.
Q How long after Christmas? A Perhaps a week after Christmas; my reason for stating this is this, along Christmas- a few days before Christmas there was a man got killed named Hayford, and there was a gentleman killed him, a colored man killed that man Hayford, a man by the name of Mackey, and we started then right shortly after that killing was, and the parties followed us, thinking he was with us, in our crowd, that was just the following- a few days after Christmas, a week, or after Christmas.

Examined by Cherokee Representative, W. W. Hastings:

- Q How old are you? A Well I just don't know my age exactly, I suppose that I am about 50 years old; something in that line.
Q Where did you say that killing took place? A In Kansas.
Q Fort Scott? A Yes sir.
Q And the man that was accused of the killing was named what? A Named Mackey.
Q You remember his first name? A No.
Q You remember the man who was killed, you got his first name? A No sir I do not.
Q Did you ever learn afterwards whether or not that man was caught, do you know? A It seems to me like I learned afterwards that the man was caught. No I don't know nothing about that part of it.
Q You know what county Ft. Scott is in? A No sir.
Q Who called your attention to this ~~error~~ error? A I thought so myself; I called my own attention to it; I was studying over it, I did.
Q You know now it was only a few days after Christmas? A Yes sir, a few days after Christmas.

Com'r Breckinridge: This statement will be filed as supplemental in the Elizabeth Meigs case, to be considered in connection with the former statement of the witness, and the other evidence relating to the date in question.

"Another Murder."

Shooting of D. Hayford.

Testimony given before the coroner.

On Saturday night, the 22nd inst., after dark, Mr. Dyer Hayford, of this city was found murdered. A colored man, named Eli Mackey, has been arrested, and is in jail, charged with the crime. There would not seem to be much doubt of his guilt. Mr. Hayford, has been a resident of Fort Scott for several years, has kept a grocery and provision store on the corner of Williams and Bigler streets, and was a very quiet and unobtrusive man. The facts of his murder as we learn them are these:
On Saturday night, the 22nd inst., the door of a room which Mr. Hayford had rented of a boy, outside the door of his store, was stolen. Being alarmed immediately, and learning that Mackey had taken it, and was then on his way home with it, Mackey resides near Fort Scott (Kans.) Mr. Hayford jumped on a horse and started towards the mill. He had not been gone more than thirty or thirty minutes before several shots were fired on the road between the city and the mill, where Mr. Hayford was found on the ground, in the last agonies of death. He had received four shots from a weapon, evidently a revolver.

Harry Jones, (colored) sworn - Saturday evening heard several shots fired. Was at home, heard hear the mill close by Eli Mackey. About twenty minutes after the shots were fired Mackey came to my door, asked me if his wife was home, said that he was in a hurry. He had on a black soldier's coat, the shooting sounded as if it was close to my house, and about the place where Hayford was found. Mackey came down to Mackey's and remained about fifteen minutes, before the shots were fired. Saw the coat which Mackey wore when he came to my house, at his house afterward. - Do not know whether he was carrying a gun or not. He usually carries one, have seen him have one several times. I did not notice any flour on his coat. It was a heavy revolver which Mackey usually carried. He also wore a gun, didn't see that at his house that night. When Mackey left my house he came to his house, and soon afterward heard him going back to town whistling. Mr. Jones found the sack of flour at the edge of the street, looked as if thrown down the bank. Was found about twenty yards from Mackey's house. Saw Mackey have a revolver on Friday the day before Hayford was killed.

E. C. E. sworn - I live about 100 yards west of Eli Mackey's. Saturday night was at home sick abed; a man came to my house and inquired for me. I heard him and knew by his voice that it was Mr. Hayford, have known him several years. He left and my wife said he went in a northerly direction, that is the way from my house to Mackey's. About five minutes after he left I heard four distinct shots. From the sound thought they were about 150 yards off and southwest from my house. After the firing heard someone walking past, whistling; he was going towards town.

Stephen Leach, (col.) sworn - After dark Saturday night I saw Eli Mackey at Smith's saloon. He asked me to play cards with him that night. He went out and I told him not to stay long. I waited a good bit and Mackey didn't come back and I went out and called him the next morning. I then went over to Hayford's and learned that a sack of flour had been stolen. Didn't notice whether Hayford was there or not. Alonzo Collins told me he saw Mackey on the next morning, that Mackey heard the shot, but wouldn't answer. Then I saw him again until Mr. Jones had arrested him, and brought him to the court. When I saw Mackey at Smith's he had on a soldier's coat and he had a revolver on him then; it was a big heavy revolver. When I saw him after he was arrested, I think he had on a different coat.

Donald E. Hall, sworn - Saturday night I was at Kirby's and heard a shot fired, and soon after I saw the miller run out and another shot was fired. I was sitting in the mill after I heard another shot and saw the miller run out in the direction toward the mill. After that I saw him go down the road. We found a man lying on the ground about 100 yards from the mill; he was alive but didn't answer. I saw a pistol lying on the ground that was fired.

The coroner's jury, after their inquiry, stating that Mackey was a dangerous man, and that he had been convicted at the court for a crime, and that Mackey had intent to kill.

Mackey was taken to the court, before Justice Hargrave, and will be tried at the next April term of the court. He is a very dangerous man; he is also a very dangerous man, and it will be part chance. He is also a very dangerous man in the Nation.

and he was once before arrested here, for shooting at a man; but before his trial came off the prosecuting witness left for parts unknown, and Mackay was discharged without trial. Let him be tried for the offence with which he now stands charged, and if guilty he should expiate his crime on the gallows."

MR. HASTINGS: I desire to introduce an editorial from the Fort Scott Monitor of date February, 27, 1867, as follows:

"Eli Mackay, colored, accused of the murder of Dyer Hayford, confined in our jail, to await his trial at the next term of the District Court, for murder in the first degree, escaped last evening, and up to the time of going to press this morning, has not been heard of. A reward of two hundred dollars is offered for his apprehension."

MR. HASTINGS: The Chicago Nation offers in evidence the following from the Fort Scott Monitor of Wednesday, March 27, 1867:

"A Chapter of Horrors."

Murderer of Hayford Captured and Hung.

Tragic events connected with the affair.

The history of our community for the past week is replete with horrors, such as will, for long days to come, overshadow the hearts of our citizens with gloom.

A few weeks ago, we published an account of the escape of Eli Mackay, the black fiend, who last winter murdered Dyer Hayford. Ever since that time the officers of justice have been on the alert with a view of his recapture, and on Wednesday, the 20th inst., Deputy Sheriff Wheaton, having learned that the murderer was concealed in his brother's house, about five miles northeast of this city, started, in company with his son, Charles T. Wheaton, Edward Coe - who were on police duty in this city - and Benj. Files, for the purpose of capturing him.

On arriving at the house, Messrs. Coe and Wheaton, Jr., approached and ordered the wretch to surrender. In return he fired several shots through the partially open door, and then ran out of the house into the open prairie. One, being nearest, received the first shots that were fired. He stooped to the corner of the house, sat down and expired in about fifteen minutes. Immediately after Charley Wheaton received a ball in the right side and fell to the ground. For some time he hope was entertained for his recovery; but at the present writing his condition is improved, and his friends entertain some hopes that he will live.

In the mean time a number of the neighbors had gone around and headed by Capt. Curtis Johnson, Mr. Files and Mr. Dickinson started in pursuit. The murderer, with a gun and revolver in his hands, ran fleetly across the prairie, firing at his pursuers as he ran, and dropping down to load as fast as his weapon became empty. Finally, when nearly dead from the wounds he received from his pursuers, he signified his readiness to surrender; but even after they approached him his spirit was not satisfied, and he fired the two remaining shots in his revolver at the crowd. Fortunately, no one was injured, though Mr. Dickinson had part of his coat shot off. After the murderer was secured he was taken back to the house from which he had fled, and hung by the neck until he was dead. Before his death he tried to implicate an innocent negro in the murder of Mr. Hayford, but being soon caught in the falsehood, he confessed to having committed the deed himself. He also confessed to having killed first John and also to having shot at Major Mofford last winter. - Eli Mackay, therefore, has always been a character with scarcely a parallel in the annals of history for desperation

and bloodthirstiness. - We are informed that at one time, in the Cherokee Nation, SS men attempted to arrest him but failed on account of his desperation. The colored people, who knew him, were terribly afraid of him. William has seldom presented a character so utterly lost even to every sentiment of humanity.

As a general rule, we have always depreciated the taking of life except by due process of law, as dangerous to the peace and quiet of the community and to the best interests of society. We have always found that nothing but the most extreme necessity would justify it, but in this instance that necessity existed. For every man that was killed was liable to live, endangered the lives of good citizens. We learn that the house he occupied was surrounded to the ground. The survivors from their attempt to arrest him, were among the best of our young men. As members of the police force of this city they have performed their duties faithfully. Generous and brave to a fault. The death of one and the danger to the other creates a habit of sadness that cannot soon be eradicated.

The body of Mr. Lee was brought into the city, and on Friday after a funeral sermon by Mr. Lee, was escorted by a large procession, headed by the members of the Grand Army of the Republic, to the cemetery where it was interred.

Sequel.

On Thursday night a crowd of about thirty men, still laboring under the excitement growing out of the tragedy of Wednesday, entered the jail and having possessed themselves of Mr. Lee took Jackson Mackey and Harry Vann - on the brother who harbored the murderer and the other charged with furnishing provisions and aiding in his concealment, to the ravine near the poorhouse and hung them to a tree where their lifeless bodies were found next morning. So quietly was this done that few in the city except those who participated knew of it until the next morning.

examined by Attorney Smith.

Q Mr. Smith, what was your wife's name before you married her?

A Her name was Jane Dannenberg.

Q How long have you and your wife been married? A We have been married thirty-one years I believe, to the best of my knowledge this last April past.

Q Have you been living together all the time since you were married? A Yes sir.

Q These children whose names you have mentioned, have they been born to you and your wife while you have been married? A Yes sir.

Q Have you any other children other than those six whose names you have given? A Yes sir.

Q What are their names? A The oldest one living is named Pearl Smith.

Q Is she married or single? A No sir, it is a boy, yes sir, he is married, he is here on the ground.

Q What is the next one? A Next one is Cora, she is married.

Q What is her name now? A She is named Cora Morris.

Q What is the next one? A Matilda.

Q Married or single? A She is single, lives with me.

Q Next one? A Oldest child I have is Elmore, she is single and lives with me.

Q Ever been married? A No sir.

Q Where do you live? A I live in the neighborhood of Hickory Creek, Cherokee Nation.

Q How long have you lived there? A I have lived there and in the vicinity around about there, that is from there to California Creek, for about 26 or 27 years, I judge, something like that. Maybe more, or maybe little less. Somewhere along in there though, I have been living in that neighborhood, about 27 to the best of my knowledge, I believe, or 8.

Q What did you say your wife's name was before you married her?

A Jane Dannenberg.

Q Did she have any sisters or brothers? A She had one sister, and one brother.

Q What was her sister's name? A Emily Dannenberg.

Q Who did she marry? A She married a man named John J. Ross.

Q Is she the woman who was on the stand just before you came on? A Yes sir.

Q Has your wife any brothers? A Yes sir, one.

Q What is his name? A James Colbert.

Q How long had you been acquainted with her your wife, when you married her? A I had been acquainted with her about three months, I judge as near as I can guess, maybe not quite so long.

Q How long have you lived in the Cherokee Nation? A I have lived in the Cherokee Nation, that is, continuously, I have lived in the Cherokee Nation since 1865, I believe, made it my continual home since that time.

Q Where did you marry your wife? A I first married my wife in the state of Virginia.

Q Did you marry her there then? A Well not exactly married her, I got a license.

Q Did you go to the Cherokee Nation to marry your wife in the Cherokee Nation?

A Yes sir.

Q In what district? A Cherokee Nation, District No. 1.

Q Did you marry your wife there in the Cherokee Nation?

A Yes sir.

Q Whereabouts? A Don't know for sure.

Q In accordance with that license you got in Cooweescoowee District?
A I never had the ceremony performed, I only got the license, and on inquiry, I went to get the preacher to marry me, and on inquiry,

Cherokee Representative T. W. Hastings: I see what he is going to state what the preacher or somebody else told him--

Applicant: I am going to state what I know to be the fact.
Com'r Needles: State it.

Applicant: resuming answer:-- I went to get married, and when the preacher inquired for my license they were lost; I had lost my license and of course, consequently I couldn't obtain a license, the was the reason I wasn't married under this license I bought, but after that time I went to the clerk I think and made a statement that my license were lost, and asked for re-copy so as to perform the ceremony, and he didn't give them to me, refused to give them to me, and after it allowed it made no difference, it was on the book and that satisfied the law; that's what Mr. Lips told me, that that satisfied the law, and I had bought them and paid for them, and as I were already married that it wasn't necessary and there was no law to compel a man to marry ever again.

Cherokee Rep'r Hastings, W. W.: I object, I am going to have this objection; I must not be run over that way; when I object it is courteous for attorneys to wait. Come now the Representative of the Cherokee Nation and moves that that

much of the witness's testimony relating to what Mr. Lips told him be stricken from the record, as it is partly hearsay.

Attorney Smith: I will state in that connection that the only proof of the testimony would be of some other testimony that's all related and the testimony is with reference to an instrument which he says is lost, and I think it is competent for us to state the facts in connection with it.

Com'r Needles: The objection is overruled there.

Q By Smith: Did you get any paper from any of the Cherokee officials with regard to the recording of any marriage license issued to you? A Yes sir.

Q Is that the paper? (Hands paper to applicant) A Yes sir, that's the paper.

Attorney Smith: I would like to offer in evidence the paper. (Hastings examines paper and hands it back to Smith.)

Smith: Applicant desires to offer an instrument under the seal of the Cooweescoowee District, signed by Joe M. Lahay, clerk of said district.

Cherokee Rep'r Hastings: If the court please, here is the point I want to object to. I don't want the contents of this paper stated, because if it is ruled out you have got the contents in, let him offer a sufficient amount to identify the paper, then the paper speaks for itself, but if he gives all that is in the paper, that is a need to introduce the paper, it is already in. He shows evidence to identify the paper.

Com'r Needles: That's all that is necessary.

Smith: continuing: for the purpose of showing that a license which is stated by the witness to be lost, was issued by the Cherokee Nation, permitting said applicant to marry his wife, according to the law of the Cherokee Nation.

Cherokee Rep'r Hastings: Come now the Representatives of the Cherokee Nation and object to the above, as being an outrageous proceeding, an attempt to get a paper introduced into this record which was not taken from the record or proof, but the evidence.

Second: The paper admitted to be introduced shows upon its face that it was simply an affidavit of George T. Hove, on the 21st day of August, 1891, that an affidavit has been recorded in the clerk's office, and that it was more strength before the court.

Applicant. Mr. D.W. Lipe, give me that.

Smith: I don't consider anything an outrage which has been issued by any of the Cherokee officials and which bears the seal of the Cherokee Nation. We are trying to establish the fact of a lost paper, and the only other evidence in the world is in the possession of the opposite party; that in itself would make it admissible.

Com'r Needles: The policy of the Commission has been, and the rule of the Commission, has been not to permit affidavits of this kind, nor of any other kind, but as far as the certificate on the back, I think the indorsement on the back could be admitted, but I don't think the affidavit can.

By Cherokee Rep'r Hastings: I agree that what's on the back should be read to the clerk, and let the other be withdrawn.

Com'r Needles: Yes, that's right; paper is presented with the following indorsement:

Mr. Smith: "Recorded on page 241, Book E Records of Marriages Cowlescoowee District, C.N., signed, J. Lee Comer, clerk Cowlescoowee District, by E. Lee Comer, Deputy Clerk, and bearing the seal, Cowlescoowee District, Cherokee Nation, Justice."

Appl; can't further examined by Attorney Smith:

Q Now, Mr. Lipe, you wanted to make a statement, what was the statement? The statement I want to make to Mr. Hastings is this: That I want to Mr. D.W. Lipe, and called his attention to and made him recollect of issuing me a license.

By Hastings: Q Is Mr. Lipe alive? A Yes sir.

Q Living in Cowlescoowee District? A Yes sir.

Q His post-office is Clayton, is it? A Yes sir.

Mr. Hastings: I have no object to any further statement Mr. Lipe should have made to him.

Mr. Smith: I think it is fair to let him state what he did.

Mr. Hastings: You haven't shown that this record is lost.

Com'r Needles: I don't think it is necessary to be so technical about this matter; all we want to get is the facts in the case. I think you had best produce the best testimony you can get; there is no time to be about getting Mr. Lipe here as a witness.

Attorney Smith: I will ask for a subpoena, because I don't think we could get him without one.

Com'r Needles: We will issue a subpoena to D.W. Lipe, to appear instantly.

Rose will be listed for enrollment as a Cherokee Freedman on Indian Marriages on a doubtful card, and the two children James and Robert Rose will be listed for enrollment as the sons of Freedman on a doubtful card, and the final decision of the Commission will be made known to them by mail.

A I cant say positively that you were there as much as five

years, I cant say positively that you were there as much as two or three years, I cant say that I was there that much.

1. The first step is to identify the problem. This involves understanding the nature and scope of the issue, as well as the interests of the parties involved. It is important to gather all relevant information and to identify the key stakeholders who will be affected by the decision.

In the matter of the application Edward Wright for the enrollment of himself as a Cherokee Freedmen.

APPEARANCES:

Ben J. Scoville, representing E. B. Lawson, for applicant.
W. W. Hastings, for Cherokee Nation.

COMMISSION: The Cherokee Nation, by its representative, makes satisfactory proof of service on the applicant's attorney that it would, on the 20th day of May, 1902, introduce testimony tending to disprove the right of the said Edward Wright to enrollment as a Cherokee Freedmen. The applicant this day appears by his attorney, E. B. Lawson, who is represented by Ben J. Scoville, Nowata, Indian Territory.

MR. HASTINGS: The Cherokee Nation offers in evidence a decision of the Chambers Commission on Citizenship as found on page 55 of a book taken from the records of the Executive Department of the Cherokee Nation, entitled, "Docket of the Chambers Com'n on Citizenship," as follows:

"No. 85 Edward Wright
vs
Cherokee Nation. (Ex. 7th of June.
(Answer filed.

Judgment against claimant June 27, 1879."

The Cherokee Nation also offers in evidence from the same record as above, page 57 of the same, the following:

The Cherokee Nation offers in evidence the application made for citizenship in the Cherokee Nation by Lewis Whitmire on the 26th day of June, 1872, as found on pages 164 and 5 of book B, entitled, "Citizenship record 1872," as follows:

"Before the Commission sitting at Tahlequah to try claims to Cherokee citizenship.

The undersigned claimant in the case of
Lewis Whitmire

vs
Cherokee Nation

respectfully presents the following statement of his claim according to the requirement of the commission.

Claimant claims and classification five of claimants in the law creating the commission, that is, as a colored person formerly a slave owned by a citizen and resident of the Nation at the

beginning of the late war, freed by law and made a citizen of this Nation by provision of the treaty of 1866. For

Claimant was at the time and place above said owned by George Whitmire, a Cherokee citizen, left the country during the war and returned in the summer of 1866 to select and prepare a home for his family (they being then without one) and again the following year prosecuting the work in his circumstances and the condition of the country at that time prevented him leaving his family in the intervals of time when they could subsist without discomfort and exposure and until a removal of them was practicable which removal of claimants finally was accomplished to the point of the Nation settled by claimants for theirs and his home in the spring of 1867.

Claimants rights have been called in question by competent authority, and he therefore presents them to the important examination of this Commission as are authorized so to do by law.

Claimant respectfully refers to the statement by claimant Lewis Whitmire as embracing the facts which the present claimant would submit to the Commission as the grounds of his claim.

Respectfully submitted,

Moses Whitmire.

The Cherokee Nation offers in evidence from a book taken from the Executive Department of the Cherokee Nation entitled "Register of evidence before Court of Commissioners Chambers Court, Book A," page 239, case No. 60, as follows:

"Case 60.

Aaron Whitmire,

vs

Cherokee Nation.

Tahlequah,

July 3, 1878.

His Honor the Attorney for claimant called and sworn.

I am I think I am about 47 years old. I live in Illinois District, C. N. Am a citizen of the Nation. I have been on the doubtful roll but had my rights proven up before the Supreme Court.

Am a citizen under the Treaty of 1866. I went north to the state of Kansas in '62. I returned in August - 21st or 22nd, 1866. I left my family in Fort Scott when I came. I came down to get me a claim. I staid about three weeks that time, and then returned to Fort Scott. After I returned to Fort Scott there were others who started down, the Whitmires were of that number. The claimant was one of them. They came down along in Decr. 1866. They returned to Fort Scott before I left there. I left Kansas about the 2nd week in January 1867 and got to the crossing of the Neosho River about the last of January. When I first come down there was about 18 in the party. They left their families in Kansas when they came down here. There was some of party come with the Whitmires who piloted the Whitmire party and my party were Sam Webber, Mike Daniels, Sam Webber, Jr., Aaron Webber, Reubin Sanders, Tuck Sanders.

The Whitmire party proper were Aaron, Lewis, Rose, Dennis and Nelson Whitmire and others that I do not recollect. The object of this part coming was for the purpose of erecting homes. When I moved with my family I stopped on Pryors Creek at Mrs. Alberty's and remained about two weeks. The reason we left that part of the country was because that part of the country was too sparsely settled and bare of subsistence. As I was coming down the first time we were overtaken by the Cherokee Delegation. They were some who come here were authorized by others to locate claims for them, one was by McKoy requesting Abe Fields to locate for him. The original request filed.

Cross Examined.

I cannot remember the date I arrived here the first time from Kansas. The claim we made I got three sets of house logs, hauled them and piled them up, and some of the men put up houses. I did not put up a house. I started back to Kansas about the middle of September. When I first left the country it was in February, 1862. I was a slave before the war and was owned by Sam Taylor when the war broke out. He was living on Greenleaf near Bushy Mountain on this side Arks. River. When the Whitmires returned to Fort Scott I do not know when they left there to come to this country as I left them there when I left. It was reported when they returned to the Nation that the Whitmire party had built houses. But I do not know this myself as I was not along. I only heard they had. The war closed in 1865 I think. I did not know it myself but people told me who could read.

I do not know myself that it was the month of Aug. When I come here first, but I was told it was that time.

Re Direct.

I was the December following the time I first came down that the Whitmires came down first to select and improve claims.

vs

called and sworn.

August 1, 1878.

Alfred Alberty, witness for claimant,

I reside in Coowasagawee District, C. N. I am a native Cherokee citizen. I left the Nation during the war. I returned to the Nation on the west side of Grand River, Coowasagawee District,

on the 3rd of Sept. 1866. I had occasion some time in the last of October or the first of Nov. or probably it might have been as late as the middle of November, to go to the Verdigris. While out there I fell in with a party of seven or eight persons who were camped with others near Sam Douches. I did not go to the camp. They were colored people. I knew most all of them. Their names were old Sam Webber, Aaron Whitmire and a younger brother and Lewis Whitmire.

There was another person whom I was told was a Landrum. I do not recollect any of the others and cannot identify them. The Whitmires were Johnson and George Whitmire, Aaron Lewis and his mother belonged to George. In conversation with Sam Webber he asked me if I knew anything about the treaty and if Jim McDaniel had got home. I told him I had not seen the treaty but had heard rumors about it. He told me they had come to pick themselves homes or make claims and that he was the leader of the company and the reason why Major Wright did not come was that he was an old man, but that he had sent his son down to work for him and make him a claim. He then asked what chance there was to get provisions over on the river. I told him there was none there, but that there was a lot of condemned flour at Gibson and if they would go there they would get some. He also represented that they had come down to make claims for others, who had remained in Kansas, to build them houses &c. They also stated that they were notified to come, and that they had accordingly come to make claims for themselves and the other that they left behind in Kansas. As near as I can recollect it was some time in October or November that I saw these parties. It was not very cold weather at the time. I recollect as I camped out at night. Did not see any of these parties after this time May 1867. There was no provisions to be had in this country at that time. Provisions were very scarce. It was my understanding that they had come to prepare homes for themselves and families. They told me so at least. Major Wright belonged to Cornelius Wright before the war.

Cross Examined.

I heard after this some of them went back to Kansas. At the time I met them I do not know whether their families were with them. I think I seen Dennis Whitmire with this party, but am not certain of seeing Dennis or Nelson. I know there was four of the Whitmire boys. They were owned in the Nation and resided here up to the breaking out of the war.

B. W. Alberty.

Aaron Whitmire

vs

Cherokee Nation.

I know Melissa Batliff. She was twelve or thirteen years old at the close of the war.

She was living with me then and still lives in my family. Jack Landrum was one of the band above referred to, also Ransom Daniels. I learned from our leaders Uncle Mike and Sam Webber that the Cherokee delegates advised us to settle in a compact body on unoccupied lands. He proposed the location in coming down at McKane's Ferry in 1866. The chief ferryman who crossed us was Bill Martin.

While on Lightning Creek in 1866 I saw Mr. Alberty but had no conversation with him, but Sam Webber had in my presence.

Cross Examined.

I am a claimant before this court for citizenship. I am a half-brother of Aaron Whitmire, Louis, Dennis and Nelson are also my brothers. Maria Whitmire is my sister. Major Wright is my stepfather. The names of the party that came with me to the Nation are as follows: Mike Sanders, Sam Walker, Peter Heige, Bill, Foreman, Tuck Sanders, Ransom Daniels, Sam Tetter, Jr., Louis Whitmire, Nelson Whitmire, Dennis Whitmire, Aaron Whitmire, is all I can recollect now. Others and my brothers were authorized to make claims for others still back in Kansas. Dennis made a claim for Major Wright. I can't name any other. There was a man of family in 1866 when we came on from Kansas. My family was at Fort Scott. Melissa Ratliff, Ed Wright, and my wife and myself composed my family. Louis and no family. Aaron and Nelson did. Major, Nan, Nelson and Allen were Aaron's children and his wife, Sarah. They were left, the wife and children in Fort Scott when we came in 1866. Eliza Sanders, Thos. Sanders were Nelson's family and back at Fort Scott. We went back 1st January 1866 to Kansas after coming to the Nation. Then witness returned in 1867 to the Union Aaron, Louis, Nelson, Dennis, Ransom Daniels, Tuck Sanders, Peter Heige and the families of those who had families all were as I did besides other not particularly remembered. This was the first time any of our families had been to the Nation, at least mine, Aaron's and Nelson's.

The first time Maria Whitmire was in the Nation after the war closed was after our parties returned in families in 1867.

The first time Major Wright returned was on our first trip in 1867. Melissa Ratliff was owned by one Alex Ratliff at breaking out of war. She first came in March 1867. Jack Landrum was along in 1866. He was a slave at the beginning of the war. I was present during the examination of Mr. Liberty as a witness in this case.

Re Direct.

Maria's family at the close of the war was a separate family. Harry Whitmire, her son, represented his mother on the first trip in 1866. Witness is about 55 yrs. old. Major Wright was an old man at the close of the war. Louis Whitmire had been back to the Nation before 1866.

Case 55.

Aaron Whitmire & family

vs

Cherokee Nation.

Claiming citizenship.

Now comes claimant by attorney before the Commission sitting at Tahlequah to try certain claims for citizenship in the Cherokee Nation and makes this his statement of his grounds for said claim to wit:-

That he is a colored person and claims as aforesaid under provisions of the laws and constitution of the Cherokee Nation preferred by him to the Cherokee Nation and decided rights by the Cherokee Nation and the United States.

That he is a person who was a citizen at the commencement of the war of the rebellion and was then living in this

Nation. After the beginning of said war claimant moved to or the vicinity of Fort Scott with his family at which location he resided until the summer of 1866 when he returned to this Nation and proceeded to select and improve a home on the Verdigris River for himself and family's permanent residence. While he was thus making preparations for the removal of his family by providing for their habitation and subsistence at the place mentioned they his family remained where they had been sojourning during the war.

Claimant was compelled by unfavorable circumstances and the attention he was obliged to bestow upon his family to remit his work upon his improvement on Verdigris River from the early fall of 1866 to the early winter of the same year, when he resumed labor upon his improvement, after which he removed his family as soon as practicable to wit in the spring of the year of 1867.

Claimant claims to have returned to this Nation in his own person and as representative of his family within the time provided for by treaty, in that having no residence to come to or other former citizens, he did everything possible to constitute a return consistent with the duty he owed to his family by laboring as far as his means allowed to provide a home in this Nation.

Respectfully submitted,

Aaron Whitnire,

Aaron Whitnire
vs
Cherokee Nation.

August 1st, 1872.

Mr. Martin, witness for claimant, called and sworn.

I live on Big Creek, Cowessacoossee, C. N. Am a citizen of the Nation. From August up to Christmas 1866 I was at the ferry on the Neosho River on the old military road leading from Fort Scott, Kansas to Fort Gibson, C. N. Am acquainted with claimant and his brother, Lewis, never knew Aaron until I meet him at the river. Lewis I knew prior to that time. While I was in charge of the ferry I recollect having met claimant and Mose, Lewis, Dennis and Nelson, Whitnire, Peter Keigs, Mike Sanders, Sam Webber, and Young Sam, Bill Foreman and others but I do not recollect anything about them. They were traveling. They stated they were coming from Fort Scott, Kans, they were traveling from the direction of Fort Scott. I crossed them from the Shawnee side of the River into the Cherokee Nation, they inquired the road to Big Creek. McLean gave them the directions to the head of Big Creek. They stated the reason why they were coming was that the Cherokee Delegation had invited them to come back under the treaty. They mentioned Jim McDonald as the principal one who had invited them and they were then on their way to select themselves homes.

It was after the Delegation returned that I met claimant and the others spoken of. It was pretty cold weather when I crossed them. It was as near as I can recollect about the last of October, 1866. I am positive it was before Christmas at I left them at Christmas or probably a few days before Christmas.

Cross examined.

I was not acquainted with the claimant nor any of the others named previous to the war.

I do not know the exact date. I do not know whether they were coming to the Nation or not. I do not recollect of seeing any of the members of the Delegation at the time.

I crossed them over the river. I set some of this same party back over the river a short time after they had come in, Lewis, Nelson and Dennis Whitmire and little Sam Webber and I think they were more who crossed back but I can not place them now. I learned the names of the parties from conversation with them, but did not become particularly acquainted with their names at that time. I think there was one woman with the party, I think she was little Sam Webber though I could not be quite positive that there was a woman along or not. I was positive there was no children as I never seen any. They had passed the long enough that were they any women and children I could have known it. The next time I saw claimant was in the fall of 1867 on Big Creek. I learned from them that they had got there in March 1867. I know this from having heard it generally talked amongst themselves.

At the present time the distance between our two settlements is about 5 miles. I recognize the claimant and the other parties spoken of. I have been there frequently since that time, I set them over the river. When I saw them in the fall of 1867 they had their families with them then. The means of subsistence at the time I crossed in the country at that time was short.

George Whitmire before the war lived in Going Snake Dist. This Dist. borders on the line of the State of Arks.

Claimant now resides near the western line of the Cherokee Nation. The settlement before the war was sparse where claimant now resides. I could say the distance from where George Whitmire resided prior to the war, and claimant's present residence is 90 or 100 miles. Witness states that he had a conversation with Sam Webber in which Webber assigned him a place for settling where he had been Agent. After advising the Indian People after their freedom to settle in places of their choice. It was convenient to do in an unoccupied part of the country.

This was the reason for the Indians as they could have their own farms to till before they were settled in the country. The first conversation was in the fall of 1866. The second conversation was in the spring of 1867. I saw several of their families in May, 1867 on Big Creek or Lightning Creek in the Nation.

About the middle of May 1867 I first saw this party with their families at their new homes. Claimant and others of this colored party told witness that they returned in March 1867 to the Nation.

Re Direct

I learned from John Coker that most of this colored party returned to Kansas after their families and a few remained. I was at General Convention of the Colored People in 1866. It was witness' understanding that the purpose of said convention was to ratify the treaty of 1866. I think the object of the convention was to ratify amendments to the constitution under the treaty and to ratify the treaty. The treaty was concluded the 8th of Aug. 1866 in my information. It might have been July 19, 1866.

Witness went south during the war. J. B. Jones was not at the time herein mentioned U. S. Agent but was a Delegate and was Agent afterwards.

Q Who owned the thing at the time old man Sam Vetter was on it? A Jeff Flaming owned it until my father bought it.

Q How do you know it was '63 that you became acquainted with Sam Vetter? A I remember that it was during the last part of the war and the refugees were coming into Kansas, both white and black, in '62 and they were amongst them.

Q Did any come after '63? A Yes sir, some came later and some came earlier, and I remember again by this fact, I remember how long they lasted in before we got it.

Q How long? A Three years - about years in the spring of '67.

Q They lasted it five years before your father got it? A They lasted from '63 to '67.

Q Did any of them ever tell you that you knew this man in '63 was because you knew him long time before? A Yes, before your father got it? A Yes sir.

Q How long it was in September of 1867 that your father bought that thing? A Yes sir.

Q You are positive about that? A Yes sir, in my possession the first of March '67.

Q Did old man Sam Vetter rent this place from your father? A No sir he rented it from Flaming.

Q Did Sam Vetter, the old man and the boys, come down here or leave when coming in the fall of 1867? A I think not.

Q Did you remember that they did and that the old man came back by himself one time? A If my memory serves me, it was in '66, late in the summer, or early in the fall of 1866.

Q What was in the fall of 1866? A That they came down here - started away from there.

Q How many times? A Sam Vetter, the old man, and young Sam and Arven.

Q What is your recollection as to how long they staid? A They came back I think in November or late in October.

Q Well which came back first? A Why I think the older Sam Vetter came first.

Q How long do you think it was before you saw Sam Vetter Jr. again?

Q Well, it was a short time, a month or so - I can't recollect that it is a good while ago.

Q The helped Sam Vetter make a crop in '67? A Thomas Vetter and the old man helped make a crop in '68.

Q Who helped him? A Then two and the little boys I think worked for Arven Vetter, I don't know but as for the old too, I don't remember much about that.

Q Where was old man Sam Vetter in July 1868? A That summer he raised that crop and worked part of the summer for my father on this farm.

Q Is it not a fact that in July of 1868 that Sam Vetter Jr. came here for his father and that they left there for this country to build some houses? A That is not the way I remember it.

Q You have stated that it was a long time ago, do you think that you remember the dates absolutely? A Not to the day or month exactly, but that is my best recollection.

Q Are you testifying to the best of your recollection? A Yes sir.

Q Do you remember at that time he bringing any horses to that country?

A Yes sir.

Q Then was that? A In the fall of 1867 or the winter of '68 and he brought some horses and cows.

Q He returned your money, was it not in March? A That is what?

Q Yes A Yes sir.

Q When was that? A That he brought those horses and he left and sold in was during that of a trading trip.

Q Was that the trip when he left Kansas and that old man returned first that you speak of a while ago? A Yes sir, that was the one the same trip.

Q Do you remember of Sam Vetter getting some cows in March?

Q Do you remember of them taking them to some of the territory to build some houses? A Yes sir.

Q Was that after the time that he brought the hides there? A It was that trip that he left there for the purpose of building some houses that he brought the hides when he returned.

Q Dont you remember of them leaving there to come to the Territory for the purpose of building houses? A Well that was wither in the spring or winter, in the latter part of February or early in March I have not given the matter any considerable study.

Q How do you fix the dates you have given? A I remember them and then by the dates I have looked up.

Q What dates have you looked up? A The purchasing of this land.

Q Are you testifying from the date of the purchase of that land? A Father bought the place in the spring of '66 on condition and paid \$60 down, or traded cattle, as a forfeit, and in the fall he got some money and got full possession of the place; Webber had possession until the first of March, that is the Kansas law, from the first of March one year until the first of March the next year; they had possession of it until March first 1867.

Q Mr. Walker, when you had occasion to investigate this matter, you had forgotten all about it practically hadn't you? A No sir, but it was something I had not thought much of.

Q You couldn't have told on the moment what year Sam Webber left there could you? A I would have had to look at the dates.

Q Then you are not testifying from your recollection, but from the dates that you have looked up since? A Part of it is from recollection and part of it is from looking up the dates.

Q How long has it been since you thought of the time Sam Webber left that country before you made this investigation? A I was asked the question as to when they moved and I hadn't given the matter any thought till then.

Q You didn't know then did you? A Yes sir after I thought it over.

Q How long did it take you to think it over? A I don't exactly remember.

Q Can't you give us some idea of it? A 2 or 3 weeks.

Q Were you here when your father testified in this case? A Yes sir.

Q Did you know as much about it then as you do now? A No sir.

Q How long was that from the time you had first been spoke to about the date? A I had not expected then to give testimony in this case and had not thought much about it.

Q What were you doing here then? A I was subpoenaed in another case.

Q You had been talking about this case then? A Not much.

Q How much? A A word or two.

Q And you were here all the time your father and mother were her and yet didn't testify in this case? A Yes sir.

Q You went back to Kansas? A Yes sir.

Q And came back here again to testify? A Yes sir.

(By Hastings)

Q You were subpoenaed by the Cherokee Nation? A Yes sir.

Q Well now what time in the fall did you move into it? A Well now it was the last of October or the first of November, I won't say which; along about in them times I moved, that is my folks moved; of course I was small, I moved there after that from the west part of the place to the east part of the place.

Q What about, as you said, was he a boy? A Yes sir, Joe was younger than me if I am not mistaken. Wasn't much difference in the ages, but I think he was younger than me.

Q Now is it not a fact that Sam Webber and his father, old Sam Webber and Aaron Webber came to the Georgia State in the fall of 1867?

A I think not, I don't think they did; they was there in 1865 but they was going and coming all the time; they come down in 1866 and loaded.

Q How could he tell you he was his cabin up? A In the fall of '66, he had been down here to the fall of 1866 and had built a cabin up.

Q And that that final move when they took all the people out, was that was in what time? I don't know, but it runs in the mind.

Q You didn't go off of that farm? A No sir, just about that time went to the east side.

Q And you were a boy about 15 years old? A Yes sir.

Q What is there in that to the fact is your mind it was in the spring more than 15 years ago? A I know we moved from the things that occurred; the date is the family of a young man that was there; I know it was '66.

Q How about that now, about the date in the fall? A That was a young man that lived in the family in '66, a year after we moved here, that was from the house that he did when he moved.

Q The house, but he didn't live in his house at all.

Q You don't seem to be positive about any of that date? A No sir, I don't know the date in the fall, remember that fact.

~~Exhibit (1)~~
MR. SMITH: The applicant objects to the witness giving her opinion as to the time when this sickness took place, because it is not the subject of their expert or opinion evidence.
COMMISSION: I understand the question to be her best recollection.

A It has been a long time you know.

Q Well, answer the question? A About him being there?

Q I want to know, the question is, what is your best recollection as to the time Sam Webber and his family, when he left Kansas with his family? A -

OBJECTIONED to by applicant.

A Well my best recollection was that, I would not be positive of course, but I think it was in February or March, one or the other. The best of my recollection, because the old lady, old aunt Rhoda and uncle Cy, that was her husband, they both was old and feeble and I think old uncle Sam stayed there on that account more than anything as long as he did.

Q Well now that would be February of what year? A It would be '67 wouldn't it?

Q You lived then about 175 yards of them? A Yes, sir, I could hear them sing over there and hear them laugh and talk to my house.

Q On whose place were they living? A Well they was living on Mr. Walker's place then.

Q Had he recently purchased it? A Yes sir.

Q Do you remember who he purchased it of? A I think it was a man by the name of Fleming; I think it was Flemings owned it.

BY MR. SMITH:

Q About how long, Mrs. Hicks, had Mr. Walker owned this place at the time these people lived there? A Well I couldn't answer that question

Q Well you could tell whether it had been a few months or whether it had been a year or two? A It was, I suppose it may be quite a while; I couldn't tell you.

Q You remember that Mr. Walker owned a place there? A Of course I know he had charge of the land; I think Mr. Walker bought it from Mr. Fleming if I aint mistaken.

Q And you know these Webbers were living on the Walker place? A Yes sir.

Q Well now what is your best recollection as to how long Mr. Walker had owned that place? A I don't know; I wont pretend to say anything I don't know; I dont want to meddle with, I didn't come down here to criticise or anything about it; I want to tell the truth as far as I can.

Q Where was young Sam Webber in December, 1865, and up until January or February of 1866? A I could not tell you where he was, I think Sam worked out some around; I couldn't tell you whether he was at home all the time or not; I could not tell you.

Q Where was young Sam Webber at the time your child died? A I couldn't tell you that; This one?

Q Yes? A I don't know.

Q He was not there was he? A I don't know, I couldn't say as to that.

Q Do you remember old man Sam Webber and young Sam Webber and Andy Webber and others leaving; Aaron Webber and others leaving that community in 1866 and coming down to the Cherokee Nation? A I recollect only Sam coming down here, I don't know, I wont be positive, I guess though it was in '66.

Q Well about how long was it ago, your best recollection, before this date in the fall that you have spoken of? A I don't know.

Q Don't know? A No I don't; but I recollect about it, he brought me back spine wood and sassafras root.

Q Do you remember young Sam bringing some hides to the community? A No sir, I didn't charge my mind with anything like that.

Q Well now give me some idea, Mrs. Hicks, about the time old man Sam Webber started off on this trip to the Cherokee Nation in 1866 that you testified about? A Why I don't know; he come in the fall I reckon.

Q You don't know whether it was fall summer or spring? A No sir, I don't.

Q Well how is it you have no better recollection of this very time that you mention he came than you have of the first time? A I know he was there when that child of mine died.

Q And you don't know how long after that? A No; they went along the latter part of the winter, but I don't know what time; I think though it was in February or March.

Q You couldn't be positive whether it was February or after Christmas could you? A I don't think it was before Christmas.

Q You don't think that was? A No I can't, for several facts.

Q You can't state positively whether it was before or after Christmas, you can't answer it? A I wouldn't want to swear it either way.

Q Where did you move from this place that you live? A Where did I move from.

Q How long have you been living at this place now where you lived when your child died? A I have been living on the place ever since the spring of '57.

Q About how long did you remain on the place? A I stay there yet, when I am at home; my husband is dead.

Q Do you know how many trips Sam Webber made to the Cherokee Nation before this time that he came away from there the last time? A No sir, I don't.

Q You know of his coming one time? I know him and his father and I think Aaron, and I don't know whether Joe was along or not.

Q Well is this Joe? A Well of course, oh that one, Joe Webber, that one sitting there?

Q Yes? A I think it is.

Q Which one of them don't look familiar? A That one, he was nothing but a boy when I knew him.

Q Which one, the one right here, the black one? A Yes sir.

Q What is his name? A Joe we always called him.

Q And what is this man right here? A Sam, that is the way we always called him.

Q You think that is the man you knew up there in Kansas? A This Joe? A I don't know, he says it is, he was nothing but a boy when I saw him.

Q You don't recognize him then? A Hardly, I wouldn't know; he says he is the man; I used to think he was a very good boy when they lived there, but then he has grown out of my knowledge.

Q You don't know where old man Sam Webber was in July '66 do you? A No sir.

Q You remember anything about young Sam Webber coming for the old man and the family in July 1866? A Well he might have come after them but they didn't come down here in July.

Q You don't know when they did come? A Why I think they come sometime in the latter part of the winter, but I say I would not be certain what month it was, in February or March.

Q You won't be certain it was either of them? A I say they left, I was there and saw them start.

Q You would be certain it was either February or March? A I think they did.

Q You think so? A Yes sir.

BY MR. HASTINGS:

Q I was going to ask you if you knew about young Sam Webber marrying? A They said he married; I didn't see it.

Q Did you hear of his marrying up there in the State?

Q Was that before or after he left? A It was about they left.

JANE SPEARS, being sworn and examined by Commissioner Breckinridge, testified as follows:

Q Give me your full name? A Jane Spears.

Q How old are you? A I am 46 years old.

Q What is your post office? A Mound City.

Q In the State of Kansas? A Yes sir, Mound City, Kansas.

BY MR. HASTINGS:

Q Mrs. Spears, was Mrs. Hicks who left the stand your mother?

A Yes sir.

Q How long have you lived in and about Mound City, Kansas, I mean in the neighborhood? A Well I came there when I was about a year old.

Q And you have lived there ever since? A Yes sir, well since I have been married I have just moved one mile north.

Q You moved a mile north of your mother? A Yes sir.

Q Do you know Douglass Walker? A Yes sir.

Q Do you know Henry C. Short? A Yes sir.

Q Do you remember at an early date just before the war some colored people that lived up there; one of them by the name of Sam Webber?

A Yes sir.

Q Do you remember his son Sam? A Yes sir, I know him.

Q Were you living with your mother at that time? A Yes sir.

Q Did you know Joe, that was living with them, Joe Ross? A Yes sir.

Q Have you seen any of these parties since you have been here this time? A I met them to-day.

Q Talked with them some? A Well I just spoke to Joe; Sam I did not.

Q Did he recognize you? A Well he let on as though he did; I don't know that he did; I suppose he heard we were here.

Q I will ask you if this is your mother's family Bible? A Yes sir.

Q That is the family record of the births and deaths? A Yes sir.

Q I will ask you if you had a brother by the name of Franklin Hicks? A Yes sir.

Q Do you remember the date of his death? A Yes sir, October 23, 1866.

Q I will ask you if you know where the Webber family was living at the time he died? A Yes sir, they were living there.

Q About how far from your mother's? A About 175 steps I suppose, in a cabin.

Q Short distance? A Yes sir.

Q Did you know Aaron Webber, a little short legged duck legged fellow? A Yes sir.

Q I would like to know from you Mrs. Spears your best recollection as to the time old man Sam Webber left that country permanently with his family? A -

BY MR. SMITH: The counsel for the applicant objects to that question, because it is incompetent and calls for the opinion of the witness.

COMMISSIONER: The Counsel for the applicant has put a number of questions in the same form and asked as to their best recollection that exists; it is entirely competent to give the best recollection and belief in regard to the facts.

Q My best recollection is that it was in the spring of '67, either February or March.

Q Did you know whether or not young Sam Webber married up there?

A Yes sir.

Q Did you know whether that was before or after they left there?

A That was before they left there.

BY MR. SMITH:

Q Mrs. Spears, did you know of Sam Webber, Sr., leaving that country and coming to the Cherokee Nation, or leaving that country for the Cherokee Nation before the time you mention? A He came in the fall I think, or summer sometime and got a claim I think.

Q Fall of what year? A '66, and then come back.

Q How do you remember young Sam Webber's coming back with reference to the time Sam Webber Sr. came, who came first when they returned from this trip looking for claims you speak of? A They came together.

Q Are you sure of that? A Yes sir.

Q Where was Aaron Webber, did he come with them? A I don't remember very much about him.

Q You don't remember whether he did or not? A No, I won't be positive whether he came with them or not. when they came after their claims.

Q Do you know whether the older Sam Webber made the first trip to the Cherokees Nation after the war? A Well it was in the fall of '66 I guess, about that time, either summer or fall.

Q Either summer or fall? A Yes sir, sometime along in the summer or fall.

Q Might not it have been the late spring? A No, it was not, because he made his crop there and then came afterwards.

Q Made a crop in '66? A '66.

Q What did he do with that crop? A I suppose he put it up here, disposed of it.

Q Do you know whether he sold it or not? A No I don't know whether he sold it or not, I think they fed it to their stock before they left.

Q Where was Sam Webber Jr. in December 1865? A I don't know where he was at.

Q Where was he in January and February of '66? A January or February of '66, I can't say.

Q Where was he in July of '66? A I don't know where.

Q Do you have any recollection of Sam Webber Jr. coming there after his father in July '66? A No sir.

Q Do you have any recollection of Sam Webber coming there at any time with any hides, beef hides or any kind of hides? A No sir.

Q Where was the old man Webber living in the year of 1865? A He was there living close to my mother's farm I speak of.

Q In 175 steps of you? A Yes sir.

Q And you don't remember of his coming there at any time off of a trip except the time he came back with his father? A He went to Fort Scott I guess, I never tried to keep any trace of his whereabouts.

Q Now what makes you think it was in February or March '67 that these people left there? A Well I have all reasons to believe that circumstances about it, well the old darkey had a cane patch and the darkey boys trapped on the land that winter.

Q Who did? A These darkey boys, the Webber boys.

Q Did what? A Trapped for game that winter on the patch of cane where we had left the seed on the corn.

Q That the winter that commences December and ends February, December, '66 and February '67? A It was all in that winter of course.

Q Well the winter is pretty well over by the last day of January isn't it? A Not always it aint.

Q Well the bigger part of it; two months is gone isn't it? A No sir, not in our country.

Q How many months do you have in the winter there? A Some winters we have pretty hard and some winters we don't have much.

Q So that as a matter of fact the fact that they trapped there on your place during the winter would not of itself lead you to believe that they didn't leave there until February or March? A Well it was along toward spring they left; that is the best of my knowledge.

Q How is that way so far for the date you speak of your people there, is that the way you fix the date by that? A No sir, I fix it by memory, of course that is the way of the people, of this child's death; they were there that is, the family were, I don't re-

member so much about the men; there was an old lady that moved down here with the men that sat up with my brother in his sickness.

Q Do you remember Sam Webber bringing you any sassafras and spice switch up there? A Yes sir.

Q When was that? A That was the first time they came down.

Q When was it? A That was in '66.

Q What month? A I don't know.

Q Can you state within two months of the time? A No I don't know as I could.

Q Can you remember that as well as you could the other time? A (No response).

Q You know that they were gone from there before the spring of '67, and it must have been in '66 they brought the sassafras? A Yes sir.

Q What was it, sassafras roots? A Yes sir.

Q That must have been in the spring? A I don't know.

Q Well they don't make sassafras in the fall? A We used it for tea

Q It was not in the spring at all Sam Webber brought the sassafras?

A No sir, it was not; he didn't bring it at all; the old gentleman brought it.

Q Well now as a matter of fact do you remember any one of these people being there at the time your brother was sick and died except the old woman Rhoda? A Well this family was there on the place; I don't remember them being there.

Q Well if they were you tell me who you saw except Rhoda the old woman? A Well I don't know as I remember. There was Johnson's wife, of course I don't just remember who was there, I was just a child then; there was a great many of the neighbors in, but I remember the old lady, sitting up with my brother at the time he was sick.

Q Now isn't it a fact that the old lady Rhoda is the only one you remember being there at the time? A No sir.

Q Now who else was there? A Chlora was there.

Q Well now name some other one, all you know that was there? A I don't know, I don't remember them, there was hardly any day but what they was there, some of them.

Q Well now that I want to know, who was there except this woman, Rhoda? A I don't know anything about that.

Q You don't know? A No sir.

Q How many trips did the Webbers make down here to this country, do you know? A They came once and got claims and came back and went again.

Q All you know of? A Yes sir.

Q If they made others you don't know it? A No sir, I don't know anything about any more trips they made.

Q Now when was this entry in this Bible, the date of your brother's death, made, was that made at the time? A Just when he died?

Q Yes? A I don't know as it was, I suppose about the time.

Q Well about when, do you know who wrote that? A I know who wrote that?

Q That is what I am talking about? A This was drawn off from another Bible.

Q You don't think that this entry, "Lizzie Bell Lewis, born September 1st, 1868" is in the same handwriting that this is do you? A No sir.

Q You don't know that this is in the same handwriting? A No sir, it is not.

Q Now who wrote that date, October 23, 1868? A Park Nichols.

Q Well now can you tell me how nearly at the time of your brother's death that entry was made? A No sir, I could not.

BY MR. HASTINGS:

Q How long has this Bible been in your mother's possession? A I can't tell.

Q Has this entry been in here a long time to your knowledge? A Yes sir, it has been several years.

Q It was in there long before any investigation came up wasn't it?

A Yes sir.

BY MR. SMITH:

Q Didn't Sam Webber and his father come down here in '65? A If they did I never missed them from home.

Q If they came here you didn't miss them? A No sir.

MARY A. FICKS, recalled for additional cross examination.

BY MR. SMITH:

Q Mrs. Ficks, when was the entry upon this Bible you have with regard to the date of the death of your son made with reference to his death? A Well I don't just remember when it was, it was not long.

Q Was it put there at or about the time he died? A Yes it was not long after he died.

Q Well give us your best judgment as to how long? A Well he died that fall and I don't know just how long it was.

Q Well was it as much as a month? A I went say sir.

Q You can give some idea? A Well I tell you now, I went say anything when I don't know anything.

Q I thought probably you might know better than I say, as I know nothing about it? A If I know when I set it down I would recollect it; I have had a good deal of trouble about it.

Q I don't want to cause you any trouble about it, but I would like to know, it is some importance in this case? A There was a young man working for us that set it down.

Q What was his name? A His name was Nichols.

Q Do you remember how long after your child died before Nichols went to work for you? A Yes sir.

Q Well when it was set down what was it set down from, your recollection? A Why I had a husband then and all of us recollected it, who wouldn't recollect it?

Q I am asking you how long it was before this entry was made, if you can tell me? A I don't know when.

Q Do you think it was as much as ten years? A No sir.

Q It was not? A No sir, if I should guess at anything about it, I should think it was along in the summer sometime, I should think now; afterwards this young man was breaking prairie and of course he broke it in the winter.

Q Was this the first place it was made where it was made here in this Bible? A Yes sir.

MR. SMITH: Is the Court please, I want to show by the title page of the Bible that it was not published until in 1869.

COMMISSIONER: The title page has been examined and it shows that the edition of the Bible in evidence was published in Philadelphia in the year 1869.

BY MR. EASTMAN:

Q Do you remember, independent of the Bible, of the dates of your son's death? A Yes sir.

Q You didn't attempt to give distinctly when that entry was made in your Bible? A No sir.

Q How do you know? A Yes sir.

BY MR. EASTMAN: I object to that; it is leading.

BY MR. EASTMAN:

The Commissioner of the General Land Office ask about the date of the death of your son, and the case of the young man who was working for you at the time he was killed.

By Com'r Breckinridge,-

The applicant states that she was a slave in the Cherokee Nation from the time the Cherokees moved to the Indian Territory in 1837 until she was liberated by the Civil war. She is identified on the Kerns-Clifton roll and on the Wallace roll, but not on the 1890 roll or upon the roll of 1896. The testimony indicated that her husband first returned to the Cherokee Nation after the war, coming from Kansas in August of 1866, that he came at that time to prepare for the bringing of his family back to the Cherokee Nation. He is now deceased, but he and the applicant were married at that time and had several children. The testimony further indicated that the applicant's husband made a trip back to Kansas in October, but not with a view of relinquishing his purpose to bring his family to the Cherokee Nation, but apparently to get provisions. It further appears that he returned to the Cherokee Nation with his wife and children in the following month of February. There is some conflict of testimony in regard to this matter, but so far that is the weight of the testimony. It also appears that proceedings may have been had by some Cherokee Court, either a citizenship court or the Cherokee Supreme Court, prior to the date of the Chambers Court, affecting the citizenship of this applicant and her husband and all those who may claim through them. It will be necessary to make further inquiry upon this point, and if possible to get an official copy of the record. Under these conditions, the applicant will now be listed for enrollment on a doubtful card and the final decision of the Commission will be made known to her at her post office address.

SUPPLEMENTAL:

Department of the Interior,
Commission to the Five Civilized Tribes,
Vinita, I. T., May 22, 1901.

In the matter of the application of Elizabeth Meigs for enrollment as a Cherokee Freedman;
REUBEN SANDERS, having been before sworn by Commissioner Breckinridge, testified as follows:

Q. Give your name? A. Reuben Sanders.

Q. How old are you? A. I am only about 50 past.

Q. You gave testimony just now in the case of Elizabeth Meigs?

A. Yes sir.

Q. And you want to correct a statement you made there? A. Yes sir, I wish to make the statement that it was in January, 1867 when we made the last move, about the first of the month; it was the following August in 1866; we had been here in August you know, in '66 and in October, and we made the last move in '67, January, and I put it down February I think; I wanted to say January.

Q. How do you find out now it was January instead of February?

A. It was just after Christmas that we was on the road coming down.

Q. How long after Christmas? A. Perhaps a week after Christmas; my reason for stating this is this, along Christmas- a few days before Christmas there was a man got killed named Hayford, and there was a gentleman killed him, a colored man killed that man Hayford, a man by the name of Mackey, and we started then right shortly after that killing was, and the parties followed us, thinking he was with us, in our crowd, that was just the following- a few days after Christmas, a week, or after Christmas.

Examined by Cherokee Representative, W. W. Hastings:

Q. How old are you? A. Well I just don't know my age exactly, I suppose that I am about 50 years old; something in that line.

Q. Where did you say that killing took place? A. In Kansas.

Q. Fort Scott? A. Yes sir.

Q. And the man that was accused of the killing was named what? A. Named Mackey.

Q. You remember his first name? A. No.

Q. You remember the man who was killed, you got his first name? A. No sir I do not.

Q. Did you ever learn afterwards whether or not that man was caught, do you know? A. It seems to me like I learned afterwards that the man was caught. No I don't know nothing about that part of it.

Q. You know what county Ft. Scott is in? A. No sir.

Q. Who called your attention to this ~~proof~~ error? A. I thought so myself; I called my own attention to it; I was studying over it, I did.

Q. You know now it was only a few days after Christmas? A. Yes sir, a few days after Christmas.

Com'r Breckinridge: This statement will be filed as supplemental in the Elizabeth Meigs case, to be considered in connection with the former statement of the witness, and the other evidence relating to the date in question.

M. D. Green, being first duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the testimony and proceedings in this case and that the foregoing is a true and complete transcript of his stenographic notes thereof.

L. B. BELL, being duly sworn, testified as follows on

Q When did the railroad first come through that country, Mr. Bell?

A In 1871.

Q You knew this applicant, Sam Beck? A No, I don't know him.

Q Don't know anything about him? A No, sir.

Q Was you living in that country before the railroad started from
Kansas through the Indian Territory; that is, the M. K. & T.?

A Well, I will tell you what I know about the railroad; The rail-
road came through the country in 1870, and on the application of
the Cherokee Nation, a complaint to the Secretary of the Interior,
they stopped building and during the session after 1870 of the
National Council of the Cherokee Nation, they passed an Act there,
it is dated the 14th of December, 1870, authorizing the furnishing
of cross-ties to the railroad, and agreeing that the railroad could
go through. The secretary hadn't determined which had the right-of-
way. They had begun it in 1870 and the M. K. & T. got the right-of-
way, and then they authorized the selling of cross-ties, and I went
to Chatopa and made a contract with the Company for cross-ties
enough to build from the Kansas line to Bryon Creek and sublet it.
Mr. Martin was one I sublet to, that was in 1870 that contract
was made, I don't recollect the exact date. Well, just a few days
following that we began getting cross-ties and then worked on down
to the Creek Nation. That was the first railroad built in the
country and the first cross-ties was cut on the railroad in this
country.

Q You don't know anything about the wife of Beck or anything about
them? A No, I don't.

Q Where were you living along the latter part of the sixties or early part of the seventies? A On the Grand river.

Q Do you know about the year the H. K. & T. railroad built from Chatopa, Kansas, down through the Territory? A It must have been the latter part of '71 or '72.

Q Had you any connection with it any way that makes you remember it? A Yes, sir, I had a contract on the road, beginning at Bryant's lake, down this way.

Q And that was in what years it built down there? A The ties was put in there in the spring, latter part; it was in the spring of '71.

"Another Murder."

Shooting of D. Hayford.

Testimony given before the coroner.

On Saturday night, the 22nd inst., after dark, Mr. Dyer Hayford of this city was found murdered. A colored man, named Eli Hackey, has been arrested, and is in jail, charged with the crime. There would not seem to be much, if any, doubt of his guilt. Mr. Hayford, has been a resident of Fort Scott for several years, has kept a grocery and provision store on the corner of Williams and Bigler Streets, and was a very quiet and unassuming man. The facts of his murder as we learn them, are these.

On Saturday, about dark, the back of a team which Mr. Hayford had placed on a box, outside the door of his store, was stolen. Being missed almost immediately, and learning that Hackey had taken it, and was then on his way home with it, (Hackey resides near Fort Scott Mills,) Mr. Hayford jumped on a horse and started towards the mill. He had not been gone more than twenty or thirty minutes before several shots were fired, on the road between the city and the mill, where Mr. Hayford was found on the ground, in the last agonies of death. He had received four shots from a weapon, evidently a revolver.

Suspicion was at once directed to Mackey and he was arrested. As the news spread through the city, the excitement and the indignation was great, and many threats of lynching Mackey were made, but wiser and better counsels prevailed, and there was no disturbance.

On Sunday, Justice Hargrave was called on to hold a coronor's inquest. A jury was empanelled, consisting of Messrs. G. F. Drake, Joseph Ray, Frank Elough, Porter Williams, Joe. Fadden, and R. L. Phillips. The body of Mrs. Hayford having been moved to his late residence, the jury proceeded to inquire into the cause of his death. He gave the principal part of the testimony given before the jury.

Drs. J. S. Redfield and B. F. Keyler had a post-mortem examination, and testified that they found four pistol or gun-shot wounds on the body and face of Dyer Hayford, then lying dead before them. One shot entered the region of the stomach which went out over the liver, in the side of the back. This wound bore evidence that the pistol was held close to the body when discharged. Two other wounds found on the body were about two inches above the left nipple and about an inch and a half apart; one ball passing through, coming out below the left shoulder, the other ranging downward, and was found close to the spinal column, a few inches below the lower ribs on the left side of the body. The fourth ball entered the upper part of the shin, not fracturing the bone, and lodged in the right shoulder, (evidently fired, we think, after he was on the ground.) The surgeon testified that any of the three wounds found on his body would have been mortal.

Almond Cullin, (colored) mason - was at Hayford's Saturday evening, just after six o'clock, came on horseback, left his horse at the door, went in and found Hayford alone and coming toward the door; Al Cullin, colored, was standing on the walk when I went into Hayford's; a sack of flour was standing on the box at the door when I went in; Hayford came out, and the flour was gone; he asked me who was there when I came in, and I told him; asked me to get on my horse and follow Mackey and see if he had the flour; did so; rode very fast and overtook Mackey at the mill, going toward the mill; he had stopped and the sack of flour was on the ground beside him; his coat was off and thrown over the flour but the end of the sack was in sight; I rode close to him; he put his hands up to his sides and was blowing right and left; I inquired if he had seen a steer with a rope on his back; he said no; I rode back toward Hayford's and told him Mackey had the flour and where it was; Hayford said he would go and get the flour, and asked me for my pony; he got on and rode down the road; he had been gone a good while before I heard the firing; he had been gone long enough to ride to the mill and back to the place where he was shot, before I heard the firing. When I saw Mackey at Hayford's he had on a soldier's coat; it was off when I found him with the flour. Didn't notice that at any time whether Mackey had any arms or weapons with him; saw him again after he was arrested, a short time after Hayford was killed; he then had a different coat. He asked what he was arrested for; he was told, for stealing flour; he asked me how he got the flour; the flour; he was then told he had shot Hayford; and he said he had nothing to shoot with. I know that he generally carried a revolver; when I saw him with the flour I didn't notice whether he had one or not. When Hayford started from the store, he said he would go and get Mr. Dyer to go with him to get the flour; from the place where I saw Mackey with the flour to that where Hayford was shot, he went one hundred yards. I heard three shots distinctly.

Harry Bender, (colored) sworn - Saturday evening heard several shots fired. Was at home, lived near the mill close by Eli Mackey. About twenty minutes after the shots were fired Mackey came to my door; asked me if his wife was there; told him no. He seemed to be in a hurry. He had on a black soldier's coat; the shooting sounded as if it was south from my house, and about the place where Hayford was found; someone rode down to Mackey's and returned about fifteen minutes, before the shots were fired. Saw the spot which Mackey wore when he came to my house, at his house afterward. - He not know whether he had any revolver then or not, he usually carries one. Have seen him have one several times. I did not notice any flour on his coat. It was a navy revolver which Mackey usually carried. He also owns a gun; didn't see that at his house that night. When Mackey left my house he went to his house, and soon afterward heard him going back to town whistling. Mr. Jones found the sack of flour at the edge of the creek; looked as if thrown down the bank. Was found about twenty yards from Mackey's house. Saw Mackey have a revolver on Friday the day before Hayford was killed.

E. C. H. Myers, sworn - I live about 100 yards west of Eli Mackey's. Saturday night was at home sick and; a man came to my house and inquired for me; I heard him and knew by his voice that it was Mr. Hayford; have known him several years. He left and my wife said he rode in a northerly direction, that is the way from my house to Mackey's. About five minutes after he left I heard four distinct shots. From the sound thought they were about 100 yards off and southwest from my house. After the firing heard someone walking past, whistling; he was going towards town.

Stephen Lacey, (col.) sworn - After dark Saturday night I saw Eli Mackey at Smith's saloon. He asked me to play cards with him that night. He went out and I told him not to stay long. I waited a good bit but Mackey didn't come back and I went out and called him; he didn't answer; I then went over to Hayford's and learned that a sack of flour had been stolen. Didn't notice whether Hayford was there or not. Alonso Sullivan told me he saw Mackey on the road towards home, and that Mackey heard me call, but wouldn't answer. Didn't see Mackey again until Mr. Jones had arrested him, and brought him up to town. When I saw Mackey at Smith's he had on a soldier's iron coat; he had a revolver on him then; it was a big navy revolver. When I saw him after he was arrested, I think he had on a different coat.

Daniel O'Neil, sworn - Saturday night I was at Kirby's and heard a shot fired, and soon after heard a man halloo; run out and another shot was fired before I got out; immediately after heard another shot and saw the flash of a pistol down in the bottom toward the mill. Alex Harris, Waddy Dickey and myself run down the road. We found a man lying on his side; his face was turned downward; he was alive but could not speak. From the sound I know it was a pistol that was fired. Came to town to find Mr. Jones, Deputy Marshal.

The coroner's jury returned to the justice their inquisition, stating that Dyer Hayford came to his death by gun-shot wounds received at the hands of Eli Mackey; they also found that Mackey had feloniously and wilfully fired the revolver at Mr. Hayford with intent to kill him.

Mackey will have his examination soon, before Justice Sargrave, and will no doubt be committed for trial at the next April term of the district court. Mackey is said to be a very dangerous man; he was raised in the Cherokee Nation, and is said to be part Cherokee. He is also accused of having assassinated the man in the nation, before he came to Fort Scott.

and he was once before arrested here, for shooting at a man; but before his trial came off the prosecuting witness left for parts unknown, and Mackey was discharged without trial. Let him be tried for the offence with which he now stands charged, and if guilty he should expiate his crime on the gallows."

MR. HASTINGS: I desire to introduce an editorial from the Fort Scott Monitor of date February, 27, 1867, as follows:

"Eli Mackey, colored, accused of the murder of Byan Hayford, confined in our jail, to await his trial at the next term of the District Court, after murder in the first degree, escaped last evening, and up to the time of going to press this morning, has not been heard of. A reward of two hundred dollars is offered for his apprehension."

MR. HASTINGS: The Cherokee Nation offers in evidence the following from the Fort Scott Monitor of Wednesday, March 27, 1867:

"A Chapter of Horrors."

Murderer of Hayford Captured and Hung.

Tragic events connected with the affair.

The history of our community for the past week is replete with horrors, such as will, for long days to come, overshadow the hearts of our citizens with gloom.

A few weeks ago, we published an account of the escape of Eli Mackey, the black fiend, who last winter murdered Byan Hayford. Ever since that time the officers of justice have been on the alert with a view of his recapture, and on Wednesday, the 20th inst., Deputy Sheriff Wheaton, having learned that the murderer was concealed in his brother's house, about five miles northeast of this city, started, in company with his son, Charles T. Wheaton, Edward Coe - who were on police duty in this city - and Henry Piles, for the purpose of capturing him.

On arriving at the house, Messrs. Coe and Wheaton, Jr., approached and ordered the wretch to surrender. In return he fired several shots through the partially open door, and then ran out of the house into the open prairie. Coe, being nearest, received the first shots that were fired. He staggered to the corner of the house, sat down and expired in about fifteen minutes. Immediately after Charley Wheaton received a ball in the right side and fell to the ground. For some time no hope was entertained for his recovery, but at the present writing his condition is improved, and his friends entertain some hopes that he will live.

In the mean time a number of the neighbors had gone around and headed by Capt. Curtis Johnson, Mr. Piles and Mr. Dickinson started in pursuit. The murderer, with a gun and revolver in his hands, ran freely across the prairie, firing at his pursuers as he ran, and dropping down to load as fast as his weapon became empty. Finally, when nearly dead from his wounds, he received from his pursuers, he signified his readiness to surrender; but even after they approached him his bloodthirsty spirit was not satisfied, and he fired the two remaining shots in his revolver at the crowd. Fortunately, no one was injured, though Mr. Dickinson had part of his coat shot off. After the murderer was secured he was taken back to the house from which he had fled and hung by the neck until he was dead. Before his death he said he implicated an innocent negro in the murder of Mr. Hayford, and having been caught in the trap, he confessed to having committed the deed himself. He also confessed to having killed five other men, and to having shot at Major Hayford last winter. - His name is recorded in the annals of history for degradation

and bloodthirstiness. - We are informed that at one time, in the Cherokee Nation, 25 men attempted to arrest him but failed on account of his determination. The colored people, who knew him, were terrible afraid of him. History has seldom presented a character so utterly lost even to every sentiment of humanity.

As a general rule, we have always associated the taking of life except by the process of law, as dangerous to the peace and quiet of the community and to the best interests of society. We have always found that nothing but the most extreme necessity would justify it, but we believe in this instance that necessity existed; for many months this community was allowed to live, endangered the lives of good officers. It is known that the house he occupied was since burned to the ground. The sufferings from their attempt to arrest him, were among the best of our people. As members of the police force of this city they have performed their duties faithfully, generous and brave to a fault. The death of one and the danger to the other creates a spirit of vengeance that cannot soon be eradicated. The body of Mr. Coe was brought into the city, and on Friday after a funeral service by Mr. Irwin was escorted by a large procession, headed by the members of the Grand Army of the Republic, to the cemetery where it was interred.

On Thursday night a crowd of about fifty men, still laboring under the excitement growing out of the tragedy of Wednesday, entered the jail and having possessed themselves of the boys Jack Jackson, Hickey and Harry Vann - on the brother who harbored the murderer and the other charged with furnishing provisions and aiding in his concealment, to the ravine near the poorhouse and hung them to a tree where their lifeless bodies were found next morning. So quietly was this done that few in the city except those who participated knew of it until the next morning.

Q How is the health of the people generally in that country? A My health has not been very good.

Q Do you know whether this paper was handed in Thursday that you be called to testify in this case, or not? A No sir, I don't know.

The applicant offered in evidence a certified copy of marriage record taken from the marriage records of Coowasecooee District, Cherokee Nation, certified to by B. W. Alberty, Assistant Executive Secretary of the Cherokee Nation.

J. S. Davenport: The representative of the Cherokee Nation objects to the introduction of the paper offered in evidence because it does not purport to be a certified copy of any regular marriage record kept, does not purport to be a copy of the license recorded or the certificate of the Minister or other officer solemnizing the same. The representative of the Cherokee Nation further objects to the document offered because that it is immaterial and incompetent and not a record which can be proven by a certified copy, it not being a record entered by official of the nation while in his official capacity, or which purports to be an official act, but is simply a record stating what the recollection of a man who was at some time clerk, remembers about a certain marriage, and because of the further fact that the Clerk has no power whatever and never did under the Cherokee law, by his unlawful acts, have the right to admit to

citizenship anyone by violating the law and issuing to them a marriage license.

Commission: The document will be filed and considered for what it may be worth.

Q What year did you locate your farm up on Lightning Creek? A '73.

Q Well, it took you quite a long while, about five years to locate your claim up on Lightning Creek? A Yes, but I wasn't on Pryor Creek.

Q You didn't get your place located on Lightning Creek until '73?

A I went up there and took my claim.

Q You didn't locate your claim then in '71? A I didn't make no house on it in '66. I didn't do anything on it then, I went over it, I wanted to see what it looked like.

Q When did you first get acquainted with Charles Smith? A It has been a long time.

Q Was it in '66? A I didn't know him until after he married this woman.

Q Was he a freedman too? A I don't know.

Q Don't you remember him as well as meeting his wife? A Yes sir.

Q Well what year did you meet Charley Smith? A I don't remember.

Q Why can't you remember him you remember his wife? A Because I remember it being directly after the war.

Q You remember because he married a girl out in the prairie, out in a camp? A I didn't say anything about in the prairie. I said it was on the forks of the Creek.

Q You remember his wife because you had met her out there? A Yes.

Q Why can't you remember the year he and his wife married? A Because I wasn't there, I don't know when they married.

Q You weren't there when they came in on that Creek were you? A Yes sir.

Q You said they were there on the Creek when you got there? A The family was there. I didn't say Charley was there.

A No, he never told me and I never asked him.

Q How is the health of the people generally in that country? A My health has not been very good.

Q Do you know whether this paper was handed in Thursday that you be called to testify in this case, or not? A No sir, I don't know.

The applicant offered in evidence a certified copy of marriage record taken from the marriage records of Cooweescoowee District, Cherokee Nation, certified to by B. W. Alberty, Assistant Executive Secretary of the Cherokee Nation.

J. S. Davenport: The representative of the Cherokee Nation objects to the introduction of the paper offered in evidence because it does not purport to be a certified copy of any regular marriage record kept, does not purport to be a copy of the license recorded or the certificate of the Minister or other officer solemnizing the same. The representative of the Cherokee Nation further objects to the document offered because that it is immaterial and incompetent and not a record which can be proven by a certified copy, it not being a record entered by official of the nation while in his official capacity, or which purports to be an official act, but is simply a record stating what the recollection of a man who was at some time clerk, remembers about a certain marriage, and because of the further fact that the Clerk has no power whatever and never did under the Cherokee law, by his unlawful acts, have the right to admit to

citizenship anyone by violating the law and issuing to them a marriage license.

Commission: The document will be filed and considered for what it may be worth.

non-citizen, whom he avers to be the mother of the children for whom he makes application. He gave a proof of his marriage, by Elder Weber, who testified that he married him; said Mary Lett and the applicant separated and he has since married one Minnie Sanders, a Cherokee Freedman, whose name is on the roll of 1880. He avers that the oldest child, Ida, is now living with his wife Mary, from whom he has separated, in the state of Missouri; the youngest child, Harvey, is now in his custody and keeping. The fact that the name of Maryland Beck does not appear upon the authenticated roll of 1880 and the further fact that his affidavit is not signed by the Representatives of the Cherokee nation, said Maryland Beck and his 2 children, Ida and Harvey will now be listed for enrollment as Cherokees Freedmen on a doubtful card; he will be notified by the Commission at his post-office, and as of their decision in the premises.

Gibson in the Cherokee Nation in the year 1866; he avers that he has resided in the Cherokee Nation from that day until this. He avers that he was first married to one Ibbie Mays, and that upon the death of Ibbie Mays, he married Mary Lett, a non-citizen, whom he avers is the mother of the children for whom he makes application. He avers that the oldest child, Ida, is now living with his wife Mary, from whom he has separated, in the state of Missouri; the youngest child, Harvey, is now in his custody and keeping. M. D. Green, being first duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the testimony and proceedings in this case, and that the foregoing is a true and complete transcript of his stenographic notes thereof.

Case No. D 884

To Maryland Beek or Mellette & Smith her Attys.

You are hereby notified that the Cherokee Nation will present before the United States Commission to the Five Civilized Tribes testimony on behalf of the Cherokee Nation tending to disprove your right to be enrolled as a Cherokee citizen at the office of the United States Commission to the Five Civilized Tribes in the town of Vinita Indian Territory, on Oct. 19th 1901 or from day to day thereafter until the same can be heard by said Commission during the usual business hours of said Commission for the taking of testimony both for and against applicants for enrollment as Cherokee citizens.

In testimony whereof, the undersigned representatives of the Cherokee Nation have hereunto set our hands this 9 th 1901.

In the matter of the application of Maryland Beck for the
enrollment of himself et al as Cherokee freedmen.

SUPPLEMENTAL TO D-284.

APPEARANCES:

Mellette & Smith for applicants.
W. W. Hastings for Cherokee Nation.

MR. HASTINGS: The Cherokee Nation offers in evidence a marriage certificate of Maryland Beck to Ebbe Mame recorded January 15, 1867, showing that the said Maryland Beck and Ebbe Mame were united in matrimony by the Rev. Thomas Withlock on the 5th day of January, A. D. 1867, at the residence of O. H. Drake in Scott township, Bourbon County, Kansas.

MR. SMITH: The applicant objects because the same does not tend to prove any issue in this case.

COMMISSION: This testimony will also be filed with and made a part of the record in the case of Dallas Beck, D-314, who is represented by Mellette & Smith.

Arthur G. Croninger, being first duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he reported in full the testimony and proceedings in the above case, and that the foregoing is a true and complete transcript of his stenographic notes thereof.

Department of the Interior,
Commission to the Five Civilized Tribes,
Muskogee, T. T., May 31, 1902.

In the matter of the application of PERCY ADAMS for enrollment
as a Cherokee Freedman;

Applicant appears by Mellette & Smith; Cherokee Nation, by
W. F. Hastings.

By Mr. Smith:

The applicant moves the Commission to make the certified
copy of the decree of the Court of Claims in the case of
Moses Whitely, Trustee for the Freedmen, vs The Cherokee Nation,
No. 17209, filed in the Mariak Hayden case F D 498, a part of the
record in this case and the cases hereinafter mentioned by refer-
ence to the said case of the said Mariak Hayden, and if it be deemed
necessary that a copy of the said decree be filed in this case and
in the following cases, to-wit:

Mariak Hayden, F D 498.

By W. F. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because, First: It does not tend to show that
the applicant was a slave of the Cherokee Nation at the beginning
of the war, nor that he returned within the time specified in the
treaty of 1866, or that he had been a continuous resident of the
Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in the case of an applicant unless the same
is called and filed in each individual case.

Commission:

The motion of the attorney for the applicant will be en-
tained and the decree of the Court of Claims filed in the case
of Mariak Hayden will be made a part of the record by reference in all
the cases above named with the exception of those which come within
the provisions of the temporary injunction recently granted by
Judge O'Fall of the United States Court, of the Southern District
Indian Territory.

By Mr. Smith:

The applicant further moves that as to the above named
cases including the Mariak Hayden case that counsel for the appli-
cants be allowed within thirty days to file any of the proof of any
or all of the cases other than the cases already referred to.

in the case of Moses Whitmire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

-: D E C I S I O N :-

The record herein shows that applications for enrollment as Cherokee Freedmen were made to this Commission by Maryland Beck for himself and his minor children, Ida and Harvey Beck; by Lottie Pack for herself; by Dallas Beck for himself; and by Benjamin Beck for himself.

The evidence shows that the principal applicant, Maryland Beck, was the slave of a Cherokee citizen at the commencement of the rebellion; that he remained in said Nation during the rebellion and was residing therein in the fall of 1866. All the other applicants herein were born since 1866 and are the children of said Maryland Beck, claiming right to enrollment through him.

The evidence further shows that said Maryland Beck has resided in the Cherokee Nation continuously since the commencement of the rebellion; and that all the other adult applicants have resided in said Nation all their lives. The residence of said minor applicants is considered to have been the same as that of their father, Maryland Beck.

It is, therefore, the opinion of this Commission that Maryland Beck, Ida Beck, Harvey Beck, Lottie Pack, Dallas Beck and Benjamin Beck should be enrolled as Cherokee Freedmen, in accordance with the provisions of Section 21 of the Act of Congress, approved June 28, 1898 (30 Stats., 495), and it is so ordered.

DEPARTMENT OF THE INTERIOR,
Commission to the Five Civilized Tribes,

In the matter of the application for the enrollment of Maryland Beck
et al as Cherokee Freedman.

Cherokee F. D. 884.

PROTEST.

The Cherokee Nation respectfully protests against the decision of
the Commission in this case and prays an appeal to the Honorable Secretary
of the Interior.

ARGUMENT.

The applicant in this case states that in 1901 at the time he made
his application to this Commission for enrollment that he was 38 or 39
years old and that he belonged to a citizen of the Cherokee Nation at
the Commencement of the Rebellion and that he continued to reside in the
Cherokee Nation ever since that time. That he was married in the fall of
1866 on Big Creek in the Cherokee Nation and he introduces three witnesses
to substantiate his statements..

This is one of our best opportunities to call the attention of the
Honorable Secretary of the Interior to the nature of the baseness of
this freedmen testimony that we know of.

Maryland Beck swears that he that he was married to his first wife
Ibbie Wages on Big Creek in the Cherokee Nation by Samuel Webber. Samuel
Webber comes on the stand and testifies to about the same statement of
facts. They bring two other disreputable freedmen to the stand to cor-
roborate them and for that matter it is generally known and conceded
that they could have brought as many of these freedmen before the Com-
mission as witnesses to testify to any state of facts. It is known
or any statement of facts that they desired to make. But how is it
whether Maryland Beck did live in the state of Georgia. What he swears
is most strenuous. The Cherokee Nation desires is evidence to the
certificate showing that Maryland Beck was married to Ibbie Wages by Sam

Thomas Withlock on the 8th day of January 1867, in Bourbon County, Kansas at the residence of C. H. Drake; now the names of the parties are the same because the wife of Maryland Beck was named Ibbie Mayes and Ibbie Mayes was the daughter of David Mayes a Freedman who went to Kansas during the war. This testimony shows to the Department how the Cherokees and the Cherokee Nation are being robbed by perjured testimony..

Oftentimes these Cherokee Freedmen who care not a snap of their finger for their oaths testify for other freedmen and the Department must be wellaware that because of the long number of years that have intervened it is difficult to disprove directly these statements. In this case they swear positively that Maryland Beck was never in Kansas; that he was always in the Cherokee Nation that he was in Fort Gibson during the whole of the year 1866 and each succeeding year after that time. They all swear that he was married on Big Creek in the Cherokee Nation and that Sam Webber married them. Now the Department will notice that they have committed wilful perjury by attempting to conceal the fact that Maryland Beck was ever in Kansas because the record testimony shows that he married in Kansas and that the Marriage license was recorded January 15, 1867 or dangerously near the time within which he must have returned to the Cherokee Nation. He was not married by Samuel Webber but by Thomas Withlock in Kansas.

The Cherokee Nation has never objected to the admission of the freedmen who by honest testimony shows that they complied with the provisions of the treaty of 1866 but it does most strenuously object to the admission of Freedmen upon testimony which is shown to be perjured like this.

If this man had an honest case, if he were rightfully entitled to be admitted there would have been no necessity for him to have resorted to perjury.

Again the testimony in this case shows that the applicant was given a fair trial in 1871, only a few years after the war when there were plenty of witnesses whose memories were fresh as to the actual date of the return of the applicant; then it was not denied in evidence that it was not left to a few colored men to make up blindly and say that they were the Cherokee Nation to disprove it because their statements could be easily refuted and shown to be false. If these applicants were honest and their statements were true, they would have been able to produce evidence to support their claims. The Department in this case is well aware that the applicants did not produce witnesses to support their claims. The Department is therefore satisfied that the statements of the applicants are perjured.

Testimony introduced on behalf of the Cherokee Nation.

Appearances:

Mellotte & Smith, attorneys for the applicants;
W. W. Hastings, of counsel for Cherokee Nation.

C. W. KINGSBURY, being duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A C. W. Kingsbury.

Q What is your age, Mr. Kingsbury? A I am 47 years this fall.

Q What is your postoffice address? A Mound City, Lynn County, Kansas.

Q How long have you lived in and about Mound City? A Ever since the 12th day of August, 1861.

Q Were you living there in 1865; you have lived there ever since, you say? A Yes, sir, lived there continuously ever since, made that my home.

Q What was your father's name? A My grandfather's name was Durbin.

Q Did you know a colored man in Mound City, Kansas, by the name of Peter Ward? A There was one lived there, yes, sir, by that name.

Q Did you know any of his children? A Yes, sir.

Q Name some of them? A There was Abraham, Berry, Mark, Miner, Squire, Eliza, Ben, Dave, Clint, George; that is all I can remember of them.

Q When did you first become acquainted with this family of Wards? A In the fall of '65.

Q Where were they then? A They lived on a place west of ours.

Q How far was that from Mound City Kansas? A That was three miles; it is three miles to my place and their place joined right west of ours.

Q Joined your place on the west? A Yes, sir, their place cornered with ours on the northwest.

Q How long did they continue to live from '65 in that immediate vicinity about Mound City? A From '65, in the fall of '65 I think, and then in the next spring they moved, taken a lease on the old gentleman's place, my grandfather's.

Q What was his name? A Amos Durbin.

Q That was in the spring of '66? A In the spring of '66 they moved onto our place.

Q When you say our place you mean your grandfather's? A Yes, sir, I mean the Durbin farm now, it is where I live now.

Q Now how long did they continue to live on that farm? A They took a lease on our place for four years, to clear up some timber lands, and they lived there three years and in the fall of '68 the old gentleman left, that is, he said he was going down to this country, that was in the fall of '68, and the remaining year of the lease, he wanted the old gentleman, that is Mr. Durbin, to let one of his boys live there the year of the lease out, and Mr. Durbin told him that he was welcome to stay on the place till his time was out, but he didn't want him to sub-let to anybody, and Peter Ward said all right.

Q They gave up the last year? A Yes, sir, they gave up the last year.

Q And they lived there for three years from '66, as I understand it? A From '66 to the fall of '68.

Q Was there a farm built on the Durbin farm in the meantime? A There was a stone farm built there in '68.

Q How do you know it was built there in '68; have you anything else besides your own memory? A Yes, sir, the boss mechanic, A. J. Ranney, on finishing the work he placed a rock up over the door with his initials and the year it was erected in.

Q Do you know whether these people were there after the building of this year or not, living there? A Yes, sir.

Mr. Mallette: I think that is a very leading remark.

Q Well now how do you know it? A Mr. Ward was farming our place besides this land, he stored some wheat on our place and he stored some wheat and in the fall of '69 he left some wheat in our barn and the next spring he came and got it.

Q You know where he was the next spring, where he was living? A He said he had moved down to this country, that is what he said and we supposed he had.

Q Have you seen him since? A I have not; one of his boys was back there since, Abe, but what year I don't remember.

Q What is your occupation? A I am farming and stock raising.

Q You have mentioned a number of Peter Ward's family; did they all leave when Ward left, or about that time? A About that time; I can't say for sure whether the older boys left a short time before or a short time after, but I remember Uncle Peter going away at this time that I spoke of.

Q You remember Abraham Ward living here? A Yes, sir, he lived there every time when he was there, the boys were all at home on the place there.

Q Is your grandfather, Durbin I believe, is he alive? A Yes, sir, he is living, he is quite an old man, he is 88 years old.

Mr. Mallette: I didn't get your name? A G. W. Kingsbury.

Q What is your postoffice? A Mound City, Kansas.

Q How old are you? A I am 47 this fall.

Q How old were you in '66? A In '66 I was 12 years old, I was born in '54.

Q Did you, as a 12 year old boy, pay much attention to dates? A What do you mean, in what way do you mean?

Q Well I mean exactly what I said? A Well this time that I spoke of, of knowing when Uncle Peter took this lease on our place; this place that he moved onto our place from belonged, when he took the lease on that, to a man named Corbin, and he built a house.

Q Now are you going to answer my question? A Yes, sir, what is it?

Mr. Hastings: If you want to tell him how you get at this date, go on and tell him.

Mr. Mallette: I asked you if, as a 12 year old boy, you paid very much attention to dates? A I remember that distinctly.

Q When were you first asked to appear as a witness in this case?

A I think there was a gentleman at my house twice, the last time I don't remember when, but I think it was along the last days of last month.

Q How long was it after Peter Ward and his family left Kansas, that that man came to you and asked you about these facts? A It was from '89 until 1901.

Q How long is that? A From '89 would be 32 years, if I am not mistaken.

Q Do you remember back then 32 years to the time when you were a 12 year old boy and remember the years that these colored people leased the land? A I do.

Q And when they moved off? A Yes, sir.

Q Where were you living at that time? A I must have lived on the place, I was living the same place I live now, three miles west of Mound City, in Lynn county, Kansas.

Q Is that the only date you can remember about things that took place in those days? A No, sir.

Q You have lived in one spot all the time? A I have lived continuously, that has been my home on that farm since '61.

Q What impresses the fact on your mind as to when those people lived on that land? A As I said, Mr. Ward was living on a farm that

belonged to Corbin and he had put up a house there, a log house, he wanted to move that house over onto the old gentleman, my grandfather, and my grandfather objected and told him he had better go down in our timber and cut logs and build a house.

Q You know of that? A Yes, sir.

Q You remember that conversation 32 years ago? Yes, sir.

Q You are giving the exact conversation that you heard 32 years ago?

A I remember the content and the conversation.

Q Were you a business man at that time? A Well, I wasn't, I don't suppose, considered so legally.

Q Did you conduct business at the age of 12? A In the way of leasing land I didn't, and Mr. Alexander came out from Indiana in the fall of '65 and bought the land then, this land that this gentleman, Mr. Ward, lived on, and then in '66 P. D. Alexander moved on the farm and lived there until the time of his death.

Q Now is it not a fact that Peter Ward and his family left your grandfather's place in '66 because they understood they could get a home here by coming in 1866, that they departed at that time? A I don't think it is.

Q Well, what do you mean by saying you don't think it is? A Well I mean that he lived three years of this lease out there on the farm, that is, living three years on the farm.

Q Was there any particular reason for your remembering that for 32 years, the time that these people then on your grandfather's farm?

A The thing that calls the memory to the time was the fact that Alexander bought the place.

Q And you remember the year he bought the place? A Yes, sir.

Q Do you remember this by talking to your grandfather or somebody else or have you retained it in your own memory? A I have retained it in my mind, by talking to Alexander during his life time.

Q You have retained it by talking to Alexander? A Yes, sir.

Q You are testifying by what Alexander told you? A I know he came there in '66.

Q I want to know if you are testifying about these dates by what Alexander told you? A I am not.

Q That made you say you remember it by talking to Alexander in his life time? A I remember him moving there in '66 same as I remember I moved to Kansas in '61.

Q Then if Peter Ward and Abraham Ward and the rest of the Wards swear they left Kansas in '66 they are mistaken, are they? A I don't know what they testified to.

Q Who else lived on your grandfather's place after the wards moved off? A At the time they lived on the place there, at one time, not all the time, there was a man by the name of Anderson Turk.

Q When did he move on the place? A He moved on the place sometime in '65, he had been on the place I think a year.

Q When did he move off? A He moved off the place, let's see, about '75.

Q Well, are you swearing he moved off in '75? A He moved up north and bought a place up north, he lived on the place 18 years and moved there in '65.

Q What year did he move off? A About the year 1875.

Q You swear that, do you? A Yes, sir.

Q Who lived on the place besides that man? A Why George Brown, lived there.

Q When did he move on the place? A He didn't rent, he just simply rented a room from Anderson Turk and lived there.

Q Who did he rent the room from? A Why it was sometime, it was in '67 or '68, I am not sure which.

Q Well, which is it, '67 or '68? Just as much reason for you to remember that as there was about Peter Ward?

Mr. Hastings: Don't answer that question.

Q What year was it that that man lived on the place? A '67 or '68, I am not sure which.

Q Why can't you remember, if you can remember when Peter Ward moved

on the place and when he moved off? A Brown lived there just a short time and by permission of Anderson Turk.

Q When did he live there? A I think one winter.

Q You don't know when he went on and when he went off? A In the fall season he went in and just wintered there one winter.

Q Do you know positively it was '87 when he lived on the place? A I am pretty sure of it, I am not positive.

Q It was '87 then? A Yes, sir.

Q Might have been '88? A Yes, it was either '87 or '88, was either of the two years, it was a year after Uncle Peter moved.

Q What place? A They were living on Mr. Durbin's farm.

Q And you don't know when he moved to Mr. Durbin's place? A No, sir.

Q Can't you remember the year he worked on your father's place? A No, sir, not positive.

Q When did they stop fighting up there in Kansas? A Along about, I think the last fight they had was when Price went through, I think the latter part of '65 or '66, along there.

Q '66, was it? A Or '65.

Q You say they had a fight up there the latter part of '65, that Price went through there? A No, I didn't say '65.

Q The latter part of '65 or '66? A The latter part of '66 or '65.

Q Don't you know that Price made his raid through there in '63? A No, I don't hardly believe he did.

Q And don't you know that General Lee surrendered to General Grant in April, 1865, and that there wasn't any fighting any place after April, '65? A Well it might be, but the war wasn't closed entirely.

till about '85.

Q Yes but you say Price made his raid through there in '65 or '66?
A I meant '64 or '65.

Q All you witnesses who came down in that case were present and talked to together? A Well they asked me some questions.

Q Now when you were being consulted you and Mr. Kingsbury and the other witnesses in this case were all sitting in the room and heard what went on here? A I think maybe I did hear a part of Mr. Kingsbury's testimony, I wasn't in there all the time, I don't know anything about when Mr. Ward left that country, I can't swear positive, but I am satisfied that he was there several years after the war closed.

Q But then if you think that Price made his raid through there in '65 or '66 you may be mistaken when the war closed? A I meant '64 or '65.

Q Do you say that Price did make his raid through there in '64 or '65? A I wouldn't say positive.

Q You wouldn't say positively about that? A No, it seems to me it was in that time.

Q How many years before you were married? A Two or three.

Q Two or three? A I don't remember just exactly, it was so long ago you can't recollect, I can't recollect the exact dates.

as well as you can remember when she told you she came here too late?
A I never paid much attention to it.

Q Did you pay much attention to when she said she came here too late? A Yes, I recollect by the trip we made and I got to counting it up.

Q After thirty years you got to counting it up, did you? A It wasn't thirty years.

Q Well, twenty? A Let's see, it was over thirty years I guess.

Q Well how many years has that been? A Well I can count, this is 1901, you can count yourself.

Q Why I am not going to do it, I asked you how many years it was?

A Thirty years from seventy, and then it was along in '70, well I don't recollect just exactly the year though, it was before '77, sometime between '70 and '77, I don't remember just exactly the year, I don't propose to swear something I don't know.

Q Well you give it up then, you can't tell how many years it has been? A I don't recollect the exact year.

Q And you can't tell the year you were down here in the rock building and when Mr. Hastings and Mr. Thompson were making the roll? A No, I don't recollect the exact year.

STEPHEN RIDGE, being duly sworn by Commissioner Needles,
testified as follows:

MR. SMITH: State your name? A My name is Stephen Ridge.

Q How old are you? A I am 80 years old.

Q Are you a colored man? A Colored man?

Q Yes? A Yes, sir.

Q Where do you live? A I live in Mound City, Kansas.

Q How long have you lived there? A Oh, about 37 years.

Q In what year did you go there? A I went there in '64.

Q In what time in '64, what season? A Well, I got up there
September 12th.

Q To what place now do you refer? A Mound City.

Q What is your business, what do you do? A Well, I have done
a good many things for a living, but I was employed by the Second
Baptist Church there; that is in '63, in the month of May I took
charge of the Second Baptist Church there.

Q In what year? A In '65 in May.

Q Well, in what way did you take charge of it; what did you do?
A I preached the best I knew how.

Q You are a preacher are you? A Yes, sir.

Q Well, did you know a Peter Ward there? A Yes, sir, I know him.

Q When did you first get acquainted with Peter Ward? A I was
slightly acquainted with him down in Arkansas.

Q When did you first get acquainted with Peter Ward? A We was
slightly acquainted as I stated down in Arkansas; no, I will take
that back if you will please, I got little kinda off, I can't keep
memory like I used to.

Q Just tell us when you got acquainted with him? A We was slight-
ly acquainted in the old territory, wasn't that right, wasn't it.

Q Just stop here and tell us when you first knew Peter Ward?

A Well, I was correct after all.

Q How long had you been up there in '64 before you became acquainted
with Peter Ward? A Oh, I became acquainted with him the first

month I went there; that was in '64.

Q About how long did you know him there in Kansas? A Oh, I

knew him all the while, while he was there until he came away.

Q Well, about how long was that? A Oh, I guess not over a year &
after I got up there; that is as long as we lived together. Well,

if you will let me state it.

Q Go ahead now. A Well, the way this came up, now I got so well

acquainted with him was there as I told you, the church I was

placed in for a preacher and he was down a ways of that time, he

was down a ways in the church and he was down a ways in the

monthly meeting, he was down a ways in the church and he was

down a ways in the church and he was down a ways in the church

I became so well acquainted with him. He was down a ways in the

Q Do you know what the last business was that Peter Ward transacted there in that church, or when it was? A Yes, sir. He was with us the 17th day of June, '66; that is the last time he transacted business with us.

Q The last time he transacted business with you in the church?

A Yes, sir.

Q What did you do then? A We elected another deacon in his place.

Q What business was it you transacted on the 17th day of June, '66?

A Well, the reason I remember so well about that, I remember being the last, in receiving a member into the church at, he took a stand against it, that is what keeps me in remembrance of it so well, and it was the last transaction in the church.

Q Have you any book or church record? A I have got that first little book we had, but I haven't got it in my pocket; I had it in the forenoon and went down to dinner and thought I wouldn't have no use for it and left it in my valise.

Q By what did you fix the dates of these church meetings and matters that you have talked about?

Mr. Davenport: I object to that unless you get the book up here.

A The first time the church meetings was for a while we always had out church meetings on the Saturday before the first Sunday in the month and then we changed it, I requested the church to change it to Saturday before the second Sunday on account of the other organization I had joined.

Q Well, after that time in June, '66 that you speak of, what became of Peter Ward; do you know whether he remained in that neighborhood, or did he go away from that neighborhood? A I heard he came to the Territory.

Q Did you ever see him there any more? A No, sir, I never saw him there any more; didn't see him any more--oh, I don't know for several years.

MR. DAVENPORT: Who is this you are talking about? A Peter Ward.

Q What Peter Ward? A Why Peter Ward that's dead, I know.

Q Just Peter Ward? A Yes, sir.

Q Did you ever see more than one Peter Ward in your life?

A No, sir.

Q You saw one in Arkansas? A That is the same one.

Q How many children did Peter Ward have? A Oh, I don't know.

Q Did all his children go away when he did or not?

A I don't know whether they all went away at the same time or not; I know they all left.

Q All left casually? A I would not swear that.

Q Have you been living there at Mound City, Kansas, continuously since that time? A Yes, sir.

Q Don't you know that one of his family lives up there now and has been since the war, one of his boys? A I don't know; who do you mean?

A I am asking you if you know? A Oh, no, I don't know.

Q What boys do you know? A I know some of the older ones.

Q What is one of the older ones' name? A There was Harry and Abraham and Seville. I knew them all, and he had one named Tom and he had one I don't remember, but I tell you I knew them. And another one.

Q That is the last time you saw Peter in the church? A Yes, sir.

Q You have been pastor of the church ever since that time?

A No, no, we had clerks.

Q Have you been pastor in charge of that church ever since 1864?

A No, sir.

Q Have you lived at Mound City all the time since that time?

A Yes, sir.

Q Who do you know up there? A I know quite a number of folks.

Q Do you know J. B. Brown, up there? A What J. B. Brown.
Q Just J. B. Brown is all I know. A I know one Brown.
Q Well, do you know a fellow by the name of J. L. Ward that lives
up there? A What is he?
Q He is a white man or Indian? A I know Mr. Ward.
Q Well, do you know B. C. Brown?

Q Well, do you know E. Osborn? A I know Mr. Ward.
Q He lives there in Nound Creek? A Buy Osborn, I know him.

Q He lives there in Mound City?
A Well, do you know C. W. Kingberry?
Q I live about there, about three miles above Mound City, I know him
by name perfectly well, but I never got so well enough acquainted
with him to know him when I see his face but I know there is such a
man as that.

Q When did you look up that church record to see when the last time Brother Tom Ward officiated with you? A I just looked it up here about a week ago.

Q Where had that been all the time? A I had it in my pos-

Q. You made the entries in the book? A. No, sir, I told you we had a clerk and he was not a member of the church and then we had, or rather thought we ought to have a clerk that was a member of the church and then they elected a man by the name of Sam Clark, he is dead now and after he left he left and went down to Iola, or some-

Q Well you don't know where Ward went after he left there? A I don't know no more than what he said; said he was going to the Territory.

Q When was that? A That was in '68.
Q How do you know that?

Q How do you know it was in '86? A Because.

Q Does your book say that? A Yes.
Q Your book says that?

Q Your book says Ward had resigned because he was going to the Territory? A No, the book don't say so, but I noticed this in order to find out about the time when Peter Ward left there, I remembered I say it was the 17th day of June, as I stated. It was the 17th day of June and when I found I remembered when looking over it, I noticed that that was the last time Brother Ward was there with us to transact business and it was on the 17th day of June, but he never was with us any more after that in our trans- action in the church and of course that give me a very good reason to believe that he came right off because he had been talking of it before.

Q You don't know that he moved at once to the Territory? A I don't know that is, I don't know what day he left on; I know he never was with us in church meeting after that, and I have always believed he was right straight to the Territory because I never saw him any more, and he had been up there in the neighborhood he would have been in the church meetings.

Q. You have just mentioned that? A. I know that because he was a faithful member and never missed.

Q Did your members discuss all the time or did some of them back-
sight? A I could not tell you much about that, because we always
keep things at it all the time in the churches and of course we didn't

Q. Now, you said you saw this yellow? A. We met in May-
 1944, and we were with them as we might have been.
 I was with you and I was with you before.

When you get this man at Marysville,
Donny Sweet,
in the Indian Territory.

Q Did you get your name on the Kern-Clifton roll? A No, sir, I didn't know when was the proper time, I come too late.
COM'R NEEDLES: Had Peter Ward been talking to you about coming to the Territory? A Yes, sir, he talked it all around there, it was known all over the neighborhood he was coming to the Territory and of course we calculated when he left there that he come to the Territory and I believe that with all my soul.

MR. DAVENPORT: He has been talking to you since you have been down here this time? A We talked a good deal, we always do when we meet; I have been down here several times before since he come, but I didn't meet him after he come down here, I expect it must have been five or six years afterwards. Well, the first time I met him was when I come to get my name on the Kern-Clifton roll after he come.

(Application is continued until the witness can send and get the book of which he has been referring.)

Q In giving your testimony a while go when you referred to your church book, is the name of Peter Ward shown in the book on the date you referred to as fixing the date that he last officiated with you at the church? A No, sir.

Com'r Needles: This testimony will be made part of the record in the case at bar and part of the record in D)608, D610, D-611, D-613, D-625, D-615, D-616, D618, D-619, D-621, D-622, D-623, D-625, D-626, D-605.

Q Well, when did you come up nearer to them? A When I got married in '67; I was married in '67 and I was a little bit closer to them.

Q Well, were you as near in '67 as you were in '69? A Same place.

Q You were as near to them in '67 as you were in '69? A Yes, sir, same place.

Q And you remained on the same place from '69 to '69? A Yes, sir.

Q Now during that time, far from '66 up to '69, did you miss Peter Ward or any of his sons away from up there? A No, sir.

Q Did you have occasion to see them from time to time? A Only upon one occasion to my knowledge that I got to see them except just in passing around; I had one transaction that I was over to their house.

Q Did you see them in the country any place? A Oh yes, I have seen them around.

Q You mean by that, that that is the only time you ever had my personal business transaction with them? A Yes, sir, that is what I mean, personal business transaction.

Mr. Smith: What month in the year 1866 was it you got acquainted with Peter Ward? A Well sir, I can't tell you what month, but then I know it was along in the spring because I was breaking prairie, breaking it with oxen.

Q Did you break any ground except in the spring? A Not the prairie, to my knowledge, I never did.

Q You have been there in that country ever since '62? A I had been there ever since '66.

Q You had been living there some ten or eleven years when you first became acquainted with Peter Ward? A Well, I came there in May '65, and it was '66 when I first recollect getting acquainted with them to know them.

Q Now in what way do you fix the date as in '66 when you first became acquainted with Peter Ward? A I was breaking prairie west of where they lived, and I came up there in regard to my foot; as I said, I had struck a stub in my foot, and I came up there and Mrs. Ward gave me a piece of bee gall to put on it to draw it.

Q Well, did your foot get well? A Well it isn't off, I suppose it did.

Q Well that has been how long ago? A Well '66; that has been 35 years ago.

Q When did you first have any occasion to remember the matter, or date when you first met Peter Ward, or when was that ever called to your attention first after that time? A For the first time you mean?

Q Yes? A Well it was in March, '89, that I had the transaction with him.

Q That had nothing to do, however, with the time you first met him?

A No, sir, not to my knowledge, sir, just seen them from then in passing around.

Q What I mean to say is, the fact that you had the business transaction with him in March or any time in '89 would not aid your recollection as to the time you first met him, would it? A I can't know as I understand your question.

Q I say there was no connection between your business transaction with him in '89 and the date when you first met him, nothing connecting the two things together; one was not to do with the other, did it? A No, sir.

Q Well then, now when did you first have occasion to remember that you met Peter Ward in '66? A I just got told the occasion, about

plowing and going up there.

Q I know, but you did a great many things in '66 that you haven't had any occasion to think about since, haven't you? A Yes, sir.

Q What first brought this incident to your mind, that is what I am talking about? A What first brought it to my mind?

Q Yes, or recalled this thing you are talking about in '66? A Well I was asked if I knew a man by the name of Peter Ward.

Q When? A Well I think it was pretty near four weeks ago.

Q Who asked you? A Why I think he was by the name of Keys, J. M. Keys I think, if I am not mistaken.

Q Well now from the time this thing happened up to the time that J. M. Keys asked you about it, you had had no occasion to remember this incident, or the date when you hurt your foot, had you? A No, sir.

Q Now for thirty-five or six years you had carried in your mind the date when you had hurt your foot? A Yes, sir, I know the date by that transaction of breaking prairie, know where I was living.

Q How long did you live there? A At that place, only lived there at that place just one year, working for my brother that year.

Q Now that has been a long time ago, hasn't it? A Yes, sir.

Q Do you think you can swear with certainty it was in '66 and no other time that you met Peter Ward the first time? A Yes, sir, not to my knowledge to know him; I might have met him but not to know him.

Q Do you think you can't possibly be mistaken about the date?

A I know I can't be mistaken in regard to the date of the year.

Q You know that? A Yes, sir.

Q Well now Mr. Wayne, where is your record? A In my pocket in a book.

Q I would like to see that. A (Witness produces book) That record commenced there, January 2, 1869, it goes on down to there, (indicating on book) is Peter Ward, \$2.50; it goes on down to here, to May, '69, \$102.64; I spent during that time \$102.64.

Q When did you commence to keep this book? A Well, I think that book came in my possession in 1868, along in the winter of '68.

Q When did you quit making entries in it? A In regard to my expenses?

Q No, entries at all? A Well I think probably it was away along in the seventies somewhere, might maybe have been late as '76, toward the back there in regard to some Sabbath School records I think, and in that fore part there is some few pages that was in '69, some transactions, and some probably in the seventies somewhere.

Q Mr. Wayne, at the place in this memorandum where the name of Peter Ward occurs, there is no year there, is there? A No, sir, there isn't; there was no occasion for the year when I was keeping the account; you will find here it is entered, and it goes on down here, and here it is March first, and March 2, and goes on down, 9, 11, 12, 13, etc.; there was no occasion for it in keeping the record.

Q Mr. Wayne, what is the entry immediately above the name Peter Ward? A (Reading from book) That there is Ben Bronson, a colored man, 25¢; no, it is stamps, 1¢.

Q You are sure that that is stamps? A No, soda, 15¢.

Q Then it isn't stamps? A No, sir, I thought it was stamps, but it is soda instead of stamps; here is stamps below here.

Q Now Mr. Wayne, that line upon which the word, Peter Ward, is written has been erased? A No, sir.

Q Isn't there an erasure on that line? A Set to that knowledge, and I am the only person that has ever had it.

Q Can you read that entry immediately above that Peter Ward, and Peter Ward, as distinctly as you can this entry immediately below it?

A Well there is a part of the Peter there that I can see just the same as I can the other, the same that is below here; here is same oil I believe.

Q That is not the question, are the entries below clearer and more distinct than the word, Peter Ward? A No, sir, not that I

Q Now when you see there is a part of the Peter that you can't see from the other part? A Well, the P there appears to be a little bit plain.

Q Now you see any P in that Peter? A Yes, sir.

Q Where is it? A Right after the P.

Q If you didn't know what it was could you tell me the reasoning behind after that P? A Yes, sir, that is my handwriting and I know.

Q Now Mr. Wayne, is that word Peter word blurred, as it appears the record? A I can't tell you any more than here; not a bit.

Q Now you know? A No, sir.

Q Did you write the word potatoes on the second page? A Yes, sir.

Q Did you make that P? A Yes, sir.

Q Is that one like this one? A Yes, sir, that one looks like I didn't make it very plain and I taken it again, same as there (indicating) in writing that down it looks as though I had made two strokes on that, and you will probably find the P somewhere.

Q Now Mr. Wayne, sometimes a P is made with one stroke of the pen? A Yes, sir.

Q Now that P in potatoes is made that way, isn't it? A Yes, sir.

Q Now I can't make a P but very seldom, sometimes I make a P by running down and then back, and sometimes then I make a P by making a straight back and going around that way (indicating). I make P one or three different ways.

Q Now Mr. Wayne, the word Peter there in this book is blurred? A Yes, sir.

Q Is it indistinct? A No, sir, not to my mind it is not.

Q Not as clear as the entries below it? A It is about the same thing here except that P is here, that I see, appears to be a little plainer than that P over there.

Q Well, do you state that that is as clear as the entries below? A No, sir, I saw it is not, it is the same as some that would be here or some other place.

Q Now you didn't use this book since eighteen and what? A Oh I have probably referred to it for some regards in regard to an account that I set out, and my little boy that is dead might have got hold of it once, he might have got hold of that book.

Q Where was this book when you were first interrogated about Albert Ward? A It was in my desk in my room.

Q Now you remember, when you were interrogated as to the time when you had any business transactions with Peter Ward, without reference to that book? A No, sir.

Q Then you are testifying from that record? A I am testifying from the record in regard to the transaction.

Q Is the record in wrong you are wrong? A Yes, sir.

Q Now you tell me who made the blur, or erasure, if it is an erasure, what that line upon which appears the name of Peter Ward? A No, sir.

Q Mr. Smith, if the court please, I would like to offer the book.

Q Mr. Hastings, you can't take the book away from the stand.

Q Now you want this book any more? A I have some records in regard to some erasures that I would have to have here.

Q If you are willing, we would like to keep it a while in this case, and the commission will return it to you afterwards. I have no objection, but there is a little paper in there I would like to get out afterwards.

Q Mr. Hastings, when was this entry made? Was it made at the time that it purports to have been made? A Yes, sir, I tried to get that entry the night in which they were made.

Q Now, now the page before, or the second page before that of Peter Ward, I notice this date, January 11, 1888.

There is no description before me, and the fact of no other fact.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

There are no other facts of the investigation before me.

Q Following that was a great many entries and only the month and the day, in that order, in the year. A Yes, sir, everything down to the 31st; it told the day in the opposite page.

Q Opposite page to what? A Yes, sir, to what I entered it on here, it was the opposite page.

Q Well, between the two pages before this and say three pages afterwards, they contain the transactions of that year of '69? A It does, yes, sir.

Q Mr. Wingo, a good part of this record was kept with pencil, wasn't it? A Yes, sir.

Q Has it ever been erased or mutilated other than by wear? A No, sir, not to my knowledge, unless my little boy might have got hold of it.

Q Well, you never mutilated that name of Peter Ward or erased it? A No, sir, I wouldn't have any occasion to.

Q Is that in the same condition that you found it when Mr. Keys was the manager of you with reference to your knowledge about Peter Ward? A It is exactly the same.

Q No change has been made? A None whatever.

Q Do you know anything about him in any other nation? A No sir, never knowed nothing about him nowhere before.

Con'r Needles: Samuel D. Pinder applies for the enrollment of himself; his name cannot be identified upon any rolls of the Cherokee nation now in the possession of the commission; he swears that under oath that he was a slave of a Cherokee citizen, and born and raised in the Cherokee nation; for particulars as to his residence etc. reference is made to his testimony. He fails by any witnesses to identify himself, but in order to give him an opportunity to present other testimony at any future time in regard to his citizenship he will now be listed for enrollment as a Cherokee freedman upon a doubtful card.

SUPPLEMENTAL, to judgment:

LILA JOHNSON, recalled and further examined;
Also the applicant, Mr. Pinder, is called to hear what witness testifies.

BY MR. HASTINGS:

- Q How long did you say you had known this man on Big Creek? A About three years ago last fall, last October, since he came to our house.
Q And you were living there? A I was living right where I am living now.
Q What do you know about his mother's death? A I know she written to him, sent a dispatch, in Ohio, and he went to see her.
Q How do you know? A Because the S. A. Methodist Church made up the money for him to go to see his mother.
Q They gave him the money? A Yes they give it to him and he went and stayed with her until she died.
Q How long ago was that? A That was about two years ago.
Q Where did he say his mother was? A In Ohio, that's where he went.

Samuel D. Pinder ?

Q NOWYASOME MEMBERS, went to Ohio? A Well that's where he said he was going when he wanted the church to get the money for him to go, and when he come back he said that's where he had been.

Q Did he tell you that? A Yes sir, he said he went to Ohio to see his mother.

BY MR. HASTINGS:

Q Did he say she died? A Yes, she died.

BY MR. SAMUEL D. PINDER: (Applicant.)

Q Ask her how much money the church made up for me? A I don't know how much money they made up for you, but they give you money and you went.

Q Do you know I had a mother in Ohio? A You told me yourself.

Q Who hired you to come here and tell this tale? A Nobody, nobody have hired me.

Applicant, SAMUEL D. PINDER, re-called and further examined:

BY JOHN HENDERS:

Q Now you have heard the testimony of the witnesses, what have you to say in regard to it? A It's all a mistake.

Q Did your mother die, in Ohio? A No sir.

Q Did you go to see your mother die in Ohio? A No sir, I didn't go to see my mother die in Ohio.

Q Did you ever tell this witness that? A Not to my knowledge. It's true I went to Ohio.

Q When did you go there the last time, 2 years ago? A Went there, No, I don't think it has been 2 years ago.

Q Did you have the church and friends and neighbors up there to make up your money for you? A They paid me what they owed me, they didn't make up money for me.

Q Didn't they make up money and send you to Ohio? A No sir.

Q Didn't you tell them that's what you wanted to go for? A No sir.

Q Didn't you tell them you got a dispatch stating that she was quite ill? A No sir.

Q You ~~didn't~~ deny that? A Yes sir.

Q Where were you, on Big Creek at that time? A I was pastor on Big Creek.

Q Did you have charge of a church up there at that time? A Yes sir.

Q You did go to Ohio though? A Yes sir.

Q What did you go for? A I went to Ohio just like I go every place; I go over every year, and I went to Ohio on business, and I go away every year; this special time I went to Xenia to a commencement there, and I stayed there during the commencement and remained there a month. It is true, some of the friends that I was acquainted with while in Ohio did die during the time I was there, and the woman that I had lived with there in Xenia, - I think she lived on 11th Street, Ned Brown's wife, I lived with them 3 years there, and that woman did die; I did go there during that time.

Q You want to make any other statements? A That's about all; I wanted to answer your question as near as possible.

Witness, LENA JOHNSON, re-called and further examined:

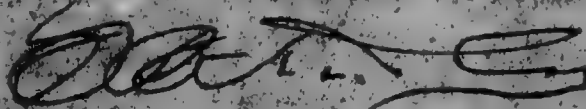

BY MR. HASTINGS:

Q What else do you want to state, anything more? A He told us one of his own mouth, he said he said his wife was his native home, and he said in the State of Ohio; told us as; he said he was born and raised there. Told me and my husband too.

Q You helped to bury him? A Yes, sir.

Q How old were you then? A Well sir, I was just about 9 years old, just going on ten.

Q Being on 11 years old you? A No, I wasn't, I said ten.

Q You were eight years old when the war began, you say you are 48? A I was born in '63.

Q Well then in '63 you would be ten? A Yes, sir.

Q Were you one of the pall bearers? A What is that?

Q Helped carry him to the grave? A Yes, sir.

Q Pretty young to be doing that? A When that boy died, we were down to Skulleyville in the Choctaw Nation, and there was but very few people there and my and my father and my mother and a few other women carried him to the grave and I was with him all the time he was sick. I can tell you more than that; when that boy died his feet rotted off him and dropped off his leg, rotted and dropped off his leg before he was buried.

Q Was that on account of the burn? A No, sir, that was on account of frost-bite, he had typhoid fever and it got down to his feet and his feet rotted off.

Q Where was that boy living then? A At Skulleyville, with us.

Q With his father? A No, sir, his father never was on the place with him, his father belonged to one family and he to another.

Q Who did his father belong to? A I don't know who he belonged to, he never belonged to Alex Wilson, I belonged to Alex Wilson. When I come to my recollection, Alex Wilson had two boys, one named Bob and one was named Arch, and this Arch was called Uncle Dan Pinder's son, and we all lived together until the war commenced, and when the war commenced we all went to running and traveling around and we were together until this boy died.

Q You don't know how many children Jane Pinder had or how many children Dan Pinder had? A No, sir.

Q Do you know of this Jane Pinder being married to Dan Pinder?

A I told you I don't know Jane Pinder, don't know anything about her.

Q Don't know anything about her? A No, sir, don't know whether she had any children, never heard of her, don't know anything about Jane Pinder.

Q Did you know Ann Pinder? A I didn't know Ann Pinder, Ann Pinder died to my recollection, it was before my recollection, and she had two daughters, Mary and Martha.

Q Are you a citizen? A I don't know whether I am a citizen or not, I was born and raised in the Cherokee Nation.

Q Are you on the 1880 roll? A No, sir.

Q Are you an applicant? A Yes, sir.

Q You were born here in the Cherokee Nation? A Yes, sir.

Q Always lived here? A Yes, sir.

Q It is peculiar you are not on the 1880 roll?

Commissioner: I don't think that should go in the record.

Q Where were you in '63? A I was in Doakville in the Choctaw Nation.

Commissioner: Do you want to try his case.

Mr. Hastings: I object to all that.

Mr. Hastings: You say that this boy wears talking about got burned? A He got burned once in '63, or there in '62 at the lake.

Q How did you say he was burned? A Why I will tell you; we worked there in what we called towers, —

Q Just tell about him getting burned? A He stepped in a salt kettle and burned his foot.

Q That is the boy you have reference to as dying? A Yes, sir.

Mr. Pauline: You don't know that boy's mother at all? A No, sir.

Q Or who his mother was? A No, sir.

Mr. Hastings: Was he older or younger than you? A He was older than I was, he was 17 or 18 years old when he died.

Mr. Pauline: 17 or 18 in '63? A That boy died was.

RECORDED

Department of the Interior,
Commission to the Five Civilized Tribes,
Vinita, I.T., October 14, 1901.

In the matter of the application of Samuel D. Pinder for enrollment as a Cherokee Freedman.

Supplemental testimony on behalf of the Cherokee Nation.

Appearances:

J. F. Paulde, attorney for the applicant;
J. S. Davenport, of counsel for Cherokee Nation.

Mr. Paulde: I object to the Cherokee Nation putting in any evidence in this case at this time, because they have already heretofore offered evidence in rebuttal at two different times, once at Nowata; three times, twice at Fort Gibson and once at Nowata.

Commissioner: The objection will be noted and the testimony will be heard. Both sides can put in all the testimony they want until we get through.

WILLIAM H. EDWARDS, being duly sworn by Commissioner Needles, testified as follows:

Mr. Davenport: What is your name? A William H. Edwards.

Q Where do you live, Mr. Edwards? A Tahlequah now.

Q What is your age? A I am going on 28 years old.

Q Where did you live before going to Tahlequah? A I lived between Snow Creek and Big Creek, nearer Snow Creek.

Q Did you ever live in the neighborhood of Uncle Nelson Murrell and Esau Fox? A I lived in Esau Fox's house, one of his houses.

Q Do you know the applicant, Samuel D. Pinder? A Yes, sir, I know his face, but I don't know him by that name, I know him as S. D. Brown.

Q Well, how long have you been acquainted with him? A Well, I got acquainted with him about February, 1898.

Q Where was he at that time, this Samuel D. Brown that you know?

A He was living then on Big Creek, he was pastoring Big Creek, Panther Creek and Snow Creek Circuit.

Q Is that the gentleman there by Mr. Paulde that you know there as Samuel D. Brown? (indicating applicant) A Yes, sir.

Q When did you first know him as Samuel D. Pinder, or did you ever know him as that? A No, sir, I never have knowed him as that.

Q What is your calling? A Minister, preacher.

Q You have charge of a church at any point at present? A I am pastoring Tahlequah station.

Q Do you remember a circumstance, while you knew Samuel D. Brown up here near Esau Fox's place, of the matter coming up in the church with reference to the reported sickness of Samuel D. Brown's mother?

A Why yes, sir, I do.

Q I wish you would tell about what took place with reference to that, about what you know about the transaction coming up in the church.

Mr. Paulde: Was the applicant present at that time?

Mr. Davenport: I suppose he was.

Commissioner: He must have been present of course; must have been present before the testimony would be acceptable.

Commissioner: Was the applicant, Mr. Pinder, present at the time this conversation took place you are about to relate? A He was present when the circumstance occurred that I am about to relate.

Mr. Davenport: That is what I want you to tell? A Well, he got a letter from his mother, that his mother was sick in Columbus, Ohio, and she written to him, or a telegram, my mind isn't real fresh whether it was a telegram or a letter, but it was one or the other, that she was sick and she wanted him to come at once, that she wanted to see him once more while she was alive; and he went to Brother Fox, I was

living there below him about fifty yards from the house, and got Brother Murrell and several others, I can't mention the other brothers, and called a meeting together.

Mr. Faulds: You were present when this was going on? A I was right there, right over in the yard, of course I went to the church, I was deeply interested in Brother Brown.

Q Did you hear all that? A I went to the church and listened to it with my ears, I couldn't give the conversation if I didn't hear it.

Mr. Davenport: Well, go ahead Mr. Edwards. A So they all went and I went on with them of course, I didn't belong to that church, to arrange matters to raise some money to send him to see his mother, and it was too short a notice, the church it being a circuit and part of the official board being at two other points, they couldn't raise the money through the church, and they decided on it that they would borrow the money and Brother Murrell and Brother Esau Fox went on the note and went to Coffeyville, and I didn't go to Coffeyville where they got the money, but they borrowed the money to give to Brother Brown and he left right away and he was gone something over a month, I don't know how long, and he written back in about five or six days, as well as I remember, a letter to Brother Esau Fox.

Mr. Faulds: Did you see it? A Yes, I read it right behind Esau Fox's house to Thomas Ross and Esau Fox.

Mr. Faulds: The letter is the best evidence: I object to secondary evidence.

A It was Esau Fox's letter and he kept it.

Mr. Davenport: Have you the letter in your possession? A No, sir.

Q Well, what was it? A Well, when he returned home the proposition was made concerning the matter.

Mr. Faulds: Who made the proposition? A The official board and Brother Brown.

Q Was Brown there? A Yes, sir.

Q And you were there? A Yes, sir.

Mr. Davenport: Well, what was that proposition? A That they would let the money raised in the church be paid on the money was borrowed until it was paid back and the pastor would receive no money until that money was paid, and they borrowed it on sixty days, as near as I can remember it, but I went affirm that to be true.

Q Did you have any conversation with the man you knew as Brown but who now goes as Pinder with reference to where his mother was at the time of her death? A Yes, sir.

Q Where did he say she was? A At Columbus, Ohio: said he had a sister living there, I think that was all, just him and one sister.

Q Did you ever have any conversation with him with reference to where he was raised, Samuel T. Brown or Pinder, or whatever his name is? A I went be for sure about that, that he told me anything about that, I don't remember exactly, but I remember him speaking of incidents that occurred in his boyhood days, or when he was a very young man in Columbus, about going to school in Columbus, I went say he said he was a child then.

Q About how long did you say you knew it has been that he went by the name of Pinder? A Been just two years now.

Q Have you had any conversation with him since he was named Pinder as to the reason why he was going by the name of Pinder, and if so, state about when that was and what the conversation was? A I haven't had no conversation with him since he went by the name of Pinder.

Q Did you ever talk to him before he went by that name with reference to that he was going by that name; if so, state about when it was? A Well I don't just remember, I don't remember now I don't believe at present.

Q Do you know whether or not he was an applicant for citizenship when this circumstance of his mother's death came up there in the church? A No, sir, I never heard nothing about it.

Q When did you first learn that he was an applicant for citizenship?

A That was at Port Gibson about a couple of months ago, or maybe

-3-
longer, the first time the commission was at Fort Gibson.

Q Did you have any conversation with the applicant at that time with reference to his citizenship, or anything? A No, sir, I never met him.

Mr. Eubanks: How old are you? A Will be 26 years old the end of next September.

Q How long have you been a preacher? A 5 years.

Q Started to preach when you were 21? A I was entering into my 21st year, in March before I was 21.

Q What had you been doing before that? A Been farming and teaching school.

Q Whereabouts? A Texas, and Chickasaw Nation.

Q Where did you go from Texas? I came over from Texas a little over four years ago, four years past this last August.

Q Ran away from there, I suppose? A No, sir.

Q What were you doing down there in Texas? A I was farming, taught school a while.

Q Well, you were accused of a crime down there? A Never was in my life, never was arrested and never paid a fine and never was on a witness stand.

Q Before this; this the first time you were ever on the witness stand? A Yes, sir.

Q Now you were in the church, you say, when Pinder was there and Esau Fox and this man Murrell; what is Murrell's first name? A Nelson.

Q Nelson Murrell? A Yes, sir.

Q And these two men and Pinder were there, were they? A They were.

Q Anybody else there? A Well, they gathered several people there, I don't know just now, there was several members, something like eight or ten I reckon.

Q What were you doing there? A Why I taken part in all the services nearly that Brother Brown had there.

Q Did you preach there? A Yes, I preached every time in the church, also led the singing choir, I led it all the year for him.

Q How many times did you preach there? A I don't remember how many times I preached there.

Q Preach there a dozen times? A Something like three or four times.

Q That is all? A Yes, sir.

Q Living up there now? A No, sir.

Q Where are you living now? A I am pastor in the church at Tahlequah.

Q You don't claim to be a citizen here? A No, sir.

Q Now what did you hear this man Esau Fox say in reference to this meeting, what did you hear him say? A Well I don't remember really just what he said.

Q Do you remember what Brown said? A I remember some of the words, as I said a while ago, that he would let his salary, collect his salary to go to refund the money back until the money was paid.

Q Not was that all you heard him say? A No, sir.

Q What else did he say? A He also said he would have got \$50 missionary money and that if it wasn't paid by then he would pay it out of that.

Q Was that all he said? A Well, that isn't all he said, he said several things.

Q Well, was that all he said at the meeting? A I don't just remember if that was all.

Q Well, do you remember anything else that he said that you heard, Brown? A I don't remember anything else.

Q You don't remember anything else that he said except as to when he would get the money to pay back? A Yes, sir, how the paying back would come about.

Q That is all you can remember that you heard him say? A That is all.

Q What day of the week was that? A I don't remember, it has been

over two years, I can't remember just what day of the week it was.

Q And you have never thought of this circumstance until when, I suppose, here a few weeks ago? A I thought of the circumstance when Nelse Lowrey was speaking of his Uncle Nelson's testimony that he gave in Preacher Brown's case he said, and I asked him what Preacher Brown, and he said from his Creek, and I told him I knew Brother Brown.

Q Now Nelse Lowrey went to see you, did he? A No, sir.

Q Where did you see Nelse Lowrey? A I saw him in Tahlequah.

Q You mean Nelse Lowrey that is employed by the Cherokee Nation to look evidence for the Cherokee Nation? A Yes, sir.

Q He got to talking to you about this thing? A He wasn't talking to me, he wasn't saying a word to me, he was talking to other people in there at Mr. Frank Pakk's restaurant, and I heard what he said and I just mentioned what I knew about it.

Q Don't talk too much, just answer the question; you said you have told us everything that you remember that was said by Pinder or Brown; now I want you to tell me what you remember Murrell and Fox having said on these occasions? A I remember that they said, both of them, that they didn't have the money themselves, but they could go upon a note and borrow it, and they did so.

Q Now do you remember anything else they said? A I don't remember.

Q Now you don't remember anything else they said? A No, sir.

Q Do you remember anything else that anybody else said? A No, sir, I don't remember; these other things they might have said wasn't direct to that subject and I didn't pay no attention to it.

Q And Pinder; you say there were two meetings, were there, of these meetings? A There was only one meeting called at the church.

Q That you were there? A And he came to Brother Fox to see Brother Fox.

Q Were you there when he came to see Fox? A I was right down below the fence right below the house..

Q Did you hear what was said? A I didn't hear what was said there.

Q All you heard you heard at the church at that meeting? A Heard at the church, I came on up there, if I make no mistake, that Brother Brown I believe went after Brother Murrell and I and Uncle Tom came up to Uncle Esau's and he told us the serious thing that had happened to Brother Brown's mother, and then I went up to the church with him.

Q What I am asking you is, I want to know were you present when this matter of raising the money was discussed; now that is a simple question, you can answer it in a few words, you was at the church?

A I think it is the church is all I remember.

Q The only place the church, that you ever heard Brown say anything about money? A I think that is.

Q And that is all that you ever heard him say, as what you have told us here a moment ago? A Yes, sir.

Q Then you never heard him say anything about his mother or where she was? A I heard him say something about his mother, yes, sir.

Q Oh, you are going back on your statement; where did he make that statement? A He met that statement there, but mother and money is different.

Q You told me a moment ago that all you could remember as to what this man Pinder said is what you have related? A You said about the money.

Q About anything I said; well what do you remember now, state it?

A Do you want me to state the whole subject over again? XXXXX

Q I want you to state what you heard this man here say? A I heard him say that he had got a letter from his mother and that she was sick, written for him and wanted to see him before she died, and he wanted the church to help him to get there, and they got together and made the arrangements to borrow the money, and when he borrowed the money he left, whether he went to Columbus, Ohio, I don't know; he written

a letter to Essu Fox from Ohio.

Q And you saw that letter? A And I saw the letter.

Q And did you see the letter which purported to come from his mother in Ohio? A Yes, sir, I did, the one Essu Fox had.

Commissioner: He is talking about the letter that Brown's mother wrote to him, Brown? A No, sir, I didn't see that.

Mr. Faulds: You didn't see that letter? A No, sir.

Q Now this statement that you have just given as being said by this man Brown was said in the church, you say? A Yes, sir.

Q It was said there in the church? A Yes, sir, in a called official board meeting.

Q And you have described what was said? A Yes, sir.

Q Then you are going back on the statement which you made here a short time ago when you said all you could remember, you related all you could remember as having been said by Brown and you said nothing about his mother being mentioned by him; you are going back on that sworn statement of yours here a moment ago, aren't you, changing?

A I am going to stand by what I last told you and what I first told you, but when you asked me what was said about the money of course I said yes, that was all.

Q Now you said he wanted money to send to his mother? A To go to hi see his mother.

Q And he made all these statements at the same time? A Yes, sir.

Q And then you now state there was nothing said in regard to getting the money or money at all? A (No response).

Q Where was that contract made by Murrell and Fox to get this money, where was it made? A The contract I suppose was made at the church, the conversation was all had there, and the agreement was made, but where the contract between themselves about the money was made I don't know, the agreement was for them to go and get the money and how much each one was to go on the note I don't know.

Q Did they make an agreement at the church to go to Coffeyville and borrow this money? A They made an agreement to borrow the money, I don't think I ever had Coffeyville in it.

Q What? A They made an agreement that they would borrow the money.

Q And they made that agreement at the church there? A Yes, sir.

Q In your presence? A Yes, sir.

Q And in your hearing? A They did.

Q How much money were they to borrow? A It was \$20 I believe.

Q Sure of that now? A I think that was the first that Brother Brown asked for, \$20 to help him go, and he could go for that.

Q Now you know how much money he got? A No, sir.

Q You see him get any money? A No, sir, I didn't see him get any money.

Q You didn't lend him any money? A No, sir.

Q Were you a member of the board? A No, sir.

Q Well, what were you doing there? A Anybody can go in the Methodist Official Board meeting.

Q Nothing private or secret about it? A Methodists never have nothing secret.

Q No, everything done openly, isn't it? A Yes, sir, it is, I have got the discipline to show him if he wants it.

Q You remember what month this was in, this time matter you spoke of? A I don't remember just exactly what month it was.

Q What month was it now? A I don't remember, I never thought any more about it, until right here recently.

Q Never thought any more about it until recently, did you? A No, sir.

Q Never entered your mind from that time until just recently? A Just passed in my mind.

Q What do you mean by recently? A Right here the last about three weeks ago.

Q About three weeks ago was the first time that you ever thought.

of it? A No, sir, it wasn't three weeks ago, it was three months ago I reckon, when the Commission first sat to take the Freedman roll.

Q That is the first time you ever thought of it after it occurred?

A Maybe it was a month after they had set or commenced.

Q And you pretend now to give the exact language and words of Pinder or Brown? A As near as my memory.

Q Do you remember the exact words that he used?

Commissioner: He says he has given them as near as his memory.

Q Did Brown produce any letters there that you say? A No, sir, he didn't produce any letter at the church that I saw.

Q He produced no letter at all? A I don't remember whether it was a letter or telegram.

Q Which do you think it was? A I don't really know.

Q You never saw it? A No, sir, I never seen it, I never saw the letter that came from his mother, I saw the letter that he written back.

Q Can you remember, I want you to try to think if you can remember the month in which this occurred? A No, sir, I really don't remember the month.

Q Was it in the fall or spring or summer or winter? A If it was spring it was the last of the spring and if it was fall it must have been the first of the fall, because it was in warm weather, I remember it was warm weather.

Q That is all you, now? A Yes, sir.

Q Might have been on a real warm day in the middle of winter?

A No, sir, that winter was freezing all winter.

Q Did you have a personal conversation with Brown at that time?

A I don't remember that I had a personal conversation, words passed among all of us but I don't remember that we had any special conversation between us, I know we didn't.

Q You never thought of anything that was said at that time until here about three weeks ago when you heard Nelse Lowrey? A No, it was three months ago I reckon.

Q I say until three months ago, you never thought of it from the time it occurred until three months ago and you heard Nelse Lowrey talking about this man's mother being in Ohio, that is the first time you ever thought of it? A Yes, sir, they were diving -

Q Answer the question? A Yes, that is the first time it ever came to my mind.

Q And you have been thinking it over and over ever since? A No, sir, I never thought over it any more until Friday morning.

Q Mr. Pinder wanted to ask you if you know whether or not, if you knew of your own knowledge that Murrell and Fox borrowed this money and paid it to Brown; do you know that of your own knowledge?

A I didn't see them give the money to him, but I know only what they said.

Q We don't want that; you didn't see the money paid, you didn't see the money borrowed?

Commissioner: He has testified that two or three times.

Commissioner: You state that this note was signed by Murrell and Fox? A Yes, sir.

Q How do you know it was signed by them? A Fox said they want on it.

Q You never saw the note? A No, sir, I never saw the note.

Commissioner: This testimony will be filed with the original papers.

By Mr. Paulds: " I object to the form of the question, I submit that he ought to be asked only about what Pinder said to him about it "

(By Davenport of the witness)

Q What was said about this matter by Pinder, or what do you know about it, just state it in your own way, you can do it better that way? A There wasn't anything done right then in regard to it in our appointment, there was talking about raising some money, I don't know nothing much about it more than the applicant come down to see about getting some money for the purpose of going to see his mother.

(By the Commission)

Q Was this a talk that the applicant had with you? A Yes sir and he said he wanted the church to raise some money for him so that he could go and see his mother, and I told him that I didn't think there was any money in the treasury then as he had been down there a few Sundays before that to his regular appointment and had taken all the money we had on hand with him.

(By Davenport)

Q What did he say his mother, as to where his mother, or did he say anything as to where his mother was living at that time, the time that he came to see about raising money for him to go to see her or any thing about it that you might have heard him say? A In Ohio somewhere.

Q After that at any time did you have any communication from Mr. Brown as to whether his mother was dead or alive? A Yes sir I got a letter from him.

Q Have you that letter in your possession? A No sir.

Q Do you remember in substance what the letter said as to that? A No sir, I don't guess I can say what all was in the letter.

Q Do you know what he said as to his mother, in that letter.

(By Faulds)

" I object as to what the letter contained until they prove that the letter is lost or destroyed "

(By the Commission) The objection will be noted.

(By Davenport)

Q What did he say in that letter? A He written in regard to himself first, and stated about the death of his mother and then talked about the church.

Q Where was that letter written from, where was it postmarked, what city, place or state or do you know? A I think it was Columbus Ohio, I think, I am not certain; I know it was Ohio, but I am not certain that it was Columbus.

(By Faulds)

Q Who all were present when you had this conversation with Mr. Pinder? A Just myself, wife and family, because he just come there to see about getting up the money.

Q How far did you live from this church that he was pastor of at that time? A Three quarters of a mile, in the community.

Q He was pastor of that church at that time? A Yes sir, he was the pastor of the Elliott and Big Creek circuit, there were several churches in the circuit.

Q What time of the year was that? A Some time in March.

Q How long after he had this conversation with you was it before he went away? A He left there, left my place the next day, he said he couldn't stay any longer and that he would go up in the other part of the appointment and see if he could get the money and that if he could not get it that way in time that he would have to borrow it and that we could make it right when he returned.

Q When he spoke to you about this, did he say he was going to see his mother or his mother in law? A No sir his own mother.

Q Are those the exact words he used? A No sir.

Q What are the exact words he used? A Said he was going to see his mother.

Q Well, will you undertake to swear that he didn't say his mother in law?

A Yes sir.

Q Will you undertake to swear that he didn't mean his mother in law?

A No sir I will not.

Q Well, he went away? A Yes sir.

Q When did you see him here again? A After he came back.

Q How long? A I think on the second Sunday of each month was his regular appointment at our church there, and I think it was the last of April or the first of May before he got back to our appointment down there.

Q Did you take any part in the raising of any money for him? A No sir not before he left I didn't.

Q How long after he went down to see you about this money before he started for Ohio? A How long?

Q Yes sir? A I cant exactly tell that because he went back to the upper part of the work and then I didn't know his whereabouts, and the next I knew he was gone.

Q How came you to be here to day? A I dont know, it is sort of a mystery to me; I guess because my sister testified at Nowata is the reason.

Q What was her name? A Delila Johnson.

Q Who asked you to come here to testify? A Nobody until I got a subpoena.

Q Did Delila Johnson ask you to come here and testify? A No sir she didn't.

BY MR. DAVENPORT: To put your mind at rest I will state that I myself got all the officers of that church that knew anything about it to come and testify.

(By the Commission)

Q Was Brown present? A No sir.

(By Bavenport)

Q Did you look for it before you came here? A No sir.

Q If you looked for it good you might find it? A I have found old letters by looking for them, yes sir I might.

BY PAULDS: I move that this testimony be stricken out for the

reason that the Cherokee Nation has not proved that the letter is destroyed or that search even has been made for it.

BY THE COMMISSION: The witness has not sworn to anything that was in the letter.

(By Paulds of witness)

SAMUEL D. PINDER, the applicant, being first duly sworn testified as follows on his own behalf:

(By Mr. Faulds)

Q You are the applicant in this case? A Yes sir.

Q What have you got to say in reference to this testimony that has been put in here; did you have a mother living in Ohio two years ago who died there? A No sir, and I would like to make an explanation of it, when the woman came into Nowata, that Delila Johnson, the judge asked me the question if I had told that woman the things that she swore to and I denied it, and I deny it yet. This woman that these people are talking about was a woman that while I staid in Ohio I had by her daughter two children, the mother of these two children died and their grand mother raised these two children, and about the time they refer to here about my going to Ohio—I mean to say like this, the children always called her mother and I got to calling her mother when I spoke of her, and when I wanted to go there when she was sick I spoke of her as my mother; the reason I had for holding this business back was that I thought it would be best not to talk about it and I wasn't going to say anything about it if I could get round it. I had no mother in Ohio, she died when I was 7 or 8 years old, right here in this Territory.

Q Were you married to this woman by whom you had those two children? A No sir.

Q Was that the reason of your timidity of mentioning this matter?

A Yes sir.

Q You are a minister? A Yes sir.

(By the Commission)

Q As I understand you, you always called this woman mother? A Yes sir.

Q And then when you told these people that you wanted to get money to see your mother, you didn't indicate that it was your natural mother or that it was not? A No sir I didn't say either way.

Q This woman in Ohio was very close to you in regard to your natural feelings toward her? A Yes sir she was.

(By Davenport)

Q You had a church meeting close to Esau Fox's in regard to your taking the name of Pinder didn't you? A No sir.

Q Didn't you state to Nelson Murrell and others that you wanted to go to Ohio to see your mother? A No sir I don't think I said anything to them about it.

Q Didn't you state to Nelson Murrell and Esau Fox and others at a protective meeting which was held up there for the purpose of getting you on the roll, that you would take the name of Pinder, which was the name of a family that had lived about Fort Gibson and were all dead? A No sir there was no such meeting held.

Q Didn't you in a church meeting tell them that you wanted to go to Ohio to see anyone? A Yes sir.

Q Did you call that person mother then? A I told them that it was a very close friend of mine.

Q You never told Esau Fox or Nelson Murrell that you wanted to go to Ohio to see your mother who was dying? A I told you why I called her mother, and if I said it that was the reason.

Q When did you first talk about going by the name of Pinder? A I have always gone by that name, that was my father's name.

Q When did you go by it? A All the time.

Q Haven't you always been known and introduced to your Christian brothers as S. B. Brown? A Yes sir.

Q Why? A The reason of it was, my mother was named that, she once belonged to the Browns, and my father and mother were never married in slave times you know they just took up with one another as they wanted to and didn't change their names, some called my mother Pinder, Ann Pinder and some called her Brown; I never lived with my father any but always was with my mother until she died and was always called Brown.

Q When you made your original application did you explain that your name was Pinder but that you had always gone by the name of Brown? A No sir.

Q How did it happen that you did not mention it then? A No one called for an ~~explanation~~ explanation and every one there knew me by Brown.

Q None knew you by Pinder then? A Yes sir people had known my name, but those people up there had only known me for two or three years.

Q Where had you been before that, in charge of a circuit somewhere? A Yes sir.

Q Where was that circuit? A In Oklahoma.

Q What part of Oklahoma? A Oklahoma City.

Q Was you known there as B. D. Brown or Pinder? A I was known as Brown.

Q Had you been in charge of a circuit before that? A Yes sir.

Q Where? A In Texas.

Q What point in Texas? A Houston.

Q Had you been known there among your congregation and Christian brothers as Pinder or Brown? A As Brown.

Q Where did you go from to Texas? A Iowa.

Q How were you known there? A As Brown.

Q Where did you come from there? A Tennessee.

Q How were you known in Tennessee? A As Brown.

Q Where did you go from to Tennessee? A ~~Ohio~~ Ohio.

Q What place in Ohio? A Xenia a little place close to Columbus.

Q How far from there? A 8 or 9 miles? A No sir sixty.

Q How were you known there? A As Brown.

Q You wrote those letters that these witnesses have sworn about?

A I written them, yes sir.

(By the Commission)

Q Your father's name was Pinder? A Yes sir.

Q And though you had always gone by the name of Brown, you though you ought to go by your father's name when you enrolled? A Yes sir.

(By Davenport)

Q That was discussed in a meeting on Big Creek about you taking the name of Pinder, the name of a family who had died out in Fort Gibson? A At what meeting?

Q One of the Freedmen's Protective meetings, did you ever attend one of these meetings? A Yes sir, but that matters was not discussed.

Q Didn't you and Nelson Marrell and Sam Fox and W. R. Edwards and others in such a meeting decide that you would take the name of Pinder? A No sir.

(By Paulds)

Q When did you leave this country to go to Ohio? A I left here the latter part of March.

Q When did you come back in May or June.

Q What was the name of that man who testified here in this case some time ago? Edwards I believe.

Q Do you remember of him saying that this meeting occurred in the summer time? A In warm weather I heard him say.

Q And you say you left in March? A Yes sir, and further more there was snow on the ground when I left.

(By Davenport)

Q What part of March did you leave? A On the 20th.

Q And you swear that there was snow on the ground on the 20th of March two years ago? A Yes sir and I can prove it.

Q Jess Riley was about right when he said you left the second Sunday in March and came back in May? A I got back all right.

Q And you are here yet? A Yes sir and expect to stay.

BY MR. DAVENPOT: The Cherokee Nation desire to hereby give notice to the applicant and his attorney that on Monday the 21st of this month more testimony will be taken in his case.

DEPARTMENT OF THE INTERIOR,
WASHINGTON.

In the matter of the application for the enrollment of Samuel D. Pinder as a Cherokee Freedman.

Cherokee F. D. 886.

Brief for the Cherokee Nation.

No greater fraud has ever been called to our attention than the applicant in this case. A careful review of his own testimony it seems to us is of itself sufficient to have justified the Commission in denying his application which was done on April 20th 1904.

It will be noted that although he was born in 1857 he had no knowledge whatever of any of his mother's people nor did he have any knowledge of the members of the family to whom his mother belonged; he did not know where they lived; he did not know the kind of a farm; he did not know whether they had any children or not; he did not know whether any of them were living and although an educated man he claims to have lived in the Cherokee Nation all of his life yet he never before made application to any authority to be enrolled as a citizen of the Cherokee Nation? How can that be accounted for? If he were a slave or a descendant of a slave and entitled to Cherokee Citizenship, does it look reasonable that he would permit all of these payments to pass by without even presenting his claim to be enrolled. He gives no reasonable explanation of this.

Again he gives no reasonable explanation of where he was the first few years after the war; his statement wanders and although a strenuous attempt was made to get him to locate himself somewhere definitely it was impossible.

He introduced Luster Foreman, a noted colored standing witness to whom we have had occasion to call the Department's attention even a number of times and of course Luster was willing to swear almost anything and he testified that some boy's mother died along about the time the small pox was raging but he was unable to identify the applicant as being that boy.. Now here is another peculiar thing--Luster Foreman took the stand for a great number of Freedmen applicants and swore that he was in Fort Gibson the first few years immediately after the war and subsequent to that time he was at various places over the Cherokee Nation yet according to his own testimony he never saw this boy from the close of the war until 1901 a period of some thirty-six years or more. This does not corroborate the boy's statement or his subsequent proof wherein he attempts to locate himself at Fort Gibson.

The next witness he calls is the celebrated L. D. Daniels who usually nerves himself up for nearly every emergency and the Department is well aware that the famous L. D. Daniels claims to have been at Fort Gibson the first few years after the war and assisted in issuing rations but even Daniels does not see the applicant until he made his application or until 1899.

Allen Lynch was the next witness called by the applicant and he only knew him as he claims for twenty-four or twenty-five years. He knew him for a short time and then he never knew him until about the year before his application.

Now this testimony is sufficient to show that the applicant is a fraud but the record shows that during the proceedings, one Lila Johnson who was in the audience being amazed at the statement of this fraudulent applicant came forth and testified that she knew the applicant; that he was a preacher of the Methodist church; that he claimed to be born and reared in Ohio where his mother resided and that money was asked for in order that he might return to Ohio to see his mother who was not expected to live and of this there can be no doubt because a number of witnesses took the stand and corroborated Lila Johnson's later, among them being Julius Curle, Jesse Riley; George B. Duffin; and Jerry Riley, who testified to about the same as Lila Johnson enlarging however upon her statement and

going more into detail and for the first time it is disclosed that the applicant was not known by the name of Pinder but was known by the name of Brown by which name the applicant was known until the enrollment began. Every one of these witnesses testify that Brown the applicant claims to have come from Ohio but that he claimed his mother was living there and that he was very much in need of means to go back to visit his mother. Now this applicant gives no rational explanation of this circumstance; he attempts to explain it by saying this woman was his mother in law. But you will note that during the first part of his statements in answer to Lila Johnson he denies ever asking money to go back to Ohio at all but after the statement of Lila Johnson is corroborated by a number of the other members of his church then for the first time he was forced to the explanation that this was his mother in law.

Again it will be noted that earlier along in the testimony this same applicant claimed that he had never been married yet in order to explain these contradictions later on he claims to have been married and that the woman was not his mother but his mother in law who had charge of his children; he makes no explanation of his change of name. He attempts to explain it by saying that his mother belonged to some people by the name of Brown but his first testimony clearly and flatly contradicts this statement because he does not know anything about his mother's owners and the alleged owner of this fraudulent applicant for citizenship was said to have belonged to Ann Pinder and there is not one line of testimony throughout this entire case to show that the wife of Dan Pinder ever belonged to a family by the name of Brown.

The testimony was taken at various times in this case and among others the applicant resorted to the testimony of the disreputable prostitute Polly (Ross) Nivens so thoroughly well known to the members of the Commission, and no doubt by this time to the Department, as being wholly unreliable and she was proven so in the Adaline Hampton case. She attempts to say she knew Mrs Pinder who had a small boy and that while lying in bed he was badly burned and that his mother died at Mackeys lick and that his mother was the wife of Dan Pinder and among her other contradictions she says when the war closed this applicant was about twelve years old and that his mother's name was Susie Pinder; we see that the applicants attorney had not coached her well enough and she was determined upon saying that applicants mother was named Susie and she testified that Ann Pinder her alleged owner was alive when the war came up whereas the testimony of reliable witnesses is to the fact that ~~XXXXX~~ she was dead some time prior to the war.

Of course the story concocted about the applicant being burned was one gotten up between themselves; he told his witnesses that he had a scar upon his leg and for them to swear that he was burned and in that way identify him. Of course this was a very artfully dodge of the applicant but it will be noted that the witness Polly Nivens kept contending that the applicants mother was Susie until she was turned back to the applicants attorney for a final redirect examination when he coached her enough by his questions to make her understand what she was to say.

The next witness introduced was Joe Bruner whom was shown by the examination of Mr. Gaults to be entirely unworthy of belief. The next witness introduced in behalf of the applicant was Pompey Thompson. Now Pompey Thompson lived at Braggs, only a short distance below Ft Gibson and although this applicant and some of his witnesses swore that he lived in and about Fort Gibson for the first few years after the war Pompey Thompson swears that he never saw him after the emancipation at all until the day upon which he made his application. Upon cross examination he admitted that the applicant had told him who his mother was and he had previously given her name but that he did not tell him who his father was and he admitted that he did not know but says he only knew those things which had been told him.

As above remarked this case is certainly the most fraudulent one ever attempted to be admitted into the Cherokee nation.

Upon the other hand the Cherokee Nation introduced in addition to the witnesses herein above already stated John Thompson who is a reputable recognized citizen of the Cherokee Nation who testified that he lived below Fort Gibson prior to the war (about twelve miles) that he did not know the applicant except that he had heard him called by the name of Parson Brown; he did however know Daniel Pinder and knew him before the war and he swears positively that Daniel Pinders wife was named Cynthia and that Daniel and Cynthia lived until after the war and had only one child whose name was Emma and he swears positively that the applicant was not a son of Daniel Pinder.

Another witness introduced in behalf of the Cherokee Nation was Oliver Wilson who was an older man than John Thompson, giving his age as forty-eight years and post office Fort Gibson; he knew Daniel Pinder before the war and he also knew the son which the said Daniel Pinder had before the war and he knew his name was Arch; that Arch had gotten his foot burned but that this boy died before the war and that he was present and assisted at his burial and he swears positively that he never saw this man, the applicant, until some time the year before when he was selling glasses.

Annie Harris is also colored and testified in behalf of the Cherokee Nation; she gave her age as sixty-eight years and her post office address as Muskogee; and she stated that the Ann Pinder mentioned as the alleged owner of the mother of the applicant was witnesses mother in law and she says that the said Ann Pinder died about three years before the war. She also knew Daniel Pinder and that Daniel Pinder's wife was named Cindy which corroborates the other testimony introduced on part of the Cherokee nation. She testifies positively that they had one child who was a cripple by the name of Emily and she swears positively that she does not know the applicant and that Daniel Pinder never had a wife by the name of Jane before the war and that she knew him some eight or ten years before the war which would of course been before the birth of this fraudulent applicant.

The next witness Malinda Smith, an old lady knew Daniel Pinder before the war he was her brother and she testifies that Daniel Pinder's wife was named Cindy and they had one child whose name was Emily and she swears positively that she did not know anything at all about the applicant although she lived close by her brother Dan and saw him every day and she testifies after that she knew Billy Baker and the war, with whom applicant claims to have lived that she sold him at Fort Gibson but that she never saw the applicant.

The truth of the matter is this fraudulent applicant never saw Fort Gibson until a year or two ago after he left Ohio where he went by the name of Brown and that he made a trip to Fort Gibson recently prior to taking his testimony for the purpose of selling glasses as some of the witnesses stated.

William H. Edwards was also called to the stand and he corroborates what Lila Johnson said and the other officers of the church said about his having been born in Ohio and about the name he had assumed and what he had told them of his previous history.

Upon the other hand throughout all of this voluminous testimony no reputable witness takes the stand to testify for this applicant. Luster Foreman did not see him after the war until about the time he came to enroll. L. D. Daniels went back on him after he took the stand and had only known him about twenty-six years--Allen Lynch saw him a short time about twenty-four years ago and then lost track of him until the enrollment commenced while Joe Bruner is the only one who attempts to stand by him in addition to Felly Nivens and both have been thoroughly discredited and neither gave a reasonable account of this man whereas on the other hand a number of witness including John Thompson, Oliver Wilson, Annie Harris, Malinda Smith and others who are reputable and honest and who grew up in the vicinity of Fort Gibson emphatically deny that Daniel Pinder had a wife by the name of Jane; they deny that the applicant is a son of Daniel Pinder and the older ones say that while he had a son whose foot was burned that he was dead and that it was his foot and not a place above his knee.

Again we desire to call attention to the fact that this man always went by the name of Samuel D. Brown and he gives no explanation whatever of this and attention is also especially invited to the fact that he had never theretofore made application to be enrolled as a citizen of the Cherokee Nation and we say that the testimony in addition to his own incoherent statements are sufficient to brand him a fraud and to justify the Commission in denying his application.

We submit that the application of this the chief of frauds should be denied and the Commission's decision should be affirmed.

REPLY BRIEF FOR APPLICANT

Taking up the brief of Nation in order I beg to call attention to the facts of the case and to show wherein they fail to bear out the assertions of the said brief.

It is not very strange that a negro boy kicked about from pillar to post, as was this boy, should not have a very definite personal knowledge as to who his parents were. Being the child of slave parents it would, under the circumstances, be remarkable if he did personally know these facts. It is not indispensable by any means that he should have heretofore made application for citizenship, and yet he was not asked why he did not make application.

It is not strange that the witness himself ^{not} can remember exactly his whereabouts just after the war when he was a very small boy, nor is it necessary that he should do so since he has produced witnesses to that fact who personally know the facts.

If Master Foreman swore to things in this case which are contradicted by his testimony in other cases, as asserted by the Nationals, then it would have been a very simple matter to have impeached him by laying the proper foundation for the same while he was on the stand, and by offering in evidence in this case the contradictory evidence he is said to have given in other cases. Since this was not done, we must assume, notwithstanding the assertions in the brief, that no such contradictory evidence exists.

The same is true of the assertions as to L. D. Daniels. Not only are the witnesses entitled to the protection which the

rules of evidence afford in impeachment proceedings, but the applicant's rights must not be hazarded by a mere assertion of the Nation that a witness testified to the contrary in another case. Rules of evidence are based on common sense and justice at least, and it should not be necessary for me to more than merely cite them in this connection.

So many misstatements are made in the brief as to the testimony of the witnesses named in the next paragraph of the brief that any one reading the record must be convinced of the lameness of the Nation's case which requires resort to such misstatements.

There is not a line of testimony anywhere tending to show that applicant was ever married. His silence as to his relation with the woman in Ohio is explained by the fact that he lived with her without being married to her and had children by her.

By what authority the attorneys for the Nation speak of Polly Nivens as "the disreputable prostitute," I do not know. I do not know that she is the same Polly Nivens who was "proven so in the Adaline Hampton case." I do not know that there is an Adaline Hampton case, that Polly Nivens testified there, nor that this is the same Polly Nivens. There is not a line in the record which undertakes to impeach her veracity, morality, virtue, or which calls her "Polly (Roas) Nivens." Certainly the Department will not allow such efforts as these to break down the testimony of the witnesses produced by the applicant. No such efforts would be countenanced in any judicial tribunal. An effort to do so before a reputable court would be most severely censured and the attorney arguing a case in any court before a jury, using any such testimony as are here used, would be immediately reprimanded to desist.

If "the story concocted about the applicant being burned was one gotten up between themselves," then it was a very clever trap also, for the attorney for the Nation fell into it head over heels. No effort was made by the applicant to exhibit

his leg and the ear. The attorney for the Nation caused that exhibit to be made.

This brings us to the "upon the other hand" of the Nation's brief, when from its view of the case we strike the only witness whom may be believed. John Thompson testified that Daniel Pinder had but one wife. We have never claimed that the mother of this applicant was the lawful wife of Daniel Pinder. Such a status is not necessary under the decisions, but this witness says Daniel Pinder only had one child, a girl, whereas the next witness of the Nation, also worthy of belief because the Nation's witness, swears positively that the same Daniel Pinder had a son named Arch. Quoting from the Nation's brief:

He knew Daniel Pinder before the war and he also knew the son which the said Daniel Pinder had before the war, and he knew his name was Arch; that Arch had gotten his foot burned but that this boy died before the war and that he was present and assisted at his burial.

Annie Harris also says Daniel Pinder did not have a wife by the name of Jane. As was said, it is not necessary for Jane and Daniel to be married in order that this applicant may be entitled to enrollment.

"The next witness, Melinda Smith" "lived close by her brother Dan and saw him every day," yet she lived at Lebbens Falls fifteen miles from Ann Pinder's. The testimony of the Nation's witnesses is inconsistent. If the applicant's witnesses contradicted each other in their testimony as did the witnesses for the Nation, we would abandon this case.

It reminds one of the story of the defense made by the owner of a vicious dog which, it was charged, had bitten a man. The owner said, first, that the dog was kept securely chained; second, that the dog was very gentle; third, that the dog had no teeth; and fourth, that he had no dog at all.

The Nation asserts that Dan Pinder's son was named Arch; second, that he was burned in the foot instead of in the leg; third, that this son died before the war; and fourth that Dan Pinder had no son at all.

I, therefore, respectfully submit that the applicant
is entitled to enrollment.

Respectfully submitted,

Anthony White

Application of Samuel D. Finley :

For enrollment as a Cherokee

Indian.

WITTS FOR APPLICANT

The only question of importance in this case is one of fact merely, as to whether or not the applicant was a slave of a Cherokee citizen, or the descendant of a slave. The evidence is uncontradicted that he was born in the Cherokee Nation about the year 1827 and resided there continuously until the year 1879. From 1879 until 1888 he was attending school out of the Nation. He began his professional work as a Minister of the Gospel in the year 1888 and from that time until 1908 was in many places, spending a short time in each place. Since 1908 he has continued to reside in the Cherokee Nation. Under this testimony there can be no question as to his return to the Nation within the limits provided by the Treaty, nor can it be claimed that he has forfeited any rights of citizenship by temporary absence.

It has been also without conflict to the fact that applicant is the son of David Finley, deceased, who was the slave of Sam Finley, a Cherokee citizen. None of these allegations are disputed and no rights that they have not been successfully established. The names of the witnesses and their testimony on this point is briefly as follows:

The applicant, who has always understood that his mother was John of Mankin's line and that his father was named Sam Finley.

David Finley, who remembers the death of the mother John of Mankin's line and who remembers the boy Samuel both at

this time and later in 1866 at Fort Gibson.

Allen Lynch, to whom applicant said as early as 1876 that he had lived in Fort Gibson in 1866.

Polly Nivens, who says that applicant's father, Daniel Pinder, and mother Jane were both owned by Ann Pinder, and who saw applicant in 1866 in bed at Hackey's Lick suffering from burns and who saw him again at the garrison at Fort Gibson in 1866. She remembers the death of his mother as above stated and also the death of the father, which occurred after the war. She remembers the burning of the applicant and that the mother was known by three names, Jane, Susie and Shorty.

Joe Brunler, who knew applicant at Fort Gibson as the child of Jane and Daniel and remembers the death of the mother at the salt lick at about the close of the war. He also saw the boy in 1866 and again in 1873 on Big Creek. This witness says that applicant's mother Jane lived in with Ann Pinder in 1858 and was owned by her, and this is not denied by any witness for the Cherokee Nation. This witness also remembers the death of the mother in 1835.

Pempey Thompson knew the applicant in the Cherokee Nation during the war and knew that the mother Jane was the slave of Ann Pinder. He remembers the boy's leg to have been burned at the salt lick.

While it is scarcely possible that these witnesses could all be mistaken, yet the physical fact in evidence conclusively identifies him as the individual mentioned. When requested by the attorneys for the Nation to exhibit his person he did so and exposed a scar on his leg. If this testimony on behalf of the applicant had been manufactured for the occasion, certainly the applicant would have offered to exhibit himself; but this he did not do until called upon by the attorney for the Nation, who evidently expected at that time that the applicant's body would not show any scar. In the midst of contradicted evidence often

these physical facts appear, which are safe and certain guides to the truth.

Opposed to the above testimony the Cherokee Nation offered the following testimony:

Lila Johnson, who said that the church of which applicant was then pastor "made up money" to send him to Ohio where he then said his mother lived; that applicant said his mother was sick and he wanted to go see her; and that later he said to witness that his mother was died. She also said that applicant told her he was born and raised in Ohio. This testimony is flatly contradicted by the applicant, who denies every bit of the same, except that he did go to Ohio at about that time. It is also contradicted by Esau Fox and Nelson Murrell, officers of the church, who say that no money was collected for this purpose, but that they personal loaned the applicant money upon which to make the trip, which applicant afterwards repaid to them and that at this time applicant did not tell them that his mother lived in Ohio. Esau Fox testified that applicant told him that both his parents died in the Cherokee Nation.

W. H. Edwards, Jess Riley, George B. Duffin, Jerry Wiley and Julius Curle all testified to statements made by applicant to them, which more or less definitely purport to indicate that he had a mother living in Ohio or some woman whom he called mother and that she died there. The effect of all of this testimony is explained very satisfactorily by applicant, who says that while going to school in Ohio he had two children by the daughter of this woman in Ohio; that the daughter died and that her mother, the woman in question, raised the children; that the children called this woman "mother" and that witness got into the habit of speaking to her and of her as "mother." This is a very simply explanation of the whole matter.

Certain testimony of the Cherokee Nation relating to Daniel Pinder, the father of applicant is as follows:

John Thompson knew that Daniel Pinder had a wife Cynthia

and one child Emily, who died. He knew Dan for four or five years and never heard him mention the applicant. This witness gives no dates, but is shown to have been but 8 or 9 years old in 1865, and that Dan was at that time 40 or 50 years of age. So far as this witness knows Dan may have had a dozen children born before witness can remember, or even before he was born.

Annie Harris, who is the daughter-in-law of Ann Pinder, says Ann Pinder died in 1868; that Dan was the slave of Ann and that after the war Ann's daughter Susie owned him. She knew that Dan had a wife Cyndie and one child Emily, but never heard of any other children and did not know applicant's mother Jane. She knew Dan 8 or 10 years before the war, but never saw him after the war. So far as this witness is concerned there is nothing to show that she knew all of the slaves owned by Ann Pinder.

Malinda Smith knew Dan for four or five years before the war and while she knew Dan, Cynthia and Emily she did not know of any other wife and children. She does not undertake, however, to say that Jane may not have been the slave of Ann.

Both of these witnesses, Annie Harris and Malinda Smith, are flatly contradicted, in so far as their testimony purports to prove that Dan had no other children, by another witness of the Cherokee Nation. Oliver Wilson, who testified on behalf of the Nation, said that he knew Dan before the war and that he had a son who died in 1863 and that at this time this son was 17 or 18 years old. This witness was ten years old at the time and has a very vivid recollection of the cause of death, the death and burial of the son of Dan.

Summing up the evidence, therefore, we find that six witness, all of whom so far as we know are entitled to credit, testified to the fact within their personal knowledge that applicant's father was Daniel Pinder, and that his mother was named Jane. That he was severely burned in 1863, that his mother died about that time and Polly Hivens remembers that Uncle Dan took the boy to her mother's, where he was kept for a short time. There

is no mistake in identity, as the applicant still bears the scar resulting from this burn.

The witnesses for the Nation never heard that applicant's father, Daniel, had any child except a girl Emily, and they are flatly contradicted by witness Oliver Wilson, who testified on behalf of the Nation, to a son of Daniel who died at about the age of 17 or 18 in the year 1863. If the witnesses for the Nation are mistaken as to the birth of one son, certainly they may be mistaken, and very likely are, as to the birth of another son.

We hardly think the applicant will be denied the right of enrollment because he used the word "mother" in speaking of the grandmother of his children by nature, especially in the light of the explanation that the mother of these children was dead and that the children called her "mother" and that he naturally fell into that habit.

Nor is there any difficulty in the fact that applicant was sometimes known as Brown and sometimes known as Pinder. His explanation of that is perfectly reasonable, namely, that his mother was at one time owned by a family named Brown and was often called Brown; therefore, he went by both names, Brown and Pinder. In all slave holding communities this seeming contradiction is common. No doubt, the Department has encountered it time and again in handling these cases.

It is respectfully submitted, therefore, that the applicant has made out his case unquestionably by six uncontradicted witnesses who testified as to the exact facts within their knowledge, whereas the testimony of the Nation is either contradicted by their own witnesses or is susceptible of the simplest explanation, and that this applicant should be enrolled.

Respectfully,

Attorney for Applicant.

In the matter of the application for the enrollment of Samuel D. Pinder as a Cherokee Freedman.

Cherokee F. D. 886.

Brief for the Cherokee Nation.

No greater fraud has ever been called to our attention than the applicant in this case. A careful review of his own testimony it seems to us is of itself sufficient to have justified the Commission in denying his application which was done on April 20th 1904.

It will be noted that although he was born in 1857 he had no knowledge whatever of any of his mother's people nor did he have any knowledge of the members of the family to whom his mother belonged; he did not know where they lived; he did not know the kind of a farm; he did not know whether they had any children or not; he did not know whether any of them were living and although an educated man he claims to have lived in the Cherokee Nation all of his life yet he never before made application to any authority to be enrolled as a citizen of the Cherokee nation? How can that be accounted for? If he were a slave or a descendant of a slave and entitled to Cherokee Citizenship, Does it look reasonable that he would permit all of these payments to pass by without even presenting his claim to be enrolled. He gives no reasonable explanation of this.

Again he gives no reasonable explanation of where he was the first few years after the war; his statement wanders and although a strenuous attempt was made to get him to locate himself somewhere definitely it was impossible.

He introduced Luster Foreman, a noted colored standing witness to whom we have had occasion to call the Department's attention even a number of times and of course Luster was willing to swear almost anything and he testified that some boys mother died along about the time the small pox was raging but he was unable to identify the applicant as being that boy.. Now here is another peculiar thing--Luster Foreman took the stand for a great number of Freedman applicants and swore that he was in Fort Gibson the first few years immediately after the war and subsequent to that time he was at various places over the Cherokee Nation yet according to his own testimony he never saw this boy from the close of the war until 1901 a period of some thirty-six years or more. This does not corroborate the boys statement or his subsequent proof wherein he attempts to locate himself at Fort Gibson.

The next witness he calls is the celebrated L. D. Daniels who usually moves himself up for nearly every emergency and the Department is well aware that the famous L. D. Daniels claims to have been at Fort Gibson the first few years after the war and assisted in issuing rations but even Daniels does not see the applicant until he made his application or until 1899.

Allen Lynch was the next witness called by the applicant and he only knew him as he claims for twenty-four or twenty-five years. He knew him for a short time and then he never knew him until, about the year before his application.

Now this testimony is sufficient to show this applicant is a fraud but the record shows that during the proceedings, one Lila Johnson who was in the audience being amazed at the statement of this fraudulent applicant came forth and testified that she knew the applicant; that he was a preacher of the Methodist church; that he claimed to be born and reared in Ohio where his mother resided and that money was asked for in order that he might return to Ohio to see his mother who was not expected to live and of this there can be no doubt because a number of witnesses took the stand and corroborated Lila Johnson later, among them being Julius Curls, Jesse Riley; George B. Duffin; and Jerry Riley who testified to about the same as Lila Johnson enlarging however upon her statement and

going more into detail and for the first time it is disclosed that the applicant was not known by the name of Pinder but was known by the name of Brown by which name the applicant was known until the enrollment began. Every one of these witnesses testify that Brown the applicant claims to have come from Ohio but that he claimed his mother was living there and that he was very much in need of means to go back to visit his mother. Now this applicant gives no rational explanation of this circumstance; he attempts to explain it by saying this woman was his mother in law. But you will note that during the first part of his statements in answer to Lila Johnson he denies ever asking money to go back to Ohio at all but after the statement of Lila Johnson is corroborated by a number of the other members of his church then for the first time he was forced to the explanation that this was his mother in law.

Again it will be noted that earlier along in the testimony this same applicant claimed that he had never been married yet in order to explain these contradictions later on he claims to have been married and that the woman was not his mother but his mother in law who had charge of his children; he makes no explanation of his change of name. He attempts to explain it by saying that his mother belonged to some people by the name of Brown but his first testimony clearly and flatly contradicts this statement because he does not know anything about his mother's owners and the alleged owner of this fraudulent applicant for citizenship was said to have belonged to Ann Pinder and there is not one line of testimony throughout this entire case to show that the wife of Dan Pinder ever belonged to a family by the name of Brown.

The testimony was taken at various times in this case and among others the applicant resorted to the testimony of the disreputable prostitute Polly (Ross) Nivens so thoroughly well known to the members of the Commission, and no doubt by this time to the Department, as being wholly unreliable and she was proven so in the Adaline Hampton case. She attempts to say she knew Mrs Pinder who had a small boy and that while lying in bed he was badly burned and that his mother died at Mackeys lick and that his mother was the wife of Dan Pinder and among her other contradictions she says when the war closed this applicant was about twelve years old and that his mother's name was Susie Pinder; we see that the applicants attorney had not coached her well enough and she was determined upon saying that applicants mother was named Susie and she testified that Ann Pinder her alleged owner was alive when the war came up whereas the testimony of reliable witnesses is to the fact that ~~XXXXX~~ she was dead some time prior to the war.

Of course the story concocted about the applicant being burned was one gotten up between themselves; he told his witnesses that he had a scar upon his leg and for them to swear that he was burned and in that way identify him. Of course this was a very artfully dodge of the applicant but it will be noted that the witness Polly Nivens kept contending that the applicants mother was Susie until she was turned back to the applicants attorney for a final redirect examination when he coached her enough by his questions to make her understand what she was to say.

The next witness introduced was Joe Bruner whom was shown by the examination of Mr. Gaults to be entirely unworthy of belief. The next witness introduced in behalf of the applicant was Pompey Thompson. Now Pompey Thompson lived at Braggs, only a short distance below Ft. Gibson and although this applicant and some of his witnesses swore that he lived in and about Fort Gibson for the first few years after the war Pompey Thompson swears that he never saw him after the emancipation at all until the day upon which he made his application. Upon cross examination he admitted that the applicant had told him who his mother was and he had previously given her name but that he did not tell him who his father was and he admitted that he did not know but says he only knew these things which had been told him.

As above remarked this case is certainly the most fraudulent one ever attempted to be admitted into the Cherokee nation.

Upon the other hand the Cherokee Nation introduced in addition to the witnesses herein above already stated John Thompson who is a reputable recognized citizen of the Cherokee Nation who testified that he lived below Fort Gibson prior to the war (About twelve miles) that he did not know the applicant except that he had heard him called by the name of Parson Brown; he did however know Daniel Pinder and knew him before the war and he swears positively that Daniel Pinders wife was named Cynthia and that Daniel and Cynthia lived until after the war and had only one child whose name was Emma and he swears positively that the applicant was not a son

Another witness introduced in behalf of the Cherokee Nation was Oliver Wilson who was an older man than John Thompson, giving his age as forty-eight years and post office Fort Gibson; he knew Daniel Pinder before the war and he also knew the son which the said Daniel Pinder had before the war and he knew his name was Arch; that Arch had gotten his foot burned but that this boy died before the war and that he was present and assisted at his burial and he swears positively that he never saw this man, the applicant, until some time the year before when he was selling glasses.

Annie Harris is also colored and testified in behalf of the Cherokee Nation; she gave her age as sixty-eight years and her post office address as Muskogee; and she stated that the Ann Pinder mentioned as the alleged owner of the mother of the applicant was witnesses mother in law and she says that the said Ann Pinder died about three years before the war. She also knew Daniel Pinder and that Daniel Pinder's wife was named Cindy which corroborates the other testimony introduced on part of the Cherokee nation. She testifies positively that they had one child who was a cripple by the name of Emily and she swears positively that she does not know the applicant and that Daniel Pinder never had a wife by the name of Jane before the war and that she knew him some eight or ten years before the war which would of course been before the birth of this fraudulent applicant.

The next witness Malinda Smith-----, an old lady knew Daniel Pinder before the war he was her brother and she testifies that Daniel Pinder's wife was named Cindy and they had one child whose name was Emily and she swears positively that she did not know anything at all about the applicant although she lived close by her brother Dan and saw him every day and she testifies after that she knew Billy Baker and the war, with whom applicant claims to have lived that she sold him at Fort Gibson but that she never saw the applicant.

The truth of the matter is this fraudulent applicant never saw Fort Gibson until a year or two ago after he left Ohio where he went by the name of Brown and that he made a trip to Fort Gibson recently prior to taking his testimony for the purpose of selling glasses as some of the witnesses stated.

William H. Edwards was also called to the stand and he corroborates what Lila Johnson said and the other officers of the church said about his having been born in Ohio and about the name he had assumed and what he had told them of his previous history.

Upon the other hand throughout all of this voluminous testimony no reputable witness takes the stand to testify for this applicant. Luster Foreman did not see him after the war until about the time he came to enroll. L. D. Daniels went back on him after he took the stand and had ~~known~~ only known him about twenty-six years--Allen Lynch saw him a short time about twenty-four years ago and then lost track of him until the enrollment commenced while Joe Bruner is the only one who attempts to stand by him in addition to Polly Nivens and both have been thoroughly discredited and neither gave a reasonable account of this man whereas on the other hand a number of witness including John Thompson, Oliver Wilson, Annie Harris, Malinda Smith and others who are reputable and honest and who grew up in the vicinity of Fort Gibson emphatically deny that Daniel Pinder had a wife by the name of ~~Emily~~ Jane; they deny that the applicant is a son of Daniel Pinder and the older ones say that while he had a son whose foot was burned that he was dead and that it was his foot and not a place above his knee.

Again we desire to call attention to the fact that this man always went by the name of Samuel D. Brown and he gives no explanation whatever of this and attention is also especially invited to the fact that he had never theretofore made application to be enrolled as a citizen of the Cherokee Nation and we say that the testimony in addition to his own incoherent statements is sufficient to brand him a fraud and to justify the Commission in denying his application.

We submit that the application of this the chief of frauds should be denied and the Commission's decision should be affirmed.

DEPARTMENT OF THE INTERIOR,
COMMISSION TO THE FIVE CIVILIZED TRIBES.

E.M.

In the matter of the application for the enrollment of Samuel D. Pinder as a Cherokee freedman.

DECISION.

The record herein shows that on June 26, 1901, Samuel D. Pinder appeared before the Commission at Nowata, Indian Territory, and made application for the enrollment of himself as a Cherokee freedman. Further proceedings were had in the matter of said application on September 18, 20 and 21, 1901, at Fort Gibson, Indian Territory, and on October 14, 16 and 22, 1901, at Vinita, Indian Territory.

The applicant claims that his name is Samuel D. Pinder; that he was a slave of Ann Pinder, a Cherokee citizen at the commencement of the war of the rebellion, and that during said war he remained in the Cherokee Nation and was residing therein in 1866.

The evidence shows that the applicant was not a slave of Ann Pinder at any time, and that he is not the person he represents himself to be in this application. The evidence does not show that said applicant was a slave of a Cherokee citizen or that he was a free colored person residing in the Cherokee Nation at the commencement of the war of the rebellion. His name is not found on the 1880 authenticated roll of the Cherokee Nation.

It is, therefore, the opinion of this Commission that the application of Samuel D. Pinder for enrollment as a Cherokee freedman should be denied under the provisions of section twenty-one of the act of Congress approved June 28, 1896 (30 Stats., 495) and it is so ordered.

RECORD.

The record in this case shows that on June 28, 1901, Samuel D. Pinder appeared before the Commission to the Five Civilized Tribes at Nowata, Indian Territory, and made application for the enrollment of himself as a Cherokee Freedman. Further proceedings were had in the matter of said application on September 15, 20 and 21, 1901, at Fort Gibson, Indian Territory, and on October 14, 16 and 22, 1901, at Vinita, Indian Territory. On April 20, 1904, the Commission rendered a decision rejecting the application for enrollment as a Cherokee freedman and transmitted the decision, with the record of proceedings had in the case, to the Secretary of the Interior for his review and decision.

To the decision of the Commission the applicant takes exception and claims right to enrollment as a Cherokee freedman. In support of his claim he respectfully submits herewith his brief and argument.

STATEMENT.

It is the applicant's contention that he was born in 1857 in Illinois District, Cherokee Nation, Indian Territory; that his father's *whose name, from an examination of the Cherokee Roll of 1880, appears thereon, in Illinois District,* name was Daniel Pinder, and his mother's Jane Pinder; that he and his parents were the slaves of a Cherokee citizen of the name of Ann Pinder; that at one time the applicant's mother was owned by people of the name of Brown and she often went by that name, the applicant, during his early years, being for the most part in his mother's care was known both as Pinder and Brown; that when the applicant was a small boy his one of his legs was accidentally burned; that in 1865 his mother, Jane Pinder, died of small pox at a point called Mackey's Lick, in the Cherokee Nation; that after his mother's death the applicant went to Fort Gibson, Indian Territory, where he made his home at the garrison with an old man named Uncle Billy Baker, *who worked about the place; that the applicant* *applicant Samuel D. Pinder, together with his mother, Elizabeth Pinder, remained there during the remainder of the war of the rebellion* and for four years after the close of the war; that for a period of nine months after leaving Fort Gibson he worked for a party living

near Chetopa, Kansas, and during the remainder of the time until 1879 he worked for different parties in the Cherokee Nation; that during the year 1879 he left the Cherokee Nation and within a year or so entered school at Xenia, Ohio, where he prepared for the ministry; that after completing his schooling he entered the ministry, taking up missionary work and going from place to place; that he returned to the Cherokee Nation in 1886, where he is now engaged in the ministry as a missionary preacher and having quite an extensive circuit; that the applicant's father died at Fort Gibson, Indian Territory, in 1885.

In this case we find the Cherokee Nation seeking to maintain two irreconcilable positions:

First: That Daniel Pinder's only child was a girl by a wife of the name of Cynthia Pinder; and that he did not have a wife of the name of Jane.

Second: That Daniel Pinder had one son, but that this son died during the year 1863.

BRIEF AND ARGUMENT.

The statement of the applicant that he was born in Illinois District, Cherokee Nation, Indian Territory, in the year 1857 stands uncontradicted. All witnesses are agreed that there was such a person as Daniel Pinder, who the applicant claims was his father, and that he was the slave of Ann Pinder, a citizen by Cherokee blood. No witness denies absolutely that Daniel Pinder had a wife of the name of Jane, nor does anyone deny that Daniel Pinder had a son named Samuel D. Pinder by Jane Pinder; and that all of these people were the slaves of a Cherokee citizen.

The only witnesses whose testimony tends in any way to dispute the statement that the applicant is the son of Daniel and Jane Pinder are:

| | | |
|----------------|--|-----|
| John Thompson: | p. 6 of the testimony taken at Ft. Gibson, Sept. 18- | |
| Annie Harris : | | |
| Malinda Smith: | pp. 1-3 " " " " " " | 20- |
| Oliver Wilson: | pp. 1 & 2 " " " " " " | 21- |

The testimony of these four witnesses is simply negative, and does not go to prove or disprove a single thing. At no time do they state that they know Daniel Pinder did not have a wife named Jane, or that he did not have a son named Samuel D. Pinder.

Their statements take this form:

"Q. Did he (Daniel Pinder) have a wife of the name of Jane?

"A. Not that I know of. Q. Never heard of it? A. Never heard

"of it at all. Q. There is an applicant here by the name of

"Samuel D. Pinder, claims that is his name, do you know him?

"A. No, sir, I don't know him, he is a stray trying to get in
"here."

(p.1 of the testimony of Annie Harris, 9/20/'01.)

The testimony just quoted not only shows the animus of the witness, but it comes as near as does the testimony of any of the witnesses to disproving the claim of the applicant that he is the son of Daniel and Jane Pinder. The testimony is purely negative, and should have little or no weight before any tribunal. In fact it does not arise to the dignity of evidence. Undoubtedly the Cherokee Nation could have produced scores of witnesses who would swear they did not know Jane Pinder or the applicant; but that would prove nothing nor would it tend to contradict the testimony of the applicant's witnesses. It is apparent that the Cherokee Nation failed wholly to disprove the applicant's claim as above set forth.

In support of his claim that Daniel Pinder had a wife of the name of Jane, and that the applicant is the son of these two persons, the applicant introduced the following witnesses. It is not claimed on his behalf that the testimony of any one of these witnesses wholly and absolutely proves the applicant's contention; but it is maintained that all their testimony taken together proves beyond a doubt the contention of the applicant as to his parentage.

Luster Foreman: While at Mackey's Lick making salt, saw and learned to know Jane Pinder; she had a boy named Samuel, whose father was said to be Daniel Pinder; afterwards saw this same boy at the garrison; the mother died in 1865 of small pox at Mackey's Lick; Daniel and Jane Pinder and the applicant were the slaves of Ann Pinder, a Cherokee. (p.4 testimony of Luster Foreman, taken at Nowata, Ind. Ter., 6/26/1901.)

Polly Nivens: Knew Daniel and Jane Pinder and the applicant, Samuel D. Pinder, before the war; they were the slaves of Ann Pinder, a Cherokee; saw them at Mackey's Lick; recalled the incident of the applicant's being burned on one of his legs; saw the applicant at the garrison, where he was helping Uncle Bill Baker; saw the applicant in Fort Gibson at the garrison in 1866; knew of the mother, Jane Pinder, dying at the time of the war of the rebellion.

(pp.1-5, testimony of Polly Nivens, taken at Fort Gibson, 9/18/1901.)

Joe Bruner: Knew Daniel and Jane Pinder before the war, and saw the applicant with them; saw applicant again in 1866 at the garrison in Fort Gibson, where he was at work helping Uncle Bill Baker; saw him (the applicant) again in 1873- this time with Dick Whitwire; knew that the mother, Jane Pinder, died in 1865 of small pox; that all three of these people were the slaves of Ann Pinder, a Cherokee.

(pp.3-5, testimony of Joe Bruner taken at Fort Gibson, 9/18/1901.)

Pompey Thompson: Knew Jane Pinder before the war of the rebellion; saw her with her child at the Salt Lick; Jane was the slave of Ann Pinder, a Cherokee; at the time the accident occurred heard of the applicants being burned.

(pp.3 & 6, testimony of Pompey Thompson, taken at Fort Gibson, 9/18/1901.)

Here is the undisputed testimony of four witnesses who knew Daniel and Jane Pinder and who saw the applicant before, during and after the war of the rebellion. By their testimony he may be traced from his infancy to the year 1873. Simple but striking incidents are brought to light by their testimony, and by these incidents the witnesses are enabled to fix in their memories certain dates and facts.

In their simple, careless mode of living these people keep no record of events and are able to recall them mainly by associating contemporaneous occurrences, simple though those occurrences may be.

As an instance of this we find in the testimony of these witnesses frequent references to the accidental burning of one of the legs of the applicant when he was a small lad. Finally the representatives of the Cherokee Nation objected to the testimony relating to this injury unless he would show whether there were any evidences of the injury he was alleged to have suffered. Thereupon the applicant raises his trousers and drawers and shows his leg where there is a scar, just above the knee."

(p.9 testimony of Samuel D. Pinder, taken at Fort Gibson, 9/18/1901.)

This is only a link in the chain of circumstances, but it goes to make up a chain so strong that the Cherokee Nation did not succeed in weakening any part of it.

The representatives of the Cherokee Nation then sought to overcome or get around this incident of the accidental burning of this boy, and in so doing rescinded their former position that Daniel Pinder had no male children. They placed on the witness stand a man named Oliver Wilson, who testified to having been well acquainted with Daniel Pinder before the war; that he knew Daniel Pinder had a son; but that he did not know whether Daniel Pinder had a wife named Jane or whether he had any children other than the boy he knew; that the son with whom he was acquainted burned his foot by stepping into a salt kettle; that afterwards, in 1863, this boy died; that "when that boy died his feet rotted off him and dropped off his leg, rotted and dropped off his leg before he was buried." "Q. Was that on account of the burn? A. No, sir, "that was on account of frost-bite, he had typhoid fever and it got down "to his feet and his feet rotted off."

(p.2 testimony of Oliver Wilson, taken at Fort Gibson, 9/21/1901.)

By such testimony the Cherokee Nation sought to dispose of this application for enrollment.

The Cherokee Nation first took the position that Daniel Pinder did not have a wife named Jane, and that he did not have a son.

Then when it discovered that the evidence is overwhelmingly against that contention the Cherokee Nation endeavored to shift its position and undertook to show that Daniel Pinder did have a son, but that this son died. The one position can not be reconciled with the other. They have failed utterly to establish the first contention. The witness, by whose testimony the Nation endeavored to establish the second contention, testified that he did not know Jane Pinder nor how many children Daniel Pinder had. The testimony of this witness is almost too frivolous to merit serious consideration, and that portion of his evidence by which he attempts to finally and effectually dispose of Daniel Pinder's son, who was accidentally burned, is, to say the least, very flimsy.

The applicant, Samuel D. Pinder, is, in intelligence, above the average freedman. He accounts in a clear, straightforward manner for all of his time from his infancy to the time of closing the hearing in his application for citizenship. There is no showing or attempt to show that he abjured his citizenship rights or abandoned his residence in Indian Territory. He has always claimed residence in the Cherokee Nation, and resided in that nation continuously from the date of his birth until 1879. The time he was out of Indian Territory was spent either in attending school or performing his duties as a missionary minister. Since his return to the Cherokee Nation in 1886 he has continuously resided in said nation and is still employed there in a ministerial capacity.

The last proposition on which the representatives of the Cherokee Nation center their forces is, perhaps, the weakest sought to be proven by them. It is a mere make-shift, and evidences the desperate straits they were in and the means to which they apparently felt themselves compelled to resort in an effort to defeat the well proven case of the

applicant. We refer now to the attempt on the part of the Cherokee Nation to prove that the applicant's mother lived in the State of Ohio as late as the year 1899 and that she died in that state about that year.

There is abundant and undisputed evidence to prove that the applicant's mother was named Jane Pinder and that she died in the Cherokee Nation during the year 1865. The representatives of the Cherokee Nation attempted to show that sometime about the year 1899 the applicant reported to certain of his acquaintances in the Cherokee Nation that he had received word of the serious illness of his mother in the state of Ohio and that he wished to raise enough money to enable him to go and see her; that he did go and later, by letter, notified some of his acquaintances that his mother had died in Ohio.

The major portion of the testimony introduced by the Cherokee Nation relative to this feature is incompetent. In attempting to show how this information was imparted the witnesses in most instances declared it was by means of letters received by them from the applicant while he was in Ohio. That evidence was incompetent. Not a single letter was offered in evidence and no explanation was made of their absence, nor was any showing made that counsel for the Cherokee Nation or that any one else had made any effort to find or locate these letters. Their absence is in no way accounted for. All the testimony relating to these documents is secondary evidence and, in the absence of some explanation of the whereabouts of these letters or of counsels inability to produce them at the hearing, such evidence is incompetent and should not be considered in arriving at a decision in this case.

"The contents of written instruments cannot be proved by parol, unless the originals have been lost or destroyed, or their non-production is in some way accounted for."

in good faith exhausted, in a reasonable degree, all the sources of information and means of discovery which the nature of the case would naturally suggest, and which were accessible to him."

Simpson v Dall, 3 Wall. 460.

"An extract of a lost letter is not evidence, unless the witness can testify as to the contents of the whole document."

Walbridge v Kilpatrick, 9 Hun. 135.

The applicant admits having made a trip to Ohio about the time these witnesses say he did go; but he states that he does not recall having made to them the statement that he was going for the purpose of seeing his mother. The men who loaned him the money with which to make the trip - men who were at the time officials in his church- state positively that the applicant did not state to them that he wished this money for the purpose of returning to Ohio to see his mother.

The applicant denies positively that his mother ever lived in Ohio or that she died in that state. His explanation of how the misunderstanding might have arisen is a fair, frank and plausible one.

We quote from his testimony:

"This woman that these people are talking about was a woman that while I staid in Ohio I had by her daughter two children, the mother of these two children died and their grandmother raised these two children, and about the time they refer to here about my going to Ohio-I mean to say like this, the children always called her mother and I got to calling her mother when I spoke of her, and when I wanted to go there when she was sick I spoke of her as my mother; the reason I had for holding this business back was that I thought it would be best not to talk about it. I had no mother in Ohio. she died when I was 7 or 8 years old, right here in the Territory. Q. Were you married to this woman by whom you had those two children? A. No, sir. Q. Was that the reason of your timidity of mentioning this matter? A. Yes sir.

"Q. You are a minister? A. Yes sir.

(By the Commission.)

"Q. As I understand you, you always called this woman mother?

"A. Yes sir. Q. And then when you told these people that you wanted to get money to see your mother, you didn't indicate that it was your natural mother or that it was not?

"A. No sir I didn't say either way. Q. This woman in Ohio was very close to you in regard to your natural feelings toward her? A. Yes sir she was."

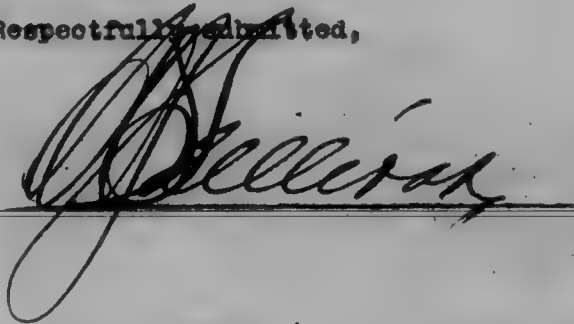

(Testimony of applicant at p. 5 of the testimony taken at Vinata, I.T., Oct. 16, 1901.)

There is nothing remarkable in the fact that the applicant is known by two different names among the freedmen. There are hundreds of instances where a Cherokee freedman is known by two or three different names. This arises from the fact that in slave times the slaves bore the names of their masters or owners. In the course of the sales, exchanges and transfers incident to slave holding a slave was quite apt to assume or have applied to him a number of different names. The applicant, in explanation of the fact that he is known both as Pinder and Brown, states that at one time his mother was owned by people of the name of Brown; that she was also known by the name of Pinder, the name of the applicant's father; that the applicant lived with his mother more than he did with his father and in that way many came to call him Brown.

We contend that this state of facts is well and conclusively proven: That the applicant, Samuel D. Pinder, was born in the Cherokee Nation in 1857; that he is the son of Daniel and Jane Pinder; that the applicant and his parents were the slaves of Ann Pinder, a Cherokee by blood; that when the applicant was a small boy he was accidentally burned and today bears scars as a result of that injury; that the applicant's father and mother resided continuously in the Cherokee Nation from a period prior to the war of the rebellion until their deaths occurred, the mother dying in 1865 and the father in 1885; that the applicant resided in the Cherokee Nation from the time of his birth until the year 1879, when he went to Xenia, Ohio, for the purpose of entering school; that after completing his schooling he entered the ministry, taking up missionary work and going from place to place; that he returned to the Cherokee Nation in 1886, where he is now engaged in the ministry as a missionary preacher; that he has always claimed residence in the Cherokee Nation, and has never done anything to abjure his citizenship rights; that his birth and residence conform in all respects to the requirements of treaties and laws applicable to cases of this nature.

We firmly believe that the applicant has well and truly proven his claim to citizenship rights in the Cherokee Nation, and that, on the record in this case, he is entitled to enrollment as a Cherokee freedman and should be so enrolled; and that the decision of the Commission to the Five Civilized Tribes should be reversed.

Respectfully submitted,

Q How did it happen you was on Big Creek in the latter part of '88, and saw this fellow? A Went back to get my aunt.

Q What was you married the first time? A Married Willie at

Grand River, Indian land.

Q You have the record book with you at the time of your

marriage? A Yes sir.

Q With you a marriage license, and having it with

you, correct? The Representatives of the Cherokee

Nation object to the introduction of the certificate of mar-

riage offered, for the reason that at the time of the mar-

outed there was no law in force in the Cherokee Nation authorizing the issuing of marriage certificates according to Cherokee law by which anyone marrying a recognized citizen could acquire property rights in the Cherokee Nation, the law having been repealed on December 18th, 1865, and for the further reason that there was no law authorizing a clerk to issue a certificate of marriage according to the laws of the Cherokee Nation to any parties other than recognized citizens of the Cherokee Nation, and if the clerk violated his duty it would give no force to the applicant in establishing his right to having been a free colored person at the breaking out of the war and residing in the Cherokee Nation, having returned in accordance with the Treaty.

Applicant examined by Com'r Needles:

Q. You apply for your wife as an intermarried citizen? A Yes sir.

By Mr. Smith:

Q. Did your wife apply for enrollment? A Her mother has a claim on this here, so I understand.

Com'r Needles: William H. Robinson applies for the enrollment of himself and wife and seven children; to-wit: James A., Jennetta, Charles S., Ollie, Amanda E., John S., and William D. Robinson; he avers that he is a free colored person, never a slave, and was a resident of the Cherokee Nation before the adoption of the treaty of 1866; he went out of the Cherokee Nation during the war between the North and the South and returned in the year 1868; he avers that he was married to one Millie Hill, a non-citizen; he however avers that his wife is an applicant or has a claim for citizenship; he presents no proof whatever as to the citizenship of his wife, and her name cannot be found upon any of the rolls of the Cherokee Nation now in the possession of this Commission; he makes verbal proof of his marriage to his wife, Millie, more particularly shown in the testimony; he also files certificate signed by Joe M. Labay, Clerk of Cooweescoowee District, certifying that he was married in accordance with the laws of the Cherokee Nation on the 10th day of March, 1897, to one Millie Robinson, nee Hill, a citizen of the United States, said certificate being recorded on page 132, book E, of marriage record of Cooweescoowee District; upon examination of the rolls of the Cherokee Nation his name cannot be found upon the authenticated roll of 1890, but he is duly identified upon the Kern-Clifton and the Wallate rolls, and his children are duly identified upon said roll, with the exception of the youngest child, William D., three years of age, which makes it necessary for him to file satisfactory proof of marriage of said child; consequently, said William H. Robinson and his children as enumerated herein, will be duly listed for enrollment as Cherokee Freedmen upon 2 doubtful cards, and his wife, Millie, will be duly listed for enrollment as Cherokee Freedmen by intermarriage or by her inherent rights, as the testimony may develop; he will be duly notified by mail of the action of the Commission on his application when arrived at.

Applicant re-called, supplemental examination

By Mr. Smith:

Q. You ever have any law case, law case tried in the Cherokee Nation? A No sir.

By Gen'l Needles:

Q. Ever vote in the Cherokee Nation? A Yes sir.

Mr. Haverport:

Q. And you vote now? A I don't know how many.

Q. And you voted for the treaty, and I voted for Mr. Haverport, and I voted for you when you was running.

Q. Now you sure of that now? A I know it.

By Gen'l Needles:

Q. Was Haverport's majority over one? A I don't know that.

Q. If it was over one we could throw him out, because yours was illegal, isn't it? (No reply)

Page 118, #2944, Jesse Martin, Delaware District.

Name of Applicant's wife's sister appears upon the Kern-Clifton roll, page 122, #3027, Josephine Robinson, Cooweescoowee District, 28 years of age.

COM'R NEEDLES: Samuel Martin applies for the enrollment of his wife, Melvina and her two children, Cora and Jesse. He avers that Melvina Martin was the former wife of one Israel Martin and has no knowledge of any divorce of said Melvina Martin from her husband, Israel Martin, who was the father of the children for whom he applies, viz: Cora and Jesse. He avers that the said Melvina Martin is a sister of William H. Robinson, her maiden name having been Robinson and William H. Robinson is enrolled upon doubtful card #674, and the testimony taken in the matter of the application of William H. Robinson will be made part of the record in the case at bar and a copy thereof filed herewith.

It is ordered that the testimony of Samuel Martin taken in the present application as to the marriage of his wife to Israel Martin and her marriage to himself be made part of the record in the case of the application of Samuel Martin for the enrollment of himself and his children, who are listed for enrollment on doubtful card #645.

The said applicant makes satisfactory proof as to the residence of said children for whom he applies and also as to his wife, consequently Melvina Martin and her children, Cora and Jesse, will now be listed for enrollment upon a doubtful card as Cherokee Freedmen. Said applicants will be duly notified at his post office address of the action of the Commission in the premises.

Q Well try to count it up? A 38 years or 33.

Q Now can you remember back every person that you saw in '69, 38 years ago? A Well I could remember their names and remember seeing them.

Q Can you remember when you last saw everybody that you saw in '69?

A Yes, I can remember when I last saw them for I last saw them when they was gathering those potatoes; that is the last time I saw those boys.

Q You remember you saw Mumford Robinson dig potatoes in '69?

A I saw the two boys and their mother I told you.

Q Did they ever dig potatoes at any other time? A Not that I know of.

Q 58 years and nobody had ever called your attention to this fact before that time had they? A No sir.

A How many have I? Three besides this I believe.

Q Who were they?

By Mr. Hastings: I submit that that is not proper cross-examination; I object to it.

By Commission: Objection noted; answer the question.

By Mr. Mellette: I have got the right to ask questions touching the knowledge of this witness in the matter that brings her here.

A I think it was Mrs. Nancy Thompson, Mrs. Gales and the Alonzo Manley case.

By Mr. Hastings: I desire to introduce a certified copy of this contract. (Hands paper to Mr. Mellette)

By Mr. Mellette: I object to the introduction, because it does not show where Mumford Robinson lived at the time he made it, and it does not show that it is the Mumford Robinson that was mentioned in the testimony.

By Mr. Hastings: The representatives of the Cherokee Nation desire to call attention to the fact that it does say Mumford Robinson and Annie Robinson of the County of Bourbon, State of Kansas.

By Commission: There is offered in evidence by the representative of the Cherokee Nation a Warranty Deed made by Mumford Robinson and Annie Robinson, his wife of the County of Bourbon, State of Kansas, on the 7th day of December 1868; same is filed herewith.

Department of the Interior,
Commission to the Five Civilized Tribes,
Waskogee, I. T., May 31, 1902.

In the matter of the application of PERRY ADAMS for enrollment as a Cherokee Freedman:

Applicant appears by Mellette & Smith; Cherokee Nation, by W. W. Hastings:

By Mr. Smith:

The applicant moves the Commission to make the certified copy of the decree of the Court of Claims in the case of Moses Whitmire, Trustee for the Freedmen, vs The Cherokee Nation, No. 17209 filed in the Mariah Hayden case F D 493, a part of the record in this case and the cases hereinafter mentioned by reference to the said case of the said Mariah Hayden, and if it be deemed necessary that a copy of the said decree be filed in this case and in the following cases, to-wit:

For Martin, D 587,
Charlie Moore,

By W. W. Hastings:

Comes now the Cherokee Nation and objects to the introduction of the decree, because, First: It does not tend to show that the applicant was a slave of the Cherokee Nation at the beginning of the war, nor that he returned within the time specified in the treaty of 1836, or that he had been a continuous resident of the Cherokee Nation since that time, or that he is a descendant of such a person. Second: Because the same is incompetent, irrelevant and immaterial, and does not tend to prove an issue in this case. Third: Because the Commission will take judicial knowledge of all laws, treaties and decrees necessary for the determination of the right of any person who makes application for citizenship. Fourth: The Cherokee Nation objects to the filing of a certified copy of this decree in the case of an applicant unless the same is called and filed in each individual case.

Commission:

The motion of the attorney for the applicant will be entertained and the decree of the Court of Claims filed in the case of Mariah Hayden will be made a part of the record by reference in all the cases above named with the exception of those which come within the provisions of the temporary injunction recently granted by Judge Gill of the United States Court, of the Northern District, Indian Territory.

Mr. Smith:

The applicant further moves that as to the above named cases including the Mariah Hayden case that counsel for the applicant be allowed within thirty days to file any of the proofs or any or all of the record other than the decrees already referred to

in the case of Moses Whitmire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings;

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of the attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

DEPARTMENT OF THE INTERIOR,
COMMISSION TO THE FIVE CIVILIZED TRIBES.

-----:
In the matter of the application :
for enrollment of Gera Martin, :
Cherokee Freedman, Doubtful :
Number 187. :
-----:

PETITION TO SET ASIDE DECISION AND
REOPEN CASE.

TO THE HONORABLE THE SECRETARY OF THE INTERIOR:

Comes now your petitioner Gera Martin, and respectfully petitions the Department of the Interior to direct the Commission to the Five Civilized Tribes to reopen the above entitled case and permit the petitioner to offer proof to establish her right to enrollment as a Freedman of the Cherokee Nation, and for cause of said application the petitioner shows:

That on June 30th., 1901, Melvina Martin, the mother of your petitioner, made application to the Commission to the Five Civilized Tribes for the enrollment of herself and two minor children including your petitioner. That afterwards certain proceedings were had before the said Commission wherein the application of this petitioner, was consolidated with the applications of Manford Robinson and his wife Annie Robinson, William H. Robinson and his wife Millie Robinson, and others, whose applications were afterwards rejected by the said Commission on the ground that the ancestor through whom the said Robinsons claim Indian ancestry during the Civil War and did not return until after the year 1865, and that said decision was affirmed by the Honorable the Secretary of the Interior.

That said Robinsons were represented before the Commission to the Five Civilized Tribes by the law firm of Mellette & Smith, but that said attorneys did not interest themselves actively in said cases until the year 1902, and that your petitioner was never consulted by said attorneys at any time.

Petitioner shows further that she was born and has always lived in the

Cherokee Nation; that she is the only daughter of Melvina Martin and said Israel Martin, and was born of said parents in lawful wedlock; that while petitioner was a small girl her parents were divorced and her mother then married Sam Martin; the father of your petitioner is a duly enrolled citizen of the Cherokee Nation, on the Breckinridge Rolls thereof, and has received his allotment of land as such.

That on September 10, 1903, as your petitioner is now informed, the Commission to the Five Civilized Tribes notified the firm of Rollette & Smith, and the mother of petitioner, that said Commission desired to receive proof showing the name and identity of the father of petitioner; that though petitioner was not present she has been informed that some proof was offered for this purpose, the attorneys for the petitioner paid no attention to this notice and petitioner is advised that a satisfactory showing was not made concerning the same; but the petitioner states that the testimony taken by the said Commission on November 16th., 1903, and now on file in this case, show that the petitioner is the daughter of Israel Martin the first husband of Melvina Martin.

Petitioner shows further that when the Commission to the Five Civilized Tribes prepared its decision in this case it either regarded the showing concerning petitioner's father as inadequate or entirely overlooked the same as said decision stated that all the applicants therein, including this petitioner, claimed from the common ancestor Robinson, when as a matter of fact this petitioner claims the right to enrollment through her father Israel Martin, a duly enrolled citizen as aforesaid. In support of said statements the petitioner refers to the affidavits of her father, her mother and the minister who married them, all of which are attached hereto.

In consideration of the premises therefore this petitioner respectfully

Prays the Honorable the Secretary of the Interior to set aside the decision made by him in said case; that said case be removed to the Commission to the Five Civilized Tribes with instructions to said Commission that it receive further proof in support of the claims of the petitioner and that the application of the petitioner be decided on its merits, independent of the applications of other citizens.

And in duty bound she will ever pray.

Israel Martin being first duly sworn deposes and says that he is a citizen of the Cherokee Nation, on the Freedmen Rolls thereof, and as such has enjoyed his allotment of land in the Cherokee Nation. That he is the father of Gora Martin and applicant for enrollment as a Cherokee Freedman on card No. G.F.D. 287.

That said Gora Martin is the only daughter of affiant by his former wife Melvina Martin, to whom he was duly married about 27 years ago, residing near west of Vinita, Indian Territory, and that said Gora Martin was born in Indian Territory.

Affiant states further that since Gora Martin was two and one-half years of age she has lived for the most of the time with her mother who separated from affiant at that time; that affiant made no attempt to secure the enrollment of Gora Martin knowing that her mother had applied for her enrollment and as a result affiant did not testify in the case of Gora Martin or furnish any other information whatever for her. That he only recently discovered that Gora Martin had been rejected by the Dawes Commission and the Interior Department and did not know until this late that the record in her case showed that her citizenship depended upon her mother's ancestors and that there had ever been any doubt in that case about the father of Gora Martin.

Affiant states further that because of the fact that he is a duly enrolled citizen of the Cherokee Nation he is convinced that his daughter Gora Martin is entitled to enrollment, and he desires an opportunity to testify before the Commission as to the facts stated herein.

DEPARTMENT OF THE INTERIOR.

To the Honorable, the Secretary of the Interior:

In the matter of the application of the following named persons for enrollment as Cherokee Freedmen, consolidating the applications of:

William Martin, et al.

MOTION FOR REVIEW OF DECISION.

Come now, by their attorneys, the above named persons who have been denied enrollment as Cherokee Freedmen solely because they or their ancestors were not physically in the Cherokee Nation on August 11, 1866, or within six months thereafter, regardless of attendant circumstances, and move the Honorable Secretary of the Interior to rescind said decision to readjudicate said cases and to enroll said persons as Cherokee Freedmen for the reason that the evidence shows that said persons or their ancestors were slaves of Cherokee citizens at the commencement of the War of the Rebellion, that during said war they were compelled by circumstances over which they had no control to go out of the Cherokee Nation, but returned within a reasonable time after promulgation of treaty of July 19, 1866, considering the attendant circumstances, as shown by the records of the Department of the Interior, the Department of War and the Commission to the Five Civilized Tribes.

These records show that these persons were legally residents of the Cherokee Nation on August 11, 1866.

The records of the Commission show that it did not base its decisions in these cases upon proper grounds, but based them upon a supposed bar in Article 9 of the Cherokee Treaty of July 19, 1866, against the consideration of the reasons why a Cherokee Freedman was not in the Nation prior to February 11, 1867.

The records show that these persons were residents in good faith in the Cherokee Nation prior to June 28, 1898.

That applications were made for their enrollment prior to September 1, 1902.

Wherefore we respectfully request that this motion be allowed.

Attorneys for Applicants.

Service of the above motion accepted and a copy of the same received by the attorneys for the Cherokee Nation, at Vinita, I. T., this day of , 1905.

Q That is the same one as John Baldrige? A Yes sir.

In the matter of the application for the enrollment of
Cora Martin as a Cherokee Freedman.

DECISION.

THE RECORDS OF THIS OFFICE SHOW: That at Nowata, Indian Territory, on June 26, 1901, Sam Martin appeared before the Commission to the Five Civilized Tribes and made application for the enrollment of, among others, Cora Martin, as a Cherokee Freedman. The others included in said application are otherwise disposed of and their rights to enrollment will not be considered in this decision. Further proceedings in the matter of said application were had at Muskogee, Indian Territory, November 16, 1903.

The records further show that on March 11, 1904, the Commission to the Five Civilized Tribes consolidated the applications for enrollment as Cherokee Freedmen, of William M. Robinson et al., C.F.D. 674, Josie A. Slaughter, et al., C.F.D. 677, Tobe Robinson, C.F.D. 686, Melvina Martin et al. C.F.D. 687, and Martha M. Hill et al., C.F.D. 1018, and found that all the applicants were free colored persons residing in the Cherokee country at the commencement of the rebellion, who left said Cherokee country during the progress of said rebellion and did not return thereto and establish a residence therein within the time specified in the decree of the Court of Claims rendered on February 3, 1896, in the case of Moses Whitacre, trustee, etc., vs. the Cherokee Nation et al., for the return of freedmen to the Cherokee Nation, or are the descendants of said free colored persons, born since 1866, and rendered its decision therein, denying all of said applicants the right to enrollment as Cherokee Freedmen. Thereafter a motion was filed on behalf of the applicant herein, Cora Martin, to have said decision of March 11, 1904, set aside in so far as it affected her right to enrollment as a Cherokee freedman, and that she be given further opportunity to establish her right to enrollment as a Cherokee freedman, and on November 11, 1905 (I.T.D. 5122-1904, 4256-1905) the Department granted said motion, and returned

came to this office as a basis for further hearing. Further proceedings in the matter of said application were had at Muskogee, Indian Territory, December 21, 1905 and January 26, 1906.

THE EVIDENCE IN THIS CASE SHOWS: That the applicant, Cora Martin, is the daughter of one Israel Martin, who was the slave of a Cherokee citizen at the commencement of the rebellion, and who complied with the provisions of Article IX of the Treaty of 1866. The said Israel Martin is listed for enrollment as a Cherokee Freedman on Cherokee card Field No. F. 1299, and his name is included in a partial roll of Cherokee Freedmen approved by the Secretary of the Interior, November 16, 1904, opposite No. 3585. The evidence further shows that the said Cora Martin was born in the Cherokee Nation since 1866, and has continuously resided therein since birth.

IT IS, THEREFORE, ORDERED AND ADJUDGED: That, under the provisions of section twenty-one of the Act of Congress approved June 28, 1898 (30 Stat., 495), Cora Martin is entitled to enrollment as a Cherokee Freedman, and her application for enrollment as such is accordingly granted.

BEFORE THE DEPARTMENT OF THE INTERIOR,

To the Honorable,

The Secretary of the Interior.

In the matter of the application of Allen Martin for enrollment as a Cherokee freedman.

M O T I O N

Comes now Allen Martin by his father, Sam Martin, and moves the Honorable Secretary of the Interior to rescind the Departmental decision of March 2, 1906, affirming the decision of the Commission to the Five Civilized Tribes of March 11, 1904; to reverse said decision, and to enroll Allen Martin as a Cherokee freedman, for the reasons following:

This Allen Martin is a minor son of Sam Martin who was enrolled as a Cherokee freedman March 5, 1904, by the Commission to the Five Civilized Tribes, and later approved by the Secretary of the Interior.

This Allen Martin was born June 10, 1902, and a plication was made for his enrollment in due time, but it appears that the fact that Allen Martin is a son of Sam Martin seems to have been overlooked by the Commission to the Five Civilized Tribes and the Secretary of the Interior.

WHEREFORE, I Sam Martin, on behalf of my minor son, Allen Martin, respectfully request the Honorable Secretary of the Interior to rescind the decision of the Commission approved March 2, 1906, and to enroll Allen Martin as a Cherokee freedman.

MOTION FOR REHEARING.

Comes now the applicant, Jesse Martin, and moves the Honorable Secretary of the Interior to remand his case to the Honorable Commissioner to the Five Civilized Tribes and to grant him a rehearing in order that he might introduce testimony to prove that he is the son of Michael Martin, a duly and lawfully enrolled Cherokee Freedman.

The record herein shows that application for the enrollment of Jesse Martin was made to the Commission to the Five Civilized Tribes by Melvina Martin, his Mother; that the Commission's Decision, dated March 11, 1906, rejected the applications of Melvina Martin, et al., which decision was affirmed by the Honorable Secretary of the Interior on March 2, 1906.

The record further shows that on May 16, 1906, the Honorable Secretary of the Interior in his letter of that date (I.T.D. 8627-1903--D.C. 19220-1906) ordered that the Motion for review of Decision in the case of Melvina Martin, et al., be dismissed as the Department had been unable to identify the case.

It appears that this applicant should be entitled to be enrolled as a Cherokee Freedman because of the fact that his father, Michael Martin, is a duly and lawfully enrolled Cherokee Freedman, and for that reason this Motion is filed and we earnestly ask the Department to remand the case of Jesse Martin in order that he may have the opportunity to introduce the testimony to show what rights to enrollment he may have through his father, Michael Martin.

UNITED STATES OF AMERICA, }

On this day personally appeared before me, the undersigned, a
Notary Public duly commissioned and acting within and for the Northern
District of the Indian Territory, Jesse Martin, of lawful age, who
being first duly sworn, on his oath says:-

"My name is Jesse Martin. My Post Office is now Chelsea, Indian
Territory, and I am an applicant for enrollment as a Cherokee Freedmen
and my case is carried with the application of my Mother, Melvina
Martin, et al., which has been consolidated with the Cherokee Freedmen
enrollment case of William H. Robinson, et al. My father's name is
Michael Martin and he has been duly and lawfully enrolled as a Chero-
kee Freedmen and has received his allotment of land in the Cherokee
Nation.

This Motion is not made for the purposes of delay but in good
faith in order that justice might be done me.

I am yet a minor and will be twenty-one years old on the 22nd
day of December, 1906, and I have depended upon my Mother, Melvina
Martin, to do all things necessary to secure my enrollment but I find
that she has not presented to the Commissioner and to the Honorable
Secretary of the Interior sufficient testimony to show that Michael
Martin, a duly and lawfully enrolled Cherokee Freedmen, is my father.
I understand that the testimony she gave shows that Michael Martin is
my father, but it appears to me that this branch of the case has not
been properly presented. I contend that I am entitled to enrollment
as a Cherokee Freedmen because of the fact that my father, Michael
Martin, is a duly and lawfully enrolled as a Cherokee Freedmen. I did
not present the testimony of my father, Michael Martin, at the former
hearing of this case, because I did not know it was necessary, and
being a minor I contend that I should not be denied the right of being
enrolled as a Cherokee Freedmen because other people have not shown the
proper diligence in securing my enrollment. I am the one affected by
this decision and I earnestly pray the Honorable Secretary of the
Interior to remand my case for rehearing in order that I may have an
opportunity to present the testimony I have to show that I am the son
of Michael Martin, a duly and lawfully enrolled Cherokee Freedmen."

In the matter of the application for the enrollment of Allen Martin as a Cherokee freedman.

Reply on behalf of the Cherokee Nation to motion to reopen.

The representatives of the Cherokee nation respectfully submit that the decision of the Commission in denying citizenship to Allen Martin, a minor herein, is correct, for the reason that there is no testimony tending to show that Sam Martin and the mother of Allen Martin had been married a sufficient length of time for him to have been born in lawful wedlock; in fact there is no testimony whatever to show that they were living together as man and wife at the time he was born, and the testimony does show that she had had children by different parties, and we respectfully submit that in absence of a sufficient showing by the record that she and Sam Martin were living together as husband and wife a sufficient length of time prior to the birth of Allen for him to have been born in lawful wedlock, the decision of the Commission should not be disturbed, the proof showing that the mother of Allen had been giving birth to children by different men throughout the country, and we submit that it is not possible for the mother to know who is the father of the child if she is having sexual intercourse with more than one man and especially when the testimony fails to show that the child was born in lawful wedlock.

We therefore respectfully submit that the motion of applicant to rescind the judgment of the commission heretofore rendered should be denied, and said judgment be not disturbed.

DEPARTMENT OF THE INTERIOR,
COMMISSIONER TO THE FIVE CIVILIZED TRIBES.

In the matter of the motion for a rehearing of the application for the enrollment of Jesse Martin as a Cherokee freedmen, F. D. 887.

Reply of the Cherokee Nation.

The motion for a rehearing filed herein recites that the record shows that the Commission to the Five Civilized Tribes rejected, among others, the applicant on March 11, 1904, and that this decision of the Commission rejecting the applicant was affirmed by the Secretary of the Interior on March 2, 1906.

The motion further recites that on May 15, 1906, the Honorable Secretary of the Interior in his letter of date (I.T.D. 8627-1905)(D.C. 19220-1906), ordered that the motion for review of decision in the case of Melvina Martin, et al., be dismissed as the Department had been unable to identify the case. You will note that this motion is for a rehearing of the decision of the Department denying the motion for review dated May 15, 1906, of which notice was given on June 7, 1906, to Blue & Bulger, attorneys for Melvina Martin, et al. The motion then for a rehearing is to correct the error of the Department of the Interior in denying on May 15, 1906, the motion for review theretofore filed in this case. The question arising now is was there any error committed by the Department on May 15, 1906, and in order to determine that we will have to investigate what the motion contained that was denied on May 15, 1906, for it will be remembered that this present motion for a rehearing is filed under section one of the Act of Congress approved April 26, 1906 (Public No. 129), which provides:

*****and no motion to reopen or reconsider any citizenship case, in any of said tribes, shall be entertained unless filed with the commissioner to the five Civilized Tribes within sixty days after the date of the order or decision sought to be reconsidered except as to decisions made prior to the passage of this Act, in which cases such motion shall be made within sixty days after the passage of this Act;*****

Now the record shows and the motion for rehearing alleges that the judgment of the commission denying the applicant was affirmed on March 2,

1906, and this act under which the motion for rehearing is filed was approved on the 26th day of April, 1906, therefore, the sixty days expired on the 26th day of June, 1906. Now this present motion was filed on the 12th day of July, 1906, and was evidently intended of course to come within the sixty days from the date of the decision by the Department on May 15, 1906, denying the motion for review and is meant to come within that clause of the above provision which limits the time within sixty days after the date of the order or decision sought to be reconsidered. You will observe that it does not come within sixty days after the passage of the act and therefore only comes within sixty days from the decision of May 15, 1906, which must be the decision sought to be reconsidered. Then it is important to find out what was in the motion for review of decision. Our records show that the following was filed upon a regular printed

blank form of motion for review with the name of Melvina Martin, et al. inserted in the blank space. All of the rest which we hereinafter quote, except "Melvina Martin, et al.," being printed. The motion is as follows:

"Department of the Interior.

To the Honorable, the Secretary of the Interior:

In the matter of the application of the following named persons for enrollment as Cherokee Freedmen, consolidating the applications of:

Melvina Martin, et al.

MOTION FOR REVIEW OF DECISION.

Come now, by their attorneys, the above named persons who have been denied enrollment as Cherokee Freedmen solely because they or their ancestors were not physically in the Cherokee Nation on August 11, 1866, or within six months thereafter, regardless of attendant circumstances, and move the honorable Secretary of the Interior to rescind said decision to readjudicate said cases and to enroll said persons as Cherokee Freedmen for the reason that the evidence shows that said persons or their ancestors were slaves of Cherokee citizens at the commencement of the War of the Rebellion, that during said war they were compelled by circumstances over which they had no control to go out of the Cherokee Nation, but returned within a reasonable time after promulgation of treaty of July 19, 1866, considering the attendant circumstances, as shown by the records of the Department of the Interior, the Department of War and the Commission to the Five Civilized Tribes.

These records show that these persons were legally residents of the Cherokee Nation on August 11, 1866.

The records of the Commission show that it did not base its decisions in these cases upon proper grounds, but based them upon a supposed bar in Article 9 of the Cherokee Treaty of July 19, 1866, against the consideration of the reasons why a Cherokee Freedman was not in the Nation prior to February 11, 1867.

The records show that these persons were residents in good faith in the Cherokee Nation prior to June 28, 1868.

That applications were made for their enrollment prior to September 1, 1902.

Wherefore we respectfully request that this motion be allowed.

Attorneys for Applicants.

Service of the above motion accepted and a copy of the same received by the attorneys for the Cherokee Nation, at Vinita, I. T., this day of _____, 1905.

Bell, Hastings & Davenport,
Attorneys for the Cherokee Nation.

By _____.

Passing upon this motion for review the Department held on May 15, 1906 (I.T.D. 8627-1905), as follows:

"A motion for review of decision which fails to give the date of the decision complained of and no information by which the case can be identified except the title 'Melvina Martin, et al.,' of the filing of which you were advised January 15, 1906, is dismissed as the Department has been unable to identify the case."

Could the Department have rendered any other decision? The attorneys do not know complain that that decision was erroneous. They do not point out any error that they desire corrected, but they make an entirely new motion based now upon different grounds, not to review the decision of May 15, 1906, but to review the decision of March 2, 1906, affirming the decision of the Commission rejecting the applicants and therefore they do not seek the reconsideration of the decision of May 15, 1906, but of March 2, 1906, and therefore do not come within Section 1 of the Act hereinabove quoted. We desire to particularly and strenuously invite the attention of the Department to this contention. Second, the original testimony in this case shows that Melvina Martin swore that she never lived with Michael Martin, the alleged father of Jesse Martin, as his husband and wife, and thereby contradicts the affidavit of Mike Martin attached to the motion, and the testimony is to the effect that Melvina Martin had been previously married to Israel Martin from whom she had never been divorced.

The testimony further shows that Mike Martin does not appear upon the roll of 1880 and therefore Jesse Martin does not come within the decision in the David Ross case which requires the enrollment of illegitimate descendants of people whose names appear upon the authenticated roll of

1880. Upon the other hand the Congress of the United States in the Act of April 26, 1906 (Public No. 189), Section 2, indicated that:

"Illegitimate children shall take the status of the mother," showing conclusively what the congressional idea was as to the enrollment of illegitimate children.

Again, the original testimony shows that this question was gone into and the paternity of this child inquired into and the testimony was before the Commission when it rejected the applicant and when this rejection was affirmed by the Department.

We desire to call the attention of the Department to another practice which is exemplified in this motion, which we do not endorse, and which we do not believe the Department will endorse, and that is the last line of the motion for a rehearing as follows: "Affidavit in support of this motion is attached hereto." The truth is no affidavit was attached. This motion is alleged to have been sworn to on the 12th day of July, 1906, and a copy served upon us on the same date. A number of days thereafter there was mailed to us the affidavits of Jesse Martin and Michael Martin both of them taken on the 17th day of July, 1906. Now, note that the original motion is sworn to on the 12th day of July, 1906, and it is stated in the motion that the affidavit in support of the motion is attached thereto, whereas it is shown that the affidavit was not taken at the time and not taken for five days thereafter, or not taken until more than sixty days had elapsed from May 15, 1906, and attorneys for applicants are put in the attitude of swearing to a completed motion for a rehearing whereas the affidavits, the vital part of the motion, did not accompany it, and we move therefore that these affidavits be detached and not considered as a part of the motion. For the reasons hereinabove stated we submit that the motion for a rehearing filed herein should be denied.

Respectfully submitted,

Sir:

April 11, 1908, the Commission to the Five Civilized Tribes submitted a motion for rehearing in the Cherokee freedom case of Velvina Martin et al., so far as Cora Martin is concerned.

It is alleged in the motion that Cora Martin is the daughter of Velvina Martin and Israel Martin and was born to said parents in lawful wedlock, and that her father is a duly enrolled citizen of the Cherokee nation and has received an allotment of land as such; that when the Commission prepared its decision in the case, it either regarded the showing concerning petitioner's father as inadequate or entirely overlooked the same, as the decision stated that all the applicants in the case, including the petitioner, claimed through a common ancestor, Johnson, when, as a matter of fact, the petitioner claims the right to enrollment through her father, Israel Martin.

Velvina Martin stated at the time of the hearing that Cora Martin was 21 years of age, and that Israel Martin was her father. Cora Martin did not appear.

The Commission has not shown anywhere that David Martin
is not a duly enrolled citizen of the Cherokee Nation.

Information is hereby granted and it is returned herewith

DEPARTMENT OF THE INTERIOR,

May 23, 1906.

The Honorable,

The Secretary of the Interior.

Sir:

I have the honor to enclose a report from the Commissioner to the Five Civilized Tribes dated February 20, 1906, transmitting the record of the application for enrollment as a Cherokee Freedman by Cora Martin.

February 20, 1906 the Commissioner decided favorably to the applicant.

The record shows that this case was originally consolidated with the case of Melvina Martin, et al., (William M. Robinson et al.), forwarded to the Department June 20, 1904 (Land 19440-04) and apparently still pending before the Department. Under date of November 11, 1905 (ITD 4256-05) the Department granted a motion for rehearing in the case of Cora Martin.

The evidence shows that Cora Martin, now De Number, is the daughter of Israel Martin who was the slave of a Cherokee citizen at the beginning of the war of the rebellion and complied with the provisions of Article IX of the treaty of 1866. His name is found opposite No. 3485 on a partial roll of Cherokee Freedmen approved by the Department November 16, 1904. It is further shown that Cora Martin was born in the Cherokee Nation.

since 1866 and has continuously resided therein since birth.

In view of the record the approval of the Commissioner's decision favorable to the applicant is recommended.

Very respectfully,

(Signed) C. F. Larrabee,

Acting Commissioner.

September 18, 1906

Commissioner to the Five Civilized Tribes,
Muskogee, Indian Territory.

Sir:

March 2, 1906, the Department affirmed the decision of the Commission to the Five Civilized Tribes rejecting, among others, the application for the enrollment of Allen Martin as a Cherokee freedman. It was not advised at that time of the enrollment of Sam Martin, the alleged father of Allen Martin.

It appears from your letter of May 8, 1906, received with Indian office letter of September 12, 1906, submitting a motion for rehearing in the case of Allen Martin, that Sam Martin and certain of his children are included in the partial roll of Cherokee freedmen approved by the Department, opposite Nos. 3753 to 3757 inclusive. You recommend, in view of the fact that the records of your office indicate that the status of Allen Martin is identical with that of the other children of Sam Martin, and that he is apparently a younger child of Sam Martin, that the motion be granted.

The motion is granted, and the decision of the Department of March 2, 1906, is rescinded as far as it relates to Allen Martin.

The motion is returned herewith as a basis for rehearing.
A copy of Indian office letter of September 12, 1906,

February 4, 1907.

The Honorable,

The Secretary of the Interior.

Sir:

There is forwarded herewith report of Commissioner Bixby, dated November 22, 1906, transmitting a motion for rehearing in the Cherokee freedman case of Jesse Martin, filed with the Commissioner on July 12, 1906.

The protest of the Attorney for the Cherokee Nation, filed on July 26, 1906, is also enclosed, together with affidavits of Melvina Martin, Michael Martin and Jesse Martin, which are filed with and made a part of the motion, by request of the attorneys.

The decision of the Commission to the Five Civilized Tribes rejecting, among others, the application of Jesse Martin for enrollment as a Cherokee freedman, was affirmed by the Department on March 2, 1906 (I.T.D. 1196-1906), and on May 15, 1906 (I.T.D. 8627-1906), a motion for review of the case was denied by the Department.

As this motion was not filed with the Commissioner within sixty days after the passage of the Act of April 26, 1906 (34 Stat.L., 137), there is no authority in law for its consideration,

and it is therefore recommended that it be dismissed.

Jesse Martin is a party applicant to the Cherokee freedmen case of William H. Robinson, et al., which is this day forwarded to the Department in connection with a motion to reopen the case as to the principal applicant.

Very respectfully,

In the matter of the application for the enrollment of
Hannah Ross as a Cherokee Freedman.

DECISION.

The record in this case shows that on June 27, 1901, Edmond Ross appeared before the Commission at Nowata, Indian Territory, and made application for the enrollment of, among others, his wife, Hannah Ross, as a Cherokee freedman. The others included in said application have been otherwise disposed of and their rights to enrollment as Cherokee freedmen will not be considered in this decision. Further proceedings in the matter of said application were had on July 27, August 16, September 21, and November 16, 1904, at Muskogee, Indian Territory.

After ample opportunity having been afforded, the applicant, Hannah Ross, has failed to establish by satisfactory evidence that she possesses any rights to enrollment as a Cherokee freedman, and she cannot be identified on the Cherokee authenticated tribal roll of 1880.

It is, therefore, the opinion of this Commission that, following the rulings of the Department in the cases of Elias Bryant et al. (I.T.D. 344-04), William Rector (I.T.D. 1468-04), Minnie Duncan et al. (I.T.D. 1470-04), Samantha Chambers (I.T.D. 2296-04), Ed Williams (I.T.D. 4230-04), and Moses Ross (I.T.D. 6056-04), the application for the enrollment of Hannah Ross as a Cherokee freedman should be denied, under the provisions of section twenty-one of the Act of Congress approved June 28, 1898 (30 Stat., 495), and it is so ordered.

To the Honorable, the Secretary of the Interior:

In the matter of the application of the following named persons for enrollment as Cherokee Freedmen, consolidating the applications of:

Wannah B. B. B., et al.

MOTION FOR REVIEW OF DECISION.

Come now, by their attorneys, the above named persons who have been denied enrollment as Cherokee Freedmen solely because they or their ancestors were not physically in the Cherokee Nation on August 11, 1866, or within six months thereafter, regardless of attendant circumstances, and move the Honorable Secretary of the Interior to rescind said decision to readjudicate said cases and to enroll said persons as Cherokee Freedmen for the reason that the evidence shows that said persons or their ancestors were slaves of Cherokee citizens at the commencement of the War of the Rebellion, that during said war they were compelled by circumstances over which they had no control to go out of the Cherokee Nation, but returned within a reasonable time after promulgation of treaty of July 19, 1866, considering the attendant circumstances, as shown by the records of the Department of the Interior, the Department of War and the Commission to the Five Civilized Tribes.

These records show that these persons were legally residents of the Cherokee Nation on August 11, 1866.

The records of the Commission show that it did not base its decisions in these cases upon proper grounds, but based them upon a supposed bar in Article 9 of the Cherokee Treaty of July 19, 1866, against the consideration of the reasons why a Cherokee Freedman was not in the Nation prior to February 11, 1867.

The records show that these persons were residents in good faith in the Cherokee Nation prior to June 28, 1898.

That applications were made for their enrollment prior to September 1, 1902.

Wherefore we respectfully request that this motion be allowed.

Attorneys for Applicants.

Service of the above motion accepted and a copy of the same received by the attorneys for the Cherokee Nation, at Vinita, I. T., this day of , 1905.

Dear Sir:

In the matter of the application of Edmond Ross, for the enrollment of his wife, Hannah Ross, as Cherokee freedman, you are advised that before the commission can render a final decision in this case, it will be necessary that further testimony be introduced tending to show whether or not the said Hannah Ross, or her parents, were the slaves of a Cherokee citizen at the commencement of the war of the rebellion, and returned to the Cherokee Nation after the war and within the time provided in the treaty of 1866.

The applicant, Edmond Ross, has therefore this day been directed to appear before the Commission at its offices in Muskogee, Indian Territory, at 9 o'clock A.M. on Wednesday, July 27, 1904, and introduce testimony as above indicated. By Mr. Davenport:

- Q What was he doing then Cap, when you saw him? A They were camped on the Creek there when I saw them.
 Q You don't know where they had been during the war? A No sir.
 Q Had they just come from Kansas or some other place, or just seemed to be camping there? A They seemed to have been there somewhere.

- Q About a year? A No, not that long.

Q What makes you think it was January, '87? A I can tell you; Bill Foreman, I had been hired to Bill Foreman, he moved to Big Creek and from Big Creek back to Cabin Creek; I had been working for him about three months I guess, right along, and I went home about the first of December, he owned me twenty-five dollars, he told me to come back after Christmas about the first of January, he didn't have any money, and I stayed there about four or five days waiting for him.

Q Where was Bill Foreman living then? A On the John Foreman place.
 Q How far from the Lee Schrimsher place? A About two or three miles; while I was waiting there for Foreman and hunting around I run across this family; hunted on the creeks there and around through the country, nothing to do but hunt around.

Q How far were they from the Lee Schrimsher or Foreman place when you run across them? A About a mile and a half.

Q Did you work for Bill Foreman around the Foreman place in '86?
 A Yes sir.

Q Did you see them there during that year of '86? A No sir.

Q Were you following cattle around over the creeks? A Well, I was driving cattle for Foreman, and driving teams.

Q You had been on the creeks around where you saw them in '87?
 A Not much, Foreman never left Big Creek until about December and he came to Cabin Creek, and about the first of December I went home, and about the first of January I came to get my money.

Q Were you with Foreman from May to December, '86? A He never lived there up until then.

Q Were you around the Schrimsher place from May up to '86? A I passed there twice.

Q How far did you work from the Schrimsher place during '86?
 A About three or four miles down the creek.

Q Did you see this applicant or his family about the Schrimsher place at any time during the year of '86? A No.

Q How often did you say you passed the Schrimsher place? A I passed there twice. We came there as we moved over and when we come back we come back that way.

Applicant, WILLIAM HENRY ROBINSON, re-called and further examined, by Com'r Needles:

Q You present a marriage certificate certifying that you married your wife, Willie, did you ever have a license? A No sir, there is the first license I got.

Q Never had any license? A No sir, that's the first time we was married, we married only according to customs.

Q Was you ever married but once? A Yes sir, I married twice, but to the same woman.

Q What did you marry twice for? A She come in as a claimant, they failed to respect her such some years ago, and subsequently we was advised to marry according to Cherokee laws.

Q When you marry according to Cherokee law don't you have to procure a license? A That is all I - license they claimed it was necessary for me to have.

By Mr. Smith:

Q Where did you marry your wife first? A In the Cherokee Nation.

Q How many years ago has that been? A 28 years ago.

Q Have you been living together as man and wife ever since that?

A Yes sir.

Q Who were you married by? A Brother named Nathan Duffin, a preacher.

Q Is he living or dead? A Dead.

Q Is there anyone here who saw you married? A I guess so, Thomas Mayfield was present.

THOMAS MAYFIELD, being sworn by Com'r Needles, testified as follows:

By Mr. Smith:

Q State your name? A Thomas Mayfield.

Q Where do you live? A On Grand River.

Q In what nation? A Cherokee Nation.

Q Do you know this applicant, William H. Robinson? A Yes sir, I know him.

Q You know his wife? A Yes sir.

Q Were you present when they were married? A Yes sir.

Q Who married them? A Nathan Duffin.

Q About how long ago has that been as well as you can remember?

A Right near fifteen or twenty years ago.

Q Might have been near that? A Might have been.

Q You don't know how long it has been? A No sir, I don't know exactly.

Q Was Duffin a preacher? A Yes sir.

Q Where were they married? A Married in my church house there on Grand river, Island Ford.

Davenport, Cherokee Pop'vo, waives examination.

Applicant, WILLIAM HENRY ROBINSON, re-called and further examined, by Com'r Needles:

Q When were you married the first time? A Married first day of August, '72, I believe.

Q You know the reason your name is not on the book of 1880?

A No sir.

Q Did you ever apply to have it put down? A I applied and I supposed they put it on, but it failed to show up.

Q You applied did you? A Yes sir.

Mr. Smith offers a marriage license, and reads it to the Davenport, for examination.

Mr. Davenport: The Representatives of the Cherokee Nation object to the introduction of the said license of marriage offered, for the reason that at the time it was offered,

anted there was no law in force in the Cherokee Nation authorizing the issuing of marriage certificates according to Cherokee law by which anyone marrying a recognized citizen could acquire property rights in the Cherokee Nation, the law having been repealed on December 18th, 1893, and for the further reason that there was no law authorizing a clerk to issue a certificate of marriage according to the laws of the Cherokee Nation to any parties other than recognized citizens of the Cherokee Nation, and if the clerk violated his duty it would give no force to the applicant in establishing his right as to having been a free colored person at the breaking out of the war and residing in the Cherokee Nation, having returned in accordance with the Treaty.

Applicant examined by Com'r Needles:

- Q You apply for your wife as an intermarried citizen? A Yes sir.
By Mr. Smith:
Q Did your wife apply for enrollment? A Her mother has a claim on file here, so I understand.

Com'r Needles: William H. Robinson applies for the enrollment of himself and wife and seven children; to-wit: James A., Jennetta, Charles S., Ollie, Amanda E., John S., and William D. Robinson: he swears that he is a free colored person, never a slave, and was a resident of the Cherokee Nation before the adoption of the Treaty of 1866; he went out of the Cherokee Nation during the war between the North and the South and returned in the year 1866; he swears that he was married to one Millie Hill, a non-citizen; he however swears that his wife is an applicant or has a claim for citizenship; he presents no proof whatever as to the citizenship of his wife, and her name cannot be found upon any of the rolls of the Cherokee Nation now in the possession of this Commission: he makes verbal proof of his marriage to his wife, Millie, more particularly shown in the testimony; he also files certificate signed by Joe M. LeMay, Clerk of Cooweescoowee District, certifying that he was married in accordance with the laws of the Cherokee Nation on the 10th day of March, 1897, to one Millie Robinson, nee Hill, a citizen of the United States, said certificate being recorded on page 132, book E, of marriage record of Cooweescoowee District; upon examination of the rolls of the Cherokee Nation his name cannot be found upon the authenticated roll of 1890, but he is duly identified upon the Kern-Glitten and the Wallace rolls, and his children are duly identified upon said roll, with the exception of the youngest child, William S., three years of age, which makes it necessary for him to file satisfactory proof of marriage of said child: consequently, said William H. Robinson and his children as enumerated herein, will be duly listed for enrollment as Cherokee freedmen upon a doubtful card, and his wife, Millie, will be duly listed for enrollment as Cherokee freedmen by intermarriage or by her inherent rights, as the testimony may develop; he will be duly notified by mail of the action of the Commission on his application when arrived at.

Examiner re-called, supplemental examination.

- By Mr. Smith:
Q Has there ever been any law case, law case tried in the Cherokee Nation? A No sir.

By Com'r Needles:

Q Ever vote in the Cherokee Nation? A Yes sir.

Mr. Davenport:

Q Who did you vote for? A I don't know how many.

Q Joe Latta? A No, I don't know who I voted for Joe Latta to get him to stop running for me.

Q Who did you vote for? A I voted for the treaty, and I voted for Mr. Washington, and I voted for you when you was running.

Q And you know all that now? A I know it.

By Com'r Needles:

Q Was Davenport's majority over one? A I don't know that.

Q If it wasn't over one we could throw him out, because yours was illegal, isn't it? A (No reply)

By Mr. Hastings: I desire to introduce a certified copy of this contract. (Hands paper to Mr. Mellette.)

By Mr. Mellette: I object to the introduction, because it does not show where Mumford Robinson lived at the time he made it, and it does not show that it is the Mumford Robinson that was mentioned in the testimony.

By Mr. Hastings: The representatives of the Cherokee Nation desire to call attention to the fact that it does say Mumford Robinson and Annie Robinson of the County of Bourbon, and State of Kansas.

By Commission: There is offered in evidence by the representatives of the Cherokee Nation a Warranty Deed made by Mumford Robinson and Annie Robinson, his wife of the County of Bourbon, State of Kansas, on the 7th day of December 1869; same is filed herewith.

Q How far did the family live from you? A They lived just the next, there was one lot, a fifty foot lot between us.

Q Was that vacant or did it have a house on it? A I think there was a house partly on it; there was quite a space between their lot and our lot.

Q Have you had the names called to your attention since you came here the names of the children? A I don't think I have.

Q You could remember the names of those children 32 years? A Indeed I could, every one of them.

Q You have remembered them that long? A I have remembered them that long.

Q How old were you when your father died? A I was a girl of about 18 years, 14 or 15 years.

Q And you remember the names of children 32 years you haven't seen since that time? A I do.

MR. DARRING: The Cherokee Nation offers in evidence a decision of the Supreme Court in 1871, as taken from a book from the records of the Executive Department of the Cherokee Nation entitled, Pocket of Doubtful Cases for Cherokee Citizenship tried in 1871, and from that part of the book headed Doubtful and Sequoyah District, No. 143. The following:

W. H. W. W.

Decided against claimant June 16, 1871.

The Cherokee Nation also desires to introduce in evidence a decision of what is known as the Chamber's Court, on June 12, 1888, as shown from the judicially record, No. 1, page 3, in the case of Henry Post vs. the Cherokee Nation, the same being signed by John Chambers, President of the Commission, D. F. Butler, George Downing, Commissioners, countersigned D. L. Mitchell, Clerk of Commission. As follows:

*No. 1. Henry West vs Cherokee Nation. Claim by Elizabeth, widow of the deceased, on certificate, stating at

This case, comes under that class of cases in which the Commission have jurisdiction under act of Nov. 11, 1866, granting citizenship under the 14th article of the treaty of 1802, in regard to persons of African descent, who were born slaves but who were a slave and owned by a person of the Nation and both resident here at the commencement of the rebellion. Plaintiff was afterwards sent to Texas, by his owner, but returned in 1865, that is, within six months after the ratification of the treaty of 1802.

[illegible]

in April 1867, is more than six months after the time specified in the said 9th Article of said treaty.

Claimant, therefore, under the most favorable view we can take of his claim, does not derive or acquire any rights in the Cherokee Nation under said treaty in the opinion of his Commission, and consequently they decide that said claimant is an intruder, on the Public Domain of the Cherokee Nation.

Attention is called to the fact that at the head of the decision, dated June 12, 1878, that the date is omitted, but the decision on page 8 of the same book, in the case of Mary Ann Trimble vs. the Cherokee Nation, is dated June 7, 1878. And the case upon the page following this decision, the same being that of Will Miller vs. the Cherokee Nation, is dated June 12, 1878.

MR. MCRAE: To all of which the applicant objects for the reason the cases cited does not tend in any manner to make any issue in this case, and has no bearing whatever. Come now the attorney for the applicant and objects to the introduction of the records above for the reason that neither of the records cited by the representatives of the Cherokee Nation in this case has any tendency whatever to prove any issue in this case, and for the further reason that the same is incompetent and irrelevant; and further, it appears that in the record as cited, the same being known as the Chambers record, that it appears upon the face of the same there is no year mentioned in the alleged decision of the said Commission as being rendered against Henry West, whose name is not mentioned in the application of the case at bar, and subsequently would have no bearing as to the rights and the status of these applicants. It would further appear that these applicants, Houston West et al, were slaves in the Cherokee Nation before the war of the rebellion, and was owned by a Cherokee citizen by blood. Consequently, the alleged decision as appears against Henry West would have no bearing upon these applicants, the being claimants in their own rights and status. Mr. Hastings, I'll swear you, without waiving any of the objections.

W. W. Hastings, being first duly sworn, testified as follows:

MR. MCRAE: Your name is W. W. Hastings.

Q Age and postoffice address? A I am 35 years old and postoffice is Tahloquah.

Q Mr. Hastings, what knowledge or information have you as regards the appointment of the Cherokee Commission, or what constituted authority has this Commission appointed? A I am a member of the Cherokee National Council, and I am informed that the said Commission was appointed by the Council of the Cherokee Nation.

Q I will ask you if it is not the law under the Constitution of the Cherokee Nation that in the appointment of these Commissioners on either side, if when the Council has exercised its duty regarding the same, that before the same can become a law, either for or against the applicants as appear before them, that the Commission, would have to be ratified by the Council of the Cherokee Nation, ratified by the Council of the Cherokee Nation?

I haven't that long before, but I have no doubt from the evidence that I have read of it that it did admit a great number of people and it didn't take any immediate action of the National Council.

Q. Well, do you know of your own knowledge or information whether or not there were any persons who appeared before these respective Commissions and their cases were submitted to the Council for admission or rejection? A. There weren't any so far as I know except those who weren't any submitted to the National Council except, so far as I know, except some in 1871; none of these later admissions they had full authority to investigate and and admit themselves or reject, and this Commission had authority to admit or reject, and the Council have no supervisory control over it.

Q. Then the action of the Commission as regards the enrollment of citizens was final? A. Yes, sir. Now I mean this Commission, yes, sir.

Q. The Chambers Commission? A. Yes, sir. Well I was stating my judgment of the law, I wasn't there, you know, never practiced before it.

Q. How about the Commission of 1871, Chamber as that's the name of that Commission? A. Well, in 1869 an act was passed allowing certain people to go before a Chief Justice of the Supreme Court, and he had hearings up until about 1871. I don't remember the exact date, but under that older case, I don't know, but my recollection was that it was December 3, 1869, but I wouldn't be positive as to that, but rather under that the Justice of the Supreme Court heard applications, and referred the to the National Council, but I know of no other minorities that did. I can't recall any.

Q. The last the president of the Commission of 1871, chairman of the Commission appointed in 1871? A. I would have to look that up. I believe John S. Vann was along about that time, but perhaps I am mistaken. Well, this record here shows that F. B. Daniels was Chief Justice in 1871. John S. Vann was along about that time, I don't know how long he was in or out.

Q. The last the President of the Commission appointed to hear citizens who had application in 1871? A. This book shows that R. J. Daniels was Chief Justice of the Supreme Court in '71; that book shows that.

Q. I want to make a further objection as regards the entries of the '71 docket. It is further objected to as regards the introduction of the entries upon the docket of Southern cases from Cherokee citizens in 1871 for the reason that from the very face of the record indicates that the same presents more like the entries kept upon that of a day book than that of a regular record kept by a regular organized and a properly constituted court or record.

THOMAS A. WILLIAMS, being first duly sworn, testified as follows:

Mr. WILLIAMS: What is your name? A. My name

Q. Your name? A. Thomas A. Williams.

Q. Your age? A. I am 41 years old.

Q. Postoffice address? A. Raleigh, North Carolina.

Q. Mr. WILLIAMS, are you acquainted with the names of the persons who were admitted to the citizenship in 1871? A. Yes, sir. I am acquainted with several and especially acquainted with Willie West.

Q How long have you known him? A Well, sir, in 1866 I had a bunch mules, myself and Crosby, and we was keeping them on Camp Creek there right below old man West's, and some time in the early part of the winter perhaps, just before Christmas, two or three or four days, Falk Mayfield brought the family back there, they were chaps.

Q Who was Falk Mayfield? A Falk Mayfield? That was a Cherokee I took him to be.

Q Where was he when you saw him in '66? A I saw them and camped just about about, when they first came there they came just above where the bridge is.

Q In the Cherokee Nation? A Yes, sir, in the Cherokee Nation, because I was growing there with the ruler.

Q Now I will ask you, Mr. Williams, how long have you lived in the Cherokee Nation? A Why, sir, I have lived in and out of the Cherokee Nation, well, let me see, I came in there, I located one year in the Cherokee Nation before I was made a citizen of it.

I was in the Cherokee Nation in '67, the bigger part of the year in '67; then in '74 I came into the Cherokee Nation and made a chop, I believe it was in '74, and then in '77 I became an adopted citizen, and I have been here most of the time since.

Q Were you acquainted with the father and mother of these boys?

A Why I have seen them hundreds of times, yes; I didn't have a close personal acquaintance with them because they are a lot to themselves.

Q You are positive that it was some time in the month of December, '66? A Yes, sir, to the best of my knowledge it was three or four days before Christmas.

Q In the Cherokee Nation? A They were in the Cherokee Nation, because I and Crosby was driving a little bunch of mules we had, taking them over.

Q Well to your knowledge, so far as you know, have they lived continuously in the Cherokee Nation since you first knew them in '66? A Yes, sir, to the best of my knowledge their family has lived and remained right there.

Q You have had occasion to see them oftentimes since then? A Very often, we were hunting stock there very often.

Q And you say that your knowledge and acquaintance with Gallic is of a very intimate nature? A Yes, sir.

Q And character? A Yes, sir, he is a truthful, honest, straight, upright man so far as I know.

Q You were at one time a recognized citizen of the Cherokee Nation, were you not? A Yes, sir, I was, and drew money from the Cherokee funds.

Q Now, HASTINGS: When did you draw money? A I think it was in '79 and maybe '80, the record shows. David Commissioner found me on the record, and you can find me there very easy.

Q Don't you know that they didn't pay out any money either in '79 or in '80 to anybody in the Cherokee Nation, and the records will show that? A Well, I don't remember the exact year, but it was along there somewhere, I was in Tahlequah and I drew in Vinita.

Q Do you remember how much both you and Gallic went from you do when you drew money your first? A I made no money at first.

Q Well did you make any money of seeing him? A I made a minute or two more that he had not.

Q Some more? A They make some record, that I remember very well.

Q That's Gallic's wife's name? A I don't know both, which, his first wife.

Q Yes, sir. A I don't remember what his first wife's name was.

Q How many children did he have when you first saw him? A Why he didn't have any one.

Q Did he have a wife? A No, sir, wasn't no wife.

Q About how old was he when you first saw him? A I don't know; he was a kid or a boy.

Q Don't have any idea about that? A No, I couldn't think any thing about it.

Q With whom were you living when you first saw him? A I was living with myself.

Q Where? A Why I was going from Fort Smith to Jennie Lind and around; we had a bunch of cattle, they were scattered, and we had some cattle in the Cherokee Nation, and quite a little bunch in Arkansas.

Q Who owned them? A He and Jesse Crosby, that fell out of a two-story window in Fort Smith and broke his neck in two.

Q He isn't alive now? A No, sir, he's dead now.

Q Did you know any other Cherokees over there in '66? A Why I think I did, Uncle Billie Wilson.

Q He's dead too? A Yes, sir.

Q Was he there in '66? A He was there, here in '66 I think.

Q Now, Mr. Williams, Walker Hayfield testified, and the record in this case shows, that he returned to the Cherokee Nation there with a crowd of people on the 4th day of April, '67, and the testimony of a number of other reputable witnesses is to that effect; what do you say about that? A Well I will say that I am not responsible for what Walker Hayfield swore.

Q Well do you say that isn't true?

MR. MCRAE: You say that Walker Hayfield has testified to that in this case?

MR. HASTINGS: No, I say he has testified and the record shows.

MR. MCRAE: This record?

MR. HASTINGS: Yes, sir.

MR. MCRAE: This judgment just entered here?

MR. HASTINGS: Yes, sir.

Witness: Well, to the best of my recollection it was three or four days before Christmas that I saw Walk Hayfield here. Whether he went back into the state and came back again into the Nation I don't know.

Q Mrs. D. H. Williams swore in '66 that her uncle, Walker Hayfield, came there about the first of April, '67, and that she was teaching school in that vicinity, and that she went out there to teach.

Do you say now that you met your judgment, and you a stranger, and against those who were blood relatives? A I put my recollection,

I am telling that as I remember it; it certainly was just before Christmas that we drove our calves over, and the family was certainly there; to the best of my recollection it was just before Christmas.

Q D. H. Williams, who lives at Mangum, swears that Walker Hayfield, who was his wife's uncle, came back in '67 in April, do you disagree that? A Why I am not disagreeing; I am telling you the best of my recollection, and I recollect where I first saw Walker Hayfield when I came back from Texas.

Q Did you see him before the war? A I had seen him a few times.

Q Where did he live? A He lived right down to where the railroad runs now.

Q Did you see him there? A Not him in Fort Smith, and I have seen him over in the Nation.

Q In the Nation before the war? A Yes, sir, I was all through that country before the war.

SUPPLEMENTAL TO D-689.

APPEARANCES:

A. S. McKee for applicants.
W. W. Hastings for Cherokee Nation.

MR. HASTINGS: The Cherokee Nation offers in evidence a
decision of the Supreme Court in 1871, as taken from a book from
the records of the Executive Department of the Cherokee Nation
entitled Booklet of Doubtful Cases for Cherokee Citizenship Tried in
1871, and from that part of the book headed Doubtful Hall Sequoyah
District, No. 142, the following:

"Henry West.
Decided against claimant June 12, 1871."

The Cherokee Nation also desires to introduce in evidence
a decision of what is known as the Chambers Court, on June 12, 1871,
as shown from the citizenship record, No. 1, page 2, in the case of
Henry West vs. the Cherokee Nation, the same being signed by John
Chambers, President of Commission, G. A. Brewer, George Downing,
Commissioners, countersigned D. L. Nicholson, Clerk of Commission,
as follows:

| | | |
|---|---|---|
| "No. 1.
Henry West
vs
Cherokee Nation. | } | Claim of Citizenship. Before the
Commission on Citizenship, sitting at
Tablequah, G. M. June 12th, 1871 |
|---|---|---|

This case, comes under that class of cases, of which the
Commission have jurisdiction under Act of Dec. 1877, claiming
citizenship under the 9th Article of the Treaty of 1866, in regard
to persons of African descent. His statement alleges that he was a
slave and owned by a citizen of the Nation, and both resident here
at the commencement of the Rebellion. Claimant was afterwards sent
to Texas, by his owner, but returned in time, that is, within six
months from the ratification of the Treaty of 1866.

The facts above are proven satisfactorily, except as to the
time of the return to the Nation. This is the turning point in Henry
West's case. The Commission find that the only testimony on that
point, is the statement of Walter Mayfield, who says that he and
claimant returned to the Nation on the 4th day of April, 1867. This
is decisive of the case. Claimant came too late. The Commission
are confined by the Act establishing the Commission to the time mentioned
in the Amendments to the Cherokee Constitution, so far as to the
exact time of the ratification of said Treaty is concerned, which
places it, on the 19th day of July 1866; and hence claimant's return
in April 1867, is more than six months after the time specified in
the said 9th Article of said Treaty.

Claimant, therefore, under the most favorable view we can take
of his claim, does not derive or acquire any rights in the Cherokee
Nation under said Treaty in the opinion of the Commission, and con-
sequently they decide that said claimant is an Extruder, on the Public
Domain of the Cherokee Nation.

Q Age and postoffice address? A I am 55 years old and postoffice is Tahlequah.

It is further objected to as regards the introduction of the entries upon the docket of doubtful cases for Cherokee citizenship tried in '71 for the reason that from the very face of the record produced, that the same appears more like the entries kept upon that of a day book than that of a regular record kept by a regular organized and a properly constituted court of record.

THOMAS A. WILLIAMS, being first duly sworn, testified as follows:

MR. MORRIS: What is your name? A My name?

Q Yes, sir. A Thomas A. Williams.

Q Your age? A I am 61, going on 62.

Q Postoffice address? A Muldrow, Indian Territory, Sequoyah District.

Q Mr. Williams, are you acquainted with Houston West and brothers?

A Yes, sir, I am acquainted with Houston and especially acquainted with Collis West.

Q Do you remember more about when you saw Callis than you do when you drew money for yourself? A I made no minute of that.

Q Well did you make any minute of seeing him? A I made a minute or some cows that he had got in.

Q Some cows? A They made some record, that I remember very well.

Q What's Callis' wife's name? A I don't know both, which, his first wife?

Q Yes, sir. A I don't remember what his first wife's name was.

Q How many children did he have when you first saw him? A Why he didn't have any one.

Q Did he have a wife? A No, sir, wasn't no wife.

Q About how old was he when you first saw him? A I don't know; he was a kid of a boy.

Q Don't have any idea about that? A No, I couldn't think anything about it.

Q With whom were you living when you first saw him? A I was living with myself.

Q Where? A Why I was going from Fort Smith to Cowles land and around; we had a bunch of cattle, they were scattered, and we had some cattle in the Cherokee Nation, and quite a little bunch in Arkansas.

Q Who owned them? A He and Jesse Crosby, that fell out of a two-story window in Fort Smith, and broke his neck in two.

Q He isn't alive now? A No, sir, he's dead now.

Q Did you know any other children over there in '88? A Why I think I did, maybe Willie Wilson.

Q He's dead too? A Yes, sir.

Talliquah,

July 3, 1872.

Miko called a witness for claimant called and sworn.

I am I think I am about 47 years old. I live in Illinois now, but I was a citizen of the Nation. I have been on the doubtful roll but had my rights proven up before the Supreme Court.

Am a citizen under the treaty of 1866. I went north to the state of Kansas in '62. I returned in August - 21st or 22nd, 1866. I left my family in Fort Scott when I came. I came down to get me a claim. I staid about three weeks that time, and then returned to Fort Scott. After I returned to Fort Scott there were others who started down, the Whitmires were of that number. The claimant was one of them. They came down in Decr. 1866. They returned to Fort Scott before I left there. I left Kansas about the 2nd week in January, 1867 and got to the crossing of the Neosho river about the last of January. When I first came down there was about 15 in the party. They left their families in Kans. when they came down here. There was some of party come with the Whitmires who piloted the Whitmire party and my party were Sam Webber, Mike Daniels, Sam Cobber, Jr., Aaron Webber, Reubin Sanders, Tuck Sanders.

The Whitmire proper were Aaron, Lewis, Hoso, Dennis and Nelson Whitmire and others that I do not recollect. The object of this party coming was for the purpose of erecting houses. When I moved with my family I stopped on Pryors Creek at Mrs. Alberty's and remained about two weeks. The reason we left that part of the country was because that part of the country was too sparsely settled and bare of subsistence. As I was coming down the first time we were overhaken by the Cherokee Delegation. They were some who come here were authorized by others to locate claims for them, one was by MeKey requesting Abe Fields to locate for him. The original request filed.

Cross Examined.

I can not remember the date I arrived here the first time from Kansas. The claim we made I got three sets of house logs, hauled them and piled them up, and some of the men put up houses, I did not put up a house. I started back to Kansas about the middle of September. When I first left the country it was in February, 1862. I was a slave before the war and was owned by Sam Taylor when the war broke out. He was living on Greenleaf near Bushy Mountain on this side of Arks. River. When the Whitmires returned to Fort Scott I do not know when they left there to come to this country as I left them there when I left. It was reported when they returned to the Nation that the Whitmire party had built houses. But I do not know this myself as I was not along. I only heard they had. The War closed in 1865 I think. I did not know it myself but people told me who could read.

I do not know myself that it was the month of Aug. When I come here first, but I was told it was that time.

Re Direct.

It was the December following the time I first came down that the Whitmires come down first to select and improve claims.

August 1, 1878.

Bluford Alberty, witness for claimant,

I reside in Cooweescoowee District, S. S. I am a native Cherokee citizen. I left the Nation during the war. I returned to the Nation on the west side of Grand River, Cooweescoowee District.

on the 3rd of September, 1866. I had occasion some time in the last of Oct., or the first of Nov, or probably it might have been as late as the middle of November, to go to the Verdigris. While out there I fell in with a party of seven or eight persons who were camped with others near Sam Branches. I did not go to the camp. They were colored people. I know most of them. Their names were: old Sam Webber, Aaron Whitmire, and a younger brother and Lewis Whitmire.

There was another person whom I was told was a Landrum. I do not recollect any of the others and can not identify them. The Whitmires were Johnson and George Whitmire, Aaron, Lewis and his mother belonged to George. In conversation with Sam Webber he asked me if I knew anything about the treaty and if Jim McDaniel had got home. I told him I had not seen the treaty but had heard rumors about it. He told me they had come to pick themselves horses or make claims and that he was the leader of the company and the reason why Major Wright did not come was that he was an old man, but that he had sent his son down to work for him and make him a claim. He then asked what chances there was to get provisions over on the river; I told him there was none there, but that there was a lot of cornmeal flour at Gibson and if they would go there they would get some. He also represented that they had come down to make claims for others, who had remained in Kansas, to build them homes and so forth. They also stated that they were notified to come, and that they had accordingly come to make claims for themselves and the others that they left behind in Kansas. As near as I can recollect it was some time in October or November that I saw these parties. I was not very cold weather at the time. I recollect as I camped out at night. Did not see any of these parties after this in May, 1867. There was no provisions to be had in this country at that time. Provisions were very scarce. It was my understanding that they had come to prepare homes for themselves and families. They told me so at least. Major Wright belonged to Cornelius Wright before the war.

Cross Examined.

I heard after this some of them went back to Kansas. At the time I met them I do not know whether their families were with them. I think I saw Dennis Whitmire with this party, but am not certain of seeing Dennis or Nelson. I know there was four of the Whitmire boys. They were owned in the Nation and resided here up to the breaking out of the war.

I know Melissa Ratliff. She was twelve or thirteen years old at the close of the war.

She was living with her son and still lives in my family. Jack Landrum was one of the band above referred to, also Ransom Daniels. I learned from our leaders Uncle Mike and Sam Webber that the Cherokee delegates advised us to settle in a compact body on unoccupied lands. We crossed the river in coming down at Melane's Ferry in 1866. The chief Perryman who crossed us was Bill Martin.

While on Lightning Creek, in 1866 I saw Mr. Alberty but had no conversation with him, but Sam Webber had in my presence.

Cross Examined.

I am a claimant before this court for citizenship. I am a half-brother of Aaron Whitmire, Louis, Dennis and Nelson are also my brothers. Mariah Whitmire is my sister. Major Wright is my stepfather. The names of the party that came with me to the Nation are as follows: Mike Sanders, Sam Febber, Peter Heigs, Bill Foreman, Tuck Sanders, Ransom Daniels, Sam Febber, Jr., Louis Whitmire, Nelson Whitmire, Dennis Whitmire, Aaron Whitmire, is all I can recollect now. Witness and my brother were authorized to make claims for others still back in Kansas. Dennis made a claim for Major Wright. I can't name any others. Witness was a man of family in 1866 when we came on from Kansas. My family was at Fort Scott. Melissa Ratliff, Ed Wright, and my wife and myself composed my family. Louis had no family. Aaron and Nelson did. Major, Sam, Nelson and Allen were Aaron's children and his wife, Sarah. They were left, the wife and children in Fort Scott when we came in 1866. Eliza Sanders, Thos. Sanders were Nelson's family and back at Fort Scott. We went back 1st January 1866 to Kansas after coming to the Nation. When witness returned in 1867 to the Nation Aaron, Louis, Nelson, Dennis, Ransom Daniels, Tuck Sanders, Peter Heigs and the families of those who had families all come as I did besides others not particularly remembered. This was the first time any of our families had been to the Nation, at least mine, Aaron's and Nelson's.

The first time Mariah Whitmire was in the Nation after the war closed was after our parties returned in families in 1867.

The first time Major Wright returned was on our first trip in 1867. Melissa Ratliff was owned by one Alec Ratliff at breaking out of war. She first came in March 1867. Jack Landrum was along in 1866. He was a slave at the beginning of the war. I was present during the examination of Mr. Alberty as a witness in this case.

Re Direct.

Mariah's family at the close of the war was a separate family. Harry Whitmire, her son, represented his mother on the first trip in 1866. Witness is about 53 yrs. old. Major Wright was an old man at the close of the war. Louis Whitmire had been back to the Nation before 1866.

Aaron Whitmire & family)
vs)
Cherokee Nation.)

Claiming citizenship.

Now comes claimant by Atty before the Commission sitting at Tahlequah to try certain claims for citizenship in the Cherokee Nation and makes this his statement of his grounds for said claim to wit-

Claimant is a colored person and claims an aforesaid under privilege of the fifth specification of the classes of claims preferred by law to this Commission to examine and decide rights by competent authority having been denied citizens.

Claimant belonged to Gen. Whitmire a Cherokee citizen at the commencement of the war of the rebellion and was then living in said

Nation. After the beginning of said war claimant moved to or the vicinity of Fort Scott with his family at which location he resided until the summer of 1866 when he returned to this Nation and proceeded to select and improve a home on the Verdigris River for himself and family's permanent residence. While he was thus making preparations for the removal of his family by providing for their habitation and subsistence at the place mentioned they his family remained where they had been sojourning during the war.

Claimant was compelled by unfavorable circumstances and the attention he was obliged to bestow upon his family to remit his work upon his improvement on Verdigris River from the early Fall of 1866 to the early winter of the same year, when he resumed labor upon his improvement, after which he removed his family as soon as practicable to wit in the spring of the year of 1867.

Claimant claims to have returned to this Nation in his own person and as representative of his family within the time provided for by treaty, in that having no residence to come to, as other former citizens he did everything possible to constitute a return consistent with the duty he owed to his family by laboring as far as his means allowed to provide a home in this Nation.

Amos Whitmore

vs

Cherokee Nation.

August 1st, 1878.

Mr. Martin, witness for claimant, called and sworn.

I live on Big Creek, Coconocococococ, C. N. Am a citizen of the Nation. From August up to Christmas 1866 I was at the ferry on the Neosho River on the old military road leading from Fort Scott, Kansas to Fort Gibson, C. N. Am acquainted with claimant and his brother, Lewis, never knew Amos until I meet him at the river. Lewis I knew prior to that time. While I was in charge of the ferry I recollect having meet claimant and Moss, Lewis, Dennis and Nelson, Whitmore, Peter Haigs, Mike Sanders, Sam Webber, and Young Sam, Bill Forerant and others but I do not recollect anything about them. They were traveling. They stated they were coming from Fort Scott, Kansas, they were traveling from the direction of Fort Scott. I crossed them from the Shawnee side of the River into the Cherokee Nation, they inquired the road to Big Creek. Nelson gave them the directions to the head of Big Creek. They stated the reason why they were coming was that the Cherokee Delegation had invited them to come back under the treaty. They mentioned Jim McDonald as the principal one who had invited them and they were then on their way to select themselves horses.

It was after the Delegation returned that I meet claimant and the others spoke of it was pretty cold weather when I crossed them. It was as near as I can recollect about the last of October, 1866. I am positive it was before Christmas at I left them at Christmas or probably a few days before Christmas.

Cross Examined.

I was not acquainted with the claimant nor any of the others named previous to the war.

I do not know who came before the war. I do not know whether they had lived in the Nation previous to the war. I do not recollect of seeing any of the families of the parties named at the time.

I crossed them over the river. I set some of this same party back over the river a short time after they had come in, Lewis, Nelson and Dennis Whitmire and little Sam Webber and I think they were some of the parties from conversation with them, but did not become particularly acquainted with their names at that time. I think there was one woman with the party. I think she was little Sam Webber though I would not be right positive that there was a woman along or not. I was positive there was no children as I never seen any. They had camped there long enough that were they any women and children I would have known it. The next time I saw claimant was in the fall of 1867 on Big Creek. I learned from them that they had got there in March 1867. I know this from having heard it generally talked amongst themselves.

Re Direct.

At the present time the distance between our two settlements is about 5 miles. I recognize the claimant and the other parties spoken of. I have been there frequently since that time, I set them over the river. When I saw them in the fall of 1867 they had their families with them then. The means of subsistence at the time I crossed in the country at that time was short.

George Whitmire before the war lived in Going Snake Dist. This Dist. borders on the line of the state of Arks.

Claimant now resides near the western line of the Cherokee Nation. The settlement before the war was sparse where claimant now resides. I would say the distance from where George Whitmire resided prior to the war, and claimant's present residence is 20 or 100 miles. Witness states that he had a conversation with Sam Webber in which Webber assigned as a reason for settling where he had to settle in colonies or as thickly as it was convenient to do in an unoccupied part of the country.

This was thought best for the colored man as they could have their own councils so until matters were more regulated in the country. The first conversation was in the fall of 1866. The second conversation was in the spring of 1867. I saw several of their families in May, 1867 on Big Creek or Lightning Creek in the Nation.

About the 15th of May 1867 I first saw this party with their families at their new home. Plaintiff and others of this colored party told witness that they returned in March 1867 to the Nation.

Be Direct

I learned from John Coker that most of this colored party returned to Kansas after their Corillion and a few remained. I was at General Convention of the Colored People in 1868. It was witness' understanding that the purpose of said convention was to ratify the treaty of 1868. I think the object of the convention was to ratify amendments to the Constitution in or the treaty and to ratify the treaty. The treaty was concluded the 21st of Aug. 1868 in my information. It might have been July 20, 1868.

Witness went south during the war. J. B. Jones was not at the time herein mentioned U. S. Agent but was a Delegate and was Agent afterwards.

Mr. Hastings: What is your name? A Walter A. West.
Q What is your age? A 60 years.
Q Are you a citizen of the Cherokee Nation? A Yes, sir.
Q By blood? A Yes, sir.
Q How long have you lived in the Cherokee Nation? A 60 Years.
Q Were you out of the Nation during the war? A Yes, sir, I was out during the war three or four years.
Q When did you come back to the Cherokee Nation after the war?
A I came back in the spring of '88.
Q Where did you live in the spring of '88? A I lived up on Neosho River after I went up above.
Q How long did you live there? A I lived on Neosho, this side of Neosho River, about two or three months, and then I moved down below.
Q Do you know Thomas Mayfield, the applicant here present?
A Yes, sir.
Q Did you know him before the war? A No, sir.
Q How long have you known him? A I got acquainted with him, I saw him in '86 the first time I saw him.
Q Well where was he? A Well he was on the military road right below where I was living.
Q From what point does that road run? A Runs from Fort Gibson, at that time.
Q Whereabouts does it run north? A Fort Scott, Kansas, and Kansas City and Baxter Springs.
Q Well, state the circumstances of seeing him on the military road?
A I lived there on the military road and he came past my house and camped there nearby, that is when I got acquainted with him, when I saw him.
Q Did he have his family? A He had a family with him I supposed, to be his family.
Q Any others along with him? A Yes, sir, Jack Davis, Sandy Bean, and Jack Bean.
Q Had you ever seen him before? A Who you mean, Mayfield?
Q Mayfield? A No, sir.
Q Where had you been living the two years immediately before that, 1867 and '88? A Right on the military road there.

Q How far did Mr. Mayfield live from you after you saw him in '69?
A About five miles.

Q Did he stay there? A Yes, sir, rented a place across the river and lived on the place he rented.

Q Did you know where he was from where you first saw him? A I just supposed he was from up there in Kansas.

Q Tell all the circumstances, what you know about seeing him?

A He came down the road from Kansas, that direction, and he camped there, there is where I got acquainted with him.

Q Was he married? A Yes, sir.

Q Have his talks with him? A Has his family, this woman as lived as Mayfield's wife.

Q That is the first time you saw him in the Cherokee Nation?

A Yes, sir, the first time I saw him.

Q Is there anything that makes you positive about fixing the date in 1869? A No more than this; I had been trading with some government wagons, that is the man that was driving the wagons, selling some hay, the day he come there, and I got my pay for that two or three days afterwards, on the 20th I believe, February, 1866.

Q You mean 1866? A 1869.

Q Did you preserve any letter or document which shows that date when you received the pay for the hay? A Yes, sir, I have a paper that shows the date exactly, but I didn't preserve it at that time, I filed it away with all the papers I have, and I didn't think of it in this other case before.

Q And you have that with you? A Yes, sir.

Q And what date does it show? A It shows I received my money on the 20th, that is my check.

Q On what month? A February, 1869.

Q You were pretty well acquainted in the neighborhood in '69?

A Yes, sir.

Q Had you been the two years previous? A Yes, sir.

Q Did you know any of the colored people who were in the crowd with Thomas Mayfield? A I did Jack Bean, I knew him.

Q Had you known him before the war? A Yes, sir, I knew him before the war.

Q Did you have any talk with him at that time? A Yes, sir, his wife was a servant of my wife's father, and they learned that we were there on the road and they came there and visited us, is how come to know what I do of these circumstances.

Mr. Smith: Mr. West, you hadn't been acquainted with Thomas Mayfield before the war? A No, sir.

Q The time you speak of is the first time you ever saw him?

A Yes, sir, the first time I saw him.

Q You don't know how long he had been in the Cherokee Nation when you saw him? A No, sir.

Q You don't know whether he had his family with him at that time or not? A No, sir, he had a family but I don't know whether they were his or not.

Q When did you say you came back to the Cherokee Nation after the war? A I left Red River February 1st, 1866.

Q Where did you go to? A I went on up to Fort Scott, right direct through the country, to where my father lived on this side of Fort Scott, Arkansas.

Q How long did you stay there? A Till about the first or middle of May.

Q In what year? A 1865.

Q Then where did you go? A I went down to Fort Smith, in the Cherokee Nation, and there set up my tent and began to trading and trafficking with the travelers along the road.

Q How long did you continue in that business? A I continued off and on the season through.

A How long was the season? A From the time I went there till fall.

Q From May until the fall? A Yes, sir.

Q And where did you go from there? A I went lower down on the military road where I was stationed, where I first saw Thomas Mayfield, and I built a house.

Q You built your house then in the fall of 1866? A Part of it, not all of it.

Q When did you build the rest of it? A In 1867.

Q How long after the time you saw Thomas Mayfield was it before you were called upon to remember anything about having seen Thomas Mayfield on that occasion; how many years? A It was during this Kern-Clifton examination.

Q Now you saw him, Thomas Mayfield, you say, in 1869? A Yes, sir.

Q When was the Kern-Clifton Commission? A I am not positive, '65 or '66; not '65, '66 when it was I believe.

Q In 1896 was it? A It seems to me, I am not positive.

Q Then that was about 26 years wasn't it, from the time you had seen Thomas Mayfield? A Yes, sir, from the time I first saw him, but I saw him off and on all the time after I got acquainted with him.

Q You have stated you had no occasion to remember the fact that you saw him upon this particular date in '69 until the meeting of the Kern-Clifton Court? A Yes, that drew my attention to it.

Q That was about 28 years afterwards? A Somewhere along there I guess.

Q Mr. West, did you remember for 28 years without ever having had any occasion to have your attention called to it, that you saw him upon a certain day that you got a letter or pay for the hay, or whatever it was? A Not as far as that is concerned, it is like this we all remember when the people was coming in, and it was common talking when they come in.

Q Just answer that question? A That is the one particular time.

Q So 28 years afterwards you were able to remember that you had seen Thomas Mayfield about the time you got a letter or receipt for some hay or something that you had sold, is that right? A Yes, sir, somewhere along there.

Q Well now Mr. West, what connection was there between Thomas Mayfield and the hay, that you can go back 28 years and remember and fix that date that you saw Thomas Mayfield by the letter which you are now talking about? A I had the transaction as I told you with these government teams, selling them hay, and the very day that he came there, the same day, that is the reason why I know it was the same time.

Q Did you have but one transaction with the Government men? A I had them often, but not as much as that was.

Q How many times have you had transactions with the Government teams about hay? A Two or three different times.

Q Or three or four or half a dozen? A No, not that many.

Q More than three or four? A Not over three or four.

Q How can you go back 28 years and tell which one of these transactions it was you had, and connect that particular transaction or any one with Thomas Mayfield 28 years after? A Simply I got a paper to that effect on that date.

Q Did that paper say anything about Thomas Mayfield? A No, sir, that transaction never, but because of my knowledge.

Q You say it didn't say anything about Thomas Mayfield? A No, sir.

Thomas Mayfield, - S 4.

Q You can go back 28 years and connect Thomas Mayfield with that particular transaction, how do you do that? A Simply I had that transaction at that time.

Q Were there not other transactions? A Yes, sir, but not so great as that was.

Q It couldn't have been some other transaction you had with the Government when you saw Thomas Mayfield? A It might have been some other, but it wasn't, that is all there is about that part of it.

Q Are you able to remember it was this particular transaction? A Yes, sir.

Q Have you got that letter? A Yes, sir, it is just a receipt (hands Mr. Smith paper.)

Q (Returning paper) Mr. West, all that you claim about the paper about which you have spoken is that it carries that date by which you fix the time? A Yes, sir, it carries it, nearabout it.

Q Did you have that paper; were you a witness before the Kern-Clifton Commission? A Yes, sir, I was.

Q Did you have that paper then? A Yes, sir.

Q When did you hunt that paper up? A I hunted it up during the Court time.

Q Were you subpoenaed as a witness during that Court? A Yes, sir.

Q When did you hunt the paper up, before or after you were subpoenaed? A I hunted it up after I was subpoenaed, I didn't have occasion to hunt it up before.

Q You testified, I believe you stated, before the Kern-Clifton Commission? A Yes, sir.

Q Mr. West, you don't know where this man was in '66 do you? A Not till that date, not before that date.

Q I say you don't know then where he was in '68 or at any time prior to '66? A Only that day of '68 when he passed my house.

Q He passed your house in '68 did he? A In '69 I meant, that is the first time; in '66 I don't know where he was, or any time before '69.

J. L. Thompson, being duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A J. L. Thompson.

Q What is your age? A 62.

Q What is your post office? A Vinita.

Q Do you know the applicant, Thomas Mayfield, the colored man there? A Yes, sir.

Q How long have you known him? A Well, I have to kinder study and tell you.

Q Did you know him before the war? A No, sir.

Q You have only known him since the war? A Yes, sir.

Q Where did you go during the war? A Went to Texas.

Q When did you return to the Cherokee Nation after the war?

A I came to Fort Gibson in December, 1867, and Cabin Creek January, 1868.

Q Well, where did you first locate in this country, up near Vinita? A Right where I live now, but I didn't own the place then, I only rented it that season.

Q You have lived there ever since 1868? A No, sir, I moved away from there and moved back again.

Q You have lived in the same neighborhood ever since? A Yes, most always.

Q How far does Mr. Mayfield live from you, the applicant? A Where he lives now, just about five or six miles I reckon.

Q When did you first see Mr. Mayfield after the war? A Well, it must have been, to the best of my recollection, about '69 I reckon it was, I am pretty positive it was, to the best of my recollection.

Q Was he up there in that neighborhood when he first returned?

A No, sir, never heard of him.

Q Was there an investigation by the Supreme Court about five years after the war with reference to the return of colored people in the Cherokee Nation? I don't remember.

Mr. Smith: I object to that as not being apparently the best evidence of the fact.

Q How far has Mayfield lived from you since you saw him in '69?

A He lives about as far now as he ever did.

Q Lives in the same neighborhood then? A Yes, sir, he lived right in the same neighborhood there, probably five or six miles from where he first settled.

Q You didn't know Mayfield before the war? A No, sir.

Mr. Smith: What time did you say it was, Mr. Thompson, when you came back to the Cherokee Nation after the war? A I said I came to Fort Gibson in December, 1867, I came to Cabin Creek in January, 1868.

Q In January, 1868? A Yes, sir.

Q You didn't know Thomas Mayfield before the war? A No, sir.

Q You don't know where he was in 1868? A No, sir.

Q You don't know whether he was in that neighborhood that you went to when you were up there or not? A If he was there I never heard of him, he might have been, as far as I know, but if he was I know I never heard of him.

Q He might have been there though? A He might have been, but I knew most of the whites in the neighborhood.

Q You can't state he wasn't in that neighborhood when you went there?

A No, sir.

Mr. Hastings: You never saw him? A I never saw him.

Q You were well acquainted throughout the neighborhood? A Yes, sir, I lived there before the war.

Q You were acquainted with it before the war? A Yes, sir.

Q Was it thickly settled or thinly settled? A It was sparsely settled.

Q You know people from a distance? A Yes, sir.

Mr. Smith: You didn't go around as soon as you got her and found out who was in that country? A No, sir, it wasn't my business.

Q And a man might have been here a year or two before you saw him?

A I don't believe he would have been in the neighborhood, I don't believe that long.

Q You don't know so, but you don't know he couldn't have been?

A Of course it wasn't my business to run around and hunt them up.

Q But you can't say whether Mayfield was there when you came there or not? A I can't positively say he wasn't there, but if he was I didn't see him.

F. L. Martin, being first duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A F. L. Martin.

Q What is your age? A 31.

Q What is your place of birth? A Pennsylvania.

Q What was your father's name? A Joseph L. Martin.

Q Do you know the applicant whose name Thomas Mayfield? A Yes, I think I do.

Q Did you go out of the Nation during the war? A Yes, sir.

Q When did you come back to the Nation after the war?

A November, '66.

Q Where did you go to? A Went to Texas.

Q Come back with your father? A Yes, sir.

Q Where did you first locate after the war? A We located at our old place, called Greenbrier, on Grand River.

Q Did you know Tom Mayfield before the war? A No.

Q Did you know him after the war? A Yes, I knew him after the war.

Q Do you know when Tom returned to the Cherokee Nation? A No.

Q When was the first time you ever saw him after the war? A The first time I ever saw him to know him was about '69.

Q How far did he locate from you? A About two miles and a half; well I wasn't living there in '69, that is where I live now.

Q How far were you from him when he located there in '69? A I don't know really, I was at my old place I guess down about ten miles.

Q How far were you from where you located in '66? Were you at your old place then? A Yes, in November, '66, about ten miles.

Q You were at the same place in November, '66 and in November, '69 also? A Yes, I made that my home although I did not stay there all the time, I was about from one place to another.

Mr. Smith: You were unmarried at that time? A Yes, sir.

Q A young man living with your father, and made that your headquarters? A Yes, sir.

Q Where did you spend most of the time? A I was here and there and in Texas and back and forward and on the road a great deal.

Q There part of the time and Texas part of the time and here and there? A Yes, sir.

Q Then that place you speak of was about ten miles from where Mayfield went to live, was it? A Yes, that is where my father lived.

Q At that time you didn't have a home, stayed with your father? A I didn't have any certain place only at father's.

Q About what age were you then? A About 18 or 19.

Q When was it you first saw Thomas Mayfield? A The first time I remember seeing him I think was about '69, he was running a ferry.

Q And you are not right certain about its being '69? A Well, yes I am pretty certain it was '69 the first time I saw him to know him; if I saw him before I didn't know him.

Q Might that not have been '68? A Well, I don't know as it was, I think it was '69.

Q But you are not positive about it? A No, I will not be positive, it has been so long ago.

Q Well you didn't go back to your father's place at all until in November, 1866? A That is as early as I came there.

Q How long did you then stay at your father's place after you came back before you went away anywhere? A We were there all winter.

Q Then did you go back to Texas? A No, the next summer I was there and Pryor Creek, and most of the spring and summer.

Q But your father's place was ten miles at least from where Mayfield lived when you became acquainted with him? A Yes, sir.

Q How long was it then before you had a place of your own, and went to living there regularly? A In '72 I moved there in about two miles and a half of him.

Q You have been living in about two and a half miles of him ever since '72? A Yes, sir; that is, until he moved away, he moved away from the place he was living on then seven or eight years ago.

Q You saw him from time to time until the time you became acquainted with him when you would be in the Cherokee Nation? Yes, sir, after I got acquainted with him I saw him often.

Thomas Mayfield - 7.

Q You of course don't pretend to say he hadn't been living up at a place ten miles away from your place when you became acquainted with him? A No, I don't know how long he was living here at all, only when I first saw him.

Lucien B. Bell, being duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A Lucien B. Bell.

Q What is your age? A 63, about.

Q What is your post office? A Vinita.

Q Do you know the applicant Thomas Mayfield? A Yes, sir.

Q He is present here is he? A Yes, sir. that is him right behind Smith.

Q Are you citizen of the Cherokee Nation by blood? A Yes, sir.

Q You go out of the Cherokee Nation during the war? A Yes, sir.

Q What time did you return to the Cherokee Nation after the war?

A Well, I came back in the neighborhood of where I settled, right in a mile or where I located, in the latter part of 1867; I came into the Cherokee Nation along in May, 1867, stopped ten miles below there, or twelve, and made a little crop; I located right on Cabin Creek near the military road where it crosses it, on the south side.

Q How far was this from where Mayfield afterwards located, the applicant, Mayfield? A Well, I guess it was three, two or three miles, something like that, three and a half.

Q How long did you live at that place? A Well, if you count me living here now, I have been living here thirty odd years.

Q You own the place now? A I have sold some part of the claim off, but I have got my farm on the same claim.

Q You are familiar with that country? A Yes, I am pretty well acquainted with it, more so than that latterly; latterly I have been away from there a good deal.

Q You lived on that farm then at that time? A Yes, sir, I lived right on the same spot from 1867 to 1881, and then I moved about three quarters of a mile to another part of it.

Q When was the first time you ever saw Thomas Mayfield? A Well, I saw Tom Mayfield about two years after I returned, was the first time I saw him, about 1869.

Q Were you familiar with the place where he located, this section of the country and all? A Yes, I saw him on the other side of the Grand River sorter opposite the mouth of Cabin Creek; he lived there; I don't know whether he was living on his own place or not, probably it was the Bill Hicks place where I saw him first; that is all in the same neighborhood.

Mr. Smith: He was living there when you did see him? A Oh yes he was living there; he wasn't dead.

Q He hadn't just come there had he? A I can't say as to that, I know about when he first came, about when I first saw him; I know when the people around there said he come in.

Q I am asking you about your own personal knowledge? A I told you that is the first place I saw him, I don't recollect whether he said to me he had just come or whether he had been there, I don't recollect that we talked about that; I had known him some years before that.

Q You have already answered my question. A Well that is enough.

Q Are you the chief counsel of the Cherokee Nation in these "Pecced-

ings in the matter of the enrollment of the Freedmen before this Commission? A Yes, sir.

Mr. Hastings: Is there anything else you desire to state with reference to Hayfield's return? A No, I don't know that I know of anything further than what I have stated about him, of my personal knowledge.

Mr. Hastings: We desire to have that testimony thrown in the case of

Charles Hayfield, et al, Freedman D-202, and Malinda Martin et al, Freedman D-206.

COMMISSIONER: The Cherokee Nation, by its representative, makes satisfactory proof of service on the attorneys for the applicant, Mellette & Smith, Vinita, Indian Territory, that it would, at the offices of the Commission at Muskogee, Indian Territory, on the 15th day of May, 1902, introduce testimony tending to disprove the right of the said Thomas Hayfield to be enrolled as a Cherokee Freedman. The applicant and his attorneys have this day, to wit the 15th day of May, 1902, been called, and fail to respond either in person or by attorney.

Q What is your age? A 55 years old.

Q Well do you know where they were in '66 and '67 and '68? A Yes, sir.
Q Where were they? A They were there on my father's place.
Q Well when did they leave there? A They left there in the winter or fall of '68 is my recollection.
Q Do you know what crop they made a crop there in the year of '68? A Yes, sir, I plowed right with them.
Q Plowed right with them? A Yes, sir, right in the same field.
Q In the same field? A Yes, sir.
Q Did they claim to be Cherokee darkies? A Well I believe they did.
Q Do you know where they said they were going when they left there? A They said they were going to the Nation.
Q You say you plowed in the same field with them? A Same field with him, they had a lease on my father's place, and he bought their crop that fall after they made it.
Q What fall? A Well '68, I married in '68 is the reason I know this, and that woman washed for my mother, and my father was probate judge, and he left everything to me, the reason I recollect all these things, and I didn't know nothing about farming, never had done any farming in my life, and I would go over to him and ask what I should do the next day, and what I should have done and so on.

Q You was at his place different times? A Yes, sir.
Q On whose place did he live, if you remember? He first lived on
J. C. Gibson's place, an uncle of mine.
Q An uncle of yours? A Yes, sir, in '66.
Q Well it was after '66? A Yes, sir, when he lived on my uncle's
place was July, '66.
Q Where did he live after that? A Well he moved about half a mile
southeast onto J. Y. Campbell's farm.
Q Did he make a crop there in '68? A Yes, sir.
Q And sometime after this crop was made before he came to the
territory? A Yes, sir.
MR. SMITH: When was it, you say he left there? A He left
there in '68, after '68.

Q December of '68? A Yes, sir.

Q Where was he on the 25th day of August, '68? A He was there on Judge Campbell's farm.

Q How do you know? A Know there was where he lived until he left Kansas, left Anderson County..

Q Well the question was where was he on the 25th day of August, '68? A Well now, I couldn't say where he was..

Q Where was he you say the last time you saw him? A He was there on Judge Campbell's place.

Q When did he go on Judge Campbell's place? A I think he moved on Judge Campbell's place in '67.

Q What time in '67? A Spring of '67.

Q Where did he go from, where was he living before? A He moved from Gibson's farm, right adjoining Campbell's.

Q How long had he been there? A I don't know, only the year '66, he farmed Gibson's place in '66, part of it.

Q What time of the year was it in '66 when you first saw him? A I think sometime in June.

Q Sometime in June? A Yes, sir, that was my first recollection.

Q Well that's been how long ago? A Which, '66?

Q Yes, sir.. A Be about 24 years, wouldn't it?

Q From now? A Yes, sir, this is 1902, and '66 would be about twenty -- let's see, .20, '66, would be worse than that, be about 32 years ago..

MR. HASTINGS: How many years did you say now it was, after you have figured it up? A '70 would be 30, and four would be 34, and two would be 36 this year.

MR. SMITH: Well now after that lapse of time what is it that makes you remember that it was in June '66 that you first saw this man? A This uncle of mine died in '66, July of '66, that's what fixed it, he was living there on the place when he was taken sick.

Q Who was? A Mayfield, living on my uncle's farm..

Q Have you ever seen him since he went away from there? A No, sir..

Q Well you don't know whether that is the same man that is the applicant in this application or not? A No, sir, I would say that he was..

Q Well, Mr. Johnson, when did you first have your attention called to the time that Thomas Mayfield left Kansas? A Last week when I was talking with parties about these other colored people I mentioned him..

Q Well now when was he first mentioned to you? A Which, about Thomas Mayfield? .. We were talking about the colored people, and that is the way it come up, I spoke of Mayfield myself, and they were talking to the old ones that lived there..

Q Where? A At Garnett..

Q Why did you do that? A They were asking me what colored families I knew..

Q Well did they ask you about Thomas Mayfield? A No, sir, I told them about Mayfield, they were asking me and the other parties and trying to fix the names, and I spoke of Mayfield myself, named him among the others..

Q Well he didn't go away from there at the same time according to your idea of it that McNair went away, did he? A No, sir, McNair was among he first that left..

Q Well who left at the time McNair left? A I think some of the Reams..

Q Which ones? A I think Sandy Bean left at the same time.
Q Who else? A I don't know but the other Beans, some of them Beans, I think I got probably all of them.
Q Well what were their names, who were they? A There was Tobo, and Joe, there was five of them all together.
Q What was this man McNair's name? A Riley.
Q Riley McNair? A Yes, sir.
Q Well now, Mr. Johnson, when was the matter first mentioned to you could you remember of your independent recollection the date when Mayfield left there? A Yes, sir.
Q Just remembered that? A Remembered that from the circumstances which occurred, just related.
Q Well you had to look up the record about McNair? A Yes, sir, but I didn't about my uncle's death, and things of that kind, circumstances that occurred along about that time, know the time that they lived at Gibson's, and they left there, and the length of time they lived on there.
Q You remembered Mayfield better than you did McNair? A Yes, sir.
Q When was it you say your uncle died? A July, '66.
Q '66? A Yes, sir.
Q And you say Mayfield didn't leave until '69? A '69, sometime in the first of '69.
Q Let's see, '66, that was some time after your uncle died?
A About a year and a half.
Q Well he died in '66? A Yes, sir.
Q The next year would have been '67? A Yes, sir.
Q Next '68? A Yes, sir.
Q Been two and a half, wouldn't it? A Yes, sir, two and a half years.
Q Well there was nothing about that fact or month that you have stated that would have made you remember this man two years and a half after your uncle died, was there? A No, sir that occurrence, that would be about all, being bound back to my uncle's death there, and knowing Mayfield and my uncle, the time that they lived on Campbell's farm.
Q Well how long did they live on Campbell's farm? A About two years and a half, two years.
Q Well he lived on Campbell's farm then all the time from the time of your uncle's death on until they left? A Yes, sir.
Q Well now 36 years afterwards you remember whether it was one year and a half, two years and a half, or three years and a half? A Could from the facts that I told you about.
Q Well you stated a minute ago that it was a year and a half? A Two years and a half after figuring.
Q You had to figure it then? A No, I hadn't made no account of it, no.
Q Well now after a lapse of 36 years do you think that you can be positive that that man lived there two and a half years after you got acquainted with him there? A Yes, sir, by the events and circumstances that occurred, yes, sir.
Q Well now what event occurred? A Well circumstances that we were thrown together, and being back and forth from visiting.
Q What was the circumstance? A Hunting and fishing.
Q Well that long afterwards do you remember whether you had hunted and fished with a man a year or two? A Well, about seasons, '68 was a dry year with us, and about compelled to go to the creek for water, we could tell what people were living there, would remember it.

Q That's in the early part of '69? A That he left there, yes, sir.
Q Well who else left there in the early part of '69? A None that I know of.
Q Anybody leave there in the early part of '70? A There was several parties left there in '70.
Q '71? A I think there were some of them left in '71.
Q '72? A I couldn't say about that.
Q Well you remember better the further back it goes? A Being associated with them I would know better, if I had been associated with them after that probably it would have been impressed on my mind, I might remember it just as well later as back further.

D E C I S I O N .

The record herein shows that applications for enrollment as Cherokee Freedmen were made to this Commission by Winnie Mackey for herself and minor child, Andrew Moore; by Robert Moore for himself; by Amelia Brown for herself and minor child, Robert Brown; by Maggie Doty for herself; and by Joseph Moore for himself and minor child, Mamie Moore. A copy of the testimony of Frank Smith, George W. Bengs, McCoy Smith and Jack Walker, taken at Muskogee, Indian Territory, June 17, 1904, in the case of Adeline Hampton, et al., Cherokee D 154, is filed herewith and made a part of the record in this case.

The evidence in this case shows that Winnie Mackey was neither the slave of a Cherokee citizen, nor a free colored person residing in the Cherokee Nation, at the commencement of the Rebellion. Neither does said proof show that she was living in the Cherokee Nation during the time necessary for the acquisition of freedmen rights under article nine, of the treaty of 1866.

The evidence further shows that all the other applicants herein are descendants of the said Winnie Mackey, born since 1866, and claim no rights to enrollment except through their said ancestor. None of the applicants herein can be identified on the authenticated Cherokee tribal roll of 1880.

It is, therefore, the opinion of this Commission that the applications for the enrollment of Winnie Mackey, Andrew Moore, Amelia Brown, Robert Brown, Robert Moore, Joseph Moore, Mamie Moore and Maggie Doty, as Cherokee Freedmen, should be denied, under the provisions of section twenty-one of the Act of Congress approved June 28, 1898, (30 Stat., 495), and it is so ordered.

In the matter of the application for the enrollment of
Eva Ellen Anderson, as a Cherokee freedman.

D E C I S I O N

THE RECORDS OF THIS OFFICE SHOW: That on June 27, 1901, Arthur Anderson appeared before the Commission to the Five Civilized Tribes, at Nowata, Indian Territory, and made application for the enrollment as a Cherokee freedman of his wife, Eva Ellen Anderson. A copy of the testimony taken in the case of William Henry Robinson, et al., on June 11, 1901, and March 3, 1902, is filed herewith and made a part of the record herein. Further proceedings in the matter of the foregoing application were had at Muskogee, Indian Territory, on May 27, 1902, when the record of certain proceedings had in the case of Edward Wright, C.F.D. 818, was ordered filed in this case and made a part of the record thereof.

THE EVIDENCE IN THIS CASE SHOWS: That Eva Ellen Anderson was born since the War of the Rebellion and is a daughter of William H. Robinson, a claimant for enrollment as a Cherokee freedman, and Willie Robinson, a non-citizen of the Cherokee Nation, and possesses no right to enrollment as a Cherokee freedman other than as a descendant of her said father.

THE RECORDS OF THIS OFFICE FURTHER SHOW: That on March 11, 1904, the Commission rendered its decision rejecting, among others, the application of William H. Robinson, father of the applicant herein, for enrollment as a Cherokee freedman, and the Commission's decision was affirmed by the Department, March 2, 1906, (I.T.D. 5122-1904, 2532-1905, 1196-1906). The name of Eva Ellen Anderson, or that of her said father, cannot be identified on the Cherokee tribal roll of 1880.

IT IS, THEREFORE, ORDERED AND ADJUDGED: That under the provisions of Section twenty-one of the Act of Congress approved June 28, 1898 (30 Stat., 495), Eva Ellen Anderson is not entitled to enrollment as a Cherokee freedman and that the application for her enrollment as such should be denied, and it is so ordered.

February 25, 1907.

The Honorable,

The Secretary of the Interior.

Sir:

There is forwarded herewith report of Commissioner Bixby, dated January 12, 1907, relative to the application for the enrollment of Eva Ellen Anderson as a Cherokee freedman, including the decision of the Commissioner of January 12, 1907, denying the application.

Application was made for the enrollment of Eva Ellen Anderson as above on June 27, 1901.

It is shown by the evidence in this case that the applicant was born since the war of the rebellion and is the daughter of William H. Robinson, a claimant for enrollment as a Cherokee freedman, and Millie Robinson, a non-citizen of the Cherokee Nation, and that she possesses no right to enrollment as a Cherokee freedman other than as a descendant of her father.

On March 11, 1904, the Commission rendered a decision rejecting, among others, the application of William H. Robinson, father of the applicant herein, for enrollment as a Cherokee freedman, and the Commission's decision was affirmed by the Department on March 2, 1906 (I.T.D. 1196-1906).

On February 12, 1907 (I.T.D. 2390-1907), the Department denied a motion for rehearing in the case of William H. Robinson.

The Commissioner reports that the name of Eva Ellen Anderson, or that of her father, cannot be identified on the Cherokee tribal roll of 1880.

Under the provisions of Section 21 of the Act of June 28, 1898 (30 Stat.L., 495), Eva Ellen Anderson is not entitled to enrollment as a Cherokee freedman, and it is recommended that her application be denied.

Very respectfully,

Elizabeth Tinnon - 3.

Q What was his mother's name? A Mary Bell.

Q You say he is on the roll of 1880? A No, sir, on the Clinton roll; my husband is dead now.

Q How long has he been dead? A Over a year, a year and two months.

Q Whereabouts in the Nation were you married? A I was married on Panther Creek.

Q Who married you? (Hands over paper) Preacher Young is all I know.

Commissioner: Applicant presents a marriage certificate certifying that she was married to one Mr. William Bell, age 48 years.

Q Your husband is dead? A Yes, sir.

Commissioner: Elizabeth Tinnon applies for the enrollment of herself and her child, Mary. She cannot be identified upon the authenticated roll of 1880 or the census roll of 1890, but is duly identified upon the Kern-Clinton roll. She avers that she is the daughter of Joe and Millie Duncan, and that as Elizabeth Duncan she was married to one Will Tinnon, now deceased. She is identified upon the Kern-Clinton roll as Elizabeth Duncan. The name of her child cannot be found upon any of the rolls, having been born since said rolls were compiled. It will be necessary for her to make satisfactory proof of the birth of said child. In this connection reference is made to the testimony in the application of the stepmother of the said Elizabeth Tinnon, who was Elizabeth Duncan, who was listed for enrollment upon D card 871, and the testimony taken in the matter of the enrollment of Joseph Duncan will be made part of the record in the case at bar, and a copy thereof will be filed herewith. Applicant makes satisfactory proof as to residence, consequently Elizabeth Tinnon, nee Duncan, will now be listed for enrollment as a Cherokee Freedman upon a doubtful card, as well as her child, Mary. She will be notified by the Commission when they arrive at a conclusion as to her application.

Bruce G. Jones, being duly sworn, says that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings and testimony in the above case, and the foregoing is a true and complete transcript of his stenographic notes thereof.

M. from day to day thereafter until the same can be heard by said Commission during the usual business hours of said Commission for the taking of testimony both for and against applicants for enrollment as Cherokee citizens.

Gen'r Needles: In the matter of the application of Elizabeth Timmon, D.002, the testimony taken in doubtful case #371, Elizabeth Timmon, will be made a part of the record in the case of said Elizabeth Timmon and a copy of the testimony filed there in.

Waskiee, I. T., May 31, 1902.

In the matter of the application of PERCY ADAMS for enrollment as a Cherokee Freedman:

Applicant appears by Mellette & Smith; Cherokee Nation, by W. W. Hastings:

By Mr. Smith:

The applicant moves the Commission to make the certified copy of the decree of the Court of Claims in the case of Moses Whitmire, Trustee for the Freedmen, vs The Cherokee Nation, No. 17209, filed in the Mariah Hayden case P D 498, a part of the record in this case and the cases hereinafter mentioned by reference to the said case of the said Mariah Hayden, and if it be deemed necessary that a copy of the said decree be filed in this case and in the following cases, to-wit:

Elizabeth Tinnon
Waskiee, I. T., D 860;

By W. W. Hastings:

Comes now the Cherokee Nation and objects to the introduction of the decree because, First: It does not tend to show that the applicant was a slave of the Cherokee Nation at the beginning of the war, nor that he returned within the time specified in the treaty of 1865, or that he had been a continuous resident of the Cherokee Nation since that time, or that he is a descendant of such a person. Second: Because the same is incompetent, irrelevant and immaterial, and does not tend to prove an issue in this case. Third: Because the Commission will take judicial knowledge of all laws, treaties and decrees necessary for the determination of the right of any person who makes application for citizenship. Fourth: The Cherokee Nation objects to the filing of a certified copy of this decree in the case of an applicant unless the same is called and filed in each individual case.

Commission:

The motion of the attorney for the applicant will be entertained and the decree of the Court of Claims filed in the case of Mariah Hayden will be made a part of the record by reference in all the cases above named with the exception of those which came within the provisions of the temporary injunction recently granted by Judge Bill of the United States Court, of the Northern District, Indian Territory

Mr. Smith:

The applicant further moves that as to the above named cases including the Mariah Hayden case that counsel for the applicants be allowed within thirty days to file any of the proof of any or all of the record other than the decree already referred to

THE HISTORIC ROUTE OF THE GREAT NORTH ROAD

In the case of Moses Williams, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extensions should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 31st day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

In the case of Moses Whitacre, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decrees of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

beginning of the war, nor that he returned within the time specified
in the treaty of 1866, or that he had been a continuous resident of
the Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified

tertained and the decree of the Court of Claims filed in the case
of Mariak Hayden will be made a part of the record by reference in

within the provisions of the temporary injunction recently granted
by Judge Hall of the United States Court, of the Northern District,

in the case of ~~Moses Whitmire~~, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation certainly most strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case re-opened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case and that the foregoing is a true and correct transcript of his stenographic notes thereof.

SUPPLEMENTAL PROCEEDINGS in the matter of the application for the enrollment of Elizabeth Duncan, et al., as Cherokee Freedmen.

It appears that on October 14, 1904, the applicant, her attorney, and the attorney for the Cherokee Nation were duly notified by letter that an opportunity would be given each of them to appear before the Commission at its offices in Muskogee, Indian Territory, on the 18th day of November, 1904, and introduce testimony touching the points mentioned in said letter, at which time said case would be taken up for final consideration.

On said above mentioned date this case was continued by consent and on November 21, 1904, the following proceedings were had.

APPEARANCES:

Applicant appears by attorneys, Blue & Bulger;
Cherokee Nation by W. W. Hastings.

ALEX NEVINS being duly sworn, testifies as follows:

BY J. J. BULGER;

- Q What is your name? A Alex Nevins
- Q Where do you live? A Fort Gibson.
- Q Did you know a man by the name of Joe Duncan at the commencement of the Rebellion? A Yes, sir.
- Q Where did you know him? A He used to live up on the Verdigris, just below Gibson Station.
- Q Was he the slave of a Cherokee citizen at the commencement of the war? A Yes, sir. His master was a white man but his wife was a Cherokee.
- Q When was the last time that you saw Joe Duncan? A Well, it was directly after peace was made; along in '66. The reason I say '66; our wagon boss come through Gibson one day and I asked him where he was going, and he said, "I am going down below here to buy me up some cattle, and he says to me one day, "Do you know what year this is?" and I tell him "Well, Mr. Marshall, not exactly," and I ask him what year were that, and he tell me I ought to know, and I say "All right enough, but I don't.", and so I keep on after him, and he say, it is the year of '66, and well, after he tell me that he went off, and sometime after Christmas, this here young man, Joe Duncan, I saw him.
- Q That was after Christmas in '66? A Yes, sir, along after Christmas, '66.
- Q There was it you saw Duncan after Christmas? A He was at Fort Gibson. I met this young man and I asked him, "Joe, where are you from?" and he told me from Kansas, and I says,

and I says, where are you going now, and he says, "I have just come down for a while," and I says, "Aint you a going to move back?" and he said yes he was ageing to move back here, not down here to Gibson, was going to live up in Coowescoowee

BY W. W. HASTINGS:

- Q How long after Christmas was this? A I don't know exactly how long.
- Q About spring of the year? A Along about spring, when I saw him I reckon,
- Q Some three or four months after Christmas? A Well, I don't know whether three or four months, but after Christmas.
- Q What year is this? A This is 1904.
- Q What year was the Kern-Clifton rail made? A Well, I couldn't tell you till I had my papers here; My recollection is tolerable short.
- Q You won't be certain about these years, will you?
- A No sir, not certain, to tell you the truth.
- Q Been too long ago, has it? A Yes, been too long ago.
- Q And take a man back 38 years he can't be certain?
- A Some men can.
- Q But you can't? A Well, now, I can't.
- Q And you don't propose to swear here now about any certain year?
- A No, I can't.
- Q When this fellow came back he didn't have his wife with him did he? A No sir, didn't have no wife.
- Q Didn't have any children? A No sir, didn't have any children when I saw him.
- Q You could not tell how long after the war? A No, sir, only just by what the wagon boss told me.
- Q And this was some time after that you saw Joe Duncan?
- A After that.
- Q After you saw this wagon boss and he told you the year?
- A Yes, sir.
- Q And you say it was along about Spring? A Well, I wouldn't say it was Spring, but it was after Christmas.
- Q How long did you see Joe Duncan there? A Just saw him that one day.
- Q You never saw him before and you never saw him since?
- A No, sir.
- Q And he lit out straight for Kansas? A I couldn't tell you where he went to; I went my way and I don't know where he went to.
- Q Where did you live before the war? A At John Evans's, at the mouth of Grand River.
- Q How old was Joe Duncan when the war came up? A I couldn't tell you.
- Q Four or five years old? A To tell you the truth I don't know.
- Q You can not swear to that? A No, I wouldn't undertake it.
- Q He might have been four or five years old; younger, or elder?
- A Yes, sir.
- Q That's your best judgment is it?
- A Yes sir, my best judgment.
- Q You don't know who his mistress was? A No sir, they tell me she was a Cherokee.

- Q You never were at his place before the war? A Oh yes, I have been there before the war.
- Q But you never saw him there before the war? A Oh yes, sir, that's where I seen him before the war.
- Q If you knew him before the war why can't you say whether he was older or younger than four years old, or five, before the war? A Why, I couldn't tell nothing about his age; I couldn't tell my own age then.
- Q But you could tell whether he was much older or much younger than that? A I could have if I had paid any attention to it, but then times we was slaves and didn't pay no attention. I didn't know my own age then, then times.
- Q Then you say you don't know whether he was older than four or five years? A No, sir.
- Q Was he by himself when he came from Kansas? A Yes, sir.
- Q He was walking? A Yes, sir, but he had a team there somewhere.
- Q Did you see the team? A No sir, that was what he said.
- Q He was only eight or ten years of age at that time? A I don't know, sir.
- Q Well, don't you know about what his age was? A No, sir, I am going to tell you the truth, I didn't know his age; I did not know my own at that time, or until just a few years ago.
- Q Don't you know about this fellow enough to know whether he was more than eight or ten years of age when he told you he had come all the way from Kansas? A Why, I don't know, he may have been more than eight or ten years of age, but to say his age I don't know that.
- Q You don't know whether he was older or younger?
- A No sir, I don't know that; I don't know his age, I couldn't tell you that for certain.
- Q You testified in a case for Jack Brady or Jack Thompson, once didn't you? A Yes, sir.
- Q You are that same man? A Yes, sir.
- Q You testified in that case that you were living out there on the bayou, near Jack's father, didn't you?
- A Yes, sir, I was living out near there, I remember that time.
- Q And you said that this Jack Brady or Jack Thompson, came all the way from Texas on horseback to visit his father in 1866, didn't you? A No, sir, I didn't tell you that.
- Q You deny then, saying you saw him in 1866? A Yes, sir, I deny that.
- Q You are, however, the same man who on May 31, 1902, in this same ~~room~~ room, testified in that case?
- A Yes, sir, I was here and testified.
- Q You deny that you testified in that case that you saw Jack Brady in the year 1866? A Well, if I had been able to put every testimony down that I testified I would be able to answer that, but I couldn't put anything down and I don't think you ought to ask me that.
- Q Did you see Jack Brady in 1866? A I am not able to say at this time. I can't tell you right now. I can not testify the same as I could then.
- Q Then you don't know the year 1866? A Not unless I put it down on a book or somewhere.
- Q You didn't put it down in the Joe Duncan case, did you?
- A No sir, but I remember that by our wagon boss.

- Q Well, why don't you remember this Brady by the wagon boss ?
 A But he didn't tell me anything about that Brady.
 Q Well, he didn't tell you anything about Duncan either did he?
 A No, sir, but he told me the year, that is what I said, he told me the year.
 Q I will ask you if you did not, on May 31, 1902, in this room, under oath, in the Jack Brady case, C.F.D. 136, make this answer: "Well he came to his father's out on Four Mile Branch in 1866, at his father's on Four Mile Branch" Did you make that answer? A Well, I may have told him that, but I'll never tell you, it has been so long since I ever spoke of that I just can't remember, to tell you the truth. I am here to tell the truth.
 Q I will ask you if, in the same case, you did not say that this man Jack Brady came horseback from Texas? A Yes, he came there horseback when I seen him there that time.
 Q Don't you know that Jack Brady was not born until 1864 according to his own testimony, and that he was, therefore, two years old or less in 1866? A No sir, I don't know that.
 Q Well, you don't know much about 1866 do you? A I know it.
 Q And you are now unwilling to swear about what happened that you can't remember, aren't you? A I am willing to swear about what I know, and what I don't know I don't swear.

BY MR. HASTINGS: For the purpose of impeaching this witness the Cherokee Nation asks that the testimony of Alex Nevins in Cherokee Freedman D-136, as well as the testimony of John P. Wilson and D. H. Flourney in the same case on the part of the Cherokee Nation, be introduced and made a part of the record in this case. And the Cherokee Nation also asks that the age of Jack Brady which is given as thirty-eight in 1901, be called attention to, so as to show the age of the said Jack Brady in 1866.

BY MR. BULGER:

- Q At the time you saw Joe Duncan at Fort Gibson in 1866, what were you doing? A I was not doing anything particular. I was working around town there. I think I was living down in the bottom then.

Q About how long have you known him? A I guess 30 years.

Q I mean about how long after the war when you first learned to know him? A It was right immediately after the war, I think; I would not fix the date.

MR. MELLETTE: When did he go to living on that farm he claimed to own? A I could not tell exactly.

Q Well, about what time? A I should think it was, well it would be just guess work.

Q I know that, but then give us a guess? A Well, I know his family lived there in '75.

Q You say it has been about 30 years since you knew Joe Duncan?

A Yes, sir.

Q That would be about '70 you got acquainted with him?

A Yes, sir, somewhere along there.

Q You don't know where he was in 1866 and '67, years of that kind? A Well, I would not swear positively but he was around there I saw him, seen him a great deal he lived in our neighborhood, the same creek we lived on.

Commissioner.

Department of the Interior,
Commission to the Five Civilized Tribes,
Muskogee, I. T., May 31, 1902.

In the matter of the application of PERRY ADAMS for enrollment
as a Cherokee Freedman.

Applicant appears by Mallette & Smith; Cherokee Nation, by
W. V. Hastings.

By Mr. Smith:

The applicant moves the Commission to make the certified
copy of the decree of the Court of Claims in the case of
Moses Whitling, Trustee for the Freedmen, vs. The Cherokee Nation,
No. 12405 filed in the Marian Hayden case, D. 498, a part of the
record in this case and the cases hereinafter mentioned by refer-
ence to the said case of the said Marian Hayden, and if it be deemed
necessary that a copy of the said decree be filed in this case and
in the following cases, to-wit:

Moses Whitling, D. 493;

By W. V. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because First: It does not tend to show that
the applicant was a slave of the Cherokee Nation at the beginning
of the war, nor that he returned within the time specified in the
treaty of 1866, or that he had been a continuous resident of the
Cherokee Nation since that time, or that he is a descendant of such
a person. Second: Because the same is incompetent, irrelevant
and immaterial, and does not tend to prove an issue in this case.
Third: Because the Commission will take judicial knowledge of all
laws, treaties and decrees necessary for the interpretation of the
rights of any person who makes application for enrollment.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in this case of an applicant unless the same is
called and filed in some individual case.

Commission.

The action of the attorney for the applicant will be en-
tertained and the decree of the Court of Claims filed in the case
of Marian Hayden will be made a part of the record by reference in
all the cases above named with the exception of those which come
within the provisions of the temporary injunction recently granted
by Judge Child of the United States Court, of the Eastern District,
Indian Territory.

By Mr. Smith:

The applicant further moves that as to the above named
cases including the Marian Hayden case that the applicant be appli-
cant to the Commission to file a copy of the decree of any
of said cases in this case and the decree of any of said cases

in the case of Moses Whitmire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

I, E. C. Bagwell, a stenographer to the Commission to the Five Civilized Tribes, on oath state that the above and foregoing is a true and perfect copy of the original testimony in the above entitled cause as filed with the Commission, which copy was made by me.

BY W. W. HASTINGS:

- Q How long after Christmas was this? A I don't know exactly how long.
- Q About spring of the year? A Along about spring, when I saw him I reckon.
- Q Some three or four months after Christmas? A Well, I don't know whether three or four months, but after Christmas.
- Q What year is this? A This is 1904.
- Q What year was the Kern-Clifton roll made? A Well, I couldn't tell you till I had my papers here; My recollection is tolerable short.
- Q You won't be certain about these years, will you?
- A No sir, not certain, to tell you the truth.
- Q Been too long ago, has it? A Yes, been too long ago.
- Q And take a man back 38 years he can't be certain?
- A Some men can.
- Q But you can't? A Well, now, I can't.
- Q And you don't propose to swear here now about any certain year?
- A No, I can't.
- Q When this fellow came back he didn't have his wife with him did he? A No sir, didn't have no wife.
- Q Didn't have any children? A No sir, didn't have any children when I saw him.
- Q You could not tell how long after the war? A No, sir, only just by what the wagon boss told me.
- Q And this was some time after that you saw Joe Duncan?
- A After that.
- Q After you saw this wagon boss and he told you the year?
- A Yes, sir.
- Q And you say it was along about Spring? A Well, I wouldn't say it was Spring, but it was after Christmas.
- Q How long did you see Joe Duncan there? A Just saw him that one day.
- Q You never saw him before and you never saw him since?
- A No, sir.
- Q And he lit out straight for Kansas? A I couldn't tell you where he went to; I went my way and I don't know where he went to.
- Q Where did you live before the war? A At John Evans's, at the mouth of Grand River.
- Q How old was Joe Duncan when the war came up? A I couldn't tell you.
- Q Four or five years old? A To tell you the truth I don't know
- Q You can not swear to that? A No, I wouldn't undertake it.
- Q He might have been four or five years old? younger, or older?
- A Yes, sir.
- Q That's your best judgment is it?
- A Yes sir, my best judgment.
- Q You don't know who his mistress was? A No sir, they tell me she was a Cherokee.

- Q You never were at his place before the war? A Oh yes, I have been there before the war.
- Q But you never saw him there before the war? A Oh yes, sir, that's where I seen him before the war.
- Q If you knew him before the war why can't you say whether he was older or younger than four years old, or five, before the war? A Why, I couldn't tell nothing about his age; I couldn't tell my own age then.
- Q But you could tell whether he was much older or much younger than that? A I could have if I had paid any attention to it, but them times we was slaves and didn't pay no attnetion. I didn't know my own age then, them times.
- Q Then you say you don't know whether he was older than four or five years? A No, sir.
- Q Was he by himself when he came from Kansas? A Yes, sir.
- Q He was walking? A Yes, sir, but he had a team there somewheres.
- Q Did you see the team? A No sir, that was what he said.
- Q He was only eight or ten years of age at that time? A I don't know, sir.
- Q Well, don't you know about what his age was? A No, sir, I am going to tell you the truth, I didn't know his age; I did not know my own at that time, or until j ust a few years ago.
- Q Don't you know about this fellow enough to know whether he was more than eight or ten years of age when he told you he had come all the way from Kansas? A Why, I don't know, he may have been more that eight or ten years of age, but to say his age I don't know that.
- Q You don't know whether he was older or younger?
- A No sir, I don't know that; I don't know his age, I couldn't tell you that for certain.
- Q You testified in a case for Jack Brady or Jack Thompson, once didn't you? A Yes, sir.
- Q You are that same man? A Yes, sir.
- Q You testified in that case that you were living out there on the bayou, near Jack's father, didn't you?
- A Yes, sir, I was living out near there, I remember that time.
- Q And you said that this Jack Brady or Jack Thompson, came all the way from Texas on horseback to visit his father in 1866, didn't you? A No, sir, I didnot tell you that.
- Q You deny then, saying you saw him in 1866? A Yes, sir, I deny that
- Q You are, however, the same man who on May 31, 1902, in this same ~~room~~ room, testified in that case?
- A Yes, sir, I was here and testified.
- Q You deny that you testified in that case that you saw Jack Brady in the year 1866? A Well, if I had been able to put every testimony down that I testified I would be able to answer that, but I couldn't put anything down and I don't think you ought to ask me that.
- Q Did you see Jack Brady in 1866? A I am not able to say at this time. I can't tell you right new. I can not testify the same as I could then.
- Q Then you don't know the year 1866? A Not unless I ut it down on a book or somewhere.
- Q You didn't put it down in the Joe Duncan case, did you?
- A No sir, but I remember that by our wagon boss .

- Q Well, why don't you remember this Brady by the wagon boss ?
 A But he didn't tell me anything about that Brady.
 Q Well, he didn't tell you anything about Duncan either did he?
 A No, sir, but he told me the year, that is what I said, he told me the year.
 Q I will ask you if you did not, on May 31, 1902, in this room, under oath, in the Jack Brady case, C.F.D. 136, make this answer: "Well he came to his father's out on Four Mile Branch in 1866, at his father's on Four Mile Branch" Did you make that answer? A Well, I may have told him that, but I'll never tell you, it has been so long since I ever spoke of that I just can't remember, to tell you the truth. I am here to tell the truth.
 Q I will ask you if, in the same case, you did not say that this man Jack Brady came horseback from Texas? A Yes, he came there horseback when I seen him there that time.
 Q Don't you know that Jack Brady was not born until 1864 according to his own testimony, and that he was, therefore, two years old or less in 1866? A No sir, I don't know that.
 Q Well, you don't know much about 1866 do you? A I know it.
 Q And you are now unwilling to swear about what happened that you can't remember, aren't you? A I am willing to swear about what I know, and what I don't know I don't swear.

BY MR. HASTINGS: For the purpose of impeaching this witness the Cherokee Nation asks that the testimony of Alex Nevins in Cherokee Freedman D-136, as well as the testimony of John F. Wilson and D. H. Flourney in the same case on the part of the Cherokee Nation, be introduced and made a part of the record in this case. And the Cherokee Nation also asks that the age of Jack Brady which is given as thirty-eight in 1901, be called attention to, so as to show the age of the said Jack Brady in 1866.

BY MR. FULGER:

- Q At the time you saw Joe Duncan at Fort Gibson in 1866, what were you doing? A I was not doing anything particular. I was working around town there. I think I was living down in the bottom then.
 Q Was Joe Duncan employed at anything at that time? A No sir I don't think he was.
 Q You just happened to meet him? A Yes sir, just happened to meet him.
 Q You had been acquainted with him before the war? A Oh yes

 Q You know whether or not a fellow is a man? A Well, I guess he was a man, he had a mustache
 Q Did Joe Duncan leave Fort Gibson soon after you saw him.

 Q How old was he before the war? A I don't know sir.
 BY COMMISSIONER:
 Q You have some idea, come now, tell us? A I couldn't tell you sir.

BY MR. HASTINGS:

- Q Was he a baby in his mother's arms, or five or six years old or how old was he? A Well, when I saw him at his master's he was a good sized boy and me and him played together, he could have been five or six years old, or might have been ten years old, I didn't know his age, I didn't know my own age.
 Q Well, you can tell about his age, whether he was five or six years old or not? A Well, he might have been five or six years old.
 Q And the next time you saw him he was a grown man with a mustache? A Yes, sir.

| Susie Foster, | Cherokee Freedmen D 1136, |
| Malinda (Martha) Foster, | Cherokee Freedmen D 1137. |

D E C I S I O N .

The record herein shows that applications for enrollment as Cherokee Freedmen were made to this Commission by Luvinia Foster for herself and minor son, George Foster; and by Phillis Foster for herself; and for enrollment as Cherokee citizens by Emmet Starr for Susie and Malinda (Martha) Foster.

The evidence in this case shows that one Randall Foster, deceased, who was a Cherokee by blood, and the said Luvinia Foster, both of whom are duly identified on the Cherokee authenticated tribal roll of 1880, are the parents of the applicants, George, Phillis, Susie and Malinda (Martha) Foster; and that the said George Foster was born since 1880, has continuously lived in the Cherokee Nation since birth, and is duly identified on the Cherokee census roll of 1896.

The evidence further shows that all the applicants herein possess rights to enrollment as Creek Freedmen; that on September 30, 1903, said Luvinia Foster appeared before the Commission at Muskogee, Indian Territory, and on behalf of her minor son, the said George Foster, elected that he be enrolled and receive his allotment of lands and distribution of moneys in the Cherokee Nation; and that on November 21, 1904, the said Phillis Foster appeared before the Commission at Muskogee, Indian Territory, and elected

to be enrolled and receive her allotment of lands and distribution of moneys in the Creek Nation.

The evidence further shows that the applicants, Luvinia Foster, Susie Foster, and Malinda (Martha) Foster, are included in a partial roll of Creek Freedmen approved by the Secretary of the Interior, March 28, 1902, and May 21, 1904, at Numbers 5434, 3423 and 4726, respectively, and that allotment of lands in said Nation have been made to, and accepted by, them.

It is, therefore, the opinion of this Commission that George Foster should be enrolled as a Cherokee Freedman in accordance with the provisions of section twenty-one of the Act of Congress approved June 28, 1898 (30 Stat., 495); and that the applications for the enrollment of Luvinia Foster, Phillis Foster, Susie Foster and Malinda (Martha) Foster, should be denied, under the provisions of said section twenty-one of the Act above noted, and it is so ordered.

DEPARTMENT OF THE INTERIOR,
COMMISSION TO THE NEVE CIVILIZED TRIBES.

In the matter of the application for the enrollment of
Laura Johnson and her minor children, George and Nancy Johnson,
as Cherokee Freedmen.

D E C I S I O N.

The record in this case shows that on June 27, 1901, Laura Johnson appeared before the Commission at Bristow, Indian Territory, and made application for the enrollment of herself and minor children, George and Nancy Johnson as Cherokee Freedmen. An affidavit showing the birth of George Johnson on August 27, 1894 and Nancy Johnson on January 25, 1897, and the testimony taken in re application of Sarah McKelir, Cherokee Freedman, D 902, is filed with and made a part of the record in this case.

The evidence herein shows that one Martha McKelir, deceased, was the mother of the principal applicant, Laura Johnson, and that the said Laura Johnson is the mother of the minor applicants, George and Nancy Johnson; that the said Martha McKelir was the slave of a Cherokee citizen at the commencement of the rebellion; that she was taken out of the Cherokee Nation during said rebellion, but returned thereto and established a residence therein within the time specified in the decree of the Court of Claims rendered February 3, 1896, in the case of Susan Whitwira, trustee, et al., vs. the Cherokee Nation, et al., for the return of freedmen to said Nation.

The evidence further shows that the applicants herein were born since 1864, and have resided in the Cherokee Nation all their lives. The principal applicant, Laura Johnson, is identified on the Cherokee census roll of 1895.

It is, therefore, the opinion of this commission that
Laurie, Gump, and Henry Johnson, should be enrolled as Char-
les Brockman, in accordance with the provisions of section twenty-
one of the act of Congress approved June 25, 1906, (34 Stat.,
687), and it is so ordered.

I have the honor to enclose a report from the Commission to the Five Civilized Tribes, dated May 12, 1906, transmitting the record of the unsolicited applications for enrollment as Cherokee Freedmen to Luvinia Foster for herself and her minor son, George Foster; and to Phyllis Foster for herself; and for enrollment as Cherokee citizens for Susie and Edna Marshall Foster.

May 12, 1906, the Commission decided adversely to George Foster and adversely to all the other applicants.

The report shows that one Russell Foster, deceased, was a Cherokee by blood, and the applicant, Luvinia Foster, both of whom are identified on the 1890 authenticated Cherokee roll, are the parents of all the other applicants; that the said George Foster was born since 1890, has continuously lived in the Cherokee Nation since birth and is duly identified on the Cherokee census roll of 1906. The record further shows that all of the applicants possess rights to enrollment as Creek Freedmen.

The record further shows that Lavinia, Phillis, Susie and
Maranda (Martha) Foster have been enrolled as Creek Freedmen,
have received and accepted their allotment of lands in the
Creek Nation.

In view of the facts the Bureau is in a position to
recommend favorable action on the application of the
above applicants for recognition.

Very respectfully,

M. M. K.

In the matter of the application of PERRY ADAMS for enrollment
as a Cherokee Freedman:

Applicant appears by Mellette G. Smith; Cherokee Nation, by
W. W. Hastings:
By Mr. Smith:

The applicant moves the Commission to make the certified
copy of the decree of the Court of Claims in the case of
Hosae Whitmore, Trustee for the Freedmen, vs The Cherokee Nation,
No. 17208 filed in the Mariah Hayden case F D 490, a part of the
record in this case and the cases hereinafter mentioned by refer-
ence to the said case of the said Mariah Hayden, and if it be deemed
necessary that a copy of the said decree be filed in this case and
in the following cases, to-wit:

John Carter, D 336;

By W. W. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because, First: It does not tend to show
that the applicant was a slave of the Cherokee Nation at the
beginning of the war, nor that he returned within the time specified
in the treaty of 1866, or that he had been a continuous resident of
the Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in the case of an applicant unless the same
is called and filed in each individual case.

Commission:

The motion of the attorney for the applicant will be en-
tertained and the decree of the Court of Claims filed in the case
of Mariah Hayden will be made a part of the record by reference in
all the cases above named with the exception of those which came
within the provisions of the temporary injunction recently granted
by Judge Will of the United States Court, of the Northern District,
Indian Territory.

Mr. Smith:

The applicant further moves that as to the above named
cases including the Mariah Hayden case that counsel for the appli-
cants be allowed within thirty days to file any of the proof of any
or all of the record other than the decree already referred to.

is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

I, E. C. Bagwell, a stenographer to the Commission to the Five Civilized Tribes, on oath state that the above and foregoing is a true and perfect copy of the original testimony in the above entitled cause as filed with the Commission, which copy was made by me.

In Re the Application for the Enrollment of Peggy A. Rowe
et al as Cherokee Freedmen, Consolidating the Application of Peggy
A. Cully and Freeman Rowe.

M O T I O N

Comes now Freeman Rowe, one of the applicants in the above
entitled cause, and moves that the Decision therein rendered and
affirmed be modified or vacated, and that he be granted a new trial
or other proper relief.

For the reason that he believes said Decision is contrary
to law.

And presents the following in support thereof.

First, The Cherokee Treaty ratified August 7th 1902, with
but a few minor exceptions, refers the matter of the making of rolls
of citizenship to Section 21 of the Act of Congress approved June 28th
1898.

Second, Section 21 of the Act of Congress of June 28th
1898 directs that a Roll of Cherokee Freedmen be made in strict
compliance with the Decree of the Court of Claims rendered Feb. 3rd
1896, and numbered 17209.

Third, The Court of Claims Decree of Feb. 3rd 1896 authorized the
Commission to the Five Civilized Tribes to hear testimony both
for and against the identity of all persons claiming to be entitled
to citizenship in the Cherokee Nation, under the Treaty made by
and between the United States and the Cherokee Nation, July 19th
1846.

Fourth, The ninth article of the Treaty of July 19th
1846 makes all persons who were slaves of Cherokee Indian Citizens,
and who were liberated by law, and their descendants, citizens of
the Cherokee Nation.

Fifth, The ninth article of said Treaty as far as it relates to the Status of Freedmen, Free colored persons and their descendants reads as follows: "They further agree that all Freedmen who have been liberated by voluntary act of their former owners or by law, as well as all free colored persons who were in the Cherokee country at the commencement of the rebellion, and are now residents therein, or who may return within six months, and their descendants, shall have all the rights of native Cherokees."

THEREFORE, we contend that the Decision in this case is contrary to Section 21 of the Act of Congress approved June 28th 1898, and that the applicant, Freeman Rowe, should be granted a new trial or given other proper relief.

COMMISSION: The Cherokee Nation, by its representative, makes satisfactory proof of service on the applicant's attorney that it would, on the 20th day of May, 1908 introduce testimony tending to disprove the right of the said Edward Wright to enrollment as a Cherokee Freedman. The applicant this day appears by his attorney, E. B. Lanson, who is represented by Ben J. Scoville, Nowata, Indian Territory.

MR. HASTINGS: The Cherokee Nation offers in evidence a decision of the Chambers Commission on citizenship as found on page 57 of a book taken from the records of the Executive Department of the Cherokee Nation entitled, "Books of the Chambers com'n of citizenship," as follows:

"No. 25. Edward Wright

"Before me coming on sitting at Tallahatchee to give claims to Cherokee citizenship.

The undersigned chairman in the case of

personally presents the following statement of his claim accepted as the statement of his commission.

He claims to be a Freedman of five of his ancestors on the 1st of January, 1863, that is, as a colored person formerly a slave owned by a citizen and resident of the Cherokee Nation.

beginning of the late war, freed by law and made a citizen of this Nation by provision of the treaty of 1866. For

claimant was at the time and place above said owned by George Whitmore, a Cherokee citizen, lost the property during the war and returned in the summer of 1866 to select and prepare a home for his family (they then being without one) and again the following year prosecuting the war as his circumstances and the condition of the country at that time prevented and leaving his family in the intervals of the war very much distressed without direct aid and exposure and until a removal of their war practicable upon removal of claimant finally was accomplished to the point of the Nation settled by claimant for himself and his wife in the spring of 1867.

claimant's rights have been called in question by competent authority, and he therefore presents this to the important examination of this Commission on the matter as to do by law.

The Cherokee Nation offers in evidence from a book taken from the Executive Department of the Cherokee Nation entitled, "Register of evidence before court at territorial chambers court, Book 1," page 239, case 50, as follows:

Case 50.

George Whitmore

Tahlequah,

Cherokee Nation.

July 3, 1872.

"I am a woman for claimant and his wife. I am about 40 years old. I was born in the Nation, as a citizen of the Nation. I was born in the Nation but had my rights taken up by the Nation court."

Am a citizen under the treaty of 1866. I went north to the state of Kansas in '62. I returned in August - first or second, 1866. I left my family in Fort Scott when I came. I came down to get on a claim. I staid about three weeks that time, and then returned to Fort Scott. After I returned to Fort Scott there were others who started down, the Whitmire party of Sam Weber. The claimant was one of them. They came down in Decr. 1866. They returned to Fort Scott before I left there. I left Kansas about the end of Decr. in January, 1867 and got to the crossing of the Brown River about the last of January. When I first came down there was about 15 in the party. They left their families in Kansas when they came down here. There was some of party came with the Whitmire party. The Whitmire party and my party were Sam Weber, Nick Daniels, Sam Rabber, Jr., Aaron Weber, Reubin Sanders, Jack Sanders.

The Whitmire party were Aaron, Lewis, Wade, Dennis and Nelson Whitmire and others that I do not recollect. The object of this party coming was for the purpose of settling homesteads. When I moved with my family I stopped on Taylor's Creek at Mrs. Albert's and remained about two weeks. The reason we left that part of the country was because that part of the country was too sparsely settled and bare of subsistence. As I was coming down the first time we were overtaken by the Horcker Delegation. They were some who come here were authorized by others to locate claims for them, and one by McKay requesting Abe Fields to locate for him. The original request filed.

Orons Examined.

I can not remember the date I arrived here the first time from Kansas. The claim we made I got three sets of house logs, hauled them and piled them up, and some of the men put up houses. I did not put up a house. I started back to Kansas about the middle of September. When I first left the country, it was in February, 1862. I was a slave before the war and was owned by Sam Taylor with the war broke out. He was living on Greenleaf near Brady Mountain on this side of Arks. River. When the Whitmires returned to Fort Scott I do not know when they left there to come to this country. I left them there when I left. It was reported when they returned to the Nation that the Whitmire party had built houses. But I do not know this myself as I was not at home. I only heard they had. The war closed in 1865 I think. I did not know it myself but people told me who could read.

I do not know myself what it was the month of Aug. when I came here first, but I was told it was that time.

Be Direct.

It was the December following the time I first came down that the Whitmires came down first to select and improve claims.

called and sworn.

August 17, 1878.

Alfred A. Party, witness for claimant.

I reside in Coconino County, Arizona, U. S. I am a native Cherokee citizen. I left the Nation during the war. I returned to the Nation on the west side of Grand River, Coconino County, Arizona.

on the 3rd of September, 1865. I had occasion some time in the last of Oct., or the first of Nov., or probably it might have been as late as the middle of November, to go to the Viridaria. While out there I fell in with a party of seven or eight persons who were camped with others near San Francisco. I did not go to the camp. They were colored people. I knew most of them. Their names were old Sam Webber, Aaron Whitmire, and a younger brother and Lewis Whitmire.

There was another person whom I was told was a Landman. I do not recollect any of the others and can not identify them. The Whitmires were John and George Whitmire, Aaron, Lewis and his mother belonged to George. In conversation with Sam Webber he asked me if I knew anything about the treaty and if John McDaniel had got home. I told him I had not seen the treaty but had heard rumors about it. He told me they had come to pick up some horses or make claims and that he was the leader of the party and the reason why Major Wright did not come was that he was an old man, but that he had sent his wife down to work for him and take him a claim. He then asked what chances there was to get provisions over on the river. I told him there was none there, but that there was a lot of cornmeal flour at Gibson and if they would go there they would get some. He also represented that they had come down to make claims for others, who had remained in Kansas, to build them homes and so forth. They also stated that they were notified to camp, and that they had accordingly gone to make claims for themselves and the others that they left behind in Kansas. As near as I can recollect it was some time in October or November that I saw these parties. I was not very cold weather at the time. I recollect as I came out at night. Did not see any of these parties after this time, May, 1867. There was no provisions to be had in this country at that time. Provisions were very scarce. It was my understanding that they had gone to prepare homes for themselves and families. They told me so at least. Major Wright belonged to Cornelius Wright before the war.

Cross Examined.

I heard after this some of them went back to Kansas. At the time I met them I do not know whether their families were with them. I think I saw Dennis Whitmire with this party, but am not certain of seeing Dennis or Nelson. I know there was four of the Whitmire boys. They were owned in the Nation and resided here up to the breaking out of the war.

I know Marietta Satliff. She was twelve or thirteen years old at the closing of the war.

She was living with me then and still lives in my family. Jack Landrum was one of the band above referred to, also Ransom Daniels. I learned from our leaders Unale Mike and Sam Webber that the Cherokee delegates advised us to settle in a compact body on unoccupied lands. We crossed the River in coming down at Helena's Ferry in 1866. The chief person who opposed us was Bill Martin.

While on Lightning Creek in 1866 I saw Mr. Alberty but had no conversation with him, but Sam Webber had in a previous conversation.

Cross Examined.

I am a claimant before this court for citizenship. I am a half-brother of Aaron Whitmire, Louis, Dennis and Nelson are also my brothers. Mariah Whitmire is my sister. Major Wright is my stepfather. The names of the party that came with me to the Nation are as follows: Mike Sanders, Sam Webber, Peter Helge, Will Foreman, Tuck Sanders, Ransom Daniels, Sam Webber, Jr., Louis Whitmire, Nelson Whitmire, Dennis Whitmire, Aaron Whitmire, it is all I can recollect now. Witness and my brother were authorized to make claims for others still back in Kansas. Dennis made a claim for Major Wright. I can't make any others. Witness was born at Fort Scott in 1866 when we came on from Kansas. My family came at Fort Scott. Melissa Hatliff, 34 right, and my wife or myself composed my family. Louis had no family. Aaron and Nelson did. Major, Sam, Nelson and Allen were Aaron's children and his wife, Sarah. They were left, the wife and children in Fort Scott when he came on in 1866. Mike Sanders, Thos. Sanders were Nelson's family and back at Fort Scott. We went back 1st January 1866 to Kansas after coming to the Nation. Then witness returned in 1867 to the Nation Aaron, Louis, Nelson, Dennis, Ransom Daniels, Tuck Sanders, Peter Helge and the families of those who had families all come as I did besides others not particularly remembered. This was the first time any of our families had been to the Nation, at least mine, Aaron's and Nelson's.

The first time Mariah Whitmire was in the Nation after the war closed was after our parties returned in April in 1867.

The first time Major Wright returned was on his first trip in 1867. Melissa Hatliff was owned by one Alon R. Hill at breaking out of war. She first came in March 1867. Tuck Sanders was already in 1866. He was a slave at the beginning of the war. I was present during the examination of Mr. Albert as a witness in this case.

Re direct.

Mariah's family at the close of the war was a separate family. Harry Whitmire, her son, represented her father on the first trip in 1866. Witness is about 55 years old. Major Wright was an old man at the close of the war. Louis Whitmire had been back to the Nation before 1866.

Cherokee Nation.

Claiming citizenship.

Now comes claimant by Atty before the commission sitting at Tahlequah to try certain claims for citizenship in the Cherokee Nation and makes this his statement of his grounds for said claim to wit-

Claimant is a colored person and claims as aforesaid under privilege of the fifth specification of the list of claims preferred by law to the commission to examine and decide rights by competent authority having been denied citizens.

Claimant belonged to Gen. Whitmire a Cherokee citizen at the commencement of the war of the rebellion and was then living in said

-2-

Nation. After the beginning of said war claimant moved to or the vicinity of Fort Scott with his family at which location he resided until the summer of 1866 when he returned to this Nation and proceeded to select and improve a home on the Verdigris River for himself and family's permanent residence. While he was thus making preparations for the removal of his family by providing for their habitation and subsistence at the place mentioned they his family remained where they had been sojourning during the war.

Claimant was compelled by unfavorable circumstances and the attention he was obliged to bestow upon his family to remit his work upon his improvement on Verdigris River from the early fall of 1866 to the early winter of the same year, when he resumed labor upon his improvement. After which he removed his family as soon as practicable to wit in the spring of the year of 1867.

Claimant claims to have returned to this Nation in his own person and as representative of his family within the time provided for by treaty, in that having no residence to come to or other former citizens he did everything possible to constitute a return consistent with the duty he owed to his family by laboring as far as his means allowed to provide a home in this Nation.

Respectfully submitted,

Aaron Whitfire,

vs

Cherokee Nation.

August 1st, 1878.

W. Martin, witness for claimant, called and sworn.

I live on Big Creek, Coover's Cove, O. N. Am a citizen of the Nation. From August up to Christmas 1866 I was at the ferry on the Neboho River on the old military road leading from Fort Scott, Kansas to Fort Gibson, O. N. Am acquainted with claimant and his brother, Lewis, never knew Aaron until I met him at the river. Lewis I knew prior to that time. While I was in charge of the ferry I recollect having met claimant and Moss, Lewis, Dennis and Nelson, Whitfire, Peter Hoins, Mike Sanders, Sam Webber, and Young Sam, Bill Foreman and others but I do not recollect anything about them. They were traveling. They stated they were coming from Fort Scott, Kans. they were traveling from the direction of Fort Scott. I crossed them from the Shawnee side of the River into the Cherokee Nation, they inquired the road to Big Creek. Nelson gave them the directions to the head of Big Creek. They stated the reason why they were coming was that the Cherokee Delegation had invited them to come back under the treaty. They mentioned Sam Washland as the principal one who had invited them and they were then on their way to select themselves homes.

It was after the Delegation returned that I met claimant and the others spoken of in the pretty good weather when I crossed them. It was as near as I can recollect about the first of October, 1866. I am positive it was before Christmas as I lost them at Christmas or probably a few days before Christmas.

Obed Examined.

I was not acquainted with the claimant nor any of the others spoken of in the war.

I did not know the names before the war. I do not know whether they had lived in the Nation previous to the war. I do not recollect of seeing any of the families of the families named at the time.

I crossed them over the river. I set some of this same party back over the river a short time after they had come in, Lewis, Nelson and Dennis Whitmire and little Sam Webber and I think they were more who stayed back but I can not place them now. I learned the names of the parties from conversation with them, but did not become particularly acquainted with their names at that time. I think there was one woman with the party, I think she was little Sam Webber or not. I was positive there was no children as I never saw any. They had heard there long enough that were they any taken and children I would have known it. I saw them in the fall of 1867 on Big Creek. I learned from them that they had got there in March 1867. I know this from having heard it generally talked amongst themselves.

Re Direct.

At the present time the distance between our two settlements is about 5 miles. I recognize the claimant and the other parties spoken of. I have been there frequently since that time, I got them over the river. When I saw them in the fall of 1867 they had their families with them. The means of subsistence at the time I crossed in the country at that time was short.

George Whitmire before the war lived in Going Snake Dist. This Dist. borders on the line of the State of Ark. Claimant now resides near the western line of the Cherokee Nation. The defendant before the war was there where claimant now resides. I could say the distance from where George Whitmire resided prior to the war, and claimant's present residence is 80 or 100 miles. Witness states that he had a conversation with Sam Webber in which Webber advised him that he had been advised by some one to go to the Nation where he had been in company of an army as it was convenient to do in the matter of the country. Witness thought best to the colored man as they could have their matters were more regulated in the country. Conversation was in the fall of 1866. The defendant was in the spring of 1867. I saw several of their families in May, 1867 on Big Creek or Lightning Creek in the Nation.

about the 1st of May 1887 I first saw this party with their families at their new home. I found all others of this Colored party had moved there and arrived in March 1887 to the Nation.

I learned from John Peter Smith that most of this colored party returned to Kansas. I saw some fugitives and a few remained. I was underground at that time because of the Fugitive Slave Law in 1850. It was witness' the treaty of 1866. The purpose of the convention was to ratify the treaty of 1866. The object of the convention was to ratify the treaty of 1866. The treaty was concluded under the Treaty and to ratify the treaty. It might have been July 10, 1866.

Q How far did Mr. Mayfield live from you after you saw him in '69?

A About five miles.

Q Did he stay there? A Yes, sir, rented a place across the river and lived on the place he rented.

Q Did you know where he was from where you first saw him? A I just supposed he was from up there in Kansas.

Q Tell all the circumstances, what you know about seeing him?

A He came down the road from Kansas, that direction, and he camped there, there is where I got acquainted with him.

Q Was he married? A Yes, sir.

Q Have his folks with him? A Has his family, this woman as lived as Mayfield's wife.

Q That is the first time you saw him in the Cherokee Nation?

A Yes, sir, the first time I saw him.

Q Is there anything that makes you positive about fixing the date in 1869? A No more than this; I had been trading with some government wagons, that is the men that was driving the wagons, selling some hay, the day he came there, and I got my pay for that two or three days afterwards, on the 20th I believe, February, 1869.

Q You mean 1869? A 1869.

Q Did you preserve any letter or document which shows that date when you received the pay for the hay? A Yes, sir, I have a paper that shows the date exactly, but I didn't preserve it at that time, I filed it away with all the papers I have, and I didn't think of it in this other case heretofore.

Q And you have that with you? A Yes, sir.

Q And that date does it show? A It shows I received my money on the 20th, that is my check.

Q On what month? A February, 1869.

Q You were pretty well acquainted in the neighborhood in '69?

A Yes, sir.

Q Had you been two or three years previous? A Yes, sir.

Q Did you know any of the colored people who were in the crowd with Thomas Mayfield? A I did Jack Sloan, I knew him.

Q Had you know him before the war? A Yes, sir, I knew him before the war.

Q Did you have any talk with him at that time? A Yes, sir, his wife was a servant of my wife's father, and they learned that we were there on the road and they came there and visited us, is how come me to know what I do of these circumstances.

Q Mr. Smith: Mr. West, you hadn't been acquainted with Thomas Mayfield before the war? A No, sir.

Q The time you speak of is the first time you ever saw him?

A Yes, sir, the first time I saw him.

Q You don't know how long he had been in the Cherokee Nation when you saw him? A No, sir.

Q You don't know whether he had his family with him at that time or not? A No, sir, he had a family but I don't know whether they were his or not.

Q When did you say you came back to the Cherokee Nation after the war? A I left Red River February 1st, 1868.

Q Where did you go to? A I went on up to Fort Scott, right direct through the country, to where my mother lived on this side of Fort Scott, Kansas.

Q How long did you stay there? A Still about the first or middle of May.

Q In what year? A 1868.

Q Then what did you do? A I came down to Boone, in the Cherokee Nation, and there set up my tent and went to trading and trafficking with the Indians and such.

Q How long did you continue in that business? A I continued off and on the season through.

A How long was the season? A From the time I went there till fall.

Q From May until the fall? A Yes, sir.

Q And where did you go from there? A I went lower down on the military road where I was stationed, where I first saw Thomas Mayfield, and I built a house.

Q You built your house then in the fall of 1868? A Part of it, not all of it.

Q When did you build the rest of it? A In 1867.

Q How long after the time you saw Thomas Mayfield was it before you were called upon to remember anything about having seen Thomas Mayfield on that occasion, how many years? A It was during this Kern-Clifton examination.

Q Now you saw him, Thomas Mayfield, you say, in 1869? A Yes, sir.

Q When was the Kern-Clifton Commission? A I am not positive, '65 or '66; not '65, '66 when it was I believe.

Q In 1866 was it? A It seems to me, I am not positive.

Q Then that was about 28 years wasn't it, from the time you had seen Thomas Mayfield? A Yes, sir, from the time I first saw him, but I saw him off and on all the time after I got acquainted with him.

Q You have stated you had no occasion to remember the fact that you saw him upon this particular date in '66 until the meeting of the Kern-Clifton Court? A Yes, that drew my attention to it.

Q That was about 28 years afterwards? A Somewhere along there I guess.

Q Mr. West, did you remember for 28 years without ever having had any occasion to have your attention called to it, that you saw him upon a certain day that you got a letter or pay for the hay, or whatever it was? A Now as far as that is concerned, it is like this: we all remember when the people was coming in, and it was common talking when they come in.

Q Just answer that question? A That is the one particular time.

Q So 28 years afterwards you were able to remember that you had seen Thomas Mayfield about the time you got a letter or receipt for some hay or something that you had sold, is that right? A Yes, sir, somewhere along there.

Q Well now Mr. East, what connection was there between Thomas Mayfield and the hay, that you can go back 28 years and remember and fix that date that you saw Thomas Mayfield by the letter which you are now talking about? A I had the transaction as I told you with these government teams, selling them hay, and the very day that he came there, the same day, that is the reason why I know it was the same time.

Q Did you have but one transaction with the Government men? A I had them often, but not as much as that was.

Q How many times have you had transactions with the Government teams about that? A Two or three different times.

Q Or three or four or half a dozen? A No, not that many.

Q More than three or four? A Not over three or four.

Q How far can you go back 28 years and tell which one of these transactions it was, and comment that particular transaction or any one of them, Thomas Mayfield, 28 years after? A Simply I got a paper to him about that date.

Q Did you have any conversation about Thomas Mayfield? A No, sir.

Q You had no conversation about Thomas Mayfield?

Q You had no conversation about Thomas Mayfield? A No, sir.

Q You can go back 38 years and connect Thomas Mayfield with that particular transaction, how do you do that? A Simply I had that transaction at that time.

Q Were there not other transactions? A Yes, sir; but not so great as that was.

Q It couldn't have been some other transaction you had with the Government when you saw Thomas Mayfield? A It might have been some other, but it wasn't, that is all there is about that part of it.

Q Are you able to remember it was this particular transaction?

A Yes, sir.

Q Have you got that letter? A Yes, sir, it is just a receipt (hands Mr. Smith paper.)

Q (Returning paper) Mr. West, all that you claim about the paper about which you have spoken is that it carries that date by which you fix the time? A Yes, sir, it carries it, nearabout it.

Q Did you have that paper? Were you a witness before the Kern-Clifton Commission? A Yes, sir, I was.

Q Did you have that paper then? A Yes, sir.

Q When did you hunt that paper up? A I hunted it up during the Court time.

Q Were you subpoenaed as a witness during that Court? A Yes, sir.

Q When did you hunt that paper up, before or after you were subpoenaed? A I hunted it up after I was subpoenaed; I didn't have occasion to hunt it up before.

Q You testified, I believe you stated, Before the Kern-Clifton Commission? A Yes, sir.

Q Mr. West, you don't know where this man was in '66 do you?

A Not till that date, not before that date.

Q I say you don't know then where he was in '66 or at any time prior to '66? A Only that day of '66 when he passed my house.

Q He passed your house in '66 did he? A In '69 I meant, that is the first time; in '66 I don't know where he was, or any time before '69.

J. L. Thompson, being duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A J. L. Thompson.

Q What is your age? A 68.

Q What is your post office? A Vinita.

Q Do you know the applicant, Thomas Mayfield, the colored man there?

A Yes, sir.

Q How long have you known him? A Well; I have to kinder study and tell you.

Q Did you know him before the war? A No, sir.

Q You have only known him since the war? A Yes, sir.

Q Where did you go during the war? A Went to Texas.

Q When did you return to the Cherokee Nation after the war?

A I came to Fort Gibson in December, 1867, and Cabin Creek January, 1868.

Q Well, where did you first locate in this country, up near Vinita? A Right where I live now, but I didn't own the place then, I only rented it that season.

Q You have lived there ever since 1868? A No, sir, I moved away from there and moved back again.

Q You have lived in the same neighborhood ever since? A Yes, most always.

Q How far does Mr. Mayfield live from you, the applicant? A Where he lives now, just about five or six miles I reckon.

Q When did you first see Mr. Mayfield after the war? A Well, it must have been, to the best of my recollection, about '69 I reckon it was, I am pretty positive it was, to the best of my recollection.

Q Was he up there in that neighborhood when he first returned?

A No, sir, never heard of him.

Q Was there an investigation by the Supreme Court about five years after the war with reference to the return of colored people in the Cherokee Nation? A I don't remember.

Mr. Smith: I object to that as not being apparently the best evidence of the fact.

Q How far has Mayfield lived from you since you saw him in '69?

A He lives about 10 miles from me as he ever did.

Q Lives in the same neighborhood then? A Yes, sir, he lived right in the same neighborhood there, probably five or six miles from where he first settled.

Q You didn't know Mayfield before the war? A No, sir.

Mr. Smith: That is all you say it was, Mr. Thompson, when you came back to the Cherokee Nation after the war? A I said I came to Fort Gibson in December, 1867, I came to Cabin Creek in January, 1868.

Q In January, 1868? A Yes, sir.

Q You didn't know Thomas Mayfield before the war? A No, sir.

Q You don't know where he was in 1868? A No, sir.

Q You don't know whether he was in that neighborhood that you went to when you went up there or not? A If he was there I never heard of him, he might have been, so far as I know, but if he was I know I never heard of him.

Q He might have been there though? A He might have been, but I knew most of the families in the neighborhood.

Q You can't state he wasn't in that neighborhood when you went there?

A No, sir.

Mr. Hastings: You never saw him? A I never saw him.

Q You were well acquainted throughout the neighborhood? A Yes, sir, I lived there before the war.

Q You were acquainted with it before the war? A Yes, sir.

Q Was it thickly settled or thinly settled? A It was sparsely settled.

Q You knew people from a distance? A Yes, sir.

Mr. Smith: You didn't go around as soon as you got hot and found out who was in that country? A No, sir, it wasn't my business.

Q And a man might have been here a year or two before you saw him?

A I don't believe he would have been in the neighborhood, I don't believe that long.

Q You don't know so, but you don't know he couldn't have been?

A Of course it wasn't my business to run around and hunt them up.

Q But you can't say whether Mayfield was there when you came there or not? A I can't positively say he wasn't there, but if he was I didn't see him.

F. L. Martin, being first duly sworn by Commissioner Needles, testified as follows:

Mr. Martin: What is your name? A F. L. Martin.

Q What is your age? A 51.

Q What is your place of birth? A Pennsylvania.

Q What was your father's name? A John L. Martin.

Q Do you know the defendant, there, Thomas Mayfield? A Yes, I think I do.

Q Did you go out of the Nation during the war? A Yes, sir.

Q When did you come back to the Nation after the war?

A November, '66.
Q Where did you go to? A Went to Texas.
Q Come back with your father? A Yes, sir.
Q Where did you first locate after the war? A We located at our old place, called Greenbriar, on Grand River.
Q Did you know Tom Mayfield before the war? A No.
Q Did you know him after the war? A Yes, I knew him after the war.
Q Do you know when Tom returned to the Cherokee Nation? A No.
Q When was the first time you ever saw him after the war? A The first time I ever saw him to know him was about '69.
Q How far did he locate from you? A About two miles and a half; well I wasn't living there in '69, that is there I live now.
Q How far were you from him when he located there in '69? A I don't know really, I was at my old place I guess down about ten miles.
Q How far were you from where you located in '66? Were you at your old place then? A Yes, in November, '66, about ten miles.
Q You were at the same place in November, '66 and in November, '69 also? A Yes, I made that my home although I did not stay there all the time, I was about from one place to another.
Mr. Smith: You were unmarried at that time? A Yes, sir.
Q A young man living with your father, and made that your headquarters? A Yes, sir.
Q Where did you spend most of the time? A I was here and there and in Texas and back and forward and on the road a great deal.
Q Those part of the time and Texas part of the time and here and there? A Yes, sir.
Q Then that place you speak of was about ten miles from where Mayfield went to live, was it? A Yes, that is where my father lived.
Q At that time you didn't have a home, stayed with your father? A I didn't have any certain place only at father's.
Q About what age were you then? A About 18 or 19.
Q Then was it you first saw Thomas Mayfield? A The first time I remember seeing him I think was about '69, he was running a ferry.
Q And you are not right certain about its being '69? A Well, yes I am pretty certain it was '69 the first time I saw him to know him; if I saw him before I didn't know him.
Q Might that not have been '68? A Well, I don't know as it was, I think it was '69.
Q But you are not positive about it? A No, I will not be positive, it has been so long ago.
Q Well you didn't go back to your father's place at all until in November, 1866? A That is as early as I came there.
Q How long did you then stay at your father's place after you came back before you went away again? A We were there all winter.
Q Then did you go back to Texas? A No, the next summer I was there and Pryor Creek, and most of the spring and summer.
Q But your father's place was ten miles at least from where Mayfield lived when you became acquainted with him? A Yes, sir.
Q How long was it then before you had a place of your own, and went to living there regularly? A In '72 I moved there in about two miles and a half of him.
Q You have been living in about two and a half miles of him ever since '72? A Yes, sir; that is, until he moved away, he moved away from the place he was living on then seven or eight years ago.
Q You saw him ever time to time until the time you became acquainted with him when you would be in the Cherokee Nation? Yes, sir, after I got acquainted with him I saw him often.

Thomas Mayfield - 7.

Q You of course don't pretend to say he hadn't been living up at a place ten miles away from your place when you became acquainted with him? A No, I don't know how long he was living here at all, only when I first saw him.

Lucien B. Bell, being duly sworn by Commissioner Needles, testified as follows:

Mr. Hastings: What is your name? A Lucien B. Bell.

Q What is your age? A 63, about.

Q What is your post office? A Vinita.

Q Do you know the applicant Thomas Mayfield? A Yes, sir.

Q He is present here is he? A Yes, sir. that is him right behind Smith.

Q Are you citizen of the Cherokee Nation by blood? A Yes, sir.

Q You go out of the Cherokee Nation during the war? A Yes, sir.

Q What time did you return to the Cherokee Nation after the war?

A Well, I came back in the neighborhood of where I settled, right in a mile of where I located, in the latter part of 1867; I came into the Cherokee Nation along in May, 1867, stopped ten miles below there, or twelve, and made a little crop; I located right on Cabin Creek near the military road where it crosses it, on the south side.

Q How far was this from where Mayfield afterwards located, the applicant, Mayfield? A Well, I guess it was three, two or three miles, something like that, three and a half.

Q How long did you live at that place? A Well, if you count me living here now, I have been living here thirty odd years.

Q You own the place now? A I have sold some part of the claim off, but I have got my farm on the same claim.

Q You are familiar with that country? A Yes, I am pretty well acquainted with it, more so than that latterly; latterly I have been away from there a good deal.

Q You lived on that farm then at that time? A Yes, sir, I lived right on the same spot from 1867 to 1881, and then I moved about three quarters of a mile to another part of it.

Q When was the first time you ever saw Thomas Mayfield? A Well, I saw Tom Mayfield about two years after I returned, was the first time I saw him, about 1869.

Q Were you familiar with the place where he located, this section of the country and all? A Yes, I saw him on the other side of the Grand River sorter opposite the mouth of Cabin Creek; he lived there; I don't know whether he was living on his own place or not, probably it was the Bill Hicks place where I saw him first; that is all in the same neighborhood.

Mr. Smith: He was living there when you did see him? A Oh yes he was living there; he wasn't dead.

Q He hadn't just come there had he? A I can't say as to that, I know about when he first came, about when I first saw him; I know when the people around there said he come in.

Q I am asking you about your own personal knowledge? A I told you that is the first place I saw him, I don't recollect whether he said to me he had just come or whether he had been there, I don't recollect that we talked about that; I had known him some years before that.

Q Are you the chief counsel of the Cherokee Nation in these "Toccoa-

Charles Mayfield, et al, Freedman D-202, and
Malinda Martin et al, Freedman D-206.

COMMISSION: The Cherokee Nation, by its representative, makes satisfactory proof of service on the attorneys for the applicant, Mellette & Smith, Vinita, Indian Territory, that it would, at the offices of the Commission at Muskogee, Indian Territory, on the 15th day of May, 1902, introduce testimony tending to disprove the right of the said Thomas Mayfield to be enrolled as a Cherokee Freedman. The applicant and his attorneys have this day, to wit the 15th day of May, 1902, been called, and fail to respond either in person or by attorney.

MR. HASTINGS: What is your name? A. George A. Campbell.

Q What is your age? A 55 years old.

Q Well do you know where they were in '66 and '7 and '8? A Yes, sir.
Q Where were they? A They were there on my father's place.
Q Well when did they leave there? A They left there in the winter or fall of '68 in my recollection.

Q You say you plowed in the same field with them? A Same field with him, they had a lease on my father's place, and he bought their crop that fall after they made it.
Q What fall? A Well '68, I married in '68 is the reason I know this, and that woman washed for my mother, and my father was probate judge, and he left everything to me, the reason I recollect all these things, and I didn't know nothing about farming, never had done any farming in my life, and I would go over to him and ask what I should do the next day, and what I should have done and so on.

Commission to the Five Civilized Tribes,
Washington, D. C., Feb. 21, 1902.

In the matter of the application of FIRST ADAMS for enrollment
as a Cherokee Freedman.

Applicant appears by Solicitor & Counsel, Cherokee Nation, by
H. V. Hastings.

The applicant moves the Commission to make the certified
copy of the decree of the Court of Claims in the case of
FIRST ADAMS, executor for the Cherokee Nation, vs. The Cherokee Nation,
No. 10,000, filed in the Eastern District case E.D. 498, a part of the
case in this case and the cases hereinafter mentioned by refer-
ence to the said case of the said Mariiah Hayden, and if it be deemed
necessary make a copy of the said decree be filed in this case and
in the following cases, to-wit:

Sarah H. Barker, E.D. 499;

By V. V. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because, First: It does not tend to show that
the applicant was a slave of the Cherokee Nation at the beginning
of the war, nor that he returned within the time specified in the
treaty of 1866, or that he had been a continuous resident of the
Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in the case of an applicant unless the same
is called for in each individual case.

Commission.
The motion of the attorney for the applicant will be en-
tertained and the decrees of the Court of Claims filed in the case
of Mariiah Hayden will be made a part of the record by reference in all
the cases above named with the exception of those which come within
the provisions of the temporary injunction recently granted by
Judge Taylor of the Eastern District Court, of the Northern District,
Indian Territory.

H. V. Hastings.

The applicant moves that as to the above named
cases that the Commission should cause to be filed for the appli-
cant a copy of the said decree to file any of the proof of any
or all of the cases above named that the decrees already referred to

in the case of Moses Whitwire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1906, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

LAND
5247-1905.

WASHINGTON,

March 7, 1905.

The Honorable,

The Secretary of the Interior.

Sir:

I enclose a report from the Commission to the Five Civilized Tribes, dated January 16, 1905, transmitting the record of the consolidated applications for enrollment as Cherokee freedmen by Winnie Mackey for herself and her minor child, Andrew Moore; by Robert Moore for himself; by Amelia Brown for herself and her minor child, Robert Brown; by Maggie Doty for herself; and by Joseph Moore for himself and his minor child, Mamie Moore.

January 16, 1905, the Commission decided adversely to all the applicants.

The record shows that Winnie Mackey was not the slave of a Cherokee citizen nor a free colored person residing in the Cherokee Nation, at the beginning of the war of the rebellion. It is further shown that all the other applicants are descendants of Winnie Mackey, born since 1866, and claim no rights to enrollment except through her. None of the applicants is identified on the 1890 authenticated Cherokee roll.

-2-

In view of the record the approval of the Commission's decision adverse to all the other applicants is recommended.

Very respectfully,

G. F. Larrabee,

Acting Commissioner.

Fort Scott.

Q That was the town that was incorporated there the last few years in where you are living? A No not Centralia; they moved down and then made it Parker. There was two or three stores there.

Commissioner: Did you get out a Cherokee license when you married this wife, or did you just have a preacher marry you? A Just a preacher married us.

The applicant applies for the enrollment of herself, her husband and four children. The applicant is identified on the roll of 1880 and the Toms Clifton Roll as a Cherokee Freedman. She has lived in the Cherokee Nation all her life.

Her change of name arising from marriage is established in a satisfactory manner, and she will now be listed for enrollment as a Cherokee Freedman. Of her four children named in the testimony, the three older are identified on the Toms Clifton Roll. Her lawful marriage to her husband, the father of these four children, is established in a satisfactory manner;

they are all now living. The first three will now be listed for enrollment as Cherokee Freedmen; and when she supplies the commission with a certificate of birth of the youngest child, Mark Starr, this child also will be listed for enrollment as a Cherokee Freedman. As for the applicant's husband,

Jack Starr, he states that he was a slave in the Cherokee Nation at the beginning of the Civil War, and that he has lived in the Cherokee Nation all his life, except a brief absence during the period of the war with the first Indian Regiment, and that he left the service when that regiment was mustered out in 1865, and that he was then with the regiment at Fort Gibson,

Indian Territory. He claims to have then gone to the State of Kansas in a very short time, perhaps a few weeks after he left the service, for his wife and children; his wife at that time being his first wife who he states died before he married his present wife, and that he brought them back in the same succeeding August or September of 1866, and that he has lived in the Cherokee Nation ever since. He did not marry his wife under a Cherokee license.

Q You married your first wife in slavery time, didn't you? A Yes sir.

Judge continued.

And the only claim he makes to enrollment is of his own right. He is identified on the Toms Clifton Roll, but not upon the roll of 1880, or upon that of 1896. For the further consideration of the same testimony, he will now be listed for enrollment as a Cherokee Freedman on a doubtful case, and the final decision of the Commissioner will be made known to him at his postoffice address.

Supplemental.

Examined by W.V. Justice, of Jack Starr, continued:

Q These men who had houses, whose names you have mentioned in your testimony as being down there when you came to Big Creek, they had their families, didn't they? A Yes sir.

Q Had Sam Webber put in a crop of corn that year? A Well, he might have had a patch of corn. They had a roasting-ear patch.

Q When you come? A Yes sir.

Q All of them had small patches? A Yes, they didn't raise anything to amount to anything. I saw a patch around his house there.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes, he correctly recorded the testimony and proceedings in the above case, and that the foregoing is a full, true and correct transcript of his stenographic notes thereof.

Q Now what time was he up there any other year, where he had been before? A Well, I don't know that year. A He never has been there since.

Q Now you know that he is not on the roll of 1860? A Yes sir.

Q Now you know that he is not on the roll of 1860? A Yes sir.

Q And still you think he came back there in '60? A Well I am real positive he did.

Q Did he come when Sam Webber came? A He come along a little time after Sam Webber did.

Q Well, when did Sam come, what year? A Sam came in '66.

Q Well if this was testified that Sam had that patch is it true or untrue? A I can't tell you; I wasn't there maybe at the time there a corn patch was made and growing.

Q You wouldn't swear positively as to what year it was, would you, Lewis? A Yes sir.

Q Would you swear positively it was '60? A That was what everybody called it at that time.

Q What year was the Wallace Roll made? A Well now sir, you are getting away from me. I don't date nothing, and I don't recollect.

Q You know it was made at a certain time and you were interested in that at that time as well as you were interested in the '66 treaty? A I was put on the '80 roll, but I don't remember when that was.

Mr. Bell then: Now he asked you why this applicant didn't happen to be put on the roll of 1890, and he asked you if you don't know if it wasn't because he didn't get back here in '66. Do you know if anybody will say that he didn't get back here in '66? A No sir, I don't, if they know as much about it as I do.

Q Both of you swore for him before the Kern Clifton Examination? A I didn't.

Commissioner: Did you ever give evidence for this man, Jack Starr, at any time when he was trying to get on the roll? A No sir, I don't think I did.

Q How does it happen that there were a many living there who knew he had come back and yet let him stay under the cloud of doubtful of him? A We couldn't put a man on the roll. We had nothing to do with that.

Q Couldn't you have given evidence? A To night here if they had called on me they never called on me.

Q You were never called on to give evidence? A No, I never was called on. I could have given in the case as I am giving in now.

Mr. Sawyer: I want it a fact that when the '66 roll was made, the man who was living there ...

they got to my brother's, and she went to another neighbor's and they never did put her on.

Q Now this man, Jack Starr, had he been treated as a doubtful man before that time? Yes sir, I suppose he had.

Q And they ever bothered you before that about voting? A No sir, they never did after they recognized me in the Supreme Court, but they did one or two years before I went to the Court and proved my right.

Q Did you take the car to the court and proved your rights? A Yes sir.

Q Well now do you know whether Jack Starr ever went there to prove his rights? A No sir I don't.

Commissioner of Applicant, Jack Starr: Did you ever apply to the
 Superior Court up at Tallahassee to have your rights as a Freedman
 recognized? A I went once when "ol' Daniels had a court after they
 took about a paper, and it didn't say anything about colored or
 nothing, and it said "Come and prove your right."

What did they do when you went up? They laughed at us and said for us to go back and to work.

Q. Did he go after you or before you went to the Chamber's court; then admitted him.

The Government will have to go with courts about the business.

Q Well, you didn't stop at that; you went to the Court and found out they weren't dealing with colored people? A Yes, that was the same time; he was in the same house there at Tahlequah, and we both took home.

... must have been I don't know exactly; it must have been
... five years or three or four.

... was failed to understand anything about Courtier & To

Q. Now, you came back with Sam Webster to the

Black & White Paper and Ink

[illegible]

J.S.10

Q Don't you know they applied and were admitted by the Rob Daniels' Court? A No, sir.

Commissioner: Did this man go the same time you did? A There was some of them went. I aint certain whether Sam Webber went. I think old man Webber was along. I forget about Sam, and I don't know anything about this man or not.

J.S.Davenport: Was Johnson Webber along? A I don't remember.

Q Or Harry Still, was he along? A I don't know whether he was along. I know Mike Sanders was along, Caesar Smith, a whole lot of them was along.

Q Do you remember what year it was that you went down there to the court? A No sir, I don't.

Q Was it a few years after you came back to the territory? A Yes sir, it wasn't more than one year or two years.

Q A short while after you came back? A It might have been three.

Q Have you no recollection at all; you live in the Webber neighborhood- did you hear of them talking about their going down there and proving their right? A No sir, I know they went down there a time or two. Old man Webber, they owned him down there somewhere, and he went down among the full bloods and around in there.

Lewis Whitmire recalled and examined by Commissioner.
Q Did Jack Starr go to Tahlequah the same time you went there to get your rights proved up? A No sir.

Commissioner of Applicant: Did you go with oldman Sam Webber?

Yes sir.
J.S.Davenport: Didn't old man Sam apply and his family and Johnson Webber? A Well I couldn't tell.

Commissioner: Did this Sam Webber who testified in your case, did he apply the same time you did down at Tahlequah? A Well I aint certain whether he was in that crowd, but he applied to the Chambers' Court, I think.

Q Is this the son of old Sam? A Yes sir.

Mr. Hellette of Applicant: Did they tell you to bring your witnesses and prove that you had come in in time to be a citizen? A No sir, they didn't. They told us at that Court to go home and go to work; they were not calling for niggers; we didn't want you; that is what they said.

Q You didn't know anything to do but to go home? A I didn't know anything else to do but to go home. I didn't have much of a home to go to.

J.S.Davenport: Well they didn't tell old man Sam Webber to do that; they didn't tell him to go home then? A If he was in the crowd they told him.

Q Was he in the crowd? A One of the Sam Webbers was along, I think; Mike Sanders and Caesar Smith; there were thirty or forty of us, and they told us all to go back.

Moses Whitmire, being sworn and examined by Commissioner

D.R.Dreckinridge, testified as follows:

Q Give me your full name. A Moses Whitmire.
Q How old are you? A Why I am seventy some odd years old- 75 I expect.

Q What is your post-office? A Hayden.

Q How long have you lived in the Cherokee Nation? A Well, I lived in it all my life.

Q Are you on the roll of 1880? A Yes sir.

Mr. Hellette: Now, where were you when the 1880 roll was made? A I was on Lightning Creek.

Q Who took the census for the Cherokees up there? A John Hicks and Dick Back.

Q Did they put all of your family on the 1880 roll? A No sir.

Q How many did they leave off? A Ten.

Q Which ones? A Ed Wright and Melissa Backer.

Q Were they members of your family? A There was my wife's niece, Melissa was, and Ed was my wife's son. I brought them with me.

Q Where from? A From Kansas.

Q You brought them when you came? A Yes sir.

Q Had their parents been slaves? A Yes sir.

Q And you brought them with you when you came from Kansas?

A Yes sir.

Q You are on the roll of 1880? A Yes sir.

Q Did you give them their names? A Yes sir, I gave their names in.

Q Did they take them? A Yes sir, they took them alright.

Q But they were left off? A Yes sir.

Q There are these people now? A They are here.

Q On the ground? A Yes sir.

J.S. Davenport: Now, there has never been any controversy about your return in time under the treaty, has there? A I don't know that there has.

Q Did you ever go to any of the Courts to prove that you returned in time? A Yes sir.

Q You proved up, did you? A Yes sir.

Q When John Hicks and Dick Duck came to your house, did they refuse to list any of your family? A Yes, those I told you about.

Q You say they took the names? A They took the names, but they are not on any roll.

Q Didn't you say they took their names? A They took their names, but they never put their names on any roll.

Q They listed them and never questioned anybody about their rights to be enrolled? A Not at my house.

Q They didn't question you that these two children were a part of your family, did they? A No sir, didn't say anything about it.

Q In fact, Mose, didn't the Freedmen like yourself and Lewis Whitmire furnish them with reference to those that had been decided against by the Court and held not to be Freedmen who had not returned in time? A No sir, we went to all the courts.

Q But you didn't apply to any but the Rob Daniels' Court? A I applied to the Chambers' Court; that is where we got our rights.

Q The Rob Daniels' Court wouldn't have anything to do with Mose.

Q You had no trouble of proving up, Mose? A No sir, I didn't have no trouble.

Mr. Mellette: You went to the Rob Daniels' Court and he told you he wouldn't have anything to do with you? A He told us to go back home; they said they weren't working with us; they were working with Cherokee Indians.

Q Then when you went back to the Chambers' Court who did you go to see? A We went before John Chambers, I forget who they all were.

Q Did you have a lawyer? A Yes sir.

Q A Cherokee lawyer? A Yes, sir.

Q Who was it? A Old J.B. Bordinet.

Q He took you in before the Court? A Yes sir, and got us a certificate that admitted us.

Q Well suppose a man didn't have anything to employ a lawyer when he got there? A Well I don't know what about it.

J.S. Davenport: Was Joshua Whitmire any relation to you? A Yes sir.

Q Didn't he apply to the Rob Daniels' Court and was admitted?

A I don't know what Court admitted him.

Q Have you been living in the neighborhood that he lived? A Not at that time; he was living at Tahlequah at that time.

Q He applied to some court and was admitted? A Yes sir.

Q You know Sam Webber applied to the Rob Daniels' Court and was admitted? A No, he wasn't admitted because we were altogether. He might have been admitted afterwards.

Q Do you swear that Sam Webber and his children weren't admitted as Freedmen and entitled under the treaty of '66 by the Rob Daniels' Court? A I know we were there altogether and we left together, and they might have gone back, and I went down to Sam Webbers and

J.S.13

a whole lot of us.

Q Who else besides Sam Webber? A I don't know who all.

Q Was Johnson Webber along? A I don't know.

Q Was Charles Campbell along? A No sir, he wasn't along.

Q You did go with Sam Webber? A Yes sir; Mike Sanders.

Q And you don't know whether Bob Daniel's Court admitted him or not? A No sir, I know they were admitted by some court; they didn't do it at that time.

Q You know what court admitted them, don't you? A No sir, I don't know.

Q You have been the trustee for the Freedmen of this country in all the litigations, haven't you? A I have for years.

Q And you know all about the Freedmen? A I don't know them all; I know some.

Q You have known Sam Webber for years? A I have known him all my life.

Q And then don't know what court admitted him? A No sir, I never inquired about it.

Q But you went with Sam Webber to the Bob Daniels' Court? A Yes sir, and I went into the Chamber's Court.

Q Did Sam apply to the Chamber's Court? A I don't know; we went right on ourselves.

Mr. Hollatte: Did you put up any money when you went down there to your lawyer or to the court? A No sir, we paid our lawyer for his services.

Q How much did you pay him? A I believe I gave him a horse. I paid him for my cases, for the two cases; there were three cases, four with my wife.

Q You never made any headway until you did get a lawyer, did you? A No sir, I didn't.

Commissioner: Did Jack Starr go with you any time to the court? A Well I guess Jack Starr was along the time we went to the Bob Daniels' Court.

Q Do you remember it? A Yes sir, I remember it.

Q Did you get any satisfaction out of the court at that time? A No sir, I didn't.

Q It was afterwards that you went to the Chambers Court? Was it? A Yes sir, afterwards.

Q Did Jack Starr go with you? A No sir.

J.S. Davenport: I would like to offer that part of the Minutes in the Sam Webber case found on page 64 of the Minutes of Special Court of Commissioners of the Supreme Court of 1871.

Mr. Hollatte: I object to that because the action of the report in the Webber case is not material in the case at bar. I desire to object to the introduction of that because it is not a proper authenticated proceeding of that court, and because the introduction of the admission of Sam Webber is not material in the case before the Commission.

Commissioner Breckinridge: I would like to ask the representative of the Cherokee Nation if this Journal of the Court was kept by the order of the Court and approved at regular periods of the Court.

J.S. Davenport: It was kept by the Clerk of the Supreme Court; and the power to hear and determine these character of cases by the Supreme Court, and the Clerk of the Supreme Court kept the record.

Commissioner: But the point I want to inquire about is whether that record kept by the Clerk was by the order of the Court.

J.S. Davenport: Yes sir.

Commissioner: And if the record is approved at stated periods by the Court.

J.S. Davenport: Yes sir, they required the Clerk to keep it

J.S.14

as the proceedings were had.

Commissioner: But it wasn't approved by the Court? A No sir, he was told to keep a correct journal of the proceedings of the Court.

Commissioner Breckinridge: The Cherokee Council is desired to supply the Commission with the book of minutes of the Special Court of Commission, Supreme Court, 1871, when they are through with the use of it in these current proceedings. But the present examination of the minutes does not indicate that these minutes are of the nature of an approved journal.

San Webber recalled by Commissioner Breckinridge:

Q Did you go with your father to Tahlequah? A Yes sir.
Q When he went there to prove your rights as a Cherokee Freedman?
A Yes sir.

Q Did Jack Starr go with you the same time? A I can't remember whether he went or not, there was a big crowd that went.

Q Did you go there more than once? A I never went with him that but the one time, but there were others went after that.

Q I am talking about you and your father. You and your father went once? A Yes sir.

Q And that is all you and he went? A Yes sir.

Q That was before the Chambers' Court sat? A Yes sir.
Q Did you and your father get your rights acknowledged by the Court you went to? A We did that time.

Q You were never called in question afterwards? A No sir.

Q Did you employ a lawyer? A No sir, we didn't employ a lawyer.

Q Did you go with your father before the Court? A I didn't go in; father went in.

Com'r Breckinridge: The applicant applies for the enrollment of herself and five children in her charge; the applicant is identified on the Kerns-Clifton roll and not upon the roll of 1880 or upon that of 1896; it appears from the testimony that she was a slave of a Cherokee citizen, and lived in the Cherokee Nation at the beginning of the Civil War; she was carried to the State of Kansas, and the testimony indicates that she came back with her mother and step-father and some others enumerated in the testimony in the autumn of '66; since that time she has been to Oklahoma, Colorado, Eureka Springs, Arkansas, and to the State of Kansas; but the testimony does not indicate that her visit to any of these places was of a pretracted character, or for any permanent purpose; she went to Colorado a month on account of her health; she made a stay of some nine months at Eureka Springs for her health, and her other visits were perhaps of lesser duration and for temporary purposes; it appears from the testimony now given that the omission of the applicant from the roll of 1880 was not through any fault of her status, but for the further consideration of her case, she will now be listed for enrollment as a Cherokee Freedman on a doubtful card, and the final decision of the Commission will be made known to her at her postoffice address.

As for the five children named in the testimony; they are the children of a deceased sister of the applicant; they are all minors, and are living at this time, and they are identified on the Kerns-Clifton roll; their mother is shown to have returned to the Cherokee Nation after the war with the applicant; she died after the roll of 1880 was made, but before the Kerns-Clifton roll was made; it appears that she lived in the Cherokee Nation from the date of her return from Kansas in '66 until her death; no serious reason is seen at this time to invalidate the right of these children to enrollment, but at present, in as much as the mother was not placed on the roll of 1880, they will be placed upon a doubtful card, and the final decision of the Commission will be made known, through the applicant, at her postoffice address.

In the course of this testimony the case of one Nancy Tipps, formerly Nancy Adair, a sister of the applicant, has been entered into, and as she is stated to be an afflicted woman, and may have to be applied for by one of the children of her deceased sister Julia, who are living in the charge of the woman Nancy, and the status of this woman Julia Huttonary, formerly Adair, now deceased, has also been

SUPPLEMENTAL TO D-528.

APPEARANCES:

Mallette & Smith for applicants,
W. W. Hastings for Cherokee Nation.

HARRY E. KELLEY, being first duly sworn, testified as
follows:

MR. HASTINGS: What is your name? A Harry E. Kelley.

Q What is your postoffice? A Fort Smith.

Q How long have you lived at Fort Smith? A 15 years last January.

Q Where did you move from when you moved to Fort Smith? A Coffey
County, Kansas.

Q What was your postoffice? A Burlington the last few years I lived
there, but I was born at Ottumwa, Kansas, and lived there until I
was about 18 years old.

Q When did you leave Ottumwa, Kansas? A I left Ottumwa in 1880.

Q Did you know a colored man up there by the name of John Curry?

A Yes, sir.

Q Did you know his wife? A Yes, sir.

Q What was her name? A Charlotte.

Q How early do you remember of knowing them? A As early as 1868,
I think as early as 1866.

Q Did you know of them in 1866? A I can't quite fix the year that
they came on my father's farm to live, but I have a distinct recol-
lection of their being there in 1868, when I left on a trip for Ohio,
and was driven to the railroad station about fifty miles away by
the old Martin Bewlin, sometimes called Martin Adair, who was the
husband of John Curry's mother.

Q What was her name? A Polly, they also lived on our farm.

Q Well John lived there at the same time? A John lived there from
1866 to 1872 or '3.

Q Then where did he move? A Then he homesteaded a piece of land
about two miles from our house.

MR. SMITH: I object to the testimony with regard to the homo-
steading, not being the best evidence.

COMMISSIONER: Objection will be noted; proceed.

Witness: And moved onto that land and lived there until after
Charlotte died.

Q About when did she die, that is his wife? A Yes, his wife, she
died about 1884.

Q Was she buried there or do you know? A Yes, sir, she was buried
there.

Q What became of him afterwards? A I saw him around there for a
year or two afterwards, and then I heard he was dead; I don't know
it personally, anything about his death.

Q Do you know whether this John Curry was ever in trouble up there
prior to 1880? A Yes, sir.

Q When was that? A Killed a man in our county there about 1866.

Q Did John and Charlotte have any children? A Yes, sir.

Q Do you remember any of their names? A Hagg and Jennie and Joe
and Harrison, and another one, I can't recall the name of the other
one.

Q They were all born there, were they? A No, Mary wasn't born there,
they had her the other I can't remember.

Q You don't know where she was born? A Don't know where she was born, but the others were born there.

Q Well what was John's mother's name? A Polly.

Q Well what was her other name, what was she known by? A Polly Bowlin, they were commonly called there, sometimes they called them Adair.

Q Well you say she married a man by the name of Martin Bowlin? A No, they were married when I came there.

Q Well, lived with a man up there by the name of Martin? A Yes, sir, that was her husband then.

Q He went by the name of Martin Bowlin? A Yes, sir, Martin Bowlin.

Q And you knew them in '68? A Yes, sir, first recollection I have of Martin and Polly and their family was moving them out of the bottom time of the flood in '68; they were clearing land for my father and the overflow came, and he brought them up to the house out of the flood.

Q Well did Polly, who was the mother of John, have any children that you know of? A Yes, sir.

Q Besides John I mean? A Yes, sir.

Q Name them? A Well she had one who used to come there occasionally, named Frances.

Q Yes, sir. And another named Nancy and Nathan and Julia and Rachel.

Q Well do you know who Rachel married? A Married a darkey named Harry Steele.

Q Do you know who Frances married? A No, sir.

Q Do you know his name at all, I mean his surname? A No, I do not.

Q Do you know who Julia married? A No, perhaps I have heard but I can't recall now.

Q Well now how long did you continue to know this family up there, I believe we have traced John Curry and his wife; but I mean John's mother Polly, and Rachel and the rest of this family that you have mentioned? A Polly and Martin lived on our place until Polly died.

Q About when? A Polly died between '69 and '71, I remember being there when I came home from Ohio in the fall of '68.

Q They were there then? A Yes, sir, and she died before I went to Ohio to school in the fall of '71.

Q So it's between those times? A Between those times. Martin went away after her death for a time, and came back there, and died on our farm, and was buried there, and he died about '74.

Q What is your occupation, Mr. Kelley? A I am in the real estate and loan business.

Q In Fort Smith, Arkansas? A Fort Smith, Arkansas, yes, sir.

Q Do you know whether this Polly Bowlin was also known as Polly Adair? A Yes, sir.

Q Do you know that she was the mother of John Curry? A Well, she said she was, and it was generally said she was.

Q Well recognized? A Yes, sir, the recognized mother; they all came there together.

Q And she's the recognized mother of Frances Anderson and Rachel Steele? A Well I don't know about Frances Anderson, I know Frances

Q And Rachel? A And Rachel and Julia and Nancy.

MR. SMITH: Mr. Kelley, the Frances you speak of, you don't know what her name is? A I never knew of her as Frances Anderson, no.

Q Well you speak of her coming there from time to time; do you know of your own personal knowledge where she lived? A No, sir, I don't, she just came to visit; these Currys lived right there in our yard or right close to it, and she came there on visits to her brother and her half-sisters, who worked in our house.

Q And you can't say positively that you knew the Currys before '68? A I have no distinct recollection of the Currys before that I can place, before '68.

Q Yes. A Although I have understood that they came there all together, the whole bunch.

Q Well I move to strike that because that's what the witness understood and not what he knew.

COMMISSION: Motion will be noted, and the testimony will be considered for all it is worth.

MR. SMITH: But so far as your personal knowledge goes, you can't fix them there before '68? A I can't fix the Currys there before '68 on our place.

Q Well now that was the first personal knowledge of them, was on your place? A No, sir, it wasn't.

Q You spoke of moving somebody up out of the bottom, who was that? A Old Martin and his family.

Q Who was Martin with reference to John Curry? A John Curry's mother was old Martin's wife.

Q Then he was John's stepfather? A Yes, sir.

Q Well now you spoke of somebody killing a man, now who was that? A John Curry.

Q Well was that your personal knowledge or a matter of hearsay? A Well I didn't see the killing done but I knew of his being tried there, but it was the first thing of the kind I ever heard and it made quite an impression on me.

Q Can you say when he was tried? A Well it was prior to '68, I can't give you the date, no.

Q Do you know what year it was that he killed the man? A To the best of my recollection it was in the spring of '66.

Q You say he was indicted and tried? A He was tried; I don't know anything about the indictment.

Q Do you know of your own personal knowledge that he was tried? A Well I was told around town there.

Q You know heard? A Yes, sir.

Q And now, if the court please, I move to strike the testimony with regard to John Curry's killing a man because it does not appear to be the best evidence.

COMMISSION: Motion will be noted, and the testimony considered for what it may be worth.

Q When was the last you knew of those Currys? A I knew, I remember when Charlotte died, and considerable of John after she died, as near as I can fix the date she died in '84.

Q '84? A '84.

Q What time did you make your visit to Ohio before you went to school? A In '68.

Q How old were you then? A I was six years ~~sixteen~~ old, about six years and a half old.

Q Then how long were you in Ohio that time? A Oh a month or two, short time.

Q Then when did you return there to school? A I went there to school in the fall of '71.

Q How long did you remain? A I stayed there until the fall of '72.

Q When did you leave that part of Kansas? A '87.

MR. HASTINGS: What was your father's name? A Harrison Kelley.

Q Your father used to represent that section of the country up there? A A member of Congress from that district, if that's what you mean, yes, sir.

Q In what year? A He was elected in '68.

COMMISSION: This testimony will be filed with and made a part of the record in the following Freedmen cases: D-541, D-543, D-544, D-545, and in D-546, the same at bar.

MR. HASTINGS: The Cherokee Nation asks that this testimony be filed in the case of Frances Anderson D-547, and in the references thereto as follows: D-547, D-548 and D-549.

MR. SMITH: The counsel for Frances Anderson and cases connected therewith and of the same numbers, object to the filing in these cases of the testimony of the witness Harry E. Kelley, for the reason that it does not appear from said testimony that the Frances mentioned by him is identical with the applicant, Frances Anderson.

MR. HASTINGS: The Cherokee Nation contends that this testimony is relevant, and that the Frances mentioned in witness Harry E. Kelly's testimony is identical with Frances Anderson for the reason that the testimony shows that she was a sister of John Curry and the testimony further shows that her mother's name was Polly Adair, and the testimony further shows that she had a sister by the name of Julia, and the testimony further shows that she had another sister by the name of Rachel Steele, identified by this witness in this testimony; and the applicant Frances Anderson claims to have returned to the Cherokee Nation with her mother Polly and her step-father.

MR. SMITH: The applicant further objects to the introduction of said testimony into this case for the reason that it is incompetent, irrelevant and immaterial, as the testimony of said witness shows that she visited the place mentioned by said witness, and that it was not within his personal knowledge where said Frances lived.

COMMISSION: The objections will be noted and the testimony filed with the case of Frances Anderson and the cases relating thereto as above enumerated.

HARRY E. KELLEY, recalled:

MR. HASTINGS: Mr. Kelley, did you know Rachel Steele after she was married? A Yes, sir.

Q Did you know her husband's name? A Harry Steele.

Q Did they live there near you? A They lived on our place, there right by our house, worked for us.

Q Have any children? A Yes, sir.

Q How long did you continue to know them there? A After the death of Rachel's mother she-----I don't remember her again until she came back about '75, and they lived there by our house for some five years after that.

MR. SMITH: How is it spelled? A S-t-e-e-l-e.

Q How many children did you say they had? A There was several, I don't recall how many, several children I think of them born there on the place.

I looked up at the sky, which was a deep, dark blue, and I felt a sense of peace. The air was crisp and clean, and I could hear the distant sounds of the city. I took a deep breath and felt a sense of renewal. I was back in the city, back in the heart of it all. I was back in the place where I belonged.

- Q And stayed there did you? A Yes, sir.
- Q Tell what was your business? A After I come back?
- Q Yes? A I followed freighting for something over three years.

- Q Were you ever acquainted with a Freedman by the name of Moses Whitire? A Yes, I know him.
- Q Where did he belong before the war? A He belonged in Colesburg District.
- Q Do you know what particular Whitire he belonged?
- A I don't remember whether he belonged to George Whitire or Lee Whitire.
- Q If you did see him when did you first see Moses Whitire after the war, after your return to the Cherokee Nation?
- A As well as I can remember it was in February, '68; I met him just on this side of the Neosho River, as they were moving back to this country from Kansas. There was between 24, from 24 to 28 wagons and I met them right on this side of the Neosho River; Dick Whitire, Moses Whitire and Aaron Whitire and old Major Wright is all I know in the outfit.

- Q How far from the Neosho River? A I suppose half a mile.

Q How far from the north line of the Cherokee Nation?

A I think the river is the line, about half a mile.

Q And how far is that from the Kansas river? A The Neosho is the line, you understand.

Q You had reference to where the military road crosses the Neosho river? A Yes, sir.

Q At Jack McMain's ferry? A They called it Mason's ferry at that time.

Q Hudson lived there? A Yes, sir, in about a half mile.

Q And this house Whitire had not had talked with is the same one you knew in going south and belonging to the Whitire family there?

A Yes, sir.

Q About how old a man was he when you met him? A He is an older man I think than I am.

Q And you saw other white men there? A I think about Whitire and lesser Whitire and old Major Wright is the old one I know.

Q And you talked with him there? A Oh, I guess I talked with him two or three, four times and while I was talking to his son, Ross, named going to Fort Scott.

Q Do you know where this man Whiteire lives now? A No, I don't know where he lives.

MR. HASTINGS, Cherokee Representative:

Q Don't you know he lived on Salt Creek near Payson? A No, I don't know for certain I heard he lived on his creek. I don't know where he lives. I have seen him ever since I have been here. I don't think I ever saw at his home.

I am writing you about my work. I have been thinking about you a great deal lately. I hope you are well.

As a citizen under the treaty of 1825. I went north to the State of Kansas in 1832. I returned in August - 21st or 22nd, 1866. I left my family in Fort Scott when I came. I came down to get up a claim. I staid about three weeks that time, and then returned to Fort Scott. After I returned to Fort Scott there were others who started down the Whitman river of Fort Scott. The claimant wife and of her. And came down in Decr. 1866. They returned to Fort Scott before I left there. I left Kansas about the end of Decr. in January, 1867 and got to the crossing of the Neoma river about the last of January. When I first came down there was about 15 or 20 party. They left their families in Kansas when they came down here. There was some of party came with the Whitman who piloted the Whitman party and my party were Sam Webber, Mike Danforth, Sam Webster, Aaron Webber, Reuben Sanders, Jack Sanders. The claimants proper were Aaron, Lewis, Wood, Reuben and Nelson Whitman and others that I do not recollect. The object of this party coming was for the purpose of erecting houses. When I stayed with my family I stopped on Pryor Creek at Mrs. Albert's and remained about two weeks. The reason we left that part of the country was because that part of the country was too sparsely settled and had no subsistence. As I was coming down the first time we were overtaken by the Harpers delegation. They were men who were here were authorized by others to look for claims for them, one man by the key requesting the fields to locate for him. The original request

Wrote explained.

I can not remember the date I arrived here the first time from Kansas. The claim was made I got three sets of house logs, hauled them and piled them up, and some of the men put up houses. I did not put up a house. I started back to Kansas about the middle of September. When I first left the country it was in February, 1867. I was a slave before the war and was owned by Sam Taylor when the war broke out. He was living on Greenleaf near Muddy Mountain on this side of Muddy River. When the Whitmans returned to Fort Scott I do not know when they left there to come to this country as I left when there were a lot. It was reported when they returned to the Nation that the Whitman party had built houses. But I do not know this myself as I was not going. I only heard that and the fact exposed in fact I think. I did not know it myself but people told me they could read.

I do not know myself when it was the month of Aug. when I came here first, but I was told it was that time.

Re direct.

It was the summer following the time I first came down that the Whitmans came down first to select and improve claims.

on the 2nd of September, 1866. I had occasion now also in the last of Oct., or the first of Nov. or probably it might have been as late as the middle of November, to go to the Virgilville. While out there I fell in with a party of seven or eight persons who were carried with others near San Francisco. I did not go to the camp. They were colored people. I knew most of them. There were here old Sam Webber, Aaron Whitlire, and a younger brother and Lewis Whitlire. There was another person whom I was told was a landman. I do not recollect any of the others and can not identify them. The Whitlires were Jonathan and George Whitlire, Aaron, Lewis and his sister belonged to George. In conversation with Sam Webber he asked me if I knew anything about the Society and if Jim Monahan had got money. I told him I had seen him in the country but had heard nothing about it. He told me that he had come to visit Monahan's house or make claim and that he was the leader of the company and the reason why Major Wright did not come was that he was an abolitionist, but that he had sent his son down to work for him and make him a claim. He then asked what chance there was to get provisions over on the river. I told him there was none there, but that there was a lot of cornmeal flour at Gibson and if they would go there they could get some. He also represented that they had come down to make claims for others, who had remained in Kansas, to build them homes and so forth. They also stated that they were notified to come, and that they had accordingly come to make claim for themselves and the others that they left behind in Kansas. As near as I can recollect it was some time in October or November that I saw these parties. I was not very cold weather at the time. I recollect as I camped out at night. Did not see any of these parties after this and, May, 1867. There was no provisions to be had in this country at that time. Provisions were very scarce. It was my understanding that they had come to prepare for on for themselves and families. They told me so at least. Major Wright belonged to Cornelius Wright before the war.

Cross Examined.

I heard after this note as they went back to Kansas. At the time I was there I do not know whether their families were with them. I think I saw Dennis Whitlire with this party, but am not certain of seeing Dennis or Nelson. I know there was four of the Whitlire boys. They were born in the Nation and resided here up to the breaking out of the war.

I know Melinda Roberts. She was twelve or thirteen years old at the close of the war.

She was living with me then and still lives in my family. Jack Landrum was one of the band above referred to, also Aaron Davidson. I learned from my daughter Uncle Mike and Sam Webber that the Cherokee delegation advised him to settle in a compact body on uncoupled land. He crossed the river in coming down at Muskogee, May, 1866. The other territory was crossed by the Hill Nation.

While on lightning struck in 1866 I saw Mr. Liberty but had no conversation with him, but Sam Webber had in my presence.

Examination.

I am a claimant before this court for citizenship. I am half-brother of Aaron Whitire, Louis, Dennis and Nelson are also my brothers. Mariah Whitire is my sister. Major Wright is my stepfather. The names of the party that came with me to the Nation are as follows: Mike Sanders, Sam Wagner, Peter Heige, Will Foreman, Tack Sanders, Harrison Daniels, Sam Peckham, Jr., Louis Whitire, Nelson Whitire, Dennis Whitire, Aaron Whitire, is all I can recollect now. Witnesses and his brother were authorized to make claim for others still back in Kansas. Dennis made a claim for Major Wright. I can't name any others. Witness was a son of family in 1865 when we came on from Kansas. My family was at Fort Scott, Wellman, Raliff, Ed Wright, and my wife and several, composed my family. Louis and his family. Aaron and Nelson did. Major, Sam, Nelson and Allen were Aaron's children and his wife, Sarah. They were left, the wife and children in Fort Scott when we came in 1866. Ernie Sanders, Thom. Sanders were Nelson's family and back at Fort Scott. I went back 1st January 1866 to Kansas after coming to the Nation. Then witness returned in 1867 to the Nation Aaron, Louis, Nelson, Dennis, Harrison Daniels, Tack Sanders, Peter Heige and the families of those who had families all come as I did besides others not particularly remembered. This was the first time any of our families had been to the Nation, at least mine, Aaron's and Nelson's.

The first time Mariah Whitire was in the Nation after the war closed was after our parties returned in families in 1867.

The first time Major Wright returned was on our first trip in 1867. Maria Raliff was owned by one Alex Raliff at that time out of her. The first case in March 1867. Jack Lawrence was along in 1866. He was a slave at the beginning of the war. I was present during the examination of Mr. Liberty as a witness in this case.

Re direct.

Mariah's family at the close of the war was a separate family. Harry Whitire, her son, represented his father on the first trip in 1866. Witness is about 33 yrs. old. Major Wright was an old man at the close of the war. Louis Whitire had been back to the Nation before 1866.

Standing citizenship.

Now comes claimant by Atty before the Commission sitting at Tahlequah to try certain claims for citizenship in the Cherokee Nation and makes this statement of her grounds for said claim to wit-

Claimant is a colored female and claims as described under privilege of the fifth specification of the classes of claims preferred by law to the Commission to examine and decide rights by competent authority having been denied citizens.

Claimant belonged to Gen. Whitire a Cherokee citizen at the commencement of the war of the rebellion and was taken into the

Nation. After the beginning of said war claimant moved to the vicinity of Fort Scott with his family at which location he resided until the autumn of 1866 when he returned to this Nation and proceeded to select and improve a home on the Verdigris River for himself and family's permanent residence.

While he was thus making preparations for the removal of his family by providing for their habitation and subsistence at the place mentioned they his family remained where they had been sojourning during the war.

Claimant was compelled by unfavorable circumstances and the attention he was obliged to bestow upon his family to omit his work upon the improvement on Verdigris River from the early fall of 1866 to the early winter of the same year, when he resumed labor upon his improvement. After which he removed his family as soon as practicable to wit in the spring of the year of 1867.

Claimant claims to have returned to this Nation in his own person and as representative of his family within the time provided for by treaty, in that having no residence to come to, & other former citizens he did every thing possible to constitute a return consistent with the duty he owed to his family by laboring as far as his means allowed to provide a home in this Nation.

Respectfully submitted,

Marion Whitacre.

Cherokee Nation.

August 2nd, 1875.

Mr. Martin, witness for claimant, called and sworn.

I live on Big Creek, Choctawhatchee, C. S. As a citizen of the Nation, from August 1st to Christmas 1866 I was at the ferry on the Neosho River as the old military road leading from Fort Scott, Kansas to Fort Gibson, C. S. Am acquainted with claimant and his brother, Lewis; never knew Aaron until I met him at the river. Lewis I knew before that time. While I was in charge of the ferry I recollect having met claimant and Moses, Lewis, Dennis and Nelson Whitacre, Peter Halse, Kirk Sanders, Sam Webber, and Young Sam, Bill Foreman and others but did not recollect anything about them they were traveling. They stated they were coming from Fort Scott, Kansas, they were traveling from the direction of Fort Scott. I crossed them from the Shawnee side of the River into the Cherokee Nation, they inquired as good to Big Creek. Halseen gave them the directions to the head of Big Creek. They stated the reason why they were coming was that the Cherokee Delegation had invited them to come back under the treaty. They mentioned Jim McDonald as the principal one who had invited them and they were then on their way to select themselves homes.

It was after the delegation returned that I met claimant and the others spoken of it was pretty cold weather when I crossed them. It was no near as I can recollect about the last of October, 1866. I am positive it was before Christmas as I left them at Christmas or probably a few days before Christmas.

Cross Examined.

I was not acquainted with the claimant nor any of the others named previous to the war.

I do not know the country before the war. I do not know whether they had lived in the Nation previous to the war. I do not recollect of seeing any of the families of the parties named at the time.

I crossed them over the river. I set some of this same party back over the river a short time after they had come in, Benja. Wilson and Bennie Whitire and little Sam Weber and I think they were more of the parties from conversation with them, but did not become particularly acquainted with their names at that time. I think there was one woman with the party, I think she was little Sam Weber or not. I was positive there was no children and I never seen any children I would have known it. The next time I saw claimant was in the fall of 1867 on Big Creek. I learned from them that they had got there in March 1867. I know this from having heard it generally talked amongst themselves.

At the present time the distance between our two settlements is about 5 miles. I thought a big claimant and the other parties spoken of. I have been there frequently since that time, I set them over the river. When I saw them in the fall of 1867 they had their families with them. The means of subsistence at the time I crossed on the country at that time was short.

George Whitire before the war lived in Going Snake Dist. This Dist. borders on the line of the state of Ariz.

Claimant now resides near the western line of the Cherokee Nation. The settlement before the war was across from claimant now residing. I would say the distance from where George Whitire resided prior to the war, and claimant's present residence is 90 or 100 miles. Witness states that he had a conversation with Sam Weber in which Weber assigned as a reason for settling there he had been that Agent Jones advised the colored people after their freedom to settle in colonies or as they liked. As it was convenient to go to an unoccupied part of the country.

This was thought best for the colored man as they could have their own schools as small matters were more regulated in the country. The first conversation was in the fall of 1866. The second conversation was in the spring of 1867. I saw several of their families on Big Creek or Lightning Creek in the Nation.

The name of Pleasant is in the title book of that at the time mentioned above. In 1860 or Nov. 1861 I gave Pleasant and other colored men permission to occupy the old fields in that neighborhood for the purpose of raising crops the year following. Louis Walbridge is the name of the bearer. I also permitted to give the old field. The spring of 1862 I saw John and Louis Walbridge at work on the two fields named. This permission of colored men to use the land was a great encouragement to them and the spring following we saw on my land the water. Some of these people have large and good farms all round by them and some are well.

Witness also a group of six gentlemen in the fall of 1934 and
 their colored party who traveled on Big Creek afterwards on the highway
 between for the purpose as they stated the time of selecting their
 homes. Several disclosures that on night of witness which the
 colored party told them had selected the new home the house of the
 party above indicated.

Agent James was on the line conferring with Col. Carter. A sole witness for the Government at Washington. There were parties in witness stand from one of them was placed to come off drive off from under certain rule colored party at the time they were in the country. This was advised against by witness and it was not done or carried out. Without party action of above was corrected of Charles Officer except one colored man. It is the sole survivor of this party except the colored man and possibly one other. Observation of witness is bordering wild party. A travelling and deal in the neighborhood at that time.

About the mid 16 of the 1867 I first saw this party with their families at their new homes. Claimant and others of this colored party told witness that they returned in August 1867 to the Nation.

Re Direct

I learned from John Foker that most of this colored party returned to Kansas after their families had been removed. I was at General Convention of the Colored People in 1866. It was witnessed understanding that the purpose of said convention was to ratify the treaty of 1866. I think the object of the convention was to ratify amendments to the Constitution under the treaty and to ratify the treaty. The treaty was concluded the 29th of Aug. 1866 in my information. It might have been July 19, 1866.

Witness went south during the war. J. E. Smith was not at the time herein mentioned U. S. Agent but was a Delegate and was Agent afterwards.

Q Who owned the farm at the time old man Sam Webber was on it? A Jeff Flemming owned it until my father bought it.

Q How do you know it was '63 that you became acquainted with Sam Webber? A I remember that it was during the last years of the war and the refugees were coming into Kansas, both white and black, in '63 and they were amongst them.

Q Did any come after '63? A Yes sir some came later and some come earlier, and I remember again by this farm, I remember how long they farmed it before we got it.

Q How long? A Three years--four years in the spring of '67.

Q They farmed it four years before your father got it? A They farmed from '63 to '67.

Q You say the reason you knew that you knew this man in '63 was because you knew how long they worked this farm before your father got it? A Yes sir.

Q You say it was in September of 1867 that your father bought that farm? A In '66.

Q You are positive about that? A Yes sir we got possession the first of March '67.

Q Did old man Sam Webber rent this place from your father? A No sir he rented it from Flemmings.

Q Did Sam Webber, the old man and the boys, come down here or leave that country in the Fall of '65? A I think not.

Q Don't you remember that they did and that the old man came back by himself one time? A If my memory serves me, it was in '66, late in the summer, or early in the fall of '66.

Q What was in the fall of '66? A That they came down here--started away from there.

Q Who came then? A Sam Webber, the old man, and young Sam and Aaron.

Q What is your recollection as to how long they staid? A They came back I think in November or late in October.

Q Well which came back first? A Why I think the older Sam Webber came first.

Q How long do you think it was before you saw Sam Webber Jr. again? A Well, it was a short time, a month or so--I can't recollect that, it is a good while ago.

Q Who helped Sam Webber make a crop in '66? A Johnson Webber and the old man Sam made a crop in '66.

Q Who helped him? A Them two and the little boys I think worked too; Aaron did, I don't know but as Joe did too, I don't remember much about that.

Q Where was old man Sam Webber in July 1866? A That summer he raised that crop and worked part of the summer for my father on this farm.

Q Is it not a fact that in July of 1866 that Sam Webber Jr. came here for his father and that they left there for this country to build some houses? A That is not the way I remember it.

Q You have stated that it was a long time ago, do you think that you remember the date absolutely? A Not to the day or month exactly, but that is my best recollection.

Q Are you testifying to the best of your recollection? A Yes sir.

Q Do you remember of Sam Webber Jr. bringing any hides to that country? A Yes sir.

Q What was that? A In the fall or beginning of the winter of '66 he brought some hides and furs.

Q Do you remember any money was it not in March? A March when?

Q Upon what trip was that that he brought those hides? A He left and said he was coming down on a hunting trip.

Q Was that the trip when he left Kansas and when old Sam returned first that you spoke of a while ago? A Yes sir, that was the one, the same trip.

Q Do you remember of Sam Webber selling on a farm up here? A I don't.

Q Do you remember of them leaving there to come to the Territory to build some houses? A Yes sir.

Q Was that after the time that he brought the hides there? A It was that trip that he left there for the purpose of building some houses that he brought the hides when he returned.

Q Don't you remember of them leaving there to come to the Territory for the purpose of building houses? A Well that was wither in the spring or winter, in the latter part of February or early in March I have not given the matter any considerable study.

Q How do you fix the dates you have given? A I remember them and then by the dates I have looked up.

Q What dates have you looked up? A The purchasing of this land.

Q Are you testifying from the date of the purchase of that land? A Father bought the place in the spring of '66 on condition and paid \$80 down, or traded cattle, as a forfeit, and in the fall he got some money and got full possession of the place; Webber had possession until the first of March, that is the Kansas law, from the first of March one year until the first of March the next year; they had possession of it until March first 1867.

Q Mr. Walker, when you had occasion to investigate this matter, you had forgotten all about it practically hadn't you? A No sir, but it was something I had not thought much of.

Q You couldn't have told on the moment what year Sam Webber left there could you? A I would have had to look at the dates.

Q Then you are not testifying from your recollection, but from the dates that you have looked up since? A Part of it is from recollection and part of it is from looking up the dates.

Q How long has it been since you thought of the time Sam Webber left that country before you made this investigation? A I was asked the question as to when they moved and I hadn't given the matter any thought till then.

Q You didn't know then did you? A Yes sir after I thought it over.

Q How long did it take you to think it over? A I don't exactly remember.

Q Can't you give us some idea of it? A 2 or 3 weeks.

Q Were you here when your father testified in this case? A Yes sir

Q Did you know as much about it then as you do now? A No sir.

Q How long was that from the time you had first been spoked to about the date? A I had not expected then to give testimony in this case and had not thought much about it.

Q What were you doing here then? A I was subpoenaed in another case.

Q You had been talking about this case then? A Not much.

Q How much? A A word or two.

Q And you were here all the time your father and mother were her and yet didn't testify in this case? A Yes sir.

Q You went back to Kansas? A Yes sir.

Q And came back here again to testify? A Yes sir.

(By Examinations)

Q You were subpoenaed by the Cherokee Nation? A Yes sir.

Q You don't seem to be positive about any of these dates you given? A Yes, I am. When the family moved over, remember that fact.

Q I mean about Sam Junior's movement? A That was all there in the fall of '66. They was not there in October or November or the end of the year. Because I saw them.

Q Yes, that's right.

Q And you never came down to where in 1966 via post? A Yes sir, I saw him.

Q And he is a subject to that? It is a fact that he was in the country.

Q What is your post-office? A Mantey.

Q Is that in Kansas? A Yes sir.

BY MR. HASTINGS:

Q How far do you live from Mound City, Kansas, Mrs. Hicks? A I live six miles.

Q How long have you lived in that neighborhood? A Ever since the spring of 1857.

Q You were living there then after the war? A Living there in the time of the war.

Q Do you know Mr. Walker, Douglass Walker, that has been on the stand? A Yes sir.

Q Do you know Mr. Short that left the stand here? A Yes sir.

Q Mrs. Hicks, did you know of a man up there by the name of Sam Webber? A Yes sir.

Q How far did you live from him just after the war? A Well I think it was about 175 steps; they used water out of my well.

Q Did you know his son, young Sam Webber? A Yes sir.

Q Well did you know a little short one called Aaron Webber? A Yes sir.

Q Did you know a boy called Joe Ross? A Yes sir.

Q Have you seen any of these parties since you have been here this time? A Why I met Joe Ross down there; he said he knew me and come up and shook hands with me and I saw Sam Webber.

Q I will ask you to look if this is the same parties now? A Well I tell you Ross don't favor himself so much, but Joe he is just like his father and I knowed him because he is just like his father; well old uncle Sam was older than Sam is of course.

Q I will ask you if you had any deaths in your own family in the fall of '66? A Yes sir.

Q What was the date of it? A The date of the death?

Q Yes, madam? A Well it was October.

Q Did you make any record of it in your Bible? A Yes sir.

Q Is this your Bible? A I reckon it is; if you will let me look I will tell you.

Q Look at it and see if this is your Bible? A I think it is, but I can't read it, I haven't got my specs.

Q You haven't got your specs? A No sir.

Q Well of the family record here of births and deaths appear this: "Franklin Hicks, was born November 7, 1864." A Yes sir.

Q And under the column of deaths appears: "Died October 23, 1866"?

A That is correct.

Q Who was Franklin Hicks? A He was my son.

Q Do you know where Sam Webber was when your son Franklin died?

A No sir, I could not tell you.

Q Don't know? A No I don't; you mean this Sam?

Q That man? A Oh, the old gentleman; he lived up there by me, I think; I am most positively he lived there then.

Q Do you know where his wife was? A His wife died there.

Q Well do you know whether she was dead at the date of your son's death? A Yes sir, she died I think before he died; there was an old lady, they called her old aunt Rhoda, living.

Q She was living? A Yes sir.

Q Was she a member of this family? A Yes sir, she lived there with them.

Q Well do you know whether she was there during the sickness of your child? A Yes sir, she sat up with me several times, and if she was a bad night and she saw no one come in she would come and sit up with me.

Q Now I would like to have your best judgment Mrs. Hicks as to the time Old Sam Webber moved with his family and children from that country? A .

~~Exhibit (No. 1) 8~~

MR. SMITH: The applicant objects to the witness giving her opinion as to the time when this sickness took place, because it is not the subject of their expert or opinion evidence.

COMMISSIONER: I understand the question to be her best recollection.

A It has been a long time you know.

Q Well, answer the question? A About him being there?

Q I want to know, the question is, what is your best recollection as to the time Sam Webber and his family, when he left Kansas with his family? A -

OBJECTIONED to by applicant.

A Well my best recollection was that, I would not be positive of course, but I think it was in February or March, one or the other. The best of my recollection, because the old lady, old aunt Rhoda and uncle Cy, that was her husband, they both was old and feeble and I think old uncle Sam stayed there on that account more than anything as long as he did.

Q Well now that would be February of what year? A It would be '67 wouldn't it?

Q You lived then about 175 yards of them? A Yes, sir, I could hear them sing over there and hear them laugh and talk to my house.

Q On whose place were they living? A Well they was living on Mr. Walker's place then.

Q Had he recently purchased it? A Yes sir.

Q Do you remember who he purchased it of? A I think it was a man by the name of Fleming; I think it was Fleming owned it.

BY MR. SMITH:

Q About how long, Mrs. Hicks, had Mr. Walker owned this place at the time these people lived there? A Well I couldn't answer that question.

Q Well you could tell whether it had been a few months or whether it had been a year or two? A It was, I suppose it may be quite a while, I couldn't tell you.

Q You remember that Mr. Walker owned a place there? A Of course I know he had charge of the land; I think Mr. Walker bought it from Mr. Fleming if I ain't mistaken.

Q And you know these Webbers were living on the Walker place?

A Yes sir.

Q Well now what is your best recollection as to how long Mr. Walker had owned that place? A I don't know; I won't pretend to say anything I don't know; I don't want to meddle with, I didn't come down here to criticize or anything about it; I want to tell the truth as far as I can.

Q Where was young Sam Webber in December, 1866, and up until January or February of 1866? A I could not tell you where he was, I think Sam worked out some around; I couldn't tell you whether he was at home all the time or not; I could not tell you.

Q Where was young Sam Webber at the time your child died? A I couldn't tell you that; This one?

Q Yes? A I don't know.

Q He was not there was he? A I don't know, I couldn't say as to that.

Q Do you remember old man Sam Webber and young Sam Webber and Andy Webber and others leaving; Aaron Webber and others leaving that community in 1866 and coming down to the Cherokee Nation? A I recollect only Sam coming down here, I don't know, I won't be positive, I guess though it was in '66.

Q Well about how long was it ago, your best recollection, before this date in the fall that you have spoken of? A I don't know.

Q Don't know? A No I don't; but I recollect about it, he brought me back spice wood and some other's wood.

Q Do you remember young Sam bringing some hides to the community?

A No sir, I didn't charge my mind with anything like that.

Q Well now give me some idea, Mrs. Hicks, about the time old Sam Webber started off on this trip to the Cherokee Nation in 1866 that you testified about? A What I don't know; he came in the fall I reckon.

Q You don't know whether it was fall summer or spring? A No sir, I don't.

Q Well how is it you have no better recollection of this very time that you mention he came than you have of the first time? A I know he was there when that child of mine died.

Q And you don't know how long after that? A No; they went along the latter part of the winter, but I don't know what time; I think though it was in February or March.

Q You couldn't be positive whether it was February or after Christmas could you? A I don't think it was before Christmas.

Q You don't think that was? A No I can't, for several facts.

Q You can't state positively whether it was before or after Christmas, you can't answer it? A I wouldn't want to swear it either way.

Q Where did you move from this place that you live? A Where did I move from.

Q How long have you been living at this place now where you lived when your child died? A I have been living on the place ever since the spring of '57.

Q About how long did you remain on the place? A I stay there yet, when I am at home; my husband is dead.

Q Do you know how many trips Sam Webber made to the Cherokee Nation before this time that he came away from there the last time? A No sir, I don't.

Q You know of his coming one time? I know him and his father and I think Aaron, and I don't know whether Joe was along or not.

Q Well is this Joe? A Well of course, oh that one, Joe Webber, that one sitting there?

Q Yes? A I think it is.

Q Which one of them don't look familiar? A That one, he was nothing but a boy when I knew him.

Q Which one, the one right here, the black one? A Yes sir.

Q What is his name? A Joe we always called him.

Q And what is this man right here? A Sam, that is the way we always called him.

Q You think that is the man you knew up there in Kansas? A This Joe? A I don't know, he says it is; he was nothing but a boy when I saw him.

Q You don't recognize him then? A Hardly, I wouldn't know; he says he is the man; I used to think he was a very good boy when they lived there, but then he has grown out of my knowledge.

Q You don't know where old man Sam Webber was in July '66 do you? A No sir.

Q You remember anything about young Sam Webber coming for the old man and the family in July 1866? A Well he might have come after them but they didn't come down here in July.

Q You don't know when they did come? A Why I think they come sometime in the latter part of the winter, but I say I would not be certain what month it was, in February or March.

Q You won't be certain it was either of them? A I say they left, I was there and saw them start.

Q You would be certain it was either February or March? A I think they did.

Q You think so? A Yes sir.

BY MR. HASTINGS:

Q I was going to ask you if you knew about young Sam Webber marrying? A They said he married; I didn't see it done.

Q Did you hear of his marrying up there? A Yes sir.

Q Was that before or after he left? A It was before they left.

JANE SPEARS, being sworn and examined by Commissioner Breckinridge, testified as follows:

Q Give me your full name? A Jane Spears.

Q How old are you? A I am 45 years old.

Q What is your post office? A Mound City.

Q In the State of Kansas? A Yes sir, Mound City, Kansas.

BY MR. HASTINGS:

Q Mrs. Spears, was Mrs. Hicks who left the stand your mother?

A Yes sir.

Q How long have you lived in and about Mound City, Kansas, I mean in the neighborhood? A Well I came there when I was about a year old.

Q And you have lived there ever since? A Yes sir, well since I have been married I have just moved one mile north.

Q You moved a mile north of your mother? A Yes sir.

Q Do you know Douglass Walker? A Yes sir.

Q Do you know Henry C. Short? A Yes sir.

Q Do you remember at an early date just before the war some colored people that lived up there; one of them by the name of Sam Webber?

A Yes sir.

Q Do you remember his son Sam? A Yes sir, I know him.

Q Were you living with your mother at that time? A Yes sir.

Q Did you know Joe, that was living with them, Joe Ross? A Yes sir.

Q Have you seen any of these parties since you have been here this time? A I met them to-day.

Q Talked with them some? A Well I just spoke to Joe; Sam I did not

Q Did he recognize you? A Well he let on as though he did; I don't know that he did; I suppose he heard we were here.

Q I will ask you if this is your mother's family Bible? A Yes sir.

Q That is the family record of the births and deaths? A Yes sir.

Q I will ask you if you had a brother by the name of Franklin Hicks?

A Yes sir.

Q Do you remember the date of his death? A Yes sir, October 23, 1866.

Q I will ask you if you know where the Webber family was living at the time he died? A Yes sir, they were living there.

Q About how far from your mother's? A About 175 steps I suppose, in a cabin.

Q Short distance? A Yes sir.

Q Did you know Aaron Webber, a little short legged duck legged fellow? A Yes sir.

Q I would like to know from you Mrs. Spears your best recollection as to the time old man Sam Webber left that country permanently with his family? A

BY MR. SMITH: The counsel for the applicant objects to that question, because it is incompetent and calls for the opinion of the witness.

COMMISSIONER: The Counsel for the applicant has put a number of questions in the same form and asked as to their best recollection that exists; it is entirely competent to give the best recollection and belief in regard to the facts.

Q My best recollection is that it was in the spring of '67, either February or March.

Q Did you know whether or not young Sam Webber married up there?

A Yes sir.

Q Did you know whether that was before or after they left there?

A That was before they left there.

BY MR. SMITH:

Q Mrs. Spears, did you know of Sam Webber, Sr., leaving that country and coming to the Cherokee Nation, or leaving that country for the Cherokee Nation before the time you mention? A He came in the fall I think, or summer sometime and got a claim I think.

- Q Fall of what year? A '66, and then come back.
- Q Now do you remember young Sam Webber's coming back with reference to the time Sam Webber Sr. came, and came first when they returned from this trip looking for claims you speak of? A They came together.
- Q Are you sure of that? A Yes sir.
- Q Where was Aaron Webber, did he come with them? A I don't remember very much about him.
- Q You don't remember whether he did or not? A No, I won't be positive whether he came with them or not, when they came after their claims.
- Q Do you know whether the elder Sam Webber made the first trip to the Cherokee Nation after the war? A Well it was in the fall of '66 I guess, about that time, either summer or fall.
- Q Either summer or fall? A Yes sir, sometime along in the summer or fall.
- Q Might not it have been the late spring? A No, it was not, because he made his crop there and then came afterwards.
- Q Made a crop in '66? A '66.
- Q What did he do with that crop? A I suppose he put it up here, disposed of it.
- Q Do you know whether he sold it or not? A No I don't know whether he sold it or not, I think they fed it to their stock before they left.
- Q Where was Sam Webber Jr. in December 1865? A I don't know where he was at.
- Q Where was he in January and February of '66? A January or February of '66, I can't say.
- Q Where was he in July of '66? A I don't know where.
- Q Do you have any recollection of Sam Webber Jr. coming there after his father in July '66? A No sir.
- Q Do you have any recollection of Sam Webber coming there at any time with any hides, beef hides or any kind of hides? A No sir.
- Q Where was the old man Webber living in the year of 1865? A He was there living close to my mother's farm I speak of.
- Q In 175 steps of you? A Yes sir.
- Q And you don't remember of his coming there at any time off of a trip except the time he came back with his father? A He went to Fort Scott I guess, I never tried to keep any trace of his whereabouts.
- Q Now what makes you think it was in February or March '67 that these people left there? A Well I have all reasons to believe that circumstances about it; well the old darkey had a cane patch and the darkey boys trapped on the land that winter.
- Q Who did? A These darkey boys, the Webber boys.
- Q Did what? A Trapped for game that winter on the patch of cane where we had left the seed on the work.
- Q That the winter that commences December and ends February, December, '66 and February '67? A It was all in that winter of course.
- Q Well the winter is pretty well over by the last day of January isn't it? A Not always it aint.
- Q Well the bigger part of it; two months is gone isn't it? A No sir, not in our country.
- Q How many months do you have in the winter there? A Some winters we have pretty hard and some winters we don't have much.
- Q So that as a matter of fact the fact that they trapped there on your place during the winter would not at all lead you to believe that they didn't leave there until February or March? A Well it was along toward spring they left; that is the best of my knowledge.
- Q Now in what way do you fix the date, you speak of your people there, is that the way you fix the date, is that? A No sir, I fix it by memory, of course that is the way by the people, of this child's death; they were then; that is, the family were, I don't re-

member so much about the men; there was an old lady that moved down here with the men that sat up with my brother in his sickness.

Q Do you remember Sam Webber bringing you any sassafras and spice switch up there? A Yes sir.

Q When was that? A That was the first time they came down.

Q When was it? A That was in '66.

Q What month? A I don't know.

Q Can you state within two months of the time? A No I don't know as I could.

Q Can you remember that as well as you could the other time? A (No response).

Q You know that they were gone from there before the spring of '67, and it must have been in '66 they brought the sassafras? A Yes sir.

Q What was it, sassafras roots? A Yes sir.

Q That must have been in the spring? A I don't know.

Q Well they don't make sassafras in the fall? A We used it for tea

Q It was not in the spring at all Sam Webber brought the sassafras?

A No sir, it was not; he didn't bring it at all; the old gentleman brought it.

Q Well now as a matter of fact do you remember any one of these people being there at the time your brother was sick and died except the old woman Rhoda? A Well this family was there on the place; I don't remember them being there.

Q Well if they were you tell me who you saw except Rhoda the old woman? A Well I don't know as I remember. There was Johnson's wife, of course I don't just remember who was there, I was just a child then; there was a great many of the neighbors in, but I remember the old lady, sitting up with my brother at the time he was sick.

Q Now isn't it a fact that the old lady Rhoda is the only one you remember being there at the time? A No sir.

Q Now who else was there? A Chlora was there.

Q Well now name some other one, all you know that was there? A I don't know, I don't remember them, there was hardly any day but what they was there, some of them.

Q Well now that I want to know, who was there except this woman, Rhoda? A I don't know anything about that.

Q You don't know? A No sir.

Q How many trips did the Webbers make down here to this country, do you know? A They came once and got claims and came back and went again.

Q All you know of? A Yes sir.

Q If they made others you don't know it? A No sir, I don't know anything about any more trips they made.

Q Now when was this entry in this Bible, the date of your brother's death, made, was that made at the time? A Just when he died?

Q Yes? A I don't know as it was, I suppose about the time.

Q Well about when, do you know who wrote that? A I know who wrote that?

Q That is what I am talking about? A This was drawn off from another Bible.

Q You don't think that this entry, "Lizzie Bell Lewis, born September 1st, 1868" is in the same handwriting that this is do you?

A No sir.

Q You don't know that this is in the same handwriting? A No sir, it is not.

Q Now who wrote that date, October 23, 1866? A Park Nichols.

Q Well now can you tell me how nearly at the time of your brother's death that entry was made? A No sir, I could not.

BY MR. HASTINGS:

Q How long has this Bible been in your mother's possession? A I can't tell.

Q Has this entry been in here a long time to your knowledge? A Yes sir, it has been several years.

Q It was in there long before any investigation came up wasn't it?

A Yes sir.

BY MR. SMITH:

Q Didn't Sam Webber and his father come down here in '65? A If they did I never missed them from home.

Q If they came here you didn't miss them? A No sir.

MARY A FICKS, recalled for additional cross examination.

BY MR. SMITH:

Q Mrs. Ficks, when was the entry upon this Bible you have with regard to the date of the death of your child made with reference to his death? A Well I don't just remember when it was; it was not long.

Q Was it put there at or about the time he died? A Why it was not long after he died.

Q Well give us your best judgment as to how long? A Well he died that fall and I don't know just how long it was.

Q Well was it as much as a month? A I wont say sir.

Q You can give some idea? A Well I tell you now, I wont say anything when I don't know anything.

Q I thought probably you might know better than I do; as I know nothing about it? A If I knew when I set it down I would recollect it; I have had a good deal of trouble about it.

Q I don't want to cause you any trouble about it, but I would like to know, it is some importance in this case? A There was a young man working for us that set it down.

Q What was his name? A His name was Nichols.

Q Do you remember how long after your child died before Nichols went to work for you? A No sir.

Q Well when it was set down what was it set down from, your recollection? A Why I had a husband then and all of us recollected it, who wouldn't recollect it?

Q I am asking you how long it was before this entry was made, if you can tell me? A I don't know when.

Q Do you think it was as much as two years? A No sir.

Q It was not? A No sir, if I should guess at anything about it I should think it was along in the summer sometime, I should think now; afterwards this young man was breaking prairie and of course he broke it in the winter.

Q Was this the first place it was made where it was made here in this Bible? A Yes sir.

MR. SMITH: If the Court please, I want to show by the title page of the Bible that it was not published until in 1869.

COMMISSION: The title page has been examined and it shows that the edition of the Bible in evidence was published in Philadelphia in the year 1869.

BY MR. HASTINGS:

Q Do you remember, independent of the Bible, of the dates of your son's death? A Yes sir.

Q You didn't attempt to give distinctly when that entry was made in your Bible? A No sir.

Q You so stated? A Yes sir.

BY MR. SMITH: I object to that; it is leading.

BY MR. HASTINGS:

By Com'r Breckinridge,--

The applicant states that she was a slave in the Cherokee Nation from the time the Cherokees moved to the Indian Territory in 1837 until she was liberated by the Civil war. She is identified on the Kerns-Clifton roll and on the Wallace roll, but not on the 1880 roll or upon the roll of 1896. The testimony indicated that her husband first returned to the Cherokee Nation after the war, coming from Kansas in August of 1866, that he came at that time to prepare for the bringing of his family back to the Cherokee Nation. He is now deceased, but he and the applicant were married at that time and had several children. The testimony further indicated that the applicant's husband made a trip back to Kansas in October, but not with a view of relinquishing his purpose to bring his family to the Cherokee Nation, but apparently to get provisions. It further appears that he returned to the Cherokee Nation with his wife and children in the following month of February. There is some conflict of testimony in regard to this matter, but so far that is the weight of the testimony. It also appears that proceedings may have been had by some Cherokee Court, either a citizenship court or the Cherokee Supreme Court, prior to the date of the Chambers Court, affecting the citizenship of this applicant and her husband and all those who may claim through them. It will be necessary to make further inquiry upon this point, and if possible to get an official copy of the record. Under these conditions, the applicant will now be listed for enrollment on a doubtful card and the final decision of the Commission will be made known to her at her post office address.

In the matter of the application of Elizabeth Meigs for enrollment as a Cherokee Freedman;
REUBEN SANDERS, having been before sworn by Commissioner Breckinridge, testified as follows:

Q Give your name? A Reuben Sanders.
Q How old are you? A I am only about 50 past.
Q You gave testimony just now in the case of Elizabeth Meigs?
A Yes sir.
Q And you want to correct a statement you made there? A Yes sir, I wish to make the statement that it was in January, 1867 when we made the last move, about the first of the month; it was the following August in 1866; we had been here in August you know, in '66 and in October, and we made the last move in '67, January, and I put it down February I think; I wanted to say January.
Q How do you find out now it was January instead of February?
A It was just after Christmas that we was on the road coming down.
Q How long after Christmas? A Perhaps a week after Christmas; my reason for stating this is this, along Christmas a few days before Christmas there was a man got killed named Hayford, and there was a gentleman killed him, a colored man killed that man Hayford, a man by the name of Mackey, and we started then right shortly after that killing was, and the parties followed us, thinking he was with us, in our crowd, that was just the following- a few days after Christmas, a week, or after Christmas.

Examined by Cherokee Representative, W. W. Hastings:

Q How old are you? A Well I just don't know my age exactly, I suppose that I am about 50 years old; something in that line.
Q Where did you say that killing took place? A In Kansas.
Q Fort Scott? A Yes sir.
Q And the man that was accused of the killing was named what? A Named Mackey.
Q You remember his first name? A No.
Q You remember the man who was killed; you get his first name? A No sir I don't not.
Q Did you ever learn afterwards whether or not that man was caught, do you know? A It seems to me like I learned afterwards that the man was caught. No I don't know nothing about that part of it.
Q You know what county Ft. Scott is in? A No sir.
Q Who called your attention to this ~~same~~ error? A I thought so myself; I called my own attention to it; I was studying over it, I did.
Q You know now it was only a few days after Christmas? A Yes sir, a few days after Christmas.

Commissioner: The objection will be noted and the witness will answer.

MR. DAVENPORT:

Q How long have you lived in and near Vinita? A Oh, since '87,
including most of '87.
Q Was there any railroad running in or through Vinita when you
first moved into that community? A No, sir.
Q When did the railroad first come through that country, Mr. Bell?
A In 1871.
Q You know this applicant, Sam Beck? A No, I don't know him.
Q Don't know anything about him? A No, sir.
Q Was you living in that country before the railroad started from
Kansas through the Indian Territory, that is, the M. K. & T.
A Well, I will tell you what I know about the railroad; The rail-
road came through the country in 1870, and on the application of
the Cherokee Nation, a complaint to the Secretary of the Interior,
they stopped building and during the session after 1870 of the
National Council of the Cherokee Nation, they passed an Act there,
it is dated the 14th of December, 1870, authorizing the furnishing
of cross-ties to the railroad, and agreeing that the railroad could
go through. The Secretary hadn't determined which had the right-of-
way. They had begun it in 1870 and the M. K. & T. got the right-of-
way, and then they authorized the selling of cross-ties, and I went
to Chetopa and made a contract with the Company for cross-ties
enough to build from the Kansas line to Tiger Creek and sublet it.
Mr. Bartle was one I sublet to, that was in 1870 that contract
was made, I don't recollect the exact date. Well, just a few days
following that we began getting cross-ties and then worked on down
to the Creek Nation. That was the first railroad built in the
country and the first cross-ties was cut on the railroad in this
country.
Q You don't know anything about the wife of Beck or anything about
them? A No, I don't.

Q Do you know where Frank and his family is this case, or his family?

Q Where were you living when the latter part of the strike or early part of the strike? A On the Grand river.

Q Do you know about the year the R. F. & T. railroad built from Chatoke, Kansas, down through the Territory? A It must have been the latter part of '91 or '92.

Q Had you any connection with it any way that makes you remember it? A Yes, sir, I had a contract on the road, beginning at Bryant's lake, down this way.

Another Murder

Shooting of D. Hayford.

Testimony given before the coroner.

On Saturday night, the 22nd inst., at about 10 o'clock, Mr. Dwyer Hayford, of this city, was found murdered. A colored man, named Eli Mackey, has been arrested, and in full, charged with the crime. There would not seem to be much if any doubt as to his guilt. Mr. Hayford was born a resident of Fort Scott for several years. He kept a grocery and provision store on the corner of "Millers and Center Streets, and was a well-known and popular man. The fact of his murder as we learn from the above.

On Saturday, about 10 o'clock, the fact of which Mr. Hayford and himself on a trip, outside the door of his store, the store, being viewed almost immediately, and learning that Mackey had taken it, and was then on his way home with it. (Mackey resides near Fort Scott Mills.) Mr. Hayford jumped on a horse and started towards the mill. He had not gone very far when twenty or thirty minutes before several shots were fired, on the road between the city and the mill, where Mr. Hayford was found on the ground in the last agonies of death. He had received four shots from a revolver, apparently a

[illegible]

Harry Lender, (colored) sworn - Saturday evening heard several shots fired. Was at home, lived near the mill close by Eli Mackey. About twenty minutes after the shots were fired Mackey came to my door; asked me if his wife was there; told him no. He seemed to be in a hurry. He had on a black soldier's coat; the shooting sounded as if it was south from my house, and about the place where Hayford was found; someone rode down to Mackey's and returned about fifteen minutes, before the shots were fired. Saw the coat which Mackey wore when he came to my house, at his house afterward. - Do not know whether he had any revolver then or not, he usually carries one, have seen him have one several times. I did not notice any flour on his coat. It was a navy revolver which Mackey usually carried. He also owns a gun; didn't see that at his house that night. When Mackey left my house he went to his house, and soon afterward heard him going back to town whistling. Mr. Jones found the sack of flour at the edge of the creek; looked as if thrown down the bank. Was found about twenty yards from Mackey's house. Saw Mackey have a revolver on Friday the day before Hayford was killed.

E. C. H. Myers, sworn - I live about 100 yards west of Eli Mackey's. Saturday night was at home sick abed; a man came to my house and inquired for me; I heard him and knew by his voice that it was Mr. Hayford; have known him several years. He left and my wife said he rode in a northerly direction, that is the way from my house to Mackey's. About five minutes after he left I heard four distinct shots. From the sound thought they were about 150 yards off and southwest from my house. After the firing heard someone walking past, whistling; he was going towards town.

Stephen Looney, (col.) sworn - After dark Saturday night I saw Eli Mackey at Smith's saloon. He asked me to play cards with him that night. He went out and I told him not to stay long. I waited a good bit and Mackey didn't come back and I went out and called him; he didn't answer; I then went over to Hayford's and learned that a sack of flour had been stolen. Didn't notice whether Hayford was there or not. Alonzo Cullin told me he saw Mackey on the road towards home, and that Mackey heard me call, but wouldn't answer. Didn't see Mackey again until Mr. Jones had arrested him, and brought him up to town. When I saw Mackey at Smith's he had on a soldier's frock coat; he had a revolver on him then; it was a big navy revolver. When I saw him after he was arrested, I think he had on a different coat.

Daniel O'Neil, sworn - Saturday night I was at Kirby's and heard a shot fired, and soon after heard a man halloo; run out and another shot was fired before I got out; immediately after heard another shot and saw the flash of a pistol down in the bottom toward the mill. Alex Harris, Westly Dickey and myself run down the road. We found a man lying on his side; his face was turned downward; he was alive but could not speak. From the sound I know it was a pistol that was fired. Came to town to find Mr. Jones, Deputy Marshal.

The coroner's jury returned to the justice their inquisition, stating that Dyer Hayford came to his death by gun-shot wounds received at the hands of Eli Mackey; they also found that Mackey had feloniously and wilfully fired the revolver at Mr. Hayford with intent to kill him.

Mackey will have his examination soon, before Justice Margrave, and will no doubt be committed for trial at the next April term of the district court. Mackey is said to be a very dangerous man; he was raised in the Cherokee Nation, and is said to be part Cherokee. He is also accused of having assassinated two men in the Nation, before he came to Fort Scott.

and he was once before arrested here, for shooting at a man; but before his trial came off the prosecuting witness left for parts unknown, and Mackey was discharged without trial. Let him be tried for the offence with which he now stands charged, and if guilty he should expiate his crime on the gallows."

MR. HASTINGS: I desire to introduce an editorial from the Fort Scott Monitor of date February, 27, 1867, as follows:

"Eli Mackey, colored, accused of the murder of Dyer Hayford, confined in our jail, to await his trial at the next term of the District Court, for murder in the first degree, escaped last evening, and up to the time of going to press this morning, has not been heard of. A reward of two hundred dollars is offered for his apprehension."

MR. HASTINGS: The Cherokee Nation offers in evidence the following from the Fort Scott Monitor of Wednesday, March 27, 1867:

"A Chapter of Horrors.

Murderer of Hayford Captured and Hung.

Tragical events connected with the affair.

The history of our community for the past week is replete with horrors, such as will, for long days to come, overshadow the hearts of our citizens with gloom.

A few weeks ago, we published an account of the escape of Eli Mackey, the black fiend, who last winter murdered Dyer Hayford. Ever since that time the officers of justice have been on the alert with a view of his recapture, and on Wednesday, the 20th inst., Deputy Sheriff Wheaton, having learned that the murderer was concealed in his brother's house, about five miles northeast of this city, started, in company with his son, Charles T. Wheaton, Edward Coe - who were on police duty in this city - and Benj. Files, for the purpose of capturing him.

On arriving at the house, Messrs. Coe and Wheaton, Jr., approached and ordered the wretch to surrender. In return he fired several shots through the partially open door, and then ran out of the house into the open prairie. Coe, being nearest, received the first shots that were fired. He stepped to the corner of the house, sat down and expired in about fifteen minutes. Immediately after Charley Wheaton received a ball in the right side and fell to the ground. For some time no hope was entertained for his recovery: but at the present writing his condition is improved, and his friends entertain some hopes that he will live.

In the mean time a number of the neighbors had gone around and headed by Capt. Curtis Johnson, Mr. Files and Mr. Dickinson started in pursuit. The murderer, with a gun and revolver in his hands, ran fleetly across the prairie, firing at his pursuers as he ran, and dropping down to load as fast as his weapon became empty. Finally, when nearly dead from the wounds he received from his pursuers, he signified his readiness to surrender; but even after they approached him his bloodthirsty spirit was not satisfied, and he fired the two remaining shots in his revolver at the crowd. Fortunately, no one was injured, though Mr. Dickinson had part of his coat shot off. After the murderer was secured he was taken back to the house from which he had fled and hung by the neck until he was dead. Before his death he tried to implicate an innocent negro in the murder of Mr. Hayford, but having been caught in the falsehood, he confessed to having committed the deed himself. He also confessed to having killed five other men, and also to having shot at Major Hefford last winter. - All reports indicate that he has always been a character with scarcely a parallel in the annals of history for desperation

and bloodthirstiness. - We are informed that at one time, in the Cherokee Nation, 25 men attempted to arrest him but failed on account of his desperation. The colored people, who knew him, were terrible afraid of him. History has seldom presented a character so utterly lost even to every sentiment of humanity.

As a general rule, we have always depreciated the taking of life except by due process of law, as dangerous to the peace and quiet of the community and to the best interests of society. We have always found that nothing but the most extreme necessity would justify it, but we believe in this instance that necessity existed; for every moment this desperado was allowed to live, endangered the lives of good citizens. We learn that the house he occupied was since burned to the ground. The sufferers from their attempt to arrest him, were among the best of our young men. As members of the police force of this city they have performed their duties faithfully. Generous and brave to a fault, the death of one and the danger to the other creates a spirit of sadness that cannot soon be eradicated.

The body of Mr. Coe was brought into the city, and on Friday after a funeral sermon by Mr. Irwin was escorted by a large procession, headed by the members of the Grand Army of the Republic, to the cemetery where it was interred.

Sequel.

On Thursday night a crowd of about fifty men, still laboring under the excitement growing out of the tragedy of Wednesday, entered the jail and having possessed themselves of the keys took Jackson Mackey and Harry Vann - on the brother who harbored the murderer and the other charged with furnishing provisions and aiding in his concealment, to the ravine near the poorhouse and hung them to a tree where their lifeless bodies were found next morning. So quietly was this done that few in the city except those who participated knew of it until the next morning."

MR. HASTINGS: What is your name? A Harry E. Kelley.

Q What is your postoffice? A Fort Smith.

Q How long have you lived at Fort Smith? A 15 years last January.

Q Where did you move from when you moved to Fort Smith? A Coffey
County, Kansas.

Q What was your postoffice? A Burlington the last few years I lived
there; but I was born at Ottumwa, Kansas, and lived there until I was
about 18 years old.

Q Did you know a colored man up there by the name of John Curry?

A Yes, sir.

Q Did you know his wife? A Yes, sir.

Q What was her name? A Charlotte.

Q How early do you remember of knowing them? A As early as 1868,

I think as early as 1866.

Q Did you know of them in 1863? A I can't quite fix the year that
they came on my father's farm to live, but I have a distinct recol-
lection of their being there in 1868, when I left on a trip for Ohio,
and was driven to the railroad station about fifty miles away by the
old Martin Bowlin, sometimes called Martin Adair, who was the husband
of John Curry's mother.

Q What was her name? A Polly, they also lived on our farm.

Q Well John lived there at the same time? A John lived there from
1866 until 1878 or '93.

Q Then where did he move? A Then he homesteaded a piece of land
about two miles from our house.

MR. SMITH: I object to the testimony with regard to the home-
steading, not being the best evidence.

COMMISSION: Objection will be noted: proceed.

WITNESS: And moved onto that land and lived there until after
Charlotte died.

Q About when did she die, that is his wife? A Yes, his wife, she
died about 1884.

Q Was she buried there or do you know? A Yes, sir, she was buried
there.

Q What became of him afterwards? A I saw him around there for a
year or two afterwards, and then I heard he was dead; I don't know
it personally, anything about his death.

Q Do you know whether this John Curry was ever in trouble up there
prior to 1880? A Yes, sir.

Q When was that? A Killed a man in our county there about 1866.

Q Did John and Charlotte have any children? A Yes, sir.

Q Do you remember any of their names? A Mary and Teenie and Joe and
Harrison, and another one. I can't recall the name of the other one.

Q They were all born there, were they? A No, Mary wasn't born there
they had her up there, I can recollect.

Q You don't know where she was born? A Don't know where she was
born, but she was born there.

Q Well, what was John's mother's name? A Polly.

Q Well, what was her mother's name, what was she known by? A Polly Bowlin, they were commonly called there, sometimes they called them Adair.

Q Well you say she married a man by the name of Martin Bowlin? A No, they were married when I came there.

Q Well, lived with a man up there by the name of Martin? A Yes, sir that was her husband then.

Q He went by the name of Martin Bowlin? A Yes, sir, Martin Bowlin.

Q And you knew them in '68? A Yes, sir, first recollection I have of Martin and Polly and their family was moving them out of the bottom time of the flood in '66; they were clearing land for my father and the overflow came, and he brought them up to the house out of the flood.

Q Well did Polly, who was the mother of John, have any children that you knew of? A Yes, sir.

Q Besides John I know of? A Yes, sir.

Q Name them? A Well she had one who used to come there occasionally, named Frances.

Q Yes, sir. And another named Nancy and Nathan and Julia and Rachel.

Q Well do you know who Rachel married? A Married a darkey named Harry Steele.

Q Do you know who Frances married? A No, sir.

Q Do you know his name at all, I mean his surname? A No, I do not.

Q Do you know who Julia married? A No, I perhaps have heard but I can't recall now.

Q Well now how long did you continue to know this family up there, I believe we have traced John Curry and his wife; but I mean John's mother Polly, and Rachel and the rest of this family that you have mentioned? A Polly and Martin lived on our place until Polly died.

Q About when? A Polly died between '69 and '71, I remember being there when I came home from Ohio in the fall of '68.

Q They were there then? A Yes, sir, and she died before I went to Ohio to school in the fall of '71.

Q So it's between those times? A Between those times, Martin went away after her death for a time, and came back there, and died on our farm, and was buried there, and he died about '74.

Q What is your occupation Mr. Kelley. A I am in the real estate and loan business.

Q In Fort Smith, Arkansas? A Fort Smith, Arkansas, yes, sir.

Q And she's the recognized mother of Frances Anderson and Rachel Steele? A Well I don't know about Frances Anderson, I know Frances

Q And Rachel? A And Rachel and Julia and Nancy.

MR. SMITH: Mr. Kelley, the Frances you speak of, you don't know what her name is? A I never knew of her as Frances Anderson, no.

Q Well you speak of her coming there from time to time; do you know of your own personal knowledge where she lived? A No, sir, I don't, she just came to visit; these Currys lived right in our yard or

right close to it, and she came there on visits to her brother and her half-sisters, who worked in our house.

Q And you can't say positively that you knew the Currys before '68?

A I have no distinct recollection of the Currys before that I can place before '68.

Q Yes. A Although I have understood that they came there all to the whole bunch.

Q I have to strike that because what's that the witness is saying? A Not that he knew.

COMMISSION: Motion will be noted, and the testimony will be considered for all it is worth.

MR. SMITH: But so far as your personal knowledge goes you can't fix them there before '68? A I can't fix the Curry's there before '68 on our place.

Q Well now that was the first personal knowledge of them, was on your place? A No, sir, it wasn't.

Q You spoke of moving somebody up out of the bottom, who was that? A Old Martin and his family.

Q Who was Martin with reference to John Curry? A John Curry's mother was old Martin's wife.

Q Then he was John's stepfather? A Yes, sir.

Q Well now you spoke of somebody killing a man, now who was that? A John Curry.

Q Well was that your personal knowledge or a matter of hearsay? A Well I didn't see the killing done, I knew of his being tried there.

but it was the first thing of the kind I ever heard, and made quite an impression on me.

Q Can you say when he was tried? A Well it was prior to '68. I can't give you the date, no.

Q Do you know what year it was that he killed the man? A To the best of my recollection was in the ~~late~~ spring of '63.

Q You say he was indicted and tried? A He was tried; I don't know anything about the indictment.

Q Do you know of your own personal knowledge that he was tried? A Well I was told around town there.

Q You only heard? A Yes, sir.

Q And now, if the court please, I move to strike the testimony with regard to John Curry's killing a man because it does not appear to be the best evidence.

COMMISSION: Motion will be noted, and the testimony considered for what it may be worth.

Q When was the last you knew of those Currys? A I knew, I remember when Charlotte died, and considerable of John after she died, as near as I can fix the date she died in '84.

Q 84? A '84.

Q What time did you make your visit to Ohio before you went to school? A In '68.

COMMISSION: This testimony will be filed with and made a part of the record in the following Freedmen cases: D-541, D-533, D-534, D-532, and in D-528, the case at bar.

MR. HASTINGS: The Cherokee Nation asks that this testimony be filed in the case of Frances Anderson D-627, and in the references thereto as follows: D-687, D-688, and D-600.

MR. SMITH: The counsel for Frances Anderson and cases connected therewith and of the same nature, asking that this testimony be filed in these cases, for the reason that it does not appear in said testimony that the Frances Anderson was ever in contact with the Cherokee Nation.

MR. HASTINGS: The Cherokee Nation contends that this testimony is relevant, and that the Frances mentioned in witness H.E. Kelley's testimony is identical with Frances Anderson for the reason that the testimony shows that she was a sister of John Curry and the testimony further shows that her mother's name was Polly Adair, and the testimony further shows that she had a sister by the name of Julia, and the testimony further shows that she had another sister by the name of Rachel Steele, identified by this witness in his testimony; and the applicant Frances Anderson claims to have returned to the Cherokee Nation with her mother, Polly and her step-father.

MR. SMITH: The applicant further objects to the introduction of said testimony into this case for the reason that it is incompetent, irrelevant and immaterial, as the testimony of said witness shows that she visited the place mentioned by said witness, and that it was not within his personal knowledge where said Frances lived.

COMMISSION: The objections will be noted and the testimony filed with the case of Frances Anderson and the cases relating thereto as above enumerated.

HARRY E. KELLEY, recalled:

MR. HASTINGS: Mr. Kelley, did you know Rachel Steele after she was married? A Yes, sir.

Q Did you know her husband's name? A Harry Steele.

Q Did they live there near you? A They lived on our place, there right by our house, worked for us.

Q Have any children? A Yes, sir.

Q How long did you continue to know them there? A After the death of Rachel's mother she -- I don't remember her again until she came back there married to Harry Steele. I think she came back about '75, and they lived there by our house for some five years after that.

MR. SMITH: How is it spelled? A S-t-e-e-l-e.

Q How many children did you say they had? A There was several, I don't recall how many, several children I think of them born there on the place.

Q What business are you engaged in now? A At present I am not doing

anything for the past eight years; I loan some money and look after my property.

Q Your business is that of a physician and surgeon? A Yes sir.

Q You say you were only six years old when you went to Ottawa? A Yes sir.

Q You don't know the time positively that Martin came to Ottawa? A The exact dates?

Q You don't know the exact year? A I think it was early in the fall or late in the summer of '66.

Q Do you state that positively or not? A I do.

Q That it was in '66? A Yes sir.

Q How do you fix that date? A By conversations I have had with my folks at home, with old citizens there and with a conversation I had with Mr. Martin in Parsons on yesterday.

Q Do you fix it with conversations you had with him or with others? A With all of them together, all agree in regard to the date.

Q You are not testifying then as to your independent recollection as to the time? A I recollect him as one of the first colored men in Ottawa.

Q Can you testify as of your own independent recollection that he came there in '66? A You have my answers which are the best that I can give you.

Q Can't you answer that yes or no? A I say yes.

Q Then you can recollect this without reference to anything that anybody told you, that it was '66 that he came there? A Yes sir.

Q And remember that it was in the fall? A I said it was either late in the summer or early in the fall.

Q If you remember it yourself and can state it from your independent recollection, why do you state anything in regard to conversations had with other people? A In the first place I wanted to be sure and when these other folks agreed with me in regard to the time I said so. After I was subpoenaed down here I talked the matter over with the people who were there, as I wanted to be sure about it. In 1865 there were no colored people in Ottawa at all and in 1866 there was four families I think moved into Ottawa and Mr. Martin was one of these families.

Q Do you remember that in the year 1865 there were no colored people in Ottawa, or is that what you have been told? A I remember it because there were only two or three families of whites there then, and no colored people at all.

Q You went there yourself in '66? A Yes sir.

Q You were then six years old? A Yes sir.

Q Do you claim that you remembered the change of the year, the ending of '65 and the beginning of '66 at that age, and that in the one year there were no colored people there and in the next year there were four families of colored people? A Yes sir, I remember their coming there because there I saw that there were no colored people.

Q Where did you live before you came to Kansas? A Ohio.

Q Might it not have been in '67 instead of '66? A It might have been but I don't think so.

(By Examinant)

Q You say you had a conversation with Martin which refreshed your memory? A Yes sir, he had a conversation with me; he met me in Parsons and asked me about it, I told him I was coming down here to testify for the Nation, and we got to discussing when he came there, and he said, "In the fall when I came there in August of '66" and then she said "He said it was the fall of '66"

Q What did he say in the conversation, if anything in regard to the Nation? A He said there at that time? A Well he stated that the Nation was then known as he commenced suit against them somewhere about in the 70's, I don't remember that time, whether

In the matter of the application of Thomas Archer for enrollment as a Cherokee Freedman.

SUPPLEMENTAL TO D-001.

Applicant represented by Mallette & Smith.
Cherokee Nation appears by W. W. Hastings.

COMMISSIONER: The Cherokee Nation, by its representative, makes satisfactory proof of service on the applicant's attorneys, Mallette & Smith, Vinita, Indian Territory, that it would, on the 23rd day of May, 1902, introduce testimony tending to disprove the right of the said Thomas Archer to enrollment as a Cherokee Freedman. Neither the applicant nor his attorneys appear.

L. B. BELL, being first duly sworn, testified as follows:

MR. HASTINGS: What is your name? A L. B. Bell.

Q What is your postoffice? A Vinita.

Q Cherokee by blood? A Cherokee by blood; 65 or '4 years old, 64 years old; I have lost my book.

Q When did you return to the Cherokee Nation after the war? A In May, 1865.

Q This applicant, Tom Archer, claims that Mr. Bryant and Mr. Olan Rogers, a very short time after his return, took the salt works over there away from Major McCullough; I would like for you to state whether or not you worked in there at the salt works after your return? A Well I began down there in February, '68, and worked for Lieutenant McCullough that ran the salt works during part of the month of February. I worked there and got a load of salt.

Q Did he have them in his possession at that time? A Yes, sir, he was running them there, Bryant I don't think had taken possession of it yet; my recollection is that he wasn't at the lick until after that time. He wasn't there at that time, February, '68.

Q You worked there during the month of February, '68? A Yes, sir.

Q Tom Archer there? A Well I don't know; I don't recollect anybody there but Sheep Jim, I knew Sheep Jim when I was there, a boy, and I recollect him very well.

Q That's when he told you about being in the battle of Vicksburg? A Yes, sir.

Q Anything else you want to say with reference to this matter; you are one of the attorneys for the Cherokee Nation. A I don't know. I worked there for fifteen or twenty days, and I got my salt and left; I don't know anything more about the salt works; but Bryant ran it afterwards. It was called the salt works, or generally called back Liberty's salt works. Will Liberty had something to do with it; had it before the war.

Arthur L. Cunningham, being first duly sworn, states that as photographer to the Commission to the Five Civilized Tribes he was present in full the testimony and proceedings of the above case, and that the foregoing is a true and complete transcript of his notes thereof.

enrollment of himself as a Cherokee Freedman.

SUPPLEMENTAL TO D-001.

APPEARANCES:

Hollister & Smith for applicant,
W. V. Hastings for Cherokee Nation.

MR. HASTINGS: The Cherokee Nation offers in evidence a copy of
a marriage license issued to Thomas Archer, colored, of Ottawa,
Kansas, aged twenty-two years, to marry Miss Anna West, of Ottawa,
Kansas, aged nineteen years, by J. S. Hastings, Probate Judge Franklin
County, State of Kansas, and a certificate showing that they were
united in marriage in accordance with the license on the 18th day of
April, 1879, at Ottawa, Franklin County, Kansas.

MR. SMITH: The applicant objects to the introduction of the
above matter for the reason that there is no testimony showing that
the persons mentioned in said alleged license are identical with
the applicants and because it appears from the offer that the same is
not an original record, and because the same is not offered under
the acts of Congress made and provided with reference to offering a
record from one state in the jurisdiction of another state or
territory or the Indian Territory.

MR. HASTINGS: The Cherokee Nation offers this in evidence for
the reason that it is an evidence in the case of Thomas Archer that
he went to Kansas; that he married a wife there before he returned
to the Cherokee Nation, and she was state-raised; that this corre-
sponds with both the age of himself and his wife, and it corresponds
with his name and the name of his wife, and because he testifies that
he married in the State of Kansas before he returned to the Cherokee
Nation after the war, and that this shows conclusively that he did not
return until after 1879.

MR. SMITH: Applicant objects to the counsel's argument.

COMMISSIONER: The document will be filed and considered for what
it may be worth.

Arthur S. Geringer, being first duly sworn, states that as
stenographer to the Commission to the Five Civilized Tribes he re-
ported in full the testimony and proceedings in the above case, and
that the foregoing is a true and complete transcript of his steno-
graphic notes thereof.

In the matter of the application of PERCY ADAMS for enrollment
as a Cherokee Freedman:

Applicant appears by Mellette & Smith; Cherokee Nation, by
W. W. Hastings:

By Mr. Smith:

The applicant moves the Commission to make the certified
copy of the decree of the Court of Claims in the case of
Moses Whitnire, Trustee for the Freedmen, vs The Cherokee Nation,
No. 17209, filed in the Mariah Hayden case F. D. 493, a part of the
record in this case and the cases hereinafter mentioned by refer-
ence to the said case of the said Mariah Hayden, and if it be deemed
necessary that a copy of the said decree be filed in this case and
in the following cases, to-wit:

Thomas Archer, D 901,

By W. W. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because, First: It does not tend to show
that the applicant was a slave of the Cherokee Nation at the
beginning of the war, nor that he returned within the time specified
in the treaty of 1866, or that he had been a continuous resident of
the Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in the case of an applicant unless the same
is called and filed in each individual case.

Commission:

The motion of the attorney for the applicant will be
entertained and the decree of the Court of Claims filed in the case
of Mariah Hayden will be made a part of the record by reference in
all the cases above named with the exception of those which come
within the provisions of the temporary injunction recently granted
by Judge Gill of the United States Court, of the Northern District,
Indian Territory

Mr. Smith:

The applicant further moves that as to the above named
cases including the Mariah Hayden case that counsel for the appli-
cants be allowed within thirty days to file any of the proof of any
or all of the record other than the decree already referred to

in the case of Moses Whitmire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission, that under the agreement between the attorneys, that the testimony in all these cases is to close and should be closed by the Commission, and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd day of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the foregoing is a true and correct transcript of his stenographic notes thereof.

DEPARTMENT OF THE INTERIOR.

To the Honorable, the Secretary of the Interior:

In the matter of the application of the following named persons for enrollment as Cherokee Freedmen, consolidating the applications of:

Thomas Archer.

901

MOTION FOR REVIEW OF DECISION.

Come now, by their attorneys, the above named persons who have been denied enrollment as Cherokee Freedmen solely because they or their ancestors were not physically in the Cherokee Nation on August 11, 1866, or within six months thereafter, regardless of attendant circumstances, and move the Honorable Secretary of the Interior to rescind said decision to readjudicate said cases and to enroll said persons as Cherokee Freedmen for the reason that the evidence shows that said persons or their ancestors were slaves of Cherokee citizens at the commencement of the War of the Rebellion, that during said war they were compelled by circumstances over which they had no control to go out of the Cherokee Nation, but returned within a reasonable time after promulgation of treaty of July 19, 1866, considering the attendant circumstances, as shown by the records of the Department of the Interior, the Department of War and the Commission to the Five Civilized Tribes.

These records show that these persons were legally residents of the Cherokee Nation on August 11, 1866.

The records of the Commission show that it did not base its decisions in these cases upon proper grounds, but based them upon a supposed bar in Article 9 of the Cherokee Treaty of July 19, 1866, against the consideration of the reasons why a Cherokee Freedman was not in the Nation prior to February 11, 1867.

The records show that these persons were residents in good faith in the Cherokee Nation prior to June 28, 1898.

That applications were made for their enrollment prior to September 1, 1902.

Wherefore we respectfully request that this motion be allowed.

Attorneys for Applicants.

Service of the above motion accepted and a copy of the same received by the attorneys for the Cherokee Nation, at Vinita, I. T., this day of , 1905.

Commission to the Five Civilized Tribes,
Nowata, I. T. June 27, 1901.

In the matter of the application of PHILLIS HAYES for enrollment of herself as a Cherokee Freedman;
JOHN C. BALDRIDGE, being sworn by Commissioner Needles, testified as follows:

Appearances:

Mr. Smith, of Mellette & Smith, for the applicant;
Mr. W. W. Hastings, for the Cherokee Nation.

BY MR. SMITH:

Q State your name? A John C. Baldridge.

Q How old are you? A 71 years old.

Q Where do you live? A I live in Coowasee District, on Verdigris.

Q BY MR. HASTINGS:

Q Mr. Baldridge, have you ever been convicted of larceny in the United States Court? A I have been convicted in your own court too.

Q Have you been convicted in the United States Court? A You have got it there, yes.

MR. HASTINGS: I examined him to test his competency to testify as a witness. I object to his testifying.

MR. SMITH: The applicant objects upon this examination to any other proof than the record of the conviction. Now, if the Court please, there are two rules upon that; if he is examined, and he can be asked these questions as effecting his inability, but when it comes to the question of competency then you have got to have the record of conviction.

COM'R NEEDLES: I don't know that this examination is to be conducted according to the strict rules of evidence; the object of this Commission is to get the facts in these cases, and when the case is examined for final hearing, the testimony can be entirely stricken out if it is not received at that time; let the motion go in that he not be permitted to testify on account of my knowledge of his having been convicted of larceny, and then on the final hearing in this case, if it is decided by the Commission to adhere to strict rules of evidence that will be discussed at that time, and his testimony if decided upon at that time as being illegal will be stricken out.

MR. SMITH: Applicant objects to the introduction of anything except a record of the conviction upon an examination touching the competency of the witness.

BY MR. HASTINGS, examining witness:

Q Where were you convicted, in what court, and when?

MR. SMITH: I object to that, because the records will show it.

MR. HASTINGS: We have got to find out; this is not intended to incriminate him.

COM'R NEEDLES: No, it is not intended to incriminate him.

MR. SMITH: I object to that.

BY MR. HASTINGS, examining witness:

Q Where were you convicted? A St. Smith.

Q About when? A I couldn't tell just exactly.

Q As much as 10 years ago? A I expect about that.

Q Under what name? A John Baldridge. And on Dog Creek, in the Cherokee Court, they wouldn't allow me no witness.

BY MR. SMITH:

Q Do you know this applicant, Phillis Hayes? A Yes sir.

Q How long have you known her? A I have been knowing her for years. I believe I got acquainted with her in the year 1882.

Q Where did you know her first? A She came to the army where we was

camped at Ray's Mill.

Q You didn't know her before the war? A No sir.

Q You don't know who she belonged to? A Well it was said she belonged to Rogers family, but I didn't know.

Q You don't know of your personal knowledge? A No sir.

Q When did you see her next after you saw her there in '63 when she came to the army? A After the refugees got so heavy where I was camped, we moved the refugees to Neosho; it was called Neutral Land at that time, and we moved them out at the Neutral Land for safe keeping.

Q Where was you or where was the army when she came to the army? A Well she was right there after they moved them, she was right there at Neutral Land yet.

Q Where did she come to you? A We soldiers went to the refugees at Neosho to bring them down to Ft. Gibson.

Q Well did she go with you, with the soldiers? A First time she come to us at Ray's Mill; that was in '63, we camped there, and we taken them from Ray's Mill down to the Neutral Land, and kept there until '65 and in '65 we moved the refugees to Ft. Gibson, and she was along.

Q How long did she stay about Ft. Gibson? A I don't remember how long she did stay.

Q That was in what year? A That was in the year of 1866.

Q Was it '66 when you moved the refugees? A '66 we moved the refugees, you see we was to stay in the year '65 in '66 and then the whole refugees was in Ft. Gibson, the Cherokees, the colored all together.

Q You know where this woman, Phillis Hayes, was in '66? A She was in Ft. Gibson.

Q You know how long she stayed about Ft. Gibson? A No sir, I don't.

Q When did you next see her after 1866? A Well it was years, I couldn't tell you exactly how long, but then it was a good while.

don't know exactly what house she lived in, she lived in the bottom
there near the mill.

Q When did you first get acquainted with her? A In '85.

Q She was then living at Fort Scott or in the bottom near here?
A Yes sir.

Q After that time did you see anything of her? A Yes sir, I had a
good deal of dealings with her about three or four years ago.

Q What kind of dealings did you have with her? A They bought a
house and moved it on a lot and then they never paid any taxes
for it and I bought it in and got a tax deed after three years; I
first paid the taxes in '88 and got a deed in '91.

Q Where was she living during that time? A On that place.

Q After that, what dealings did you have with her? A She rented from
me after that for a dollar a month.

Q For how long? A I never charged her anything from two years and
she staid there, but I had to get possession of the place or lose
what interest I had in it and so then I made a rent contract with
her and Cal, her husband for a dollar a month.

Q What was her husband's name? A Cal Cash.

Q How long did you rent that place to her and her husband? A I think
it was in '93 that I commenced to charge, and they paid it up to
about 3 or 4 years ago when they left, that is I got as much out
of them as I could during that time.

Q Do you remember any circumstances of their leaving, or with
reference to her going away for any time? A Yes sir she was gone a
while, she came here to the Nation and recovered some money, I
know I tried to sell her the place after she came back with the money
but she didn't seem disposed to buy it, it was not worth much anyway.

Q Did you rent that place to her any after she came here and got
that money? A Yes sir.

Q For how long? A About a year.

Q After that what became of her? A She quit her man, she left
Cal and she went traveling around doing Missionary business as she
called it. I had some dealing with her then and she wrote me a
letter from up north somewhere.

Q What kind of business did you have with her then? A She was owing
me some.

Q What kind of business did you say she was engaged in when she was
traveling around? A She called it Missionary business, collecting
money for churches, to build churches, she followed that for several
years.

Q Do you know where she is living now? A I do not know.
(By Mr. Sequichie)

Q What is your name? A Thomas Lahar.

Q What is your business? A I have been in different kinds of business I have been principally in the loaning business.

Q Ever loan Mrs. Cash anything? A Yes sir.

Q What was it? A I kept a pawn shop and make loans in large amounts and small amounts.

Q How long have you been loaning now? A I have had more or less dealings with her when she last came.

Q When did she leave there? A She pawned some things there when she left.

Q When did she leave? A I don't exactly remember, three or four years ago.

Q You don't remember exactly? A No sir.

Q You say she lived at Fort Scott in the bottom? A Yes sir in the city.

Q Did she own the property and was living on it? A Yes sir.

Q Who transferred for the property? A Her and Cal.

Q Did she own that property?

A Well she didn't have a clear title to it.

Q You say she didn't have a clear title to it? A She had a mortgage on it, and

Q Then she didn't own it? A Well she held possession of it and had it mortgaged.

Q Did she ever have a clear title to that property? A No sir.

Q How long did she live in that house that wasn't really hers? A She had an equity in it, but there was a mortgage on it.

Q How long did she live there? A They moved that house there in '87 that was that last house. The one I got a tax title to, they were renters before that.

Q For how long before that? A 3 or 4 years.

Q What were they doing there? A Cal was working at the Mill and she took in washing.

Q Was it in '87 that you made that loan to them and had to take the property? A No sir I never said I made a loan to them on the property. I got the property for taxes.

Q How much did you loan them on that property? A I never loaned them anything on it, they failed to pay the taxes and it was put up by the County Treasurer and I bought it in and afterwards got a tax title to it.

Q How long did they live in that house? A From '87 until 3 years ago.

Q Was she living there ever last? A No sir.

Q Every week? A I can't say up to every week.

Q Every month? A They was always there when I went after the rent.

Q Did you go after the rent every month? A Not every month.

Q And was not there continually then? A I knew she came here once and got some money.

Q Did you have any conversation with her about her citizenship here? A I don't know that I did.

Q How long did she stay here that time she came after the money? A Two or three weeks.

Q How long since you saw her the last time? A 3 or 4 years.

Q Where was she living when you last saw her? A Fort Scott.

Q Was she keeping house and looking after washing when she left there? A No sir.

Q What was she doing then? A I don't know.

Q What was she doing, building a church? A I don't know.

Q Did she ever build a church in Fort Scott? A No sir, I don't think she even belonged to a church there.

Q Did she ever tell you that kind of missionary work she was doing?

A No sir I dont think she told me exactly.

Q Did she say that she had any personal interests in the Cherokee Nation? A She claimed that she got money here.

Q Isn't it a fact that you dont know from your own personal knowledge that she lived there from the time you knew her to this day? A That was her residence from '87 until she left that one house.

Q Do you know of your own personal knowledge that she lived there continuously from the first time you saw her at Fort Scott until she left? A I saw her frequently and I know she was not gone any length of time.

(By Davenport)

Q Have you the lease that was signed up by her and her husband for that property? A Yes sir. (Hands attorney the lease)

(By Davenport)

Q You said a while ago that the property was not worth much? A Not very much.

Q Well you made loans on it? A I never made any loans on it.

Q Thought you said you got it from them by reason of a loan? A No sir I said I got it at a low sale.

Q What did she ever want to you then? A I dont know exactly, yes, when she got her money she came back and went to great extravagance and bought one of things they call a shirt waist and paid twelve dollars for it, and she pawned it to me for \$2.00 and I didn't make anything on it for I had to sell it for \$2.00.

Q Then she wasn't very extravagant was she if you only got \$2.00 for the waist? A She paid \$12.00 for it.

Q How do you know she paid \$12.00 for it? A That was what she said

Q What she said, do you know that she paid \$12.00 for it? A Only from what she said.

Q Don't know it of your own personal knowledge? A Never saw her pay the money for it, but she said she paid \$12.00 for it and it was a very fine piece of goods.

Q And you only got \$2.00 for it, how much did you make on that transaction? A Never made anything, I lost, I let her have \$2.00 on it and sold it for \$2.00

Q You were not much of a trader then were you? A Well I never made anything on that.

(By the Commission)

Q When did she leave Fort Scott? A 3 or 4 years ago.

Q She lived there until that time? A Yes sir.

Q Was she gone a good deal running backwards and forwards through the country? A Of late years she did, there was a preacher there, a Bishop, Bishop W. F. Johnson who was getting women to collect money for him to build churches with and he gave the women half what they collected; he had no church and I told Bettie that she had a right to all of it; he was renting from me too.

Q What year was this that she commenced the Missionary business? A I think Bishop Johnson was sent to the pen for some offence a short time after she commenced.

Q What year was it? A About 8 or 9 years ago I think think that she commenced it.

Q And before that she lived there and took in washing? A Yes sir.

(By Davenport)

Q Did she live there after she commenced this Missionary work? A Yes sir.

In the matter of the application of Phillis Hayes for the
enrollment of herself as a Cherokee freedman.

SUPPLEMENTAL TO D-902.

APPEARANCES:

W. W. Hastings for Cherokee Nation,
Mellette & Smith for applicant.

MR. HASTINGS: The Cherokee Nation offers in evidence a quit-claim deed on the 20th day of March, 1878, from Josephine Amos and G. A. Amos, her husband, of Hamboldt, in the County of Allen and State of Kansas, to Phillis Brady, quit-claiming lot 56 in block 97, in the city of Hamboldt, Kansas, to the said Phillis Brady.

MR. SMITH: The applicant objects to the introduction of the above testimony for the reason that it is entirely immaterial to an issue involved in this case as to whether the applicant did or did not have property conveyed to her in Kansas.

MR. HASTINGS: The Cherokee Nation offers it in evidence for the purpose of showing or tending to show that if she owned property up at that place she must have been a resident up there, as is heretofore sworn to by witnesses introduced by the Cherokee Nation.

COMMISSION: This testimony will be also filed with and made a part of the record in the case of Sam Rogers, D-926, who is represented by Mellette & Smith.

Arthur G. Croninger, being first duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he reported in full the proceedings in the above case, and that the foregoing is a true and complete transcript of his stenographic notes thereof.

Department of the Interior,
Commission to the Five Civilized Tribes,
Washoe, D. C., May 31, 1902.

In the matter of the application of PERRY ADAMS for enrollment
as a Cherokee Freedman:

Applicant appears by Mallett & Smith; Cherokee Nation, by
Mr. Smith.

The applicant moves the Commission to make the certified
Hearings on the application of Adams in the case of
No. 17703, vs. The Cherokee Nation,
record in this case, I D 498, a part of the
files of the case, and the same as mentioned by refer-
enced decree, that a copy of the said decree be filed in this
case and in the following cases, to-wit:
Mallett & Smith, D 280;

By W. W. Hastings:

Comes now the Cherokee Nation and objects to the intro-
duction of the decree because, First: It does not tend to show that
the applicant was a slave of the Cherokee Nation at the beginning of
the war, nor that he returned within the time specified in the
treaty of 1866, or that he had been a continuous resident of the
Cherokee Nation since that time, or that he is a descendant of
such a person. Second: Because the same is incompetent, irrele-
vant and immaterial, and does not tend to prove an issue in this
case. Third: Because the Commission will take judicial knowledge
of all laws, treaties and decrees necessary for the determination
of the right of any person who makes application for citizenship.
Fourth: The Cherokee Nation objects to the filing of a certified
copy of this decree in the case of an applicant unless the same
is called and filed in each individual case.

The motion of the attorney for the applicant will be
entertained and the decree of the Court of Claims filed in the
case of Mariah Hayden will be made a part of the record by reference
in all the cases above named with the exception of those which came
within the provisions of the temporary injunction recently granted
by Judge Bill of the United States Court, of the Northern District
Indian Territory.

Mr. Smith:

1st The applicant further moves that as to the above named
cases including the Mariah Hayden case that counsel for the appli-
cants be allowed within thirty days to file any of the proof of
any or all of the record other than the decree already referred to

in the case of Moses Whitmire, trustee, vs Cherokee Nation, on file in the Court of Claims to the counsel of the Cherokee Nation if it is desired to do so.

W. W. Hastings:

The Cherokee Nation most certainly strenuously objects to the allowance of this permission or to the granting of this request for the reason that most of these applicants have had more than a year in which to file all of their testimony that they desired to file to make out their case before the Commission and that notice was given them all by agreement in March last, that the cases would be closed so far as testimony was concerned by the special permission of the firm of attorneys representing these applicants, on the 31st day of May, 1902, and that this being the 31st day of May, 1902, we say that under the rulings of the Commission that under the agreement between the attorneys that the testimony in all these cases is to close and should be closed by the Commission and that no extension should be granted in any case and no case reopened unless there is some special and particular reason shown either by the Cherokee Nation on the one side or the applicant on the other why an extension of time is necessary or desired.

The Commission:

The law provides that the roll of Cherokee freedmen shall be made in strict compliance with the decree of the Court of Claims rendered the 3rd of February, 1896, and as the Commission must take judicial notice of the judgment roll of said Court in the proceedings referred to the motion of attorneys for applicants for additional time to file certified copies of the proceedings of the said Court is denied.

The undersigned, being duly sworn, states that as stenographer to the Commission to the Five Civilized Tribes he correctly recorded the proceedings in the above case, and that the above and foregoing is a true and correct transcript of his stenographic notes thereof.

SUPPLEMENTAL TO D-600.

Applicants represented by Malette & Smith.
Cherokee Nation represented by J. S. Davenport.

C. W. LEARNED, being first duly sworn, testified as
follows:

MR. DAVENPORT: What is your name? A C. W. Learned.
Q Where do you live? A Neosho Falls.
Q What is your age? A 46.
Q How long have you lived at Neosho Falls, Kansas Mr. Learned?
A Ever since '87.
Q After you went to Neosho Falls, Kansas, did you get acquainted
with a family of colored people by the name of Landrum? A Yes, sir.
Q How long after you went to Neosho Falls did you learn to know
them, Mr. Learned? A Why about '68.
Q What were the names of the Landrums that you knew there, the
older ones, Mr. Learned? A Jack and Jim.
Q Did they have a family there?? A Yes sir.
Q Where did they live with reference to where you lived, Mr.
Learned? A Lived on my father's farm.
Q On your father's place; do you remember the names of any of
their family, of the children? A Why some of them I remember
Ed Landrum that was the son of James, a girl named Alice, one named
Frances, and one named Hattie, and one named Bell, and one named,
boy, named John, and some more of them.
Q How long did either Jim or Jack Landrum, or either of them,
continue to live on your father's place there near Neosho Falls
to your knowledge? A Well Jim Landrum lived there from '68
to the time he left there. Well he didn't live there all the time
on the place, he left after he had lived there about eighteen years;
he left and come down here, but Jack Landrum, he lived there in
'68.
Q Did Jack Landrum have a family? A Yes, sir.
Q And Jim Landrum lived there until about when? A I think he
come to town about '84 or '85, and then come down here.
Q What makes you remember that Jack Landrum lived there until
about '88? A Why a fellow named Hanks had come out from Illinois
to our place, and we went to fishing, and we concluded we would
rather go where the dockies were holding a meeting, and he got in
trouble with them and into a fight with Jim, or that is he wanted
to, and he made a disturbance, and so then he come back, and we
went over to town, and he got in trouble there in town, and they
arrested him and he had a trial.
Q Well now do you remember who were the witnesses in that case?
A The dockies was one.
Q Well do you remember any one else, whether any one else was a
witness or not. Did you ever know a Ben Landrum up there? A No,
sir, I never knowed a Ben Landrum.

Q Do you know where either of the Landrum families moved to when they left your father's place or that neighborhood? A Why, yes, sir, Jim Landrum moved to town.

Q Well where did Jack Landrum go? A Jack he pulled out, I don't know where he went. I suppose he come back down here.

Q Now from the time you went to Neosho Falls—that was in what year? A We went to Neosho Falls.

Q Yes sir. A Came there in '57.

Q Well, now when did Jack and Jim Landrum move on your father's place with reference to the close of the war, whether it was before or after? A Well this was after the war, '68 was the first I recollect of them.

Q Well now then they lived on your father's farm until about then?

A Yes, sir, on there in '68.

Q Jack or Jim moved away first? A Jack moved away first.

Q When do you think now he left the farm? A Well I don't know as I could just say when he left. But he didn't stay there very long after that.

Q And Jim stayed there several years? A Yes sir.)

Q How many children had Jim when he came on your father's farm?

A Didn't have any just married.

Q Did you know what his oldest child's name was? A Yes sir.

Q What is it? A Called her Alice.

Q What was the next one? A Ed.

Q Was Jim Landrum's family there when you say Ed was born? A Living on our place.

Q There near Neosho Falls? A Yes, sir, in two miles of the falls, on my father's farm.

Q Well, since the birth of Ed have you ever seen him any since that time? A Yes, sir, he stayed there on the place till he grew up to be quite a chunk of a boy, and then he struck out and went to Wichita and that's the first place I know when he left.

Q How long since you seen Ed? A Oh, it's been quite awhile. He was back there once, but I didn't get to see him.

Q About how old would he be now Mr. Learned? A Well, he must be in the neighborhood of thirty years, I think, somewhere along there.

Q How many children did Jim Landrum, about how many do you think that was born while he was living on your father's place? A Eight or ten.

MR. MESLETTE: When did you say your people first moved up there? A '57.

Q You remember that do you? A I remember when I first moved there, yes, sir.

Q You was a year old at that time, wasn't you? A '57.

Q Now you have said you remember when they moved there, and they moved there in '57; now you have said that your people moved there in '57, and that you remember it, didn't you? A Well, I don't know as I remember.

Q Well you swore it just now, that you remembered, and it's down there, and you're forty-six years old, and yet can remember when you was a year old, when you swear that you remember when your people moved there, don't you? A '57.

Q Right? A '57. Well I knowed them in '59.

Q Well you swear you remember? A But I don't know as I remember.

Q Why didn't you swear just now that you remember when your people moved there, didn't you? A I don't know as I did.

Q Didn't you just swear—I ask you in the presence of all these witnesses—swear that you remembered when your people moved there in '57, now answer whether you said that or not? A I don't think I did.

Q You swear that x do you; read the record.
(Record read).

Q Now don't you think that's rather wild swearing?

MR. DAVENPORT: I object to that question.

MR. BELLETTE: Don't you think that's rather wild swearing?

COMMISSION: Answer the question, Mr. Learned.

A Swearing that I knew when I moved there in '57?

MR. BELLETTE: Yes, sir, A No, I don't recollect when I moved there in '57.

Q What made you swear it then? A Don't know as I understood the question.

Q Well I asked the question straight out; how old were you in '68? A About 11.

Q About eleven years old, and you remember the dates this length of time and exactly when these people left there, and every thing of that sort, do you? A I remember because of the incident I told.

Q What incident? A The man getting in trouble and being arrested.

Q Can you remember the witnesses that appeared that length of time ago when you were only eleven years old? A Well Tom Daniels was a brother of Jim's, that's the reason I remember that.

Q You were eleven years old at that time wasn't you? A Yes, sir.

Q And you remember all about that? A Well, I don't remember all about it.

Q Were you at the trial? A No, sir.

Q How do you know who were the witnesses then? A Jim told me.

Q You're testifying to what people told you, are you? A I wasn't at the trial.

Q You don't know who were the witnesses, do you? A Jim said—

Q But I am not talking about what people said, but what you know about it? A I wasn't at the trial myself.

Q You don't know who were the witnesses? A Only what they said.

Q Do you remember when Jack Landrum left that country? A No, sir. I do not.

Q Didn't you say awhile ago that he left there in '68? A No, I said he might have been away in '68, but I knew him there, '68, he was on our place in '68. Jack Landrum was there in '68.

Q Don't you know that he is on the 1880 roll as a freedman citizen of the Cherokee Nation? A Well, I don't—

MR. DAVENPORT: I object to that because that's not evidence of where he was.

MR. BELLETTE: I would like to have the roll examined. I would like this testimony to show that John Landrum is on the 1880 roll, because—

MR. DAVENPORT: That's no evidence where he was in '68.

COMMISSION: 1880 roll page 121, No. 1681, John Landrum, Cooweescoowee District, Adopted Colored.

MR. BELLETTE: Now there isn't any possibility of your forgetting the date exactly, being as you was only 11 years old at that time, was there? A I might have if it hadn't been for that trial.

Q You wasn't at the trial? A Well, I might have been talking about it.

Q What makes that trial impress upon you the fact? A Why that made me think when we was out there at the meeting.

Q What meeting? A Dark meeting.
Q When was that meeting? A That must have been along in about May, I guess.
Q Well do you remember every body that you saw up there when you was 11 years old? A No, sir.
Q Huh? A Don't know, sir, as I remember, if they hadn't been living on our place.
Q Who lived on your place? A Jack Landrum and Jim.
Q Jack Landrum and Jim; where were they in '66? A Couldn't tell you.
Q Don't know where Jack Landrum or where Jim Landrum was in '66?
A No, sir.
Q '67 where were they? A I couldn't tell you.
Q Don't know whether they were there or not. Do you? A No, sir,

MR. DAVENPORT: You know that after that they lived on your father's place? A Yes sir.

Q And you know that Jim Landrum's children were born while they were living on the place? A Yes sir.

COMMISSION: The following is offered in evidence by the representatives of the Cherokee Nation:
